MISTERTON WITH WALCOTE Parish Council (Cathy Walsh) [2659]  Agent:  N/A

Summary: Misterton with Walcote Parish Council is concerned that the consultation process has not been used to inform a number of policies proposed in the Harborough Local plan. This does not encourage participation, as the public has had no opportunity to express its views concerning these policies and indeed it seems that some new policies are entirely at odds with the opinions expressed in the earlier consultation.

Change To Plan:  
Legally Compliant?:  No  
Full Reference:  O - 5526 - 2659 - How to comment on this Document - i

MR Michael Wilcox [5164]  Agent:  N/A

Summary: The location of the policies map is not clear and I cannot find them within the supporting documentation.

Change To Plan: The document should identify specifically what the policies map is and reference its location

Legally Compliant?:  No

6617 Object

Respondent: BITTESWELL with BITTESBY Parish Council (Ms Cathy Walsh) [2612]  
Agent: N/A

Summary:
General concerns raised are summarised as;
- Policy descriptions are less precise and open to many interpretations, compared to earlier Development Plans
- ‘District’ should be inserted into the document title, to reflect the geographical area covered
- Specified method of consultation, via the online consultation portal, is a barrier to community involvement, and contrary to regulations
- choice of the minimum 6 week period for consultation, stifles the process
- the replacement of the Core Strategy and Saved Policies of the 2001 Local Plan, by the Proposed Submission Local Plan is explicitly inconsistent with the NPPF, and unsound.

6633 Object

Respondent: Cllr Rosita Page [4254]  
Agent: N/A

Summary:
Access to consultation form made difficult, which disadvantaged ordinary residents. 
Public advertising in local media very limited. 
Access to information and evidence documents for members & public to make educated decisions was limited. Not clear what's valid, what's superseded, confusing and not all in 1 place. 
Mistakes and discrepancies in supporting information, some was not taken into consideration. 
Evidence has not been readily available throughout the process and parishes and other stakeholder have not been given the timeframe to consider background information.

Change To Plan: 
Legally Compliant?: No

Full Reference: O - 6633 - 4254 - How to comment on this Document - i, ii, iii, iv

7468 Object

Respondent: Mr Michael Lenihan [5268]  
Agent: N/A

Summary:
The methods adopted by Harborough District Council for it's public consultation is extremely poor. 
- The website is difficult to navigate and very confusing. 
- A document as vital and important to every resident in the District should offer as many ways as possible to respond to it. 
- It would seem to have been developed to discourage people from making any comment. 

- It is possible that the use of electronic communication is easier and less time consuming for the officers, but everyone is the District has the right to have their say, not just the tech savvy.

Change To Plan: TOO LATE but easier access to responding should have been in place.

CHAPTER: Part A Strategy and General Policies

1.5 The duty to cooperate, SP1: Meeting the housing and employment needs of the Leicester and Leicestershire housing and economic market areas.

5423 Object

Respondent: Mrs Jan Butcher [4328]  
Agent: N/A

Summary: The wording of the objective is too generic - the proposed Local Plan does meet real local need based on data and is therefore unsound and unjustified. It makes sweeping broad brush assumptions that are used to justify poor decisions which are to the detriment of the rural nature of the district.

Change To Plan: Sentence 1 : add "to be properly evidenced and based on local data"

Legally Compliant?: No

Full Reference: O - 5423 - 4328 - 1.5 The duty to cooperate, SP1: Meeting the housing and employment needs of the Leicester and Leicestershire housing and economic market areas. - i

5566 Object

Respondent: Mr John Martin [5974]  
Agent: N/A

Summary: The plan covers a period of 2011 to 2031 but on no occasion have I found there to be any Key Performance Indicators (KPI) within this proposal. There should be a comprehensive table of intentions set against dates when each of these should be realised. Only by this means can compliance with this plan be determined.

Change To Plan: The plan should include a series of dates and KPIs against which performance of HDC can be measured

Legally Compliant?: Yes

Full Reference: O - 5566 - 5974 - 1.5 The duty to cooperate, SP1: Meeting the housing and employment needs of the Leicester and Leicestershire housing and economic market areas. - i

6681 Object

Respondent: Rugby Borough Council (Mr Martin Needham) [6402]  
Agent: N/A

Summary: Matters of employment and housing on Duty to Co-operate should be agreed between relevant authorities to ensure overall need has been properly accounted for and to avoid over-provision. It is queried whether the position of the other HMA authorities on employment and unmet housing need has been agreed between appropriate authorities and if the Duty to Co-operate has been satisfied.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: O - 6681 - 6402 - 1.5 The duty to cooperate, SP1: Meeting the housing and employment needs of the Leicester and Leicestershire housing and economic market areas. - i

6711 Object

Respondent: Oadby and Wigston Borough Council (Mr Jamie Carr) [6413]  
Agent: N/A

Summary: Paragraph 1.5.4 This paragraph needs to ensure that the wording reflects the time periods of the Leicester and Leicestershire Strategic Growth Plan appropriately. The Strategic Growth Plan covers the period to 2050, however treats the period’s pre 2031 and post 2031 very differently. Pre 2031, the housing and employment Objectively Assessed Needs for the Leicester and Leicestershire HMA, set out within the HEDNA, will be delivered through each of the local authorities individual Local Plan’s. The Strategic Growth Plan therefore focuses on the period post 2031, for which it identifies a notional housing need.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: O - 6711 - 6413 - 1.5 The duty to cooperate, SP1: Meeting the housing and employment needs of the Leicester and Leicestershire housing and economic market areas. - i

6883 Object

Respondent: Mr Hugh Robertson Smith [4229]  
Agent: N/A

Summary: No evidence has been submitted that this Local Plan will enable HDC of establish a 5-year land bank for housing needs. This continues to leave HDC at the mercy of speculative developers, the effects of which will be borne by its Parishes. Any detailed planning in the Local Plan relating to housing development is therefore largely pointless, and unable to be secured.

Change To Plan: confirm that HDC is establishing a 5 year land bank for housing needs

Legally Compliant?: No

Full Reference: O - 6883 - 4229 - 1.5 The duty to cooperate, SP1: Meeting the housing and employment needs of the Leicester and Leicestershire housing and economic market areas. - i
7216 **Object**

**Respondent:** Mr Stuart Fraser [990]  
**Agent:** N/A

**Summary:** I feel that the city of Leicester should provide housing for its own population as there is much unused/unoccupied land in the city. Neighbouring Local Authorities should also use their own land for development and not encroach onto Harborough District territory. This is to preserve Harborough’s territory as a green space for the health and recreation of the whole Counties population.

**Change To Plan:** Harborough District Authorities could advise and support neighbouring authorities on improving their development.

**Legally Compliant?** Yes

**Full Reference:** O - 7216 - 990 - 1.5 The duty to cooperate, SP1: Meeting the housing and employment needs of the Leicester and Leicestershire housing and economic market areas. - N

---

7400 **Object**

**Respondent:** Gladman Developments (Mr Richard Agnew) [6504]  
**Agent:** N/A

**Summary:** The Duty to Cooperate statement published alongside the Proposed Submission Plan refers to a new Memorandum of Understanding (MOU) which is being prepared by the Leicester and Leicestershire authorities and is likely to be completed in January 2018. With unmet need having already been identified within the HMA, the distribution of this unmet need will need to be addressed through both the SGP and updated MOU. There are therefore still considerable uncertainties regarding the distribution of housing growth across the HMA and Harborough District Council may still be required to accommodate a proportion of the identified unmet housing need. As the Harborough District Plan is being advanced before these issues have been fully resolved, this is considered to be an unsound basis upon which to prepare the Harborough District Local Plan.

**Change To Plan:**

**Legally Compliant?** Not Specified

**Full Reference:** O - 7400 - 6504 - 1.5 The duty to cooperate, SP1: Meeting the housing and employment needs of the Leicester and Leicestershire housing and economic market areas. -

---

7633 **Object**

**Respondent:** Cllr Rosita Page [4254]  
**Agent:** N/A

**Summary:** The Duty to Cooperate was not fully adhered to by consulting all neighbouring LA’s in any of the early stages. There are only notes of DtoC meetings from May and July 2017. These minutes state foregone conclusions without having followed proper democratic process.

**Change To Plan:**

**Legally Compliant?** Not Specified

**Full Reference:** O - 7633 - 4254 - 1.5 The duty to cooperate, SP1: Meeting the housing and employment needs of the Leicester and Leicestershire housing and economic market areas. -

6687 **Support**

**Respondent:** North West Leicestershire District Council (Ian Jordan) [6199]  
**Agent:** N/A

**Summary:** I can confirm that we have reviewed your Local Plan - Submission documents and do not wish to make any comments at this consultation stage.

**Change To Plan:**

**Legally Compliant?** Not Specified

**Full Reference:** S - 6687 - 6199 - 1.5 The duty to cooperate, SP1: Meeting the housing and employment needs of the Leicester and Leicestershire housing and economic market areas. -
6721 Support

Respondent: Leicester City Council (Mr Jeevan Dhesi) [6399]

Summary: Priorities SP1 and SP2 welcomed. One of the key housing issues refers to ‘making an appropriate contribution to meeting the established and justified unmet housing needs of other authorities within the Leicester and Leicestershire housing market area’

As you are aware, noted at paragraph 5.1.6, Leicester City formally declared an unmet housing need arising in the administrative area of the city in a letter to each local authority in the housing market area in early 2017. The scale of unmet need in the City will become clearer as Leicester's local plan progresses, however it is likely to be significant.

Legally Compliant?: Not Specified

Full Reference: S - 6721 - 6399 - 1.5 The duty to cooperate, SP1: Meeting the housing and employment needs of the Leicester and Leicestershire housing and economic market areas.

6832 Support

Respondent: Homes and Communities Agency [5784]

Summary: The HCA respectfully request that the Stretton Hall Farm site is included as a Reserve Site, to be developed in the event that the District cannot demonstrate a 5 year Housing Land Supply and/or in response to emerging unmet housing needs within the HMA. The Stretton Hall site should also be included as a Strategic Site within the anticipated early review.

Legally Compliant?: Not Specified

Full Reference: S - 6832 - 5784 - 1.5 The duty to cooperate, SP1: Meeting the housing and employment needs of the Leicester and Leicestershire housing and economic market areas.
1.5 The duty to cooperate, SP2: Assisting other local authorities to meet their unmet housing need.

5568 Object

Respondent: Mr John Martin [5974]  
Agent: N/A

Summary: Liaison with adjacent Councils seems to be inadequate. Significant benefits could be realised by more close and more frequent interaction with for example Daventry District Council

Change To Plan: Regular meetings with adjacent councils should be held with prior advertisement, invitations to the public and a detailed agenda made available.

Legally Compliant?: Yes

Full Reference: O - 5568 - 5974 - 1.5 The duty to cooperate, SP2: Assisting other local authorities to meet their unmet housing need. - i, ii, iv

5681 Object

Respondent: Mrs DL Evans [4444]  
Agent: N/A

Summary: Harborough is already about to develop outside of the bowl in which it is sited. Further development should only be what is required of our area, not others.

Change To Plan: Only propose what HDC has to

Legally Compliant?: Yes

Full Reference: O - 5681 - 4444 - 1.5 The duty to cooperate, SP2: Assisting other local authorities to meet their unmet housing need. - None

7206 Object

Respondent: Mr Stuart Fraser [990]  
Agent: N/A

Summary: Other Local Authority areas should provide housing for their population within their own districts.

Change To Plan: Advise neighbouring Authorities of their obligations.

Legally Compliant?: Yes

Full Reference: O - 7206 - 990 - 1.5 The duty to cooperate, SP2: Assisting other local authorities to meet their unmet housing need. - None

7435 Object

Respondent: Home Builders Federation (Susan Green) [6519]  
Agent: N/A

Summary: The Duty to Co-operate Statement does not explicitly confirm that all neighbouring authorities (outside Leicester & Leicestershire HMA) will be meeting their own OAHN in full.

It is considered that the Council has co-operated on an on-going basis with neighbouring authorities especially those authorities within the Leicester & Leicestershire HMA. Therefore there has been legal compliance with the requirements of the Duty to Co-operate but satisfactory outcomes from that process, in particular meeting unmet needs in the HMA, are not yet concluded which is an unsound basis on which to prepare a Local Plan. The Leicester & Leicestershire HMA authorities approach of deferring into the future via Local Plan Reviews the solution to identified unmet housing needs should not be condoned.

There is only limited reference to Strategic Growth Plan.

HBF may wish to comment on any Statement of Common Ground.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: O - 7435 - 6519 - 1.5 The duty to cooperate, SP2: Assisting other local authorities to meet their unmet housing need. - i, ii, iii, iv
It is unclear at this stage whether there will be unmet housing need within the Leicester and Leicestershire Housing Market Area and whether this would be further exacerbated as a result of the Harborough Local Plan progressing ahead of other Local Authorities within the Housing Market Area. This is an unsound basis on which to prepare a Local Plan and therefore the current version of the plan cannot be considered positively prepared, effective or consistent with national policy. It is considered that the Council has not fulfilled the requirements of the Duty to Cooperate.

The Council should not progress its Local Plan to submission for examination without the prior knowledge of the housing distribution across the Housing Market Area. Full and appropriate consideration needs to be given to the possibility of Harborough District increasing its housing provision to accommodate development which can not be delivered within adjacent authorities.

Summary:

Legally Compliant?: No

Full Reference: O - 7623 - 6529 - 1.5 The duty to cooperate, SP2: Assisting other local authorities to meet their unmet housing need. - i, iii, iv

Priorities SP1 and SP2 welcomed. One of the key housing issues refers to 'making an appropriate contribution to meeting the established and justified unmet housing needs of other authorities within the Leicester and Leicestershire housing market area’

As you are aware, noted at paragraph 5.1.6, Leicester City formally declared an unmet housing need arising in the administrative area of the city in a letter to each local authority in the housing market area in early 2017. The scale of unmet need in the City will become clearer as Leicester’s local plan progresses, however it is likely to be significant.

Summary:

Legally Compliant?: Not Specified

Full Reference: S - 6746 - 6399 - 1.5 The duty to cooperate, SP2: Assisting other local authorities to meet their unmet housing need. - None

The inclusion of Stretton Hall Farm as a Reserve Site would help HDC accommodate unmet need from neighbouring authorities, as well as contribute to its own rolling 5 year housing land supply, and would be in compliance with the guidance contained within the NPPF and would add substantial weight to the soundness argument.

Summary:

Legally Compliant?: Not Specified

Full Reference: S - 6826 - 5784 - 1.5 The duty to cooperate, SP2: Assisting other local authorities to meet their unmet housing need. - None

We support the strategic priorities identified in the Local Plan, and in particular the objective of meeting housing needs for both Harborough District and the wider Leicester and Leicestershire Housing Market Area (HMA).

CHAPTER: Part A Strategy and General Policies

1.5 The duty to cooperate, SP3: Meeting regional and national demand for strategic distribution (logistics) development.

5430 Object
Respondent: Mrs Jan Butcher [4328]  
Agent: N/A  
Summary: This objective is about enabling the massive expansion of Magna Parka which is hugely damaging to the area in environmental terms, has no evidential basis of need and does not reflect any strategic vision in terms of effects for UK PLC.  
Change To Plan: Include "subject to detailed sustainability evidence - open to scrutiny by local people"  
Legally Compliant?: No  
Full Reference: O - 5430 - 4328 - 1.5 The duty to cooperate, SP3: Meeting regional and national demand for strategic distribution (logistics) development. - i, ii, iii, iv

5876 Object
Respondent: Mr Stuart Craven [5876]  
Agent: N/A  
Summary: There is already a considerable amount of vacant warehousing in the surrounding area without adding to it with this proposal. The employment that this proposal will require will have to come from outside the area adding to the congestion and poor air quality in Lutterworth  
Change To Plan: Remove the additional warehousing from the plan  
Legally Compliant?: Yes  
Full Reference: O - 5876 - 5876 - 1.5 The duty to cooperate, SP3: Meeting regional and national demand for strategic distribution (logistics) development. - ii

7271 Object
Respondent: Prologis UK Ltd. [5661]  
Agent: Lichfields (Ms Caroline Musker) [6164]  
Summary: HDC has not fully met the Duty to Cooperate when identifying a strategic extension to Magna Park, reasons stated as:  
- proposed scale would have significant cross boundary implications including for; Leicester & Leicestershire, Northamptonshire, Nottinghamshire, Derbyshire and the W.Midlands, therefore the Duty to cooperate & evidence base requires such cross-boundary consideration  
- scale proposed (in ha)not justified by the evidence cited (L&LSDSS, HEDNA)  
- not clear in demonstrating or assessing vacant floorspace at Magna Park or the likelihood and impact of probable redevelopment (given age of buildings)  
- concentrating proposed scale of development in this part of Harborough will have serious implications for the delivery of sustainable economic development in the rest of Leicestershire.  
- proximity and scale of development will impact on the delivery of DIRFT III, and Daventry's ability to deliver their employment / GVA aspirations  
- HDC has not given due consideration to concerns raised by Daventry DC, that an assessment be prepared to demonstrate that the level of employment planned for Magna Park is justified  
- criterion BE2.2b demonstrates acceptance of concern, to consider in context of plan-making, HDC consideration of such assessment as disproportionate / non-conclusive (as per DtoC statement)undermines its inclusion.  
Change To Plan: HDC has failed to justify delivering such a substantial extension to Magna Park, and have not secured agreement with all the relevant authorities. Until this work is done Prologis and RRSLP consider that the plan is unsound and should not proceed.  
Legally Compliant?: No  
Full Reference: O - 7271 - 5661 - 1.5 The duty to cooperate, SP3: Meeting regional and national demand for strategic distribution (logistics) development. - i, ii, iii, iv

5682 Support
Respondent: Mrs DL Evans [4444]  
Agent: N/A  
Summary: Best proposal for a bad requirement  
Change To Plan:  
Legally Compliant?: Not Specified  
Full Reference: S - 5682 - 4444 - 1.5 The duty to cooperate, SP3: Meeting regional and national demand for strategic distribution (logistics) development. - None
1.5 The duty to cooperate, SP4: Meeting the accommodation needs of Gypsies and Travellers.

**Object**

**Respondent:** Mrs Jan Butcher [4328]  
**Agent:** N/A

**Summary:** The wording is too generic and does not take into account sustainability and community relations impacts. It should also look for a fair distribution across the Harborough District but the vague wording allows for unsustainable concentrations which adversely affects local service provision.

**Change To Plan:** Include "subject to thorough review of sustainability and impact upon community relations with full engagement with local people". Sites will be located to ensure a fair distribution across Harborough District to balance service delivery demands.

**Legally Compliant?:** Yes

**Full Reference:** O - 5433 - 4328 - 1.5 The duty to cooperate, SP4: Meeting the accommodation needs of Gypsies and Travellers. - i, ii

---

**Support**

**Respondent:** Mrs DL Evans [4444]

2.1 Local Plan vision

5394 Object

Respondent: KIBWORTH HARCOURT Parish Council (Dr Kevin Feltham) [3789]  
Agent: N/A

Summary: No mention of the A6 Air Quality Management Area declared for the Kibworths in July 2017.

