Summary of representations:

The LLR Clinical Commissioning Groups (CCGs) are supportive of the vision set out in your email dated the 8th July 2021 and would want to work collaboratively with yourselves to understand in more detail how the local NHS can contribute to its delivery.

Response:

Thank you for considering the document and for your support. There are no issues that need further consideration. HDC will continue to notify CCG on all future planning policy consultations.

Summary of representations:

There are over 1000 conservation areas in the East Midlands, a testament to the enduring popularity of this designation as a means of protecting the historic environment. While we do not provide detailed advice on every appraisal and management plan due to resource implications, if there are specific issues that would merit our closer involvement on this occasion please advise us of this.

The policy considerations relating to conservation area designation and appraisal are dealt with extensively in the NPPF and its associated guidance. For general advice, our publication Conservation Area Designation, Appraisal and Management is available online from our website.

Response:

Thank you for considering the document and for offering your support. There are no issues that need further consideration.
