Errata

- Report 6: Revision and Update to the Planning Obligations Supplementary Planning Document (SPD) – Appendix A – Planning Obligations SPD

Please note that paragraph 8.2 of Appendix A – (the Planning Obligations SPD) should refer to the threshold for health contributions as **10 dwellings** and not 11 as detailed in the papers.

The corrected paragraph should therefore read as follows (as detailed on page 243 of the agenda papers :-

HEALTHCARE

Local Plan Policy

- 8.2 The District Council supports the need to ensure that local health care provision meets the needs of household growth in the District. The Council will consult NHS England and Clinical Commissioning Groups on future development plans to help assess long term health planning. The Council will consult these agencies on planning applications submitted which involve developments of **10 dwellings** or over to determine if a contribution to health provision is justified based on the existing capacity of healthcare infrastructure in the specific area within which a development is proposed. In larger development projects, the opportunity for on-site provision of medical facilities may be required.