Change To Plan: The impact of heavy goods vehicles and traffic more generally on noise and air pollution in Lutterworth town centre and on the A6 through the Kibworths will have been reduced and the environmental quality of these areas improved, thereby enabling their historic cores to be enhanced and appreciated more fully.

Legally Compliant?: Yes

Full Reference: O - 5394 - 3789 - 2.1 Local Plan vision - None

5695 Object

Respondent: Mr John Martin [5974]  
Agent: N/A

Summary: I cannot understand why we have to wait until 2031 to have for example no housing built on a floodplain, such a target can be made available today not in 14 year’s time

Change To Plan: There should be targets and achievements set against real time say in 5 year increments.

Legally Compliant?: Yes

Full Reference: O - 5695 - 5974 - 2.1 Local Plan vision - i, ii

5932 Object

Respondent: MR Michael Wilcox [5164]  
Agent: N/A

Summary: There is insufficient detail within the plan to identify the local needs of the future proposed developments such as Doctors, schools, shops, parks, recreation centers, pubs etc.

Change To Plan: Large developments become further removed from existing facilities or exceed their capabilities and it is necessary for such developments to have bespoke facilities which need to be identified and allowed for.

Legally Compliant?: Yes

Full Reference: O - 5932 - 5164 - 2.1 Local Plan vision - iv

5957 Object

Respondent: Mrs N Stanley [1279]  
Agent: N/A

Summary: Market Harborough as a town is losing it's character and identity. The proposed development either already committed or on new sites laid out in the local plan, will turn the town into an over congested sprawling area. Community facilities have not grown - difficulties getting doctors appointments and under funding of local schools. Valued community hubs such as the Red Lion in Great Bowden has been allowed to close. The range of shops are no longer diverse enough and residents are likely to travel to other towns/cities to shop.

Change To Plan: The quantity of housing in the area requires consideration given the local infrastructure and the amenities available to residents.

Legally Compliant?: Yes

Full Reference: O - 5957 - 1279 - 2.1 Local Plan vision - None

5998 Object

Respondent: Mrs Maggie Pankhurst [4875]  
Agent: N/A

Summary: The vision states that the district will have a diverse and thriving economy. However the plans for employment are mainly about renewing and increasing warehouse land and creating over 10,000 new jobs in this sector. Jobs in the warehouse/distribution sector are clustered around low/unskilled jobs. These jobs will mainly be filled by people commuting in who do not spend their money or pay taxes locally. It is difficult to see therefore how the proposals for employment align with the vision for the future of employment in the district.

Change To Plan: Keep the vision for a diverse and thriving economy

- Delete BE2:2

- Insert a policy of promoting HD as an area for new businesses as well as expanding established businesses. The businesses should cover a wide range of business areas - see the Leicester and Leicestershire Enterprise Partnership list of business sectors which HDC sign up to - and cover a wide range of employment opportunities.

Legally Compliant?: No

Full Reference: O - 5998 - 4875 - 2.1 Local Plan vision - i, ii, iii, iv
6292 Object

Respondent: Mr Richard Beer [6263]  
Agent: N/A

Summary: To provide a district of rural villages and market towns you need to define what these entities are and their sustainable size within the definition. This avoids paying lip service to the concept and would set the maximum limits of development in order to retain their essential characteristics. For example Broughton Astley could hardly now be called a village, it is surely a small town in its current and proposed size.

Change To Plan: As above define what a market towns and villages are. Without a clear view to this there are no limits to development.

Legally Compliant?: Yes

Full Reference: O - 6292 - 6263 - 2.1 Local Plan vision - None

6319 Object

Respondent: Mrs Kathleen Rowell [4871]  
Agent: N/A

Summary: The stated vision in this Plan is a nonsense, the proposal for Lutterworth and Magna Park means the vision of improvement cannot be met, quality of life for all in that area will be negatively impacted.

why does HDC make responding to the consultation online so difficult, think beyond planning staff and think residents, I suspect HDC do not want comments. Requests for paper copies were resisted by HDC staff and only gained by persistence.

The HDC vision is an insult, whoever proposed it will not be living near Magna Park, not if they care about their quality of life

Change To Plan: Deletion of the planned expansion of Magna Park

Legally Compliant?: No

Full Reference: O - 6319 - 4871 - 2.1 Local Plan vision - ii

6338 Object

Respondent: Magna Park is Big Enough (Dr Edmund Hunt) [6279]  
Agent: N/A

Summary: Air quality or light pollution will not be improved in Lutterworth; HGV and other vehicle traffic will not sufficiently be reduced from the proposals in L1; the proposed significance of Strategic distribution will contradict Key issue 3 and out-commuting will not be improved. See attachment for further detail.

Change To Plan: No commitment to Magna Park within BE2; improved road infrastructure early in any Lutterworth SDA that goes ahead.

Legally Compliant?: No

Full Reference: O - 6338 - 6279 - 2.1 Local Plan vision - i, ii, iii

6637 Object

Respondent: Cllr Rosita Page [4254]  
Agent: N/A

Summary: The vision and objectives are lordable but the policies with in the LP do not reflect the desired aims to achieve these objectives.

To secure a wide range of skilled jobs for an highly educated population has always been a supported council policy.

The objective, stopping young people from leaving the district is not served by focusing mainly on providing unskilled, temporary, low paid jobs in the logistic industry.

A focus on sustainable , diverse and vibrant job market is not possible without creating the opportunities.

Change To Plan:

Legally Compliant?: No

Full Reference: O - 6637 - 4254 - 2.1 Local Plan vision - i, ii, iii, iv

7486 Object

Respondent: Mr John L. Marlow [1704]  
Agent: N/A

Summary: It is salutary to read this pious declaration on page 2 and realize that the officers and Members of the District Council have no intention whatsoever of carrying out such a range of policies and it is risible to suggest that the Plan in any way represents a VISION FOR THE DISTRICT IN 2031.

Change To Plan:

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: S - 5618 - 4194 - 2.1 Local Plan vision - None
Hungarton Parish Council agrees with the vision for the District.

GREAT GLEN Parish Council (Lesley Sanderson) [2635]

we support the vision shown

The HCA fully supports the process Harborough District Council has undertaken. The HCA will continue to work positively with Harborough District Council and Partners to support housing delivery within the District and wider Housing Market Area, using the range of investment and other possible interventions that are available to the Agency. The HCA wishes to make representations to the Submission Draft Local Plan, specifically in regard to the surplus landholding at Stretton Hall Farm which extends to 96.6ha. The site is adjacent to the border of Oadby and Wigston Borough Council and the Leicester Principle Urban Area (PUA).

Support as promotes healthy and safe lifestyles.
- There will be better access to the countryside and an improved range of open spaces for local people to enjoy
- Increased provision for walking and cycling, and improved access to public transport for new development will have contributed to a reduction in the District’s carbon footprint.
- Communities will have access to improved social, recreational, sports, health and educational facilities.

Gladman support the Harborough Local Plan Vision and in particular the statement that in 2031 residents will benefit from increased access to suitable housing, a wider range of local skilled jobs and high quality services and facilities. Gladman also support the main focus for development being the market towns, the settlements near the edge of Leicester, Broughton Astley and the rural centres.
7585 Support
Respondent: Merton College and Leicester Diocesan Board of Finance [6527]
Agent: Savills (Mr Roger Smith) [4526]

2.2 Key Issues, Key issue 1: The spatial strategy for distribution of housing and employment development

5668 Object

Respondent: Mrs Maria Lockley [5818]

Summary: What a load of rubbish. HDC has demonstrated over the years that it has no interest in or respect for its rural areas. All it wishes to do is dump more development anywhere it can, preferably as far away from its own back yard as possible. The Shires are famed for their idyllic rural villages; we do not want them all turning into towns. HDC is too cosy with greedy developers who prefer building on greenfield sites, (as opposed to redevelopment) because it is easier, cheaper and provides more big bucks profit for them.

Change To Plan: Scrap it. The formulation of a new Plan is a costly exercise for cosmetic purposes only. HDC has driven horse and cart through the old Plan. Why should a new one be any different?

Legally Compliant?: No

Full Reference: O - 5668 - 5818 - 2.2 Key Issues, Key issue 1: The spatial strategy for distribution of housing and employment development - i, ii, iii

6562 Object

Respondent: Mr David Goddard [6344]

Summary: The character of areas should not be changed by the need to build.

New housing should be sympathetic to existing densities and dwelling types,

We should ensure that protected wildlife is not impacted by pressure to build everywhere. Our wildlife is our natural heritage. It should be respected wherever it is found.

In addition to the above - services are already stretched in Harborough and the roads are crowded. Without more schools, shops and surgeries you could be creating social problems and unhappiness. People are already becoming unhappy.

Change To Plan: The density of housing should be reviewed. This has traditionally been a town / semi-rural area. People who like living in crowded cities are free to move there. I like it as a rural area.

Wildlife has been disrespected to the point where the law could be broken. At least one dishonest statement has been made by one builder that unchallenged will lead to the law being broken. Normally one should be able to depend on the local authority to keep everything honest. I have lost confidence because trust has broken down.

Legally Compliant?: No

CHAPTER: Part A Strategy and General Policies

2.2 Key Issues, Key Issue 2: Meeting housing needs

5620 Object
Respondent: Ms Caroline Pick [4194]  
Agent: N/A
Summary: Hedna figures for housing appear to be inflated in the light of past trends and new demographic data.
Change To Plan: No wording for this
Legally Compliant?: Yes
Full Reference: O - 5620 - 4194 - 2.2 Key Issues, Key Issue 2: Meeting housing needs - ii

5622 Object
Respondent: Ms Caroline Pick [4194]  
Agent: N/A
Summary: The total is 640 dpa in the submitted plan.  
In reaching this number a succession of stages have been undertaken, each of which increase overall housing need. These may be overlapping and optimistic.  
a. The HEDNA OAN figure is considerably higher than the need, either economic or demographic.  
This is given further weight by the recently published 2016 National Population Projection from the Office of National Statistics, which assume a lower level of both immigration and fertility, as well as a lowering of gains in life expectancy.  
b. The OAN includes 15% added to the trend figure. Is this justified?
Change To Plan: Not sure
Legally Compliant?: Yes
Full Reference: O - 5622 - 4194 - 2.2 Key Issues, Key Issue 2: Meeting housing needs - ii

6638 Object
Respondent: Cllr Rosita Page [4254]  
Agent: N/A
Summary: The plan appears to focus mainly on the provision of housing rather than placing an additional focus on providing variety and access on suitable housing that will meet the needs and the diversity of residents.  
The Harborough District has an above national average of an aging population and a larger focus should have reflected the needs of these residents by ensuring policies advocate more bungalows.  
Provision of Extra Care and Specialist Accommodation is not deliverable. Targets are too high and policies remits are confusing.

CHAPTER: Part A Strategy and General Policies

2.2 Key Issues, Key issue 3: Facilitating growth in the economy

5672 Object
Respondent: Mrs Maria Lockley [5818] Agent: N/A
Summary: This is just a feeble attempt to disguise HDC's true purpose, which is to fulfil its already "done-deal" promises to developers over the Magna Park expansion. Change To Plan: Scrap the Plan. Why waste time on a new one? HDC does just as it wishes now, with no reference to the views of the Taxpayer. Legally Compliant?: No
Full Reference: O - 5672 - 5818 - 2.2 Key Issues, Key issue 3: Facilitating growth in the economy - i, ii, iii

6012 Object
Respondent: Mrs Maggie Pankhurst [4875] Agent: N/A
Summary: The focus on large scale warehouse/distribution will not achieve Key issue 3. To enable this Key Issue HDC needs to focus on a wider range of business development in the area - new areas that we currently don't have so that those people who are commuting out can find the type of employment they want in the district. It is an established fact that there are few higher skilled/paid jobs in warehousing and a concentration of low/unskilled jobs that are low paid and often insecure/seasonal.
Change To Plan: Delete policy BE2:2 and insert a policy more in line with the Leicester and leicestershire Enterprise Partnership policy of encouraging development across a wide range of business sectors.
Legally Compliant?: No
Full Reference: O - 6012 - 4875 - 2.2 Key Issues, Key issue 3: Facilitating growth in the economy - i, ii, iii, iv

6190 Object
Respondent: Mr Michael Bates [6242] Agent: N/A
Summary: The local economy of Lutterworth will not expand unless the issue of heavy traffic is addressed by the provision of a major A road by-pass to relieve through traffic on the A426. Making Lutterworth a more pleasant environment should be used to attract a better mix of jobs in both the services and innovative engineering sectors providing a broader scope of quality employment for the expanded local population. This in turn will reduce the level of commuting, improving the environment and will expand the local economy enabling better education, medical and social services to be provided.
Change To Plan: The addition of a major A road by-pass of the A426 is a priority requirement if the full potential of developing Lutterworth and the surrounding area is to be met.
Legally Compliant?: No
Full Reference: O - 6190 - 6242 - 2.2 Key Issues, Key issue 3: Facilitating growth in the economy - i, ii, iii, iv

7015 Object
Respondent: Ulllesthorpe Parish Council (Mrs Katherine Clarke) [5370] Agent: N/A
Summary: An allocation of the size in Policy BE2 would lead to a vast number of employment opportunities. Unemployment in the area is very low, the majority of the workforce required for an allocation of this size would have to be recruited from outside the district. Key Issue 3 of the Local Plan highlights that there is a requirement for more opportunities for 'higher skilled residents' in the district. 74% of the opportunities are for essential/basic jobs, the people filling these roles will commute from areas where unemployment is higher and house prices are lower.
Change To Plan: Remove Policy BE2 from the Local Plan.
Legally Compliant?: No
Full Reference: O - 7015 - 5370 - 2.2 Key Issues, Key issue 3: Facilitating growth in the economy - ii, iii

7376 Object
Respondent: Dr Seb Giudice [6332] Agent: N/A
Summary: The plans for Harborough make no reference news types of employment such as engineering and technology. These are growth areas that MH are not attracting. Instead we are focusing on service and retail industries. These sectors only attract a lot of low wage roles a only a few well paid ones. Instead engineering and technology sectors will attract far more of the latter.
By 2031 automation and technology developments will mean that retail, services, and distribution centres will not need a significant workforce. Relying on these traditional sectors is setting Harborough up for failure

CHAPTER: Part A Strategy and General Policies

2.2 Key Issues, Key issue 7: Town centres and retail

**5437 Object**  
Respondent: Mr David Jones [4742]  
Agent: N/A  
Summary: Delete the words where possible from this section  
Change To Plan: Delete the words 'where possible' from this section  
Legally Compliant?: Yes  
Full Reference: O - 5437 - 4742 - 2.2 Key Issues, Key issue 7: Town centres and retail - None

**5574 Object**  
Respondent: Mr John Martin [5974]  
Agent: N/A  
Summary: Retail needs are not really considered within the plan.  
To think that in 2017 a house wife with children living in a new house on Ashton Rise for example will do her weekly shop at a store 800m away on foot is not realistic  
Villages that are considered sustainable by definition should have a post office, shop and public house is not an appropriate definition as this situation can and does change frequently, witness the number of recent pub closures in the villages between Harborough and Lutterworth  
Change To Plan: The plan should contain definitions of sustainability that are fluid and that can be revisited on a regular basis, say every 5 years. The dates of these reviews should be included in the plan  
Legally Compliant?: Yes  
Full Reference: O - 5574 - 5974 - 2.2 Key Issues, Key issue 7: Town centres and retail - i, ii, iv

**6203 Object**  
Respondent: Mr Michael Bates [6242]  
Agent: N/A  
Summary: The local plan does not support the development of Lutterworth Town Centre as there is no provision for the addition of a major A road by-pass of the A426 around Lutterworth. Currently the amenity retail area of the town is not a pleasant area to visit due to the heavy goods traffic along the A426. Without a major review of the road infrastructure, Lutterworth Town centre will become moribund and run down requiring people to travel to Rugby or Market Harborough for non-food shopping or becoming more reliant on the internet for discretionary purchases.  
Change To Plan: Add a major A road by-pass around Lutterworth.  
Legally Compliant?: No  
Full Reference: O - 6203 - 6242 - 2.2 Key Issues, Key issue 7: Town centres and retail - i, ii, iii, iv

**6351 Object**  
Respondent: Cotesbach Parish Council (Dr Edmund Hunt) [6283]  
Agent: N/A  
Summary: Not positively prepared and Not justified - Policy L1 or RT1 have not committed to improving Lutterworth town centre retail opportunities. Resources have not been invested into committing retail allocation in Lutterworth, or identifying S016 or other monies to support an enhancement of the town centre.  
Change To Plan: Commitment to Town Centre retail and amenity space is needed to maximise the opportunity of supposed traffic decrease  
Legally Compliant?: No

**Change To Plan:** Convince us this will be achieved  
**Legally Compliant?**: Yes  
**Full Reference:** O - 6888 - 4229 - 2.3 Local Plan objectives, Objective 1. Housing - ii

**7403 Object**

**Respondent:** Gladman Developments (Mr Richard Agnew) [6504]  
**Agent:** N/A  
**Summary:** Gladman consider that Objective 1 should be reworded slightly to state that the Local Plan will meet the housing needs of the district in full and meet a proportion of the identified unmet housing needs of the HMA as a whole.  
**Change To Plan:**  
**Legally Compliant?**: Not Specified  
**Full Reference:** O - 7403 - 6504 - 2.3 Local Plan objectives, Objective 1. Housing - None

**6828 Support**

**Respondent:** Homes and Communities Agency [5784]  
**Agent:** N/A  
**Summary:** The Stretton Hall Farm site can provide for a range of housing needs, including affordable homes, self-build plots, specialised care homes and a range of housing types and sizes. Its development would improve local sustainability and provide a range of community facilities and benefits, green infrastructure and improvements to the highway network.  
**Change To Plan:**  
**Legally Compliant?**: Not Specified  
**Full Reference:** S - 6828 - 5784 - 2.3 Local Plan objectives, Objective 1. Housing - None
2.3 Local Plan objectives, Objective 2. Employment

6340 Object

Respondent: Magna Park is Big Enough (Dr Edmund Hunt) [6279]

Summary: Policy BE2 is not promoting sustainable growth through more jobs meeting local employment need; out-commuting will not decrease; such a high density of logistics in the area will deprive other employment opportunities in the region

Change To Plan: No commitment to Magna Park within BE2

Legally Compliant?: No

Full Reference: O - 6340 - 6279 - 2.3 Local Plan objectives, Objective 2. Employment - i, ii

6639 Object

Respondent: Cllr Rosita Page [4254]

Summary: To secure a wide range of skilled jobs for an highly educated population has always been a supported council policy. The objective, stopping young people from leaving the district is not served by focusing mainly on providing unskilled, temporary, low paid jobs in the logistic industry. A focus on sustainable, diverse and vibrant job market is not possible without creating the opportunities.

Change To Plan:

Legally Compliant?: No

Full Reference: O - 6639 - 4254 - 2.3 Local Plan objectives, Objective 2. Employment - i, ii, iii, iv

6890 Object

Respondent: Mr Hugh Robertson Smith [4229]

Summary: Much play is made of the intention to improve the quality of jobs available in the District, yet the biggest influx will be in low-grade jobs in Distribution. There is little apparent input into quality engineering, scientific or manufacturing employment opportunities.

Change To Plan: Acknowledge that employment in the District is more or less full, and make a more conscious effort to improve attract and improve the higher skilled jobs that the Plan calls for.

Legally Compliant?: Yes

Full Reference: O - 6890 - 4229 - 2.3 Local Plan objectives, Objective 2. Employment - ii

7029 Object

Respondent: Ulelsthorne Parish Council (Mrs Katherine Clarke) [5370]

Summary: * unemployment in the area is low
* workforce to meet allocation in Policy BE2 would commute-in from outside the District
* out-commuting of skilled workers will not be reduced
* 81% if the current Magna Park workforce commute from outside Harborough District postcodes
* unemployment lower than regional and national averages
* public transport is inadequate

Change To Plan: Remove Policy BE2 from the Local Plan.

Legally Compliant?: No

Full Reference: O - 7029 - 5370 - 2.3 Local Plan objectives, Objective 2. Employment - i, ii, iii

CHAPTER: Part A Strategy and General 2.3 Local Plan objectives, Objective 3. Location of development Policies

6891 Object

Respondent: Mr Hugh Robertson Smith [4229]

Summary: The Magna Park development is a clear breach of a requirement to first utilise ex-industrial land. Further development will take place on wholly agricultural land, and the entire scheme is unsustainable in that such development can never be reversed. This is made all the more reprehensible in that the development proposals are entirely speculative.

Change To Plan: Reconsider the scope and environment effects of adding 700,000 square feet of warehousing and abandon plans to expand Magna Park

Legally Compliant?: No

Full Reference: O - 6891 - 4229 - 2.3 Local Plan objectives, Objective 3. Location of development - ii
The lack of a major A road by-pass to relieve through traffic on the A426 in Lutterworth does not meet the criteria for infrastructure improvement in and around Lutterworth.

Add a major A road by-pass to the A426, north of Lutterworth to link with the A5 and the proposed Lutterworth East development. Restrict heavy goods vehicles from passing through Lutterworth and a weight restriction on vehicles accessing existing industrial sites within the town.

Unfunded fine words

Sport England supports this objective.

Unfunded fine words

Present actual budgeted proposals

Present budget proposals
Object 6294
Respondent: Mr Richard Beer [6263]  
Summary: The proposed development at Burnmill Farm put the Ridgeline at risk and the coniferous tree screen planted by the farmer is incompatible with the local environment and should be replaced before any development is allowed.
Change To Plan: replant the existing coniferous tree screen with mixed deciduous trees which are native to the area

Full Reference: S - 6479 - 6217 - 2.3 Local Plan objectives, Objective 6. Natural environment - None
Lutterworth has a number of minor historic buildings including some fine examples of 18th Century country town houses. Without improvement to the local environment, particularly the reduction in heavy goods traffic through the town, the area will not attract the people or organisations who will be prepared to use and maintain these important heritage buildings.

Change To Plan: Improve the road infrastructure to make Lutterworth a pleasant place to live in and visit allowing it to recover its country town character and community.

Legally Compliant?: No

Objective 7 to protect the historic environment is also compromised by policy BE2. The protection of heritage is highly supported by the NPPF and featured in the draft Growth Plan but the policy is not strong enough. The objectives and policies are contradicting themselves in places.

Change To Plan:

Legally Compliant?: No

Magna Park clearly puts the Mediaeval facility at Bittesby at risk.

Change To Plan: Refuse development permission of Magna Park

Respondent: Sport England (Steven Beard) [4436]

Summary: With particular reference to bringing forward strategic development areas of East Lutterworth and Scraptoft (policy SC1) with regard to Active design - Sport England, in conjunction with Public Health England, has produced 'Active Design' (October 2015), a guide to planning new developments that create the right environment to help people get more active, more often in the interests of health and wellbeing. http://www.sportengland.org/facilities-planning/planning-for-sport/planning-tools-and-guidance/active-design/

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: S - 7386 - 4436 - 2.3 Local Plan objectives, Objective 9. Design - None
The local plan does not provide any solution to a reduction in the use of motor vehicles. The lack of a major change to the A road infrastructure around Lutterworth will condemn the town to a local ghetto devoid of any meaningful facilities which will increase the need for people to use private transport to travel greater distances to shop and secure other services. There is no vision to develop an environmental light railway/tram system to compete with existing forms of polluting public and private transport.

**Change To Plan:** Remove heavy goods transport from areas of local habitation particularly around existing towns such as Lutterworth. Develop a plan to provide a more environmentally friendly public transportation such as a light railway/tram system to connect local towns and larger “villages” to major infrastructure hubs such as Rugby and Leicester.

**Summary:**

**Legally Compliant?:** No

Reducing impact of traffic on local communities in Objective 10 is not a deliverable policy in line with the proposal of policy BE2.

**Change To Plan:**

**Summary:**

**Legally Compliant?:** No

Propose adding wording 'and therefore will help to encourage active and healthy lifestyle choices'.

**Change To Plan:** Add wording to Objective 10 ‘and therefore will help to encourage active and healthy lifestyle choices’.

**Summary:**

**Legally Compliant?:** Not Specified

Development at Magna Park will exacerbate road usage by car and also truck. There is no provision for additional road capacity, while the A5 is acknowledged to be over-stretched, but with no plans to update it before 2030. The possible sanctioning of a development of this scale without a rail link is in breech of National Guidelines.

**Change To Plan:** There is very little forward thinking in this section of the Plan. What effect will there be on commercial activities in the area of the declared banning of carbon-fuelled cars by 2040? The benefits of non-carbon burning cars will be offset by the additional diesel heavy vehicles in the area, since I am not aware of any feasible way of replacing diesel use in commercial vans and heavy trucks

**Summary:**

**Legally Compliant?:** Yes

CPRE Leicestershire supports this policy.

**Change To Plan:**

CHAPTER: Part A Strategy and General Policies

6226 Object

Respondent: Mr Michael Bates [6242]  
Agent: N/A

Summary: The local plan does not provide any solution to reducing pollution from motor vehicles and heavy goods transport. Within the time frame of the plan some reduction in pollution from personal transport can be expected but it is very unlikely that this will apply to heavy goods vehicles which currently blight the area around Lutterworth. This plan is an opportunity to provide the basis for significantly reducing local pollution by investment in local changes to the existing A road infrastructure around Lutterworth and planning for the re-introduction to a local rail network.

Change To Plan: Include for some major A road alterations around Lutterworth to remove heavy goods through traffic. Provide some advanced planning to re-introduce a light rail system to connect existing local towns and larger villages to major infrastructure hubs in rugby and Leicester to reduce the need for commuting by polluting personal transport.

Legally Compliant?: No

6900 Object

Respondent: Mr Hugh Robertson Smith [4229]  
Agent: N/A

Summary: As previously represented, development at Magna Park will exacerbate pollution problems in an area already afflicted by high particulate readings.

Change To Plan: Refuse development of Magna Park

CHAPTER: Part A Strategy and General Policies

SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:

7089 Object

Respondent: Bloor Home Ltd [4935]
Agent: Define (Mr Mark Rose) [4934]

Summary:
Soundness
For the reasons set out in the full text of the representation, Bloor Homes object to Policy SS1, which is considered unsound on the basis that it:
- has not been positively prepared
- is not justified in that it is not the most appropriate strategy and has not properly considered reasonable alternative strategies;
- is not effective in that some allocation sites will not deliver the scale of development the Submission Plan currently assumes, and the identified needs will not therefore, be met; and
- is inconsistent with national policy

Change To Plan:
Revise policy as follows:
- The plan period should be extended to 2036.
- Part 2: the housing requirement should be increased to reflect the extended plan period to 2036 and the concerns raised in the objection to Policy H1.
- Part 2: include reference to the allocation of additional sites, most notably at Scraptoft, Thurnby and Bushby, given the PUA’s position within the settlement hierarchy and relationship to Leicester.
- Part 4: requires further clarification of the specific development requirements of this policy to support the regeneration and development objectives in the neighbouring City of Leicester and Oadby & Wigston Borough.
- Part 9: delete.

Legally Compliant?: Yes

7441 Object

Respondent: Home Builders Federation (Susan Green) [6519]
Agent: N/A

Summary:
There is concern that some settlements have been incorrectly placed within this tiered hierarchy for example Broughton Astley is designated above Fleckney. It is recommended that the Council re-examines such flaws before submission of the Local Plan for examination.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference:
O - 7441 - 6519 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy: - i, ii, iii, i
We are supportive of the allocation of housing for Rural Centres. We consider that Fleckney represents a sustainable village with good access to local amenities and services. The settlement is ideally placed to deliver some level of housing growth for the District in order to meet local housing need and support village amenities and services. It is noted that Policy H1 identifies provision of a minimum of 295 dwellings at Fleckney. Object: Change Required: Allocate housing towards sustainable locations in accordance with the hierarchy and ensure a balanced distribution of housing to meet the need of urban and rural communities.

The Consortium strongly supports the Council’s spatial strategy for distribution of growth. It is clear that Harborough District Council has arrived at the most appropriate strategy, in accordance with national policy, to deliver the development requirements of the area. The spatial strategy closely aligns with the objectives of higher level strategic plans such as the Strategic Growth Plan and the Strategic Economic Plan.

In principle, the HCA supports development near to the edge of Leicester, but notes the historic emphasis for development to the east of Leicester and considers that this should be rebalanced with development to the South East, namely the Stretton Hall Farm site. This would prevent over-development to the east, spread the benefits of new development outwards, provide flexibility for housing supply, avoiding a significant amount of development coming forward in one area at the same time. HCA contends that such a rebalancing of development would support the position that the settlement strategy has been positively prepared and justified.

We support the proposed spatial strategy for growth set out in Policy SS1. The NPPF and the Draft Local Plan are underpinned by a ‘presumption in favour of sustainable development’. It is therefore considered rational to direct development towards locations that are within close proximity to a wide range of employment opportunities and local services and facilities. As outlined above, we consider Great Easton to be a sustainable location with a wide range of services and facilities, and as such we support its identification as a Selected Rural Village, which is expected to support residential development of an appropriate scale.

We support hierarchy.

In principle, the HCA supports development near to the edge of Leicester, but notes the historic emphasis for development to the east of Leicester and considers that this should be rebalanced with development to the South East, namely the Stretton Hall Farm site. This would prevent over-development to the east, spread the benefits of new development outwards, provide flexibility for housing supply, avoiding a significant amount of development coming forward in one area at the same time. HCA contends that such a rebalancing of development would support the position that the settlement strategy has been positively prepared and justified.

We have already provided comments on previous iterations of the Local Plan and have nothing further to add here except to welcome the commitment to continue to liaise with Natural England, the Environment Agency, the Lead Local Flood Authority and other stakeholders over the mitigation measures to protect the integrity of Misterton Marshes SSSI from any impacts arising from the proposed East of Lutterworth Strategic Development Area. As a statutory consultee, we would also expect to be consulted on the associated planning applications.

7532 Support

Respondent: Mr & Mrs Sandercock [6522]  
Agent: Andrew Granger & Co (Mr Stephen Mair) [6397]

Summary: We support the proposed spatial strategy for growth set out in Policy SS1. The NPPF and the Draft Local Plan are underpinned by a 'presumption in favour of sustainable development'. It is therefore considered rational to direct development towards locations that are within close proximity to a wide range of employment opportunities and local services and facilities. We consider North Kilworth to be a sustainable location with a wide range of services and facilities, and as such we consider it appropriate for identification as a Selected Rural Village, which are expected to accommodate an appropriate scale of residential development.

We support the proposed spatial strategy in Policy SS1. The NPPF and the Draft Local Plan are underpinned by a ‘presumption in favour of sustainable development’. It is therefore considered rational to direct development towards locations that are within close proximity to a wide range of employment opportunities and local services and facilities. As outlined above, Thurnby benefits from a good functional relationship with Leicester and the facilities and services available in the city. We support Thurnby’s identification as part of the Leicester Principal Urban Area. We propose land south of Grange Lane, Thurnby for residential development.

7507 Support

Respondent: Westleigh Developments Ltd [423]
Agent: Andrew Granger & Co (Mr Stephen Mair) [6397]

Summary: We support the proposed spatial strategy in Policy SS1. The NPPF and the Draft Local Plan are underpinned by a ‘presumption in favour of sustainable development’. It is therefore considered rational to direct development towards locations that are within close proximity to a wide range of employment opportunities and local services and facilities. As outlined above, Thurnby benefits from a good functional relationship with Leicester and the facilities and services available in the city. We support Thurnby’s identification as part of the Leicester Principal Urban Area. We propose land south of Grange Lane, Thurnby for residential development.

6682 Support

Respondent: Mr and Mrs Gowling [6400]
Agent: Andrew Granger & Co (Mr Stephen Mair) [6397]

Summary: We support the proposed spatial strategy for growth set out in Policy SS1: Spatial Strategy. The NPPF and the Draft Local Plan are underpinned by a ‘presumption in favour of sustainable development’. It is therefore considered rational to direct development towards locations that are within close proximity to a wide range of employment opportunities and local services and facilities. We consider Market Harborough to be a sustainable location with a large number of key services and facilities, and therefore we support its identification as the Sub-Regional Centre, which is expected to be a focus for development across the plan period.

7469 Support

Respondent: Jelson Homes Limited [3965]
Agent: N/A

Summary: We support the Council’s view that Market Harborough should be a ‘Sub-regional Centre’ and we support the overarching strategy to locate the highest proportion of development in the higher order settlements.

CHAPTER: Part A Strategy and General Policies

6085 **Object**

**Respondent:** Mr Ivan Crane [6014]  
**Agent:** Sworders (Mrs Rachel Bryan) [6013]

**Summary:** We broadly support the settlement hierarchy, specifically the inclusion of Broughton Astley as a Key Centre. This reflects its scale and service provision. However, our objection is that this place in the hierarchy is not reflected in the allocation of any new housing development to Broughton Astley. The 1,170 dwellings allocated on other sites referred to in part iv. of policy SS1, should include a housing provision for Broughton Astley, yet H1 fails to make this provision.

**Change To Plan:** Policy SS1, should be amended to include a housing provision for Broughton Astley.

**Legally Compliant?** Yes

**Full Reference:** O - 6085 - 6014 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, c. Key Centres: Lutterworth, Broughton Astley

6229 **Object**

**Respondent:** Mr Michael Bates [6242]  
**Agent:** N/A

**Summary:** Lutterworth cannot be developed as a key centre under the current plan as there is no provision to reduce through traffic on the A426 within the town boundaries. Development within the town will only come if it is made a more pleasant place to live, do business or invest.

**Change To Plan:** A major road by-pass on the A426 to avoid Lutterworth is required improve the environment within the town and encourage people to live, work and invest in Lutterworth.

**Legally Compliant?** No

**Full Reference:** O - 6229 - 6242 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, c. Key Centres: Lutterworth, Broughton Astley

7351 **Object**

**Respondent:** Davidsons Developments Limited [4740]  
**Agent:** Bidwells (Chloe French) [4539]

**Summary:** Policy SS1 identifies a clear settlement hierarchy and states that development should be directed towards appropriate locations in accordance with this hierarchy; however, the second part of the policy fails to allocate development according to the hierarchy. Sustainable locations such as Broughton Astley should be considered for development.

Part 6 of Policy SS1 states that the Local Plan seeks to maintain and improve the character and environment of the market towns of Lutterworth and develop Broughton Astley but the plan will not deliver this without further land allocated for housing development at Broughton Astley.

**Change To Plan:** Allocate housing towards sustainable locations in accordance with the settlement hierarchy and ensure a balanced distribution of housing to meet the need of urban and rural communities. Further allocation of land for housing are requested at Broughton Astley.

**Legally Compliant?** Yes

**Full Reference:** O - 7351 - 4740 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, c. Key Centres: Lutterworth, Broughton Astley

7488 **Object**

**Respondent:** Mr John L. Marlow [1704]  
**Agent:** N/A

**Summary:** Public response from Broughton Astley:

Representations were invited following the publication of the Core Strategy in 2010. At the end of the ten week consultation period on the 23rd of December 2010 only FOUR separate submissions had been made by residents of Broughton Astley. Experience teaches me that to make detailed submissions to the District Council during the Core Strategy and subsequent Neighbourhood Plan process has been a complete waste of my time and I leave it to the others to oblige on this occasion. I SUSPECT THAT THE RESPONSE FROM RESIDENTS OF BROUGHTON ASTLEY WILL BE VERY SMALL.

**Change To Plan:**

**Legally Compliant?** Not Specified

Object 7489

Respondent: Mr John L. Marlow [1704]  
Agent: N/A

Summary: A VILLAGE CENTRE FOR BROUGHTON ASTLEY: Neither the County nor the District Council has ever taken the trouble to prepare a plan for the integration of development within the village from 2010 onwards. I made my own suggestion in August 2011 (see attached) but it is sad to see the manner in which it has been mauled by Jelsons and the District Planning Department.

Worse still, there were promises given that the old village centre in Main Street would be ‘revitalized’ but apart from tinkering with the public car park next to the Co-Operative store nothing has been done in the last seven years.

Object 7493

Respondent: Mr John L. Marlow [1704]  
Agent: N/A

Summary: The pressing need for leisure and recreational provision in Broughton Astley was emphasised by ward Councillors in 2010. Despite this and the subsequent making of the Neighbourhood Plan monies are to be diverted to Lutterworth and Market Harborough with Broughton Astley being abandoned by the District Council. My concern has always been at its deepest in relation to the careless and random approach towards HOUSING across the whole District, and particularly at Broughton Astley, not only in terms of numbers but also in the woeful standard of housing design exhibited by developers at Broughton Astley.

Change To Plan:

Full Reference: O - 7493 - 1704 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, c. Key C

Object 7562

Respondent: Manor Oak Homes [6524]  
Agent: Armstrong Rigg Planning (Mr Geoff Armstrong) [4700]

Summary: Manor Oak Homes recommend that the Council introduce criteria to distinguish Key Centres as any settlement with over 5ha of dedicated employment land and a secondary school. The Kibworths has both of these facilities and should therefore be classified as a Key Centre.

Change To Plan:

Legally Compliant?: Yes

Full Reference: O - 7562 - 6524 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, c. Key C

Support 6378

Respondent: Hallam Land Management Limited [5311]  
Agent: Marrons Planning (Dan Robinson-Wells) [5976]

Summary: The Council’s spatial strategy for distribution of growth is supported. Harborough District Council has arrived at the most appropriate strategy, in accordance with national policy, to deliver the development requirements of the area. The spatial strategy closely aligns with the objectives of higher level strategic plans such as the Strategic Growth Plan and the Strategic Economic Plan.

In this context, the strategy supports the development of further appropriate and developable land around Lutterworth. Therefore, as explained in representations submitted to this Local Plan elsewhere, Land South of Lutterworth Road fits in with the overall spatial strategy.

CHAPTER: Part A Strategy and General Policies

SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, d. Rural Centres

**5362 Object**

Respondent: Persimmon Homes (South Midlands) Ltd [5909]  
Agent: Pegasus Group (Mr Neil Tiley) [5908]

Summary: There is no clear distinction between the designation of settlements to the various tiers of the settlement hierarchy.

Based on the available evidence, it is clear that Fleckney forms one of the most sustainable settlements and accordingly it should be designated as a Key Centre.

Even if Fleckney is able to be justified to be a Rural Centre, the sustainability of growth at this settlement needs to be taken into account in the policies.

Change To Plan: Designate Fleckney as a Key Centre

Legally Compliant?: No

Full Reference: O - 5362 - 5909 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, d. Rural

**5914 Object**

Respondent: Dr I.D. v.d. Ploeg [4817]  
Agent: N/A

Summary: It would be useful to look at facilities with more nuance. It is no good saying a village is a centre because there is a bus service (not a good one), that there is a doctors’ surgery (when in fact it is full) etc. So, there need to be accessible facilities before it is decided to build there.

Change To Plan: Not to use a list of tick boxes but to look at the actual facilities that are really available and to allow village life to exist instead of making villages into towns.

I don't know whether the plan is legally compliant as I am not a lawyer but I can only submit if I say it is so I have ticked yes.

Legally Compliant?: Yes

Full Reference: O - 5914 - 4817 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, d. Rural

**6256 Support**

Respondent: The Cooperative Estates (Richard Lomas) [3906]  
Agent: N/A

Summary: The Co-op supports the recognition of Houghton on the Hill as a Rural Centre in the Settlement Hierarchy under Policy SS1 (1d).

Change To Plan:

**6266 Support**

Respondent: David Wilson Homes East Midlands [6254]  
Agent: Marrons Planning (Ms Joanne Althorpe) [6168]

Summary: Policy SS1 identifies The Kibworths as a Rural Centre, which given the level of facilities and services within the settlement is considered appropriate. The supporting text notes that of the Rural Centres "The Kibworths and Great Glen are the largest with significant village centres offering a range of shops and services" and "The Kibworths benefit from a secondary school."

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: S - 6266 - 6254 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, d. Rural

**6966 Support**

Respondent: Mr O Tebbs [5208]  
Agent: Hutchinsons Planning (Mr Keith Hutchinson) [4542]

Summary: We support the identification of Ullesthorpe as a Rural Centre, bearing in mind the facilities and services available there.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: S - 6966 - 5208 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, d. Rural
5436 Object

Respondent: Mrs Jan Butcher [4328]  
Agent: N/A

Summary: Object to the spatial strategy. Conflicts in part with HDC's own data; specifically Claybrooke Magna PC has submitted considerable evidence to show it should not be selected as an SRV but HDC has refused to listen; indeed policies within the Local Plan have been changed retrospectively without due process or effective governance in order to justify the designation. There needs to be proper consultation that actually involves listening to local people and reviewing the evidence properly, not simply a tick box exercise going through the motions to justify a decision.

Change To Plan: The plan should exclude The Claybookes from SRV designation

Legally Compliant?: No

Full Reference: O - 5436 - 4328 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, e. Selected Rural Villages

5438 Object

Respondent: Mrs Jan Butcher [4328]  
Agent: N/A

Summary: The designation of the Claybookes as an SRV is unfair and incorrect. The Parish Council has demonstrated that the policy has been reverse engineered on a number of occasions to support an early decision by Officers rather than policy being developed using evidence. Claybrooke does not meet the safe and acceptable walking distance requirements and development in this location is unsustainable due to lack of facilities and limited access to public transport.

Change To Plan: Remove SRV status from The Claybookes

Legally Compliant?: No

Full Reference: O - 5438 - 4328 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, e. Selected Rural Villages

6175 Object

Respondent: Mrs Valerie Deacon [6122]  
Agent: N/A

Summary: Why is it that the two separate villages of Parva and Magna have been amalgamated for the purposes of housing developments? This has not happened in other areas of the District, e.g. The Langtons. Harborough District Council appear to make up the rules to fit their plans, not based on documentary evidence.

Change To Plan: Removal of SRV status from the Claybookes.

Legally Compliant?: No

Full Reference: O - 6175 - 6122 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, e. Selected Rural Villages

6594 Object

Respondent: EAST LANGTON and CHURCH LANGTON Parish Council (Alison Gibson) [2624]  
Agent: N/A

Summary: East Langton Parish is classed as a Selected Rural Village, one of only three settlements where two villages have been grouped together as a result of walking distances to Church Langton Primary School.

The impact is to increase the housing requirement for the Parish to 30, and East Langton which would otherwise be treated as an unsustainable location for housing is required to take a significant number (although the Local Plan doesn't distinguish between villages in terms of location for housing so it could therefore increase the requirement for Church Langton if no suitable East Langton sites come forward.).

Change To Plan: The villages of Church Langton and East Langton should not be grouped together.

Legally Compliant?: Yes

Full Reference: O - 6594 - 2624 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, e. Selected Rural Villages
6625 Object
Respondent: Claybrooke Magna Parish Council (Mrs J P Butcher) [4737]  
Agent: N/A
Summary: The proposal to designate the Claybrookes as an SRV is unsound. Using a facility where alcohol is served, a pub, as a key criterion to locate housing is discriminatory under the Equality Act. Protected groups will be excluded from its use due to religious beliefs - the aim to promote inclusive communities is failed. Evidence shows the SRV policy has been reverse engineered to meet an Officer-led original decision without due governance. Plus, Magna is not within the required “safe, acceptable walking distance” of the school in Parva and development is unsustainable so does not meet LP policy or NPPF.
Change To Plan: Remove 'public house' from SRV criteria list for discriminatory reasons outlined. Remove 'the Claybrookes' as an SRV.
Legally Compliant?: No
Full Reference: O - 6625 - 4737 - SS1 The spatial strategy for Harborough, SS1 clause 1. manage planned growth to 2031 in accordance with the following settlement hierarchy:, e. Select

6732 Object
Respondent: TILTON ON THE HILL Parish Council (Jenny Saville) [2686]  
Agent: N/A
Summary: Tilton on the Hill should be reclassified in the settlement hierarchy as 'Other Villages and Rural Settlements'. No GP surgery or primary school within acceptable walking distance. The library van calls monthly, 4 residents access this service, thus a threat of withdrawal. Post office is an outreach service two afternoons a week, with staff departure closure possible. Public house closed on 20th July and will remain so for the foreseeable future. Tilton has a shop.
Change To Plan: The re-classification of Tilton from Selected Rural Village to Other Villages and Rural Settlements
Legally Compliant?: Yes

CHAPTER: Part A Strategy and General Policies

SS1 The spatial strategy for Harborough, SS1 clause 2a. enable housing development during 2011-2031 comprising:

5361 Object

Respondent: Persimmon Homes (South Midlands) Ltd [5909]  
Agent: Pegasus Group (Mr Neil Tiley) [5908]

Summary: There are objections to the methodology employed within the HEDNA with regard to UPC; whether the projections have been rebased appropriately; the shortfall which has already accrued not being taken account of; the artificial adjustment of commuting rates; and the employment rates disregarding the participation rates of cohorts, being inconsistent with Government projections, and relying upon a fundamental change in behaviour.

The distribution of the unmet needs across the HMA is unavailable, but it would appear that the Local Plan does not make sufficient allowance.

There is also no contingency which is required to align with the NPPF.

See full text.

Change To Plan: The assumptions within the HEDNA should be clarified and/or amended to ensure that they are consistent with best practice, Inspectors findings elsewhere, justified, and policy-off.

Once this is done, the Memorandum of Understanding should be prepared and put to consultation prior to submission.

This evidence is necessary to determine the appropriate housing requirement and contingency for inclusion in the Local Plan.

6636 Object

Respondent: CPRE Leicestershire (Mr Richard Windley) [4376]  
Agent: N/A

Summary: CPRE Leicestershire believes these housing figures are too high. An OAN of 463 for Harborough based on the 2031 trends assumptions would seem more than adequate to meet the genuine demographic and economic needs of Harborough. There is no clear reason for a market signals uplift or for additional housing to meet the need at Magna Park, which is amply provided for already. Please see attached document.

Change To Plan: Housing figures should be recalculated.

Legally Compliant?: Yes

Full Reference: O - 6636 - 4376 - SS1 The spatial strategy for Harborough, SS1 clause 2a. enable housing development during 2011-2031 comprising: - iv
6672 Object
Respondent: Rugby Borough Council (Mr Martin Needham) [6402]
Agent: N/A
Summary: Not clear from the plan or supporting evidence how the impact and effects of the proposals on the highway network and transport outside of the Leicestershire boundary has been considered. The Jacobs Preliminary Impact Assessment 2016 appears to exclude areas outside of Leicestershire, even though there are main routes adjoining or crossing into neighbouring counties (A5 and A426, near to Magna Park and Lutterworth proposals), and analysis is not apparent in other documents. Query whether sufficient consultation has taken place with Warwickshire County Council Highways Authority. Unclear how the figures used in the Jacobs Preliminary Transport Assessment 2016 relate to the local plan targets. Clarification should be given as to how the total amount of growth proposed in the plan has been tested in the assessment and appropriate mitigation identified.

Full Reference: O - 6672 - 6402 - SS1 The spatial strategy for Harborough, SS1 clause 2a. enable housing development during 2011-2031 comprising: - None

7169 Object
Respondent: Mr Nelson Renner [6137]
Agent: Town Planning Services (Mr Chris Akrill) [6136]
Summary: The Local Plan period does not comply with the NPPF requirement to plan for a 15-year time horizon. Additional information within the Leicester Housing Market Area is emerging in January 2018, which could place greater demands on Harborough District to accommodate unmet housing needs. The Local Plan does not robustly address the Duty to Cooperate. It is expected that the adoption of the Local Plan will have to be delayed to address these unmet housing needs. Any delay will reduce the plan period further, and the local plan will not be in accordance with the NPPF.
Change To Plan: Extend the plan period to 2036, the same timescale used within the Objective Housing Need Assessment. In doing so, the plan would comply with the NPPF requirements for a 15-year time horizon, with an added margin to take account of further changes required to housing numbers.
Legally Compliant?: No

7440 Object
Respondent: Home Builders Federation (Susan Green) [6519]
Agent: N/A
Summary: The Council state that this housing provision will cater for unmet needs from elsewhere in HMA, slower than expected delivery, non-implementation of existing consents, economic change, and flexibility and choice in the housing market. This is somewhat confusing. The housing need that the Council is proposing to meet should be clearly stated. Furthermore the derivation of that housing need should be based on evidence which is transparent and easily understood. It is recommended that the Council provides further clarification by undertaking additional work on its OAHN and housing requirement before the Harborough Local Plan is submitted for examination. Implications of the Government's proposed standard methodology should be considered.

7476 Object

Respondent: Jelson Homes Limited [3965]  
Agent: N/A

Summary: Jelson's concern centres on the total number and proportion of all dwellings (58%) expected to be delivered by the 2 proposed SDA's.

Extremely concerned that;
- the entire strategy (market & affordable housing) is heavily reliant upon 2 large scale, complex SDA's and is high risk
- the evidence from experience (in Leics) suggests that the SDA/SUE approach has not yet been proven to be successful in securing housing delivery.
- the experience of Airfield Farm (6yrs since original permission, yet to deliver a dwelling) highlights the long lead in periods required for SDA's
- the SDA's won't deliver in the timescales set out in the proposed housing trajectory

Overall the strategy places too much reliance on a small number of large sites and anticipated delivery rates are wholly unrealistic, making it ineffective and unlikely to deliver the required level of housing.

Jelson do not object to SDA's as a matter of principle. However, aspirations for them need to be realistic and they should form part of a balanced approach allowing a range of smaller sites in a wider range of locations.

Change To Plan: It is considered that the Draft Local Plan can only be considered sound if either
a) the reliance on the SDAs is reduced by allocating additional development to smaller but equally sustainable settlements, or
b) the Draft Local Plan includes a clear strategy for allowing development to come forward in other locations if delivery issues with the SDAs arise.

7586 Object

Respondent: Messers Herbert [6535]  
Agent: Strutt and Parker (Mr David Phillips) [5716]

Summary: Objections are made to SS1 "The spatial strategy", Policy H1 "Provision of new housing, Policy BE1 "Provision of new business development" and Policy BE2 "Strategic distribution" insofar as the draft Plan not is not:

* Positively Prepared as it fails to meet objectively assessed development needs and infrastructure requirements;
* Justified in that the plan is not based on the most appropriate strategy, when considered against the reasonable alternatives;
* Effective in that the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
* Consistent with national policy as the plan does not enable the delivery of sustainable development in accordance with the policies in the NPPF.

The landowners object to the failure of the Council to recognise the potential to:

* Identify land within Whetstone Pastures as a future logistics park; and more over
* Recognise the ability of land within Whetstone Pastures to deliver a new Garden Village as part of a large strategic allocation extending over the administrative boundaries of both Blaby and Harborough.

Change To Plan: Proposed Modifications

21 In order to make the Plan sound it is submitted that the following modifications are made:

* SS1 - The Spatial Strategy amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future housing and logistics needs for the Harborough District during the period 2011 to 2031;
* Policy H1 - Provision for new housing similarly amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future housing needs for the Harborough District within the period 2011 to 2031;
* Policy BE1 - Provision of new business development similarly amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future logistics needs for the Harborough District within the period 2011 to 2031; and
* Policy BE2 - Strategic Distribution to be amended to make provision for future logistics needs for the Harborough District within the period 2011 to 2031.

22 The precise wording of any changes should be carefully considered through cross-party working with Blaby to recognise, not only the cross-boundary nature of the Garden Village but also, that the majority of the land needed to deliver the Garden Village falls within Blaby.

Legally Compliant?: No

Full Reference:  O - 7586 - 6535 - SS1 The spatial strategy for Harborough, SS1 clause 2a. enable housing development during 2011-2031 comprising: - i, ii, iii, iv
Whilst our client does not wish to explicitly comment on the merits or otherwise of individual sites proposed for allocation, a key issue of soundness for any local plan is whether the proposed housing allocations are deliverable and likely to result in the required level of completions.

To ensure that the plan is positively prepared and stands the best chance of meeting identified housing need, the Council should consider the allocation of developable reserve sites together with a suitable mechanism to allow their release during the plan period, as may be necessary.

Change To Plan: To ensure that the plan is positively prepared and stands the best chance of meeting identified housing need, the Council should consider the allocation of developable reserve sites together with a suitable mechanism to allow their release during the plan period, as may be necessary.

7549 Object

Respondent: Jelson Ltd [221]  
Agent: nineteen47 Ltd (Mr Robert Gilmore) [6376]

Summary: To help address the identified housing needs of the HMA, the Local Plan should allocate the Scraptoft East SDA for an additional 2,700 homes over the Plan period (3,900 homes total including the Scraptoft North site).

Change To Plan: The Local Plan should allocate the Scraptoft East SDA for an additional 2,700 homes over the Plan period (3,900 homes total including the Scraptoft North site).  
Policy SS1, part 2.a.iii - should refer to the Scraptoft East SDA for 3,900 dwellings.

Legally Compliant?: Yes
Sound.
This is supported provided the necessary infrastructure such as roads, schools, public transport, health facilities are provided at the time of construction and are fit for purpose. Existing services of this nature are under immense pressure and unable to support the proposed number of dwellings and residents.

A planned community is not just another housing estate.

A major concern is that the consequential traffic flow through Scraptoft, Thurnby and Bushby without major highway improvements will make existing inadequate roads more dangerous and affect Community cohesion.

What regard has been paid to Air Quality for existing residents?

CHAPTER: Part A Strategy and General Policies

SS1 The spatial strategy for Harborough, SS1 clause 2a. enable housing development during 2011-2031 comprising, v. about 790 dwellings on non-allocated sites or sites to be allocated in neighbourhood plans

6261 Object
Respondent: The Cooperative Estates (Richard Lomas) [3906]
Agent: N/A

Summary: The Local Plan should allocate 790 dwellings rather than relying on Neighbourhood Plans to deliver these allocations.

Change To Plan: Delete reference to 1,170 dwellings in (iv) and substitute with reference to 1,960 dwellings.

Delete reference to 790 dwellings on non-allocated sites or sites to be allocated in neighbourhood plans for Rural Centres and Selected Rural Villages;

Legally Compliant?: Yes

Full Reference: O - 6261 - 3906 - SS1 The spatial strategy for Harborough, SS1 clause 2a. enable housing development during 2011-2031 comprising, v. about 790 dwellings on non-alloc

6394 Object
Respondent: Catesby Property Group (Mr Edward Barrett) [5772]
Agent: N/A

Summary: Currently the Harborough Local Plan is considered unsound because it fails to identify sufficient allocations to ensure that the full objectively assessed housing need for District is met. At present, too much of the District's residual housing requirement is proposed to be delivered on non-allocated sites or sites to be allocated in Neighbourhood Plans. Relying on these mechanisms to deliver a significant proportion of the District's housing requirement provides no guarantee that the Local Plan will deliver the District's identified housing need.

Change To Plan: In order to make the Plan sound, it is considered that Policies SS1 and H1 should be modified to identify additional residential allocations in Fleckney. This modification is necessary to increase the percentage of the District's residual housing requirement which will be delivered on allocated sites. At present, over half (56%) of Fleckney's minimum housing requirement is proposed to be delivered on sites allocated in a Neighbourhood Plan. In order to provide the greatest certainty that the minimum housing requirement for the settlement will be delivered, it is considered that an additional allocation on land south of Kilby Road, Fleckney should be identified. Any forthcoming Neighbourhood Plan would then have the opportunity to identify additional allocations over and above the minimum requirement.

In order to make the Plan sound, Policy F1 should be amended to allocate land south of Kilby Road, Fleckney for 150 homes. The site is situated to the west of Fleckney, accessed from Priest Meadow. It has capacity for 150 dwellings. The site is well located for local services and facilities in Fleckney village centre and was judged to be deliverable over 0 to 5 years in the SHLAA. The SHLAA identified the location as suitable to contribute to the housing requirement in Fleckney.

Accompanying these representations is a Vision Framework for the proposed residential allocation on land south of Kilby Road, Fleckney. A separate Location Plan for the site is also enclosed. The enclosed Vision Framework demonstrates that the 7 hectare site is deliverable and capable of appropriately accommodating up to 150 dwellings.

Legally Compliant?: Yes

Full Reference: O - 6394 - 5772 - SS1 The spatial strategy for Harborough, SS1 clause 2a. enable housing development during 2011-2031 comprising, v. about 790 dwellings on non-alloc

7444 Object
Respondent: Home Builders Federation (Susan Green) [6519]
Agent: N/A

Summary: There is concern over the reliance on non-allocated and / or Neighbourhood Plan allocations to meet a significant proportion of the District's residual HLS. This provides no guarantee that the Local Plan itself will deliver the District's housing needs. It is suggested that further allocations in lower rural tiers of the settlement hierarchy are needed.

Change To Plan: It is suggested that further allocations in lower rural tiers of the settlement hierarchy are needed.

Legally Compliant?: Not Specified

Full Reference: O - 7444 - 6519 - SS1 The spatial strategy for Harborough, SS1 clause 2a. enable housing development during 2011-2031 comprising, v. about 790 dwellings on non-alloc
Whilst support is given to the settlement hierarchy contained within Draft Policy SS1, this policy does not specifically direct any development to Broughton Astley despite the settlement being identified as capable of sustaining expansion, infill and redevelopment. Passing reference is made to ‘made Neighbourhood Plans’. Policy SS1 criteria v) and vi) make allowance for ‘non-allocated’ and ‘windfall sites’ but these are directed to the less sustainable settlements in the District rather than the Key Centres. This is not considered to be a positively prepared policy.

This approach is similarly repeated at Draft Policy GD2 'Settlement Development' and Draft Policy H1.

Change To Plan: It is considered that the Harborough Local Plan should not remain silent about growth at Broughton Astley within the emerging plan over the period 2011 - 2031. Broughton Astley is a Key Centre within the District which can accommodate growth. Robust evidence should be provided about the capacity of the settlement to accommodate additional growth notwithstanding the Neighbourhood Plan.

The Broughton Neighbourhood Plan (2014) was prepared in the context of the Harborough District Core Strategy and covers the plan period 2013- 2028. The Broughton Neighbourhood Plan recognises at section 3.16 that "The Plan will be reviewed periodically to ensure that it takes into account possible changes in national planning policy or to the Harborough District strategic planning policy framework.” As such the Neighbourhood Plan will be reviewed during the lifetime of the District Plan and Harborough District Council should be setting a strategic framework to assist this review.

Furthermore paragraph 1.6.7 of the Proposed Submission Local Plan states "...neighbourhood plans should be in general conformity with all policies in this Local Plan.”

Legally Compliant?: Not Specified

Gladman consider the Local Plan to be justified in identifying land to deliver a minimum of 12,800 dwellings in order to provide a 15% contingency in the supply of housing land in order to allow for possible future circumstances affect the supply of housing in the district. Gladman have some concerns with the Local Plan providing about 790 dwellings on non-allocated sites or sites to be allocated in Neighbourhood Plans as there is no guarantee that this source of housing land supply will actually be delivered. In order to ensure that the Local Plan is actually deliverable. The Council will need robust evidence to prove that this source of supply will come forward within the plan period.

CHAPTER: Part A Strategy and General

SS1 The spatial strategy for Harborough, SS1 clause 2b. enable commercial growth during 2011-2031 comprising:

Object 7587

Respondent: Messers Herbert [6535]
Agent: Strutt and Parker (Mr David Phillips) [5716]

Summary: Objections are made to SS1 "The spatial strategy", Policy H1 "Provision of new housing, Policy BE1 "Provision of new business development" and Policy BE2 "Strategic distribution" insofar as the draft Plan not is not:

* Positively Prepared as it fails to meet objectively assessed development needs and infrastructure requirements;
* Justified in that the plan is not based on the most appropriate strategy, when considered against the reasonable alternatives;
* Effective in that the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
* Consistent with national policy as the plan does not enable the delivery of sustainable development in accordance with the policies in the NPPF.

The landowners object to the failure of the Council to recognise the potential to:

* Identify land within Whetstone Pastures as a future logistics park; and more over
* Recognise the ability of land within Whetstone Pastures to deliver a new Garden Village as part of a large strategic allocation extending over the administrative boundaries of both Blaby and Harborough.

Change To Plan: 21 In order to make the Plan sound it is submitted that the following modifications are made:

* SS1 - The Spatial Strategy amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future housing and logistics needs for the Harborough District during the period 2011 to 2031;
* Policy H1 - Provision for new housing similarly amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future housing needs for the Harborough District within the period 2011 to 2031;
* Policy BE1 - Provision of new business development similarly amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future logistics needs for the Harborough District within the period 2011 to 2031; and
* Policy BE2 - Strategic Distribution to be amended to make provision for future logistics needs for the Harborough District within the period 2011 to 2031.

22 The precise wording of any changes should be carefully considered through cross-party working with Blaby to recognise, not only the cross-boundary nature of the Garden Village but also, that the majority of the land needed to deliver the Garden Village falls within Blaby.

Legally Compliant?: No

Support 6717

Respondent: Oadby and Wigston Borough Council (Mr Jamie Carr) [6413]
Agent: N/A

Summary: The Spatial Strategy also makes provision for upwards of 58 hectares of employment land between 2011 and 2031.
Policy SS1 Spatial Strategy is consistent with the evidence base relating to the wider Leicester and Leicestershire Housing Market Area and as such, is supported by Oadby and Wigston Borough Council.

CHAPTER: Part A Strategy and General Policies

5553 Object
Respondent: Ashby Parva Parish Meeting (Mr Tim Ottevanger) [5196]
Agent: N/A

Summary: The LLEP studies identify a need for additional (i.e. new build) non-rail served warehousing/distribution space in Leicestershire. The 700,000 sq.m proposed in BE2 'Strategic Distribution' exceed the forecast for the entire LLEP area for 2031 while ignoring consents given by councils in Leicestershire since 2014, which themselves meet the minimum forecast requirements up to 2031, thus contributing to a potential significant over-supply of warehousing/distribution space and the skewing of the job market towards low-skilled, low-paid jobs, heavy in-commuting from areas with higher unemployment and a mismatch with available housing.

Change To Plan: Policy BE2 should either be dropped or amended to retain the council's 2011 Core Strategy (policy 7) which rules out extending Magna Park. Harborough has already breached the Core Strategy in 2016 by approving 15/00919/FUL, a 100,844 sq.m. warehouse/distribution centre for DHL on land adjoining Magna Park. The Core Strategy stated "... there are more suitable locations and sites (both rail and non rail-linked) than Magna Park within the region and sub-region to meet forecast need for strategic distribution to 2026." (Paragraph 5.73). The Submission Plan does not now make the opposite claim, i.e. that there aren't any "more suitable locations" within the region, so nothing has changed.

Legally Compliant?: No
Full Reference: O - 5553 - 5196 - SS1 The spatial strategy for Harborough, SS1 clause 2c. Strategic storage and distribution - i, ii, iii

5783 Object
Respondent: Mr John Martin [5974]
Agent: N/A

Summary: This type of development generates poor quality, low paid jobs and the area proposed sees already large numbers of people travelling daily to existing warehousing

Change To Plan: Re consider the location of more warehousing

Legally Compliant?: Yes
Full Reference: O - 5783 - 5974 - SS1 The spatial strategy for Harborough, SS1 clause 2c. Strategic storage and distribution - None

6375 Object
Respondent: Mr Kevin O'Neill [6290]
Agent: N/A

Summary: The plan does not address properly:
- impact on traffic levels on both main routes and through villages;
- current and future air quality issues;
- projected employment expectations from logistics developments which will be largely automated in the future;
- affordability of homes in the area and the increasing volume of commuters from outside the area;
- management of historic finds as the area is developed;

The plan appears to exhaust/exceed all the planned logistics development until 2031 in one hit and the plan does not provide for rail transport.

Change To Plan: The plan does not show that:
- traffic will be managed within acceptable levels;
- air quality will be maintained at safe levels;
- there is/will be an available working population without driving up commuting into the area;
- future jobs derived from logistics developments will exist when the focus is on automation of warehouse operations.

Legally Compliant?: Yes

7274 Object

Respondent: Prologis UK Ltd. [5661]  
Agent: Lichfields (Ms Caroline Musker) [6164]

Summary: Object for the following reasons:
- amount of employment land quoted in SS1.2c does not reflect an up to date position (no Ref. to planning consent 15/00919/FUL)
- it fails to clearly set out the scale and distribution of new employment development, including strategic B8, as a total minimum or maximum amount
- not based on a strategy which seeks to meet objectively assessed development and infrastructure requirements
- doesn't robustly justify the amount, more than double the requirement, for road-based strategic B8 development
- approach conflicts with strategic aims of NPPF, to reduce carbon emissions, and the National Networks Policy Statement (NPS) which prioritises distribution & warehousing sites served by rail.

Change To Plan: In order to address the conflicts identified above and ensure that Policy SS1(2) (c) is sound, it is requested that Harborough Council:
1. Provides an up to date assessment of their existing employment commitments and allocations which is reflected in the drafting of the policy. This should include strategic B8 development given the scale of the proposals.
2. Provides evidence justifying why it is appropriate for the Council to extend Magna Park and justify why it is appropriate for the District to allocate more than double the requirement for non-rail served sites required in Leicestershire as well as delivering in excess of the gross land requirement for strategic B8 development for Leicester and Leicestershire by 2031 in one location.
3. Provides evidence that the Council has robustly fulfilled its duty to cooperate with regards to meeting the concerns of Daventry and North West Leicestershire in terms of allocating in excess of the identified need for the whole of Leicester and Leicestershire in one location.

Legally Compliant?: No

7588 Object

Respondent: Messers Herbert [6535]  
Agent: Strutt and Parker (Mr David Phillips) [5716]

Summary: Objections are made to SS1 "The spatial strategy", Policy H1 "Provision of new housing, Policy BE1 "Provision of new business development" and Policy BE2 "Strategic distribution" insofar as the draft Plan not is not:
* Positively Prepared as it fails to meet objectively assessed development needs and infrastructure requirements;
* Justified in that the plan is not based on the most appropriate strategy, when considered against the reasonable alternatives;
* Effective in that the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
* Consistent with national policy as the plan does not enable the delivery of sustainable development in accordance with the policies in the NPPF.

The landowners object to the failure of the Council to recognise the potential to:
* Identify land within Whetstone Pastures as a future logistics park; and more over
* Recognise the ability of land within Whetstone Pastures to deliver a new Garden Village as part of a large strategic allocation extending over the administrative boundaries of both Blaby and Harborough.

Change To Plan: In order to make the Plan sound it is submitted that the following modifications are made:
* SS1 - The Spatial Strategy amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future housing and logistics needs for the Harborough District during the period 2011 to 2031;
* Policy H1 - Provision for new housing similarly amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future housing needs for the Harborough District within the period 2011 to 2031;
* Policy BE1 - Provision of new business development similarly amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future logistics needs for the Harborough District within the period 2011 to 2031; and
* Policy BE2 - Strategic Distribution to be amended to make provision for future logistics needs for the Harborough District within the period 2011 to 2031.

The precise wording of any changes should be carefully considered through cross-party working with Blaby to recognise, not only the cross-boundary nature of the Garden Village but also, that the majority of the land needed to deliver the Garden Village falls within Blaby.

Legally Compliant?: No
Support

Respondent: IDI Gazeley [168]  
Agent: Now Planning (Ms Nora Galley) [4492]

Summary: Supported because it recognises:
- the role the district plays in the sector
- Magna Park’s role in the sector
- that with more employment there’s a chance out-commuting for work could reduce
- consistency with LLEP Strategic Economic Plan & Midlands Engine for Growth strategy
- the evidence base commissioned by LLEP / Leicestershire authorities
- the need for a min. quantum of 608,000sq.m in the county, provided in market-facing locations, offering plots to meet increasing size needs of sector, with a sequential approach to site selection

SS1 The spatial strategy for Harborough, SS1 clause 4

5995 Object

Respondent: SCRAPTOFT Parish Council (Mr P Elliot) [4520]  
Agent: N/A

Summary: I believe that Clause 4 fails as it does not safeguard the community's of Scraptoft Thurnby and Bushby. The Scraptoft North Development will render these villages just part of the expanding Leicester urban sprawl.

Change To Plan: Reduction in the number of houses built at Scraptoft North particularly on the nature reserve. Retention of the Green wedge, to the north of Scraptoft Lane and to the west of Hamilton Lane. Buffer zone's between Scraptoft North and Hamilton Lane of Leicester.

Legally Compliant?: Yes

Full Reference: O - 5995 - 4520 - SS1 The spatial strategy for Harborough, SS1 clause 4 - i

5911 Support

Respondent: Mrs Elaine Derrick [4213]  
Agent: N/A

Summary: Support as safeguarding the identity of existing communities is vital and is not just about regenerating and developing the City, Oadby and Wigston. Furthermore developments should be planned and not just another housing estate tacked onto our villages. Thurnby, Bushby and Scraptoft are already subject to immense pressure on road networks, schools, health facilities etc. Existing services of this nature are at full capacity. A major concern to residents is that the consequential, increased traffic flow through these villages will make what are already inadequate roads in the heart of these villages even more dangerous and further worsen air quality.

Object 5962

Respondent: Mrs N Stanley [1279]  
Agent: N/A  
Summary: The level of planned development in Market Harborough will intrinsically devalue it as a market town and an attractive place to live. As a resident the town is extremely difficult to get around and the proposed development will only increase congestion. None of these areas have a core at the heart to promote community and ‘getting to know your neighbour’. The town will become sterile and lose the ability to attract visitors that contribute to the economy.  
Change To Plan: Level of development needs addressing unless facilities (Health, education, general infrastructure) in the town are adequate for the increase in the number of residents  
Legally Compliant?: Yes  
Full Reference: O - 5962 - 1279 - SS1 The spatial strategy for Harborough, SS1 clause 5 - None

Object 6051

Respondent: LUBENHAM Parish Council (Kal Budwell) [2655]  
Agent: N/A  
Summary: It is unclear what consolidate means in this instance. Infrastructure is insufficient to support the level of development already planned and until highways and other infrastructure issues are addressed there should be no more housing development around Market Harborough and business development should be strictly managed. Market Harborough has already been allocated large numbers of housing developments through the SDA, off Kettering Road and at off Northampton Road. It is important to get infrastructure in place before such developments are completed.  
Change To Plan: Define consolidate  
Legally Compliant?: Yes  
Full Reference: O - 6051 - 2655 - SS1 The spatial strategy for Harborough, SS1 clause 5 - None

Object 5374

Respondent: Ms Debs de Vries [5918]  
Agent: N/A  
Summary: The M1 will divide Lutterworth from the proposed development to the east. Integration will be impractical and effectively a new mini town would be left stranded and separate - not a community, a dormitory town. Shopping malls that are destined to part of this development will drain attention from the already struggling small market town of Lutterworth. If you want to improve the area then build nearer to Magna Park many of the jobs in Magna Park are low paid warehousing and people would benefit from low cost or social housing nearer to their place of employment  
Change To Plan: Consider building new low cost homes near to Magna Park along the stretch of road from Coventry road to the rear of the A5. Many of the Magna Park jobs are low paid warehousing jobs. People walk or cycle to work. Low cost housing is desperately needed in the area to support young people and the needs of Magna Park, who bring in employees from further afield including Europe.

CPRE Leicestershire believes the housing figures for Harborough to be inflated. Please refer to the attached document. The evidence base needs to be revised as the figures arrived at are too high. Alternative figures need to be considered.

The Leicestershire Highways Authority is content that the draft submission document is appropriately evidenced and also appropriately deals with transportation considerations at this stage in the planning process. Subject to HDC's continued commitment to the policies and delivery approaches set out within the document, the LHA supports the submission of the Local Plan.

Recognises a fair geographical spread, long term strategic growth by providing a diverse, fair, economic strategy across the region and Leicestershire placing resources where there is need and higher unemployment. Policy BE2 in this LP adds considerably more than the identified long term requirement of non-rail storage/logistics to a already considerable land bank of logistics permissions granted but not build out. Furthermore BE2 is disadvantaging other operators in other geographical areas by oversaturating the market.
CHAPTER: Part A Strategy and General Policies

SS1 The spatial strategy for Harborough, 3.1 SS1 Explanation, 3.1.6 The Settlement Hierarchy

5439 Object

Respondent: Mrs Jan Butcher [4328]  
Agent: N/A  
Summary: Development, other than minor infill in the Claybrookes is unsustainable due to lack of services and facilities. It does not meet the sustainable transport requirements of the NPPF having a restricted bus service that does not meet local commuting needs. There is no evidence of local need for anything like the proposed scale. The character of the village will be destroyed.  
Change To Plan: Remove SRV designation from the Claybrookes  
Legally Compliant?: No  
Full Reference: O - 5439 - 4328 - SS1 The spatial strategy for Harborough, 3.1 SS1 Explanation, 3.1.6 The Settlement Hierarchy - i, ii, iv

6476 Object

Respondent: Mr John Martin [5974]  
Agent: N/A  
Summary: Villages that are considered sustainable by definition should have a post office, shop and public house - this is not an appropriate definition as this situation can and does change frequently, witness the number of recent pub closures in the villages between Harborough and Lutterworth.  
Change To Plan: The plan should contain definitions of sustainability that are fluid and that can be revisited on a regular basis, say every 5 years. The date of these reviews should be stated in the plan.  
Legally Compliant?: No

CHAPTER: Part A Strategy and General Policies

6053 Object

Summary: This statement leads to a developer-led system - in working proactively the District Council should include negotiations with other partners and stakeholders including Parish Councils who need to have an opportunity help to find joint solutions to secure development that is not only based on developers needs.

Change To Plan: When considering proposals for development the Council will take a positive approach that reflects the presumption in favour of sustainable development contained in the National Planning Policy Framework (NPPF). It will work proactively and collaboratively with applicants, and stakeholders including Parish Councils (where they exist) to find joint solutions which mean that proposals can be approved wherever possible, and to secure development that improves the economic, social and environmental condition of the District.

Legally Compliant?: Yes

Full Reference: O - 6053 - 2655 - GD1 Achieving sustainable development, GD1 clause 1. - ii

5499 Support

Summary: Sound support. It should be noted that despite the proximity of Thurnby, Bushby and Scraptoft to the City, this can by no means be the only measure of sustainability. Public transport links are poor, the Drs surgery and the village schools are believed to be at capacity. Can a location be considered sustainable when its road network is inadequate? HDC should be protecting the make up of the District and not allowing the absorption of key settlements into the City of Leicester.

---

**7048 Support**

**Respondent:** THURNBY AND BUSHBY Parish Council (Mrs S Bloy) [2685]

**Agent:** N/A

**Summary:** Support as sound. However, it is felt that paragraph 1 is unclear and needs revisiting. Thurnby and Bushby Parish Council makes the general point that as worded it could give rise to unwarranted development which exceeds settlement allocation across the district. The only circumstance under which development should be allowed, is if allocated housing numbers are not being delivered.

**Change To Plan:**

**Legally Compliant?** Not Specified

**Full Reference:** S - 7048 - 2685 - GD2 Settlement development, GD2 clause 1 - None
The aspiration of Policy GD2 to enable the development of unallocated sites in sustainable locations that accord with the Local Plan's spatial strategy is welcomed. The policy should not be seen as an alternative to allocating sufficient appropriate development sites in the Local Plan. The criteria proposed within the policy is considered generally appropriate, albeit that they need to be considered in the context of the site's specific circumstances.

---

We support the proposed strategy for locating growth within or continuous to the built-up area of settlements as identified in Policy GD2: Settlement Development. We consider that the proposed development of Land off Harborough Road, Market Harborough reflects the size of the town and level of service provision available. The site is visually well connected to the town; the site is bound to the east by existing residential properties and is located less than 185 metres from a large-scale committed development to the north-east.

---

The principle of development on sites within or adjoining the existing or committed built up area is welcomed. Notwithstanding this, further consideration to the implementation of this policy may be required. It would be useful to have an indicative level of development for growth or for an acceptable level of provision within a settlement. It is also suggested that provision for development which facilitates the delivery of services or facilities is considered acceptable within or adjacent to the settlement boundary.

---

Fully support the intention of the Council to replace the existing 'limits to development' policy (a policy that is contrary to the policies contained within the National Planning Policy Framework [NPPF / the Framework]) with a policy which encourages sustainable development within or adjacent to existing settlements.

---

We support GD2 and the proposed strategy for locating growth within or contiguous to the built up area of settlements. We consider that the proposed development at Land South of Grange Lane is of an appropriate scale that reflects the size of Thornby and the level of service provision. The site is visually and physically well connected to the village and services within the village are within an appropriate walking distance. Development of the site for up to 28 units would be of an appropriate scale for the village and can be designed in a manner that respects and enhances the local character and distinctiveness, without impacting on the separation of settlements.
**7535 Support**

**Summary:**
We support the proposed strategy for locating growth within or contiguous to the built up area of Selected Rural Villages, such as North Kilworth, outlined in Policy GD2: Settlement Development. We consider that the proposed development at Land off Station Road is of an appropriate scale that reflects the size of the village and the level of service provision.

**Change To Plan:**

CHAPTER: Part A Strategy and General Policies

5364 Object
Respondent: Persimmon Homes (South Midlands) Ltd [5909]  
Agent: Pegasus Group (Mr Neil Tiley) [5908]  
Summary: The definition of other proposals needs to be clarified within the Policy so that this provides a clear framework for decision takers. The other proposals which should be capable of consideration in this Policy should be limited to those which are subject to firm commitments (allocations or planning permissions) and which have been demonstrated to be developable.

Furthermore, as set out in response to Policy H1, the target for the delivery of new homes in Fleckney is not effective, positively prepared, justified or consistent with national policy.

Change To Plan: Further clarity needs to be added to the term "other proposals".

Legally Compliant?: Yes

Full Reference: O - 5364 - 5909 - GD2 Settlement development, GD2 clause 1a - iii

6264 Object
Respondent: The Cooperative Estates (Richard Lomas) [3906]  
Agent: N/A  
Summary: Policy GD2 is ambiguous and should be deleted.

Moreover, the Council has not adduced the evidence to explain why the more conventional Limits to Development (as utilised in the Saved Core Strategy and Local Plan) are not appropriate in the new Local Plan.

Change To Plan: Delete Policy GD2 and provide further justification as to why conventional Settlement Boundaries are not appropriate for the Local Plan

Legally Compliant?: Yes

7337 Object
Respondent: Barwood Homes [6492]  
Agent: Marrons Planning (Mr A Gore) [4549]  
Summary: Whilst this approach is not generally objected to, the wording of Policy GD2 Part 1(a) provides difficulty in determining applications for 'development within or contiguous with the existing or committed built up area of...Rural Centres and Selected Rural Villages' where the Rural Centres and Selected Rural Villages in question do not have an identified target set out in Policy H1. There is no explanation of the approach to fact that there is no target for Great Bowden. Policy GD2 Part 1(a) would prohibit 'development within or contiguous with the existing or committed built up area of' Great Bowden, Husbands Bosworth, The Kibworths and Ullesthorpe.

Change To Plan: None

Legally Compliant?: Not Specified

Full Reference: O - 7337 - 6492 - GD2 Settlement development, GD2 clause 1a - None
Whilst Gladman support in principle Policy GD2, we object to criterion (a) which sets an arbitrary target for growth in individual settlements based upon the proposal not cumulatively leading to the housing requirement set out in the Local Plan being exceeded by more than 10%. Criterion is unnecessary and contrary to NPPF as it artificially restricts potentially sustainable development from coming forward. The remaining criteria in Policy GD2 provide sufficient protection against unsustainable development including ensuring that the proposal reflects the size of settlement concerned and level of service provision within (criterion (b))and that it respects the form and character of settlement (criterion (c)).

Change To Plan: Criterion (a) should be deleted from Policy GD2 to ensure that it is sound.

7615 Object

Summary: Whilst support is given to the settlement hierarchy contained within Draft Policy SS1, this policy does not specifically direct any development to Broughton Astley despite the settlement being identified as capable of sustaining expansion, infill and redevelopment. Passing reference is made to 'made Neighbourhood Plans'. Policy SS1 criteria v) and vi) make allowance for 'non-allocated' and 'windfall sites' but these are directed to the less sustainable settlements in the District rather than the Key Centres. This is not considered to be a positively prepared policy.

This approach is similarly repeated at Draft Policy GD2 'Settlement Development' and Draft Policy H1.

Change To Plan: It is considered that the Harborough Local Plan should not remain silent about growth at Broughton Astley within the emerging plan over the period 2011 - 2031. Broughton Astley is a Key Centre within the District which can accommodate growth. Robust evidence should be provided about the capacity of the settlement to accommodate additional growth notwithstanding the Neighbourhood Plan. The Broughton Neighbourhood Plan (2014) was prepared in the context of the Harborough District Core Strategy and covers the plan period 2013- 2028. The Broughton Neighbourhood Plan recognises at section 3.16 that "The Plan will be reviewed periodically to ensure that it takes into account possible changes in national planning policy or to the Harborough District strategic planning policy framework." As such the Neighbourhood Plan will be reviewed during the lifetime of the District Plan and Harborough District Council should be setting a strategic framework to assist this review.

Furthermore paragraph 1.6.7. of the Proposed Submission Local Plan states "...neighbourhood plans should be in general conformity with all policies in this Local Plan."

Support

Respondent: Alpha Investments [6478]
Agent: Marrons Solicitors (Mr Matthew Roe) [4620]

Policy GD2 is supported as it specifies that appropriate development is acceptable adjacent to the existing or committed built up areas of Selected Rural Villages. As such, the policy ensures, in accordance with paragraph 14 of the Framework, that the plan is positively seeking opportunities to meet the development needs of the area as well as providing a sufficient degree of flexibility so that the Plan can respond to changing needs. Other local authorities have similar policies to this in recently adopted Local Plans.

Object 6983

Respondent: Mr O Tebbs [5208]  Agent: Hutchinsons Planning (Mr Keith Hutchinson) [4542]

Summary: Infilling should be allowed in all settlements, including those categorised as "other villages and rural settlements (such as Leire), because this will ensure their long-term life. All settlements should be allowed to grow in proportion to their size and not just via affordable or exception housing. These settlements should not be considered as open countryside.

Change To Plan: Extend policy to include all settlements

Legally Compliant?: Yes

Full Reference: O - 6983 - 5208 - GD3 Development in Countryside, GD3 clause 1 - i, ii, iv
GD3 fails to account for Policy BE2.2 the delivery of which will require development in the countryside for a use which Policy GD3 doesn't support.

Policy BE2.2 is not accompanied by a site allocation. Therefore, as drafted, GD3 is neither positively prepared nor effective. Should a site or sites ultimately be allocated for Policy BE2.2, then the suggested change to Policy GD3 would clearly not be necessary.

To make GD3 sound we suggest simply adding a new criterion 'j. the delivery of strategic distribution development in accordance with Policy BE2.2' to refer to BE2.2, and to renumber the remaining criteria.

In Policy GD3, there needs to be a recognition that Gypsy and Traveller sites are acceptable outside settlements. This is crucial to the delivery of sufficient sites.

In Policy GD3, there needs to be a recognition that Gypsy and Traveller sites are acceptable outside settlements. This is crucial to the delivery of sufficient sites.

Support A to l, these criteria should ensure the continuation and steady realistic growth of rural communities. Agriculture, tourism and local small businesses are the life blood of small rural communities. However, mineral extraction and waste development can act in a retrograde step for such communities. Should a reference to excluding development in areas of Separation also be included?

Arnesby is not the chocolate box village the Parish Council like to imply. There are many areas that could support infill building that have been left unused offering nothing to the outlook or service of the village. The district plan should facilitate reasonable development and not be used as a blunt tool for those who will object to all development.

5864 Object
Respondent: TUR LANGTON Parish Council (Alison Gibson) [2688]  
Agent: N/A
Summary: The control measure in para b7 would need to be strictly applied ie if a house is built to serve a supposed need, then if this need does not exist later (i.e. if the house is placed on the open market) then it should be removed. Our fear is that the enforcement officer would not be able to enforce this against a determined developer.
Change To Plan: The control measure needs to be strictly applied
Legally Compliant?: Yes

6096 Object
Respondent: Mr Ivan Crane [6014]  
Agent: Sworders (Mrs Rachel Bryan) [6013]
Summary: We object to this policy since it is overly restrictive. It places tight controls on rural development, which conflicts with paragraph 55 of the NPPF. Paragraph 55 supports new dwellings for rural workers where there is an essential need "to live permanently at or near their place of work in the countryside". The additional restrictions are clearly in conflict with this and are taken from Annex A of PPS7 (revoked by the NPPF). This inherent conflict with national policy frustrates the delivery of sustainable development and as such fails the NPPF paragraph 182 tests of soundness.
Change To Plan: This policy should be amended to be in line with NPPF paragraph 55.
Legally Compliant?: Yes
Full Reference: O - 6096 - 6014 - GD4 New housing in the countryside, GD4 clause 1b - ii, iv

5865 Object
Respondent: TUR LANGTON Parish Council (Alison Gibson) [2688]  
Agent: N/A
Summary: This is a reapplication of the exceptional design clause in PPS7. In the past, it has been used to justify large and obtrusive houses in very prominent locations, aiming to provide housing at the very top end of the housing market, which is not consistent with the aims outlined in the explanation. This does/will attract very determined developers because of the high returns available. Innovation and exceptional quality are very loosely defined and subjective criteria.
Change To Plan: Some further guidance should be provided on the application of this clause
Legally Compliant?: Yes
Full Reference: O - 5865 - 2688 - GD4 New housing in the countryside, GD4 clause 1c - None

5611 Object
Respondent: STOUGHTON Parish Council (Coco Connor) [2677]  
Agent: N/A
Summary: Stoughton Parish Council strongly argue against the possible loophole 4.7.3 'the re-use of redundant or disused buildings to enhance the immediate setting'.
Change To Plan: Stoughton Parish Council strongly argue that this possible loophole should read as follows: 'the re-use of redundant or disused buildings for like for like purposes to enhance the immediate setting'. For example, agricultural buildings must only be replaced with new agricultural buildings with no change of use being permitted.
Legally Compliant?: Yes

CHAPTER: Part A Strategy and General Policies

5973 Object

Respondent: Mrs N Stanley [1279]  
Agent: N/A

Summary: The Burnmill Farm site is originally located outside the area for development. Due to its location it should be excluded to protect the rural appearance of the town from the North. This is even more important with the proposed development of the Airfield Farm site. The proposed development by David Wilson Homes (exhibition October 2017) shows that the density is too high for the peripheral location of the site and out of character with the existing development e.g. The design is too grid like and not flowing.

Change To Plan: This allocated site should be reconsidered due to its proximity to the Grand Union Canal and location outside the existing boundary line.

Legally Compliant?: Yes

Full Reference: O - 5973 - 1279 - GD5 Landscape and townscape character, GD5 clause 1 - ii

6572 Object

Respondent: Mrs Penelope Fielden [5046]  
Agent: N/A

Summary: The development of Scraptoft would be detrimental to its distinctiveness as a village with a "conservation centre" if you allow such a large amount of houses to be built here on top of what we have already have had built. Our Nature Reserve is on the historic site of Scraptoft's WWII prisoner of war camp and so helps preserve the history as well as the wildlife of the village.

Change To Plan: The Nature Reserve remains protected and intact for the good of the surrounding area but the council does its duty to provide maintenance on it.

Legally Compliant?: No

Respondent: Family Carr [6455]  
Agent: Andrew Granger & Co (Mr Stephen Mair) [6397]
Summary: We support the requirement for new development to be sensitive to the landscape setting and the settlement's distinctiveness, as outlined in Policy GD5: Landscape and Townscape Character. Any development at Land off London Road, Great Glen would be positively prepared to ensure the provision of a high quality and inclusive development design. The scheme would seek to ensure that it respects the site's rural context and make a positive contribution to the local character.

7052 Support
Respondent: THURNBY AND BUSHBY Parish Council (Mrs S Bloy) [2685]  
Agent: N/A
Summary: Thurnby and Bushby Parish Councils supports as sound.

7309 Support
Respondent: Mr and Mrs Welton [6497]  
Agent: Andrew Granger & Co (Mr Stephen Mair) [6397]
Summary: With regards to Policy GD5: Landscape and Townscape Character we fully support the requirement for new development to be sensitive to the landscape setting and the settlement's distinctiveness. The proposed development at Land off Harborough Road has been positively prepared with the provision of a high quality and inclusive design at the core of the development objectives. As outlined previously, the materials selected for the scheme are considered to be well related to the site's rural location and will complement the natural features of the site to create a unique, high quality development.

7517 Support
Respondent: Westleigh Developments Ltd [423]  
Agent: Andrew Granger & Co (Mr Stephen Mair) [6397]
Summary: Re: GD5, we fully support the requirement for new development to be sensitive to the landscape setting and the settlement's distinctiveness. Any development of the Land South of Grange Lane, Thurnby would be positively prepared to ensure the provision of a high quality and inclusive development. Any scheme would seek to ensure that it makes a positive contribution to the local character and respects the site's edge of settlement location.

7536 Support
Respondent: Mr & Mrs Sandercock [6522]  
Agent: Andrew Granger & Co (Mr Stephen Mair) [6397]
Summary: With regards to Policy GD5: Landscape and Townscape Character we fully support the requirement for new development to be sensitive to the landscape setting and the settlement's distinctiveness. Any development of the Land off Station Road, North Kilworth would be positively prepared to ensure the provision of a high quality and inclusive development design. Any scheme would seek to ensure that it makes a positive contribution to the local character and respects the site's rural context.
CHAPTER: Part A Strategy and General Policies

6573 **Object**

Respondent: Mrs Penelope Fielden [5046]  
Agent: N/A

Summary: Scraptoft is a village and this development will be detrimental to this. We will lose our “distinctiveness and be swallowed up into Hamilton.

Change To Plan: Harborough should point out to Leicester City Council the amount of new building already taking place in Hamilton and the future development of 5000 houses in Barkby Thorpe so other places on the NW, W and S of Leicester should be looked at for further development NOT Scraptoft.

Legally Compliant?: No

7412 **Support**

Respondent: Gladman Developments (Mr Richard Agnew) [6504]  
Agent: N/A

Summary: Clause (b) of Policy GD5 sets out that proposals should avoid the loss of features of landscape, townscape, historic/heritage, wildlife or geological importance. Whilst this is understandable, it should be recognised that any adverse impacts that a proposal has on these issues should be factored into the planning balance when making a decision rather than it being a sole reason for refusing any application.

Change To Plan: 

Legally Compliant?: Not Specified

Full Reference: S - 7412 - 6504 - GD5 Landscape and townscape character, GD5 clause 1, GD5 1b - None
Object 6298

Respondent: Mr Richard Beer [6263]

Summary: The amount of houses allocated at up to 90 is too many to achieve proper protection of the ridgeline where the conifer tree screen is incompatible with the local area and the housing density means that the woodland is not wide enough to screen effectively. The conifer screen will itself become an eyesore as they grow to at least 20m high

Change To Plan: Reduce the number of houses allocated to this area and require the replacement of the conifers with compatible tree species with a deeper barrier to protect the visual aspect of the ridgeline from the North.

Legally Compliant?: Yes

Full Reference: O - 6298 - 6263 - GD5 Landscape and townscape character, GD5 clause 1, GD5 1c - ii

Object 6575

Respondent: Mrs Penelope Fielden [5046]

Summary: The development at Scraptoft will NOT safeguard public views or landmarks as the prisoner of war camp and nature reserve are to be substantially reduced to have 1200 houses built on to a village!

Having already had significant new buildings gone up in Scraptoft and Thurnby we have already seen what really happens - new houses seen through the windows of the church, trees with TPOs cut down to make way for another house/garage etc, developments eating up the fields surrounding us so there is NO BELIEF that things will be safeguarded in the future.

Change To Plan: NO building to take place on the nature reserve and prisoner of war camp.

Other places developed within Harborough district that do not have these important wildlife and historical features.

Legally Compliant?: No

Full Reference: O - 6575 - 5046 - GD5 Landscape and townscape character, GD5 clause 1, GD5 1c - ii, iv

Object 6897

Respondent: Mr Graham Logan [4816]

Summary: The plans to substantially expand Magna Park would irretrievably alter the skyline and views from Cotesbach over the Swift Valley.

Our village is only 2 miles from the current site and these massive expansion plans would half that distance bringing immense new buildings even closer to what is supposed to be a peaceful rural area.

Although our village has no street lighting at all, our skyline is already brightly lit up by the spaceships that are the existing Magna Park.

How much more light blight will we have to suffer if these monstrous plans are approved on 23/11/17 by HDC?

Change To Plan: Do not expand Magna Park.

Legally Compliant?: No

CHAPTER: Part A Strategy and General Policies

GD6 Areas of Separation, GD6 Clause 1a

5572 Object
Respondent: Mr John Martin [5974] Agent: N/A

Summary: The green wedge that currently lies between Harborough and Lubenham was the subject of much argument when the planning applications for the Airfield Farm developments were under discussion. The results were that this green wedge would remain. However I cannot find reference to this land being listed within the current plan.

Change To Plan: The local plan should contain a schedule of green wedges that includes the land separating Lubenham from Market Harborough.

Legally Compliant?: Yes

Full Reference: O - 5572 - 5974 - GD6 Areas of Separation, GD6 Clause 1a - i, iv

5577 Object
Respondent: Mrs N Stanley [1279] Agent: N/A

Summary: The Burnmill Farm proposal is in an area of separation. Any development in the area could set a precedent for further development and ‘creep’ into other land units. For example recent sale of pony paddock adjacent to this proposed development could request planning permission for a smaller development. The planted tree line has separated this land unit from the area of separation as a whole and would be deemed as more acceptable, however it still still remains as the designated Area of Separation.

Change To Plan: The Burnmill Farm site should be reconsidered to ensure that the area of separation is not diluted.

Legally Compliant?: Yes

Full Reference: O - 5577 - 1279 - GD6 Areas of Separation, GD6 Clause 1a - ii

5616 Object
Respondent: LUBENHAM Parish Council (Kal Budwell) [2655] Agent: N/A

Summary: Include in Policy GD6 the Lubenham - Market Harborough separation area as defined in the Lubenham Neighbourhood Plan Policy LNP01 and also mentioned in the Parish Profile for Lubenham which states ‘an area of separation must be maintained to protect the village’s individual character and physical separateness.’

Change To Plan: 1. Areas of separation, shown on the policies Map, are designated between
   a. Great Bowden and Market Harborough; and
   b. Lubenham and Market Harborough and
   c. Bitteswell, Lutterworth and Magna Park

2. Development in the Areas of Separation will only be permitted where it would not compromise, either alone or in conjunction with other existing or proposed development, the effectiveness of the Area of Separation in protecting the identity and distinctiveness of these settlements.

Lubenham separation area - see proposed change below. Text at 4.11.3 also should be amended to read Policy LNP01 to ensure that of the Lubenham Neighbourhood Plan defines an area of separation between Lubenham and Market Harborough to preserve a visual separation from the settlement of Market Harborough and retain the distinctive character and separate identities of Lubenham and Gartree.

The Lubenham separation area should also be defined on the Policies Map.

Legally Compliant?: Yes

Full Reference: O - 5616 - 2655 - GD6 Areas of Separation, GD6 Clause 1a - ii

5790 Object
Respondent: FLECKNEY Parish Council (Mr J Flower) [2626] Agent: N/A

Summary: The Areas of Separation designated and shown on the Policies Map should include the area of land between the Fleckney Parish boundary to the south-east of the Village and the built area of Saddington Village because of its importance to both settlements.

Change To Plan: Designate the area of land between Fleckney and Saddington as an Area of Separation.

Legally Compliant?: Yes

Full Reference: O - 5790 - 2626 - GD6 Areas of Separation, GD6 Clause 1a - None
5871 Object

Respondent: Mr Paul Henry [6165]  
Agent: N/A

Summary: The current Kingston Way and Bates Close development is characterised by its remote nature (on the edge of the Town of Market Harborough and its quiet and open plan layout. The addition of a further 90 dwellings accessed only by Kingston Way will be deleterious on the wellbeing and rights of existing residents in the current development and those in neighboring Great Bowden due to the increase in traffic and its frequency in traversing between Burnmill Road, Alvington Way and the Development on Burnmill Farm (MH3)

Change To Plan: Remove the development at MH3 from the plan.

Legally Compliant?: No

Full Reference: O - 5871 - 6165 - GD6 Areas of Separation, GD6 Clause 1a - i, ii

6849 Object

Respondent: Mr David Hart [6181]  
Agent: N/A

Summary: This objection relates to the Burnmill Farm proposal which is in an area of separation, and if approved would represent another significant step in the merger of Great Bowden with Market Harborough. It would increase the likelihood of further creep of development into other land units with potential access from the new development. There would also be the potential for inter-visibility particularly at night (e.g. to/from Leicester Lane)

Change To Plan: The principle of safeguarding the Area of Separation between Market Harborough and Great Bowden is a core aspect of HDC planning policy. The location of this development would appear to be contrary to plans to protect the Area of Separation raising clear doubts as to the suitability of this location for development

Legally Compliant?: Yes

Full Reference: O - 6849 - 6181 - GD6 Areas of Separation, GD6 Clause 1a - ii, iii, iv

7189 Object

Respondent: Mr Peter Taylor [6461]  
Agent: N/A

Summary: The proposed development of Burnmill Farm encroaches on the space between Market Harborough and Great Bowden which is designated as an area of separation. The development will be seen from Great Bowden and the Grand Union Canal.

Change To Plan: The number and style of house should be reviewed and reduced in number and height.

Legally Compliant?: Yes

Full Reference: O - 7189 - 6461 - GD6 Areas of Separation, GD6 Clause 1a - None

7502 Object

Respondent: Messrs Haynes [2780]  
Agent: Wells McFarlane (Trevor Wells) [3916]

Summary: Register our objection to Policy GD6 as it has not objectively assessed the area and has included the built area of Valley Farm yard in the area of Separation. This area is not required or needed for the adequate protection of the 1.4 kilometre gap between Bitteswell and Magna Park.

Change To Plan: The area of land to the west of Bitteswell, including the existing farm buildings site and adjoining land be excluded from the area of separation. This will still provide sufficient separation between Bitteswell and Magna Park, but not unnecessarily designate an area already largely built upon and an active farmyard.

Legally Compliant?: Yes

Full Reference: O - 7502 - 2780 - GD6 Areas of Separation, GD6 Clause 1a - ii, iii

7548 Object

Respondent: Trustees of the Bowden Settlement [6481]  
Agent: Mr. David Smart [6215]

Summary: Land off Burnmill Road (land rear of Top yard Farm) is well suited to a residential allocation and whilst the SHLAA (May 2016) states development could occur within a 6-10 year time frame, the site is available now.

Comments provided in the Area of Separation Review 2017 are noted, however the west of Unit 3 is very different to the east of Unit 3, and as such the representation site will not contribute to the coalescence between Market Harborough and Great Bowden, as it is already self-contained/screened.

The site should be removed from the Area of Separation and allocated for residential development.

Change To Plan: We submit that the site should be removed from the Area of Separation and allocated for residential development.

Legally Compliant?: Yes

Full Reference: O - 7548 - 6481 - GD6 Areas of Separation, GD6 Clause 1a - iv
7559 Object

Respondent: Trustees of the Bowden Settlement [6481]
Agent: Mr. David Smart [6215]

Summary: Land off Main Street, Great Bowden should be removed from the Area of Separation. Comments provided in the Area of Separation Review 2017 confirm that part of the site provides only a secondary benefit to the Area of Separation. It is considered that all of the representation site should only provide limited benefit due to the screening of the site.

We suggest that the site should be removed from the defined Area of Separation, and allocated for a Village Green-style small residential development of up to 15 dwellings.

Change To Plan: Remove the site the defined Area of Separation, and allocate for a Village Green-style small residential development of up to 15 dwellings.

Legally Compliant?: Yes

6274 Object

Respondent: David Wilson Homes East Midlands [6254]  
Agent: Marrons Planning (Ms Joanne Althorpe) [6168]

Summary: Wording of part 2 is considered appropriate as it is more flexible and less restrictive that saved Policy EV/3 of the 2001 Local Plan.

A qualifying statement, requiring Neighbourhood Plan AoS designations to meet the Council's AoS criteria should be incorporated into Policy GD6.

Change To Plan: As such, a qualifying statement, requiring Neighbourhood Plan AoS designations to meet the Council's AoS criteria should be incorporated into Policy GD6. A similar caveat is provided in Policy G14 in relation to Local Green Spaces, where the following wording is proposed:

Further Local Green Space may be identified in Neighbourhood Plans providing it meets the relevant criteria in relation to scale, beauty, historic significance, recreational value, tranquillity, or ecological value and it does not conflict with the strategic policies of this Local Plan.

CHAPTER: Part A Strategy and General Policies

GD6 Areas of Separation, 4.11 GD6 Explanation

5731 Object
Respondent: Mrs Claire Sixt [6092]
Agent: N/A
Summary: The planned housing development on the site of part of the Burnmill Farm, to the north of Kingston Way and Bates Close compromises the Area of Separation between Market Harborough and Great Bowden, leaving barely two small fields between them. Moreover, it does so in a manner which damages a valuable landscape, which is important for a variety of wildlife using this mixed agricultural and small forestry land as a corridor, including deer, foxes, fieldmice, hedgehogs, owls and raptors.
Change To Plan: The housing development on the land of the Burnmill Farm should not be given permission to proceed.
Legally Compliant?: No
Full Reference: O - 5731 - 6092 - GD6 Areas of Separation, 4.11 GD6 Explanation - ii, iv

5949 Object
Respondent: Mr John Martin [5974]
Agent: N/A
Summary: The area of separation between Market Harborough and Lubenham was promised to be established and maintained until at least 2031 at the public meeting when the planning application by Linden Homes as part of the Airfield Farm SDA was allowed. This does not appear in the plan.
Change To Plan: Include an area of separation between Market Harborough and Lubenham based on the position as present on March 2017
Legally Compliant?: Yes
Full Reference: O - 5949 - 5974 - GD6 Areas of Separation, 4.11 GD6 Explanation - i

7037 Object
Respondent: Ullesthorpe Parish Council (Mrs Katherine Clarke) [5370]
Agent: N/A
Summary: Policy GD6 of the proposed Local Plan suggests an Area of Separation should be implemented between Bitteswell/Lutterworth/Magna Park, to maintain separation of both Lutterworth and Bitteswell from Magna Park. There is no mention in the proposed Local Plan of maintaining an Area of Separation between Magna Park and Ullesthorpe who are equally at risk.
Change To Plan: If Policy BE2 is retained a the Local Plan should allow for an area of separation between Magna Park and Ullesthorpe.
Legally Compliant?: No
Full Reference: O - 7037 - 5370 - GD6 Areas of Separation, 4.11 GD6 Explanation - i, ii, iii

7177 Object
Respondent: Mr Nelson Renner [6137]
Agent: N/A
Summary: The area of separation between Scraptoft and Thurnby Bushby has been deleted without any technical consideration of evidence. The Green Wedge that has replaced the Area of Separation covers a different area. There has been no justification for the change. There is also no technical justification or evidence provided to support the exclusion of land from what was the Area of Separation south of Covert Lane, land that has now been excluded from the new Green Wedge designation.
Change To Plan: The Area of Separation should be reinstated with the boundary amended to take account of planning permissions granted within the existing boundary. There is no valid reason to extend the Area of Separation boundary and no valid reason to change the Area of Separation to a Green Wedge.
Legally Compliant?: No
Full Reference: O - 7177 - 6137 - GD6 Areas of Separation, 4.11 GD6 Explanation - i, ii, iii

7193 Object
Respondent: LUBENHAM Parish Council (Diana Cook) [4253]
Agent: N/A
Summary: The Lubenham Separation area should be afforded the same priority as the Great Bowden separation area - both villages are adjacent to Market Harborough. Residents have expressed their views through the Lubenham Neighbourhood Plan and therefore it should be included in the Policy above
Change To Plan: Add Lubenham Separation area in GD6 policy
Legally Compliant?: Yes
Full Reference: O - 7193 - 4253 - GD6 Areas of Separation, 4.11 GD6 Explanation - ii, iii
CHAPTER: Part A Strategy and General Policies

5588 Object
Respondent: Mr Ian Ball [5065]  
Agent: N/A  
Summary: Houses will be built on the golf course. But they should not touch the nature reserve. It is still working and providing flora fauna and wildlife, deer and kingfisher specifically. The builders proposal of a buffer zone is meaningless and will loose those benifits forever.  
Change To Plan: must not touch the nature reserve.  
Find there proposals for access very unlikley and with no consideration to th bigger picture ie access to a47,and thurnby junction cant cope at rush hour already. the inspector must ensure that the plan and build proper infrastucture  
Legally Compliant?: Yes  
Full Reference: O - 5588 - 5065 - GD7 Green Wedges, GD7 Clause 1 - i

6431 Object
Respondent: Mr Peter Freeston [6315]  
Agent: N/A  
Summary: I am objecting to the proposed change of status to the green wedge, or reducing it in any way because Scraptoft has already had over 700 houses built in the last 7 years, and more housing is proposed for Thurnby village, thus changing the village status of these two areas irrevocably.  
Change To Plan: Brown field sites within the area should be considered for additional housing needs.  
Legally Compliant?: Yes  
Full Reference: O - 6431 - 6315 - GD7 Green Wedges, GD7 Clause 1 - None

6475 Object
Respondent: Emma Lee [4250]  
Agent: N/A  
Summary: I am concerned by the proposed green wedge at Scraptoft North - it doesn't provide enough of a buffer between Scraptoft and Leicester and encroaches on the Local Nature Reserve.  
Change To Plan:  
Legally Compliant?: Not Specified  
Full Reference: O - 6475 - 4250 - GD7 Green Wedges, GD7 Clause 1 - None

6576 Object
Respondent: Mrs Penelope Fielden [5046]  
Agent: N/A  
Summary: Scraptoft Neighbourhood Plan 2016 shows golf course and nature reserve as essential Green Wedge. They fulfil functions of Green Wedge. Building on these areas would be detrimental to Scraptoft and Leicester residents. Plan is not fit for purpose as contrary to benefitting residents by allowing open space for sport/recreational and health and wellbeing aspects. Green Wedge is also essential to prevent flooding. Scraptoft is an important village with a rural history and a conservation status. Developers likely to insist on more of Green Wedge for housing in order to build the necessary infrastructure half way through.  
Change To Plan: Surely the importance of the Green Wedge and areas of separation surrounding Scraptoft outweigh the need for housing to be built on it during the next 15 years by Harborough? Other areas VERY nearby such as Hamilton and Barkby Thorpe are already in the process of being developed or have had plans passed for such development to help Leicester fulfil its quota. Harborough need to be standing up and fighting for us as a village.  
Legally Compliant?: No  
Full Reference: O - 6576 - 5046 - GD7 Green Wedges, GD7 Clause 1 - ii, iv

6601 Object
Respondent: Mrs Patrica Green [6072]  
Agent: N/A  
Summary: The green wedge between Hamilton Lane and Hall Road is also an important part of our village identity and should be kept as such.  
Change To Plan: The land between Hall Road and Hamilton Lane should be left as a green wedge.  
Legally Compliant?: Not Specified  
Full Reference: O - 6601 - 6072 - GD7 Green Wedges, GD7 Clause 1 - i, ii, iii
6630 Object: Clr Simon Galton [4845]  
Summary: Whilst supporting the Green Wedge policy and in particular, the proposed new area of green wedge east of Station Lane and south of Covert Lane covering the Thurnby Brook Valley and extending into Bushby, a more logical boundary for the new area of green wedge would be along Covert Lane to the point where it turns south. The larger area currently forms part the Separation Area in the Core Strategy and in the made Scraptoft Neighbourhood Plan.

Change To Plan: Not Specified
Legally Compliant?: Not Specified
Full Reference: O - 6630 - 4845 - GD7 Green Wedges, GD7 Clause 1 - None

7101 Object: Bloor Home Ltd [4935]  
Summary: Soundness
For the reasons set out in full text of representation, Bloor Homes object to Policy GD7, which is considered unsound on the basis that it:
- is not justified in that it is not the most appropriate strategy and has not properly considered reasonable alternative strategies.

Change To Plan: Proposed Change
Delete the Green Wedge designation that applies to the area between Thurnby / Bushby and Scraptoft.

Legally Compliant?: Yes
Full Reference: O - 7101 - 4935 - GD7 Green Wedges, GD7 Clause 1 - ii

7192 Object: Mr Nelson Renner [6137]  
Summary: There is no technical evidence to support the introduction of a new Green Wedge designation between Scraptoft and Thurnby. The justification cited is a landscape character assessment that identifies parcels of land with capacity to accommodate residential development. This is enhanced further when existing permitted development is completed, improving the relationship of this land to the urban edge.

There has been no justification to warrant the introduction of Green Wedge restrictions on this land, similar in nature to designating the site as Green Belt.

Change To Plan: Delete the Green Wedge designation. If the designation is to be retained for the purposes of protecting the character of Scraptoft, then a more tightly defined area running along the higher land to the south of Covert Lane should be considered. The lower lying land within the Thurnby Brook valley is suitable for residential development and is of equal or greater landscape capacity than the surrounding land parcels.

Legally Compliant?: No
Full Reference: O - 7192 - 6137 - GD7 Green Wedges, GD7 Clause 1 - i, ii, iii, iv

7210 Object: Mrs Julie Freeston [6486]  
Summary: I object to changing the status or reducing the area of the Green Wedges as this will mean the loss of identity for the individual villages and increased traffic for the whole area.

Change To Plan: The existing Green wedges should be retained.

Legally Compliant?: Yes
Full Reference: O - 7210 - 6486 - GD7 Green Wedges, GD7 Clause 1 - None

7220 Object: nicholas fielden [5185]  
Summary: I object to the REDUCTION of the Green Wedge as agreed in Scraptoft Neighbourhood plan 2016. The plan is not fit for purpose as contrary to benefiting residents by allowing open space for sport/recreational and health and wellbeing aspects the plan takes these things away. Scraptoft is an important village with a rural history and a conservation status. Surely the importance of the Green Wedge and areas of separation surrounding Scraptoft outweigh the need for housing to be built on it during the next 15 years by Harborough.

Change To Plan: Green wedges have HUGE importance in maintaining physical and mental health of a society therefore Harborough should be reconsidering reducing the one in Scraptoft ad looking elsewhere to plan for housing in the future.
Harborough should be saving this Green Lung for the benefit of Leicester citizens too.

Legally Compliant?: No
Full Reference: O - 7220 - 5185 - GD7 Green Wedges, GD7 Clause 1 - i, ii, iv
7345 Object
Respondent:  Davidsons Developments Ltd, Jelson Ltd & Parker Strategic Land Ltd  
Agent:  nineteen47 Ltd (Mr Robert Gilmore) [6376]

Summary:  We support proposed allocation at Scraptoft North for 1,200 new homes over the Plan period (Policy SC1). However, we do not consider the Local Plan Proposed Submission to be sound due the increase in housing needs identified in the Housing and Economic Development Assessment (HEDNA) for the Leicester and Leicestershire Housing Market Area (HMA). To help address the identified housing needs, the Local Plan should allocate the Scraptoft East SDA for an additional 2,700 homes over the Plan period (3,900 homes total including the Scraptoft North site). Further detail is provided in the Covering Letter (see attached) and Masterplanning document.

Change To Plan:  Policy GD7 - the extent of the Leicester/Scraptoft/Bushby green wedge should be amended as proposed in the Masterplanning document

Legally Compliant?:  Yes

Full Reference:  O - 7345 - 6507 - GD7 Green Wedges, GD7 Clause 1 - i, ii, iii, iv

7414 Object
Respondent:  Gladman Developments (Mr Richard Agnew)  
Agent:  N/A

Summary:  Green wedges within Leicester and Leicestershire are a strategic issue to be considered through the Duty to Cooperate and the Strategic Growth Plan to ensure that development needs can be met in full across the HMA. Green wedge designations are not referred to in national policy, however they are not in of themselves inconsistent with the Framework. Notwithstanding this, the boundaries of green wedges are often historic in nature due to them having been formulated alongside the now outdated evidence of development needs that underpinned previous local plans.

Change To Plan:  Green wedges within the Leicester and Leicestershire Housing Market Area (HMA) should be retained in their current configuration.

Legally Compliant?:  Not Specified

Full Reference:  O - 7414 - 6504 - GD7 Green Wedges, GD7 Clause 1 - i, ii, iii, iv

7518 Object
Respondent:  Westleigh Developments Ltd [423]  
Agent:  Andrew Granger & Co (Mr Stephen Mair) [6397]

Summary:  We are strongly opposed to the allocation of our site within the proposed Thurnby/Leicester/Oadby Green Wedge, as identified by Policy GD7. We consider that the proposed development site does not perform the functions of a green wedge, as outlined above, and therefore propose its removal from the Green Wedge. The primary function of the proposed green wedge is to prevent the merging of settlements. However, the proposed development site is bound on three sides by existing residential development. Development of this site would not contribute to the merging of settlements, would be complementary to the existing built form. Site is in private ownership and is not used for recreational purposes.

Change To Plan:  Remove site from proposed Green Wedge.

Legally Compliant?:  Not Specified

Full Reference:  O - 7518 - 423 - GD7 Green Wedges, GD7 Clause 1 - ii

7554 Object
Respondent:  Jelson Ltd [221]  
Agent:  nineteen47 Ltd (Mr Robert Gilmore) [6376]

Summary:  We do not consider the Local Plan Proposed Submission to be sound due the increase in housing needs identified in the Housing and Economic Development Assessment (HEDNA) (January 2017) for the Leicester and Leicestershire Housing Market Area (HMA). To help address the identified housing needs, the Local Plan should allocate the Scraptoft East SDA for an additional 2,700 homes over the Plan period (3,900 homes total including the Scraptoft North site).

Policy GD7 - the extent of the Leicester/Scraptoft/Bushby green wedge should be amended as proposed in the Masterplanning document. That states: "A wedge of green space is proposed between Scraptoft and Thurnby & Bushby, extending from Station Lane and fanning out into the countryside. This will protect the existing settlements as separate entities and create an attractive wedge of open space that connects the proposed new development with the countryside. The existing public right of way that runs west to east will be retained within this wedge."

Change To Plan:  Policy GD7 - the extent of the Leicester/Scraptoft/Bushby green wedge should be amended as proposed in the Masterplanning document. That states: "A wedge of green space is proposed between Scraptoft and Thurnby & Bushby, extending from Station Lane and fanning out into the countryside. This will protect the existing settlements as separate entities and create an attractive wedge of open space that connects the proposed new development with the countryside. The existing public right of way that runs west to east will be retained within this wedge."

The green wedge policy is strongly supported. Although an unprecedented level of development has taken place / is planned the green wedges between Leicester, Scraptoft, Thurnby and Stoughton have ensured that the historic core of the villages remain separate and distinct from the city. Consultations at parish, district and county level over many years have consistently shown strong community backing for the green wedge policy. A more logical northern boundary for the new area of green wedge east of Station Lane would be Covert Lane.

Support

6214 Support
Respondent: Cllr Simon Galton [4845]  
Summary: The green wedge policy is strongly supported. Although an unprecedented level of development has taken place / is planned the green wedges between Leicester, Scraptoft, Thurnby and Stoughton have ensured that the historic core of the villages remain separate and distinct from the city. Consultations at parish, district and county level over many years have consistently shown strong community backing for the green wedge policy. A more logical northern boundary for the new area of green wedge east of Station Lane would be Covert Lane.

CHAPTER: Part A Strategy and General Policies

6577 Object

Respondent: Mrs Penelope Fielden [5046]  
Agent: N/A

Summary: Scraptoft is an important village with a rural history and a conservation status. Harborough should be fighting to retain this for us or else we might as well be ceded over to Leicester City Council. Surely the importance of the Green Wedge and areas of separation surrounding Scraptoft outweigh the need for housing to be built on it during the next 15 years by Harborough.

Change To Plan: See attached sheet for changes

GD7 Green Wedges, GD7 Clause 1, GD7 1c

Object  
Respondent: Mrs Penelope Fielden [5046]  
Agent: N/A

Summary: Scraptoft Golf Course provides a footpath for walkers and ramblers linking people from Leicester (along Keyham Lane West and Hamilton Lane) directly to the countryside. The nature reserve provides a peaceful and open space for both residents and wildlife to enjoy - essential for good mental wellbeing. Building on both of these key parts to the Green Wedge would therefore be highly detrimental to both Scraptoft and Leicester residents. See attached sheet.  
Change To Plan: See attached sheet

Object  
Respondent: Mrs Penelope Fielden [5046]  
Agent: N/A

Summary: Scraptoft Neighbourhood Plan 2016 shows golf course and nature reserve as essential Green Wedge. They fulfil functions of Green Wedge. Building on these areas would be detrimental to Scraptoft and Leicester residents. Plan is not fit for purpose as contrary to benefitting residents by allowing open space for sport/recreational and health and wellbeing aspects. Developers likely to insist on more of Green Wedge for housing in order to build the necessary infrastructure halfway through. See attached sheet.  
Change To Plan: See attached sheet

CHAPTER: Part A Strategy and General Policies

5656 Object

Respondent: Mrs Sarah Salisbury [6090]
Agent: N/A

Summary: If the Nature reserve is withdrawn it will greatly effect the local wildlife environment, we have seen Monkjac Dear, sparrows, hawks, bats, pheasants, partridge, foxes, rabbits, hares, kingfisher, magpies, crows, blackbirds and snakes.

We have had an increase of these animals as trees down covert lane have been destroyed due to recent houses being built and this status is under threat for even more houses! WHY??

A report has been done by a Leicester City council which confirms if this status is withdrawn then it WILL effect the local wildlife.

Change To Plan: The Nature reserve status to remain in place!
Legally Compliant?: No

CHAPTER: Part A Strategy and General Policies

5602 Object

Respondent: Mr Mark Weller [6071]

Agent: N/A

Summary: The current scale of the Scraptoft North plans are unsound. The reduction of green wedges would essentially make Scraptoft a suburb of Leicester and no longer a village. The doubling of the number of houses in the area would be beyond the current roads to cope with traffic. The majority of roads out of Scraptoft are have speed bumps or road narrowing. The A47 Station Lane junction is already at capacity and leads to mile long queues. Any additional roads would destroy more of what should be kept.

Change To Plan: The scale of this proposed development should be massively reduced to minimise its impact.

Legally Compliant?: Yes

Full Reference: O - 5602 - 6071 - GD7 Green Wedges, 4.13.5 to 4.13.7 Explanation - iii

5722 Object

Respondent: Ms Fiona Ashberry [5935]

Agent: N/A

Summary: Building on the Keyham Lane fields will mean that Scraptoft will no longer exist as a village but be part of Leicester City - a continuation of Netherhall.

Change To Plan: No building should happen along the edge of Keyham Lane.

Legally Compliant?: No

Full Reference: O - 5722 - 5935 - GD7 Green Wedges, 4.13.5 to 4.13.7 Explanation - iv

6143 Object

Respondent: Mr Brian Quinn [6227]

Agent: N/A

Summary: I support the idea of the Green Wedge and if Harborough is taking this seriously then one would expect to see more areas being identified as green wedge not existing ones being reduced.

Change To Plan: Retain the existing green wedges. And continue identifying new ones.

Legally Compliant?: Yes

Full Reference: O - 6143 - 6227 - GD7 Green Wedges, 4.13.5 to 4.13.7 Explanation - ii

6157 Object

Respondent: Mrs Helen Taylor [6109]

Agent: N/A

Summary: As recently as 2015, the HDC Green Wedge Review recommended that "the extent and scale of the Green Wedge is appropriate and should be protected in the consideration of scale of development to be directed towards Scraptoft.. The proposed plans will result in a drastic reduction in the size of the Green Wedge and I feel will not prevent "the coalescence and maintain the physical identity of adjacent settlements". Our property is located within the Wedge and we will be surrounded by a housing estate that in effect links to Netherhall and Hamilton.

Change To Plan: Keep green Wedge as is or at least provide more separation.

Legally Compliant?: No

Full Reference: O - 6157 - 6109 - GD7 Green Wedges, 4.13.5 to 4.13.7 Explanation - i

6587 Object

Respondent: Mrs Penelope Fielden [5046]

Agent: N/A

Summary: This proposal is contrary to the Neighbourhood Plan of 2016 and would swallow up most of the Green Wedge. See attached sheet for map and objection.

Change To Plan: See previous Green Wedge objections sheet attached.

Legally Compliant?: No

5979 **Support**

**Respondent:** Mrs Anne Steventon [6183]  
**Agent:** N/A  
**Summary:** I support the continuation of the Leicester, Thurnby and Oadby green wedge as it is vital to protect the villages of Thurnby and Bushby. If this land is eroded, the villages will be subsumed by the Leicester urban sprawl and they will lose their character. I also support the extension of the Leicester, Scraptoft and Bushby green wedge. It is imperative that we protect these green lungs for the villages, improving air quality. It is a well advertised fact that Leicester city has very high pollution levels and anything which can protect the outlying villages from this, should be maintained.

**Change To Plan:**  
**Legally Compliant?** Not Specified

5975 **Object**

**Respondent:** Mrs N Stanley [1279]  
**Agent:** N/A

**Summary:** The outline design of the Burnmill Farm site from David Wilson Homes is poor in design, with high density for the location of the site, grid-like with blocks of dwellings. It shows retained farm access along the existing track however this could prove hazardous with poor visibility to the new access on Kingston Way as it will be at a right angle to it. The farm track is also next to LEAP area and given the type of vehicles that use the track e.g. HGV carrying grain min 15 tonne, combine harvesters this could be a danger.

**Change To Plan:** The local plan should give consideration to the location of a development site so that overdevelopment doesn't happen in peripheral areas.

Policies

5721 Object
Respondent: Kevin Verbruggen [6099]
Agent: N/A
Summary: GD8. 1a.
The Burnmill Farm proposed development DOES NOT respect the distinctiveness of the settlement. The area in question is distinctive for its row of attractive trees near the top of the ridge; which are seen, recognised and admired from a significant distance.
Any development of housing will disrupt the appearance of the distinctive trees, even when sited behind the trees. The landscape will subsequently be materially worsened, which is unacceptable.
Change To Plan: The Burnmill Farm proposed development will NOT be permitted to go ahead, as it contravenes this element.
Legally Compliant?: Yes

CHAPTER: Part A Strategy and General
GD8 Good design in development, GD8 clause 1, GD8 clause 1, criteria d
Policies

5873 Object
Respondent: Mr Paul Henry [6165]
Agent: N/A
Summary: The Layout and Siting (MH3), both in itself and relation to adjoining dwellings, spaces and views, is inappropriate and unsympathetic to the appearance and character of the local environment around Great Bowden and Kingston Way. The site is located in a residential area where occupiers reasonably expect a level of amenity concurrent with the property and existing surroundings. The new development by reason of the use of Bates Close as an the site access is likely to result in noise, disturbance and nuisance to the detriment of existing residents and their residential amenity and enjoyment of their property.
Change To Plan: Remove site MH3 from the plan
Legally Compliant?: No
Full Reference: O - 5873 - 6165 - GD8 Good design in development, GD8 clause 1, GD8 clause 1, criteria d - i, ii

5875 Object
Respondent: Mr Paul Henry [6165]
Agent: N/A
Summary: The proposal at MH3 represents an inappropriate form of development within the Green Belt and in the absence of any special circumstances would by its inappropriateness have a harmful impact on the open, rural and undeveloped character of the Green Belt.
Change To Plan: Remove development MH3 from the local plan or require access to the Site from the Leicester Road.
Legally Compliant?: No
Full Reference: O - 5875 - 6165 - GD8 Good design in development, GD8 clause 1, GD8 clause 1, criteria d - i, ii
CHAPTER: Part A Strategy and General Policies

5733 Object
Respondent: Mrs Claire Sixt [6092]
Agent: N/A
Summary: Using Bates Close and Kingston Way as the access route for the proposed Burnmill Road housing development will have an unacceptable and overbearing impact on the lives of current residents. This road is too narrow at for lorries to use in the construction phase: it has five speed humps which will make lorry use hazardous. Cars could not pass a lorry moving in the opposite direction at two points in the road; current residents also need on-street parking. Additional traffic from the new development at peak times of work and school travel will cause gridlock and unacceptable congestion.

Change To Plan: If the development is to be built at all, access should be from the Burnmill Road, using the existing access farm road, which is wider than the 5ft wide single-track access road with no pavements at the end of Kingston Way proposed by David Wilson Homes. There is enough land between the current farm access road and the reservoir to allow a standard width road with passing places and pavements. Hedgerows and trees removed for the road could easily be reinstated nearby for wildlife corridor use.

Legally Compliant?: No
Full Reference: O - 5733 - 6092 - GD8 Good design in development, GD8 clause 1, GD8 clause 1, criteria e, GD8 1.e.i. - ii, iii, iv

5874 Object
Respondent: Mr Paul Henry [6165]
Agent: N/A
Summary: The proposed development at site MH3 by reason of its size, depth, width, height and massing would have an unacceptably adverse impact on the amenities of the properties immediately adjacent to the site and the surrounding area by reason of overlooking, loss of privacy and visually overbearing impact. The proposals for internal circulation within the site are unacceptable and will create conflicts between pedestrians, cyclists and vehicular movements thereby creating a safety hazard.

Change To Plan: Remove site MH3 from the Plan
Legally Compliant?: No
Full Reference: O - 5874 - 6165 - GD8 Good design in development, GD8 clause 1, GD8 clause 1, criteria e, GD8 1.e.i. - i, ii

5877 Object
Respondent: Mr Paul Henry [6165]
Agent: N/A
Summary: The proposed development at MH3 is over-bearing, out-of-scale or out of character in terms of its appearance compared with existing development in the vicinity. The proposed siting of the development is particularly ill-considered: it is on a Green Field site and building here would both diminish the view over green fields and be prominent from most angles within the existing development on Kingston Way therefore reducing the social amenity for existing residents.

Change To Plan: Remove MH3 from the local Plan or alternatively create another site access point from the Leicester Road.
Legally Compliant?: No
Full Reference: O - 5877 - 6165 - GD8 Good design in development, GD8 clause 1, GD8 clause 1, criteria e, GD8 1.e.i. - i, ii

6300 Object
Respondent: Mr Richard Beer [6263]
Agent: N/A
Summary: David Wilson proposed development at Burnmill farm is inconsistent with this objective in that in order to reduce the impact on the neigbouring properties on Bates Close and Kingston Way and protect the Ridgeline to the North will just squeeze the houses into the middle.

Change To Plan: To avoid the over concentration of houses reduce the overall number by one third to allow for proper protection of the Ridgeline and be sympathetic to the existing properties bordering the proposed area.
Legally Compliant?: Yes
Full Reference: O - 6300 - 6263 - GD8 Good design in development, GD8 clause 1, GD8 clause 1, criteria e, GD8 1.e.i. - None

6588 Object
Respondent: Mrs Penelope Fielden [5046]
Agent: N/A
Summary: This development WILL have a significant adverse effect on our living conditions due to its overbearing impact of building 1200 houses in a conservation village which has already been expanded by over 700.

Change To Plan: See attached sheet

CHAPTER: Part A Strategy and General Policies

5724 Object

Respondent: Kevin Verbruggen [6099]
Agent: N/A

Summary: Burnmills Farm proposed development. The access route of Bates Close and Kingston Way will create unnecessary activity and noise; and will create unnecessary road safety issues for children and pets in the existing neighbourhood. This will have an adverse impact on living conditions.

Change To Plan: If the Burnmills Farm proposed development is to go ahead, then insist upon the sale & adaptation of the existing track - leading from Burnmills Road - to be the sole access point to the development. This would minimise the impact to affect significantly fewer community members.

Legally Compliant?: Yes

Full Reference: O - 5724 - 6099 - GD8 Good design in development, GD8 clause 1, GD8 clause 1, criteria e, GD8 1.e.ii - i, ii

7416 Object

Respondent: Gladman Developments (Mr Richard Agnew) [6504]
Agent: N/A

Summary: Gladman have some concerns with Policy GD8 and in particular with criterion e(ii). This criterion relates to noise, pollution etc. not having an adverse impact on amenity. This is considered to be contrary to guidance set out in the Framework as paragraph 109 refers specifically to development not causing unacceptable risk or being affected by unacceptable levels of soil, air, water or noise pollution. Criterion e(ii) of Policy GD8 should therefore be reworded to reflect this guidance.

Change To Plan: Criterion e(ii) of Policy GD8 should therefore be reworded to reflect guidance in NPPF para 109.

Legally Compliant?: Not Specified

Full Reference: O - 7416 - 6504 - GD8 Good design in development, GD8 clause 1, GD8 clause 1, criteria e, GD8 1.e.ii - ii, iv

CHAPTER: Part A Strategy and General Policies

6304 Object

Respondent: Mr Richard Beer [6263]
Agent: N/A

Summary: The proposed development at Burnmills Farm will inevitably produce light spillage over the Ridgeline to the North unless the scale of the development is mitigated. This will not be compatible with this objective

Change To Plan: widen the woodland belt to the Ridgeline and reduce the number of houses by one third. Use LED street lighting to lessen the light spread

Legally Compliant?: Yes

6745 **Support**  

**Respondent:** Leicestershire & Rutland Sport (Mr Harry Venning) [4380]  
**Agent:** N/A  

**Summary:** Leicester-Shire & Rutland Sport would fully support the need for enhancing spaces and this element of the local plan. However, we would also further promote ambitions to ensure that new developments are enhanced, through increased sport and recreation provision. We would support the ambition for enhanced and increased green infrastructure networks not only for recreational purposes but also for active travel, to and from work etc to provide opportunities for Harborough residents to be physically active and lead healthy lifestyles. Design Guidance can be found via Sport England website: https://www.sportengland.org/facilities-planning/active-design/  

**Change To Plan:**  
**Legally Compliant?** Not Specified

---

6390 **Object**  

**Respondent:** Hallam Land Management Limited [5311]  
**Agent:** Marrons Planning (Dan Robinson-Wells) [5976]  

**Summary:** It is unclear what criterion k in respect of “making provision for specific groups in the community such as the elderly or those with disabilities” means in practice. There appears to be no reference or further detail in the explanation to the policy. It is neither clear what ‘make provision’ entails for a development proposal or what the Council considers 'specific groups' other than those listed.  

HLM, therefore, object to the policy on the grounds that it is not consistent with the Framework in that it is not clear what is meant by the above criterion.  

**Change To Plan:** The policy and supporting text should be amended to make it clear what is meant by criterion k.  
**Legally Compliant?** Yes

5734 Object  
Respondent: Mrs Claire Sixt [6092]  
Agent: N/A  
Summary: The proposal to use Kingston Way and a narrow 5 ft wide extension with no pavements as the access route to the proposed new housing development on part of the Burnmill Farm will not provide sufficient access for refuse vehicles, while still allowing traffic to move around the refuse vehicles e.g., in the opposite direction. Refuse vehicles often use Kingston Way at the same time as other large HGVs which causes major problems even now at the two narrowest pinchpoints in the road, and with an additional 90 houses using the road, congestion and gridlock will be unacceptable.  
Change To Plan: If the proposed development is to be built at all, then access for both construction and for the new residents should be from the Burnmill Road using the current farm access road widened up to the reservoir, and should not use Bates Close and Kingston Way.  
Legally Compliant?: No  
Full Reference: O - 5734 - 6092 - GD8 Good design in development, GD8 clause 1, GD8 clause 1, criteria l - i, ii, iii, iv

5878 Object  
Respondent: Mr Paul Henry [6165]  
Agent: N/A  
Summary: The development at MH3 would adversely affect highway safety or the convenience of road users particularly at the junction between Alvington Way and Bates Close which is already an area of congestion at busy times of the day. Further, Kingston Way is inaccessible in times of inclement weather when there is more than 1” inch of snowfall that accumulates on the road surface, given the increase in traffic caused as this is the only access and egress to the site can will during these times result in current and future residents being unable to easily access their property.  
Change To Plan: Remove site MH3 from the development and or require access to the site to be from the Leicester Road.  
Legally Compliant?: No  
Full Reference: O - 5878 - 6165 - GD8 Good design in development, GD8 clause 1, GD8 clause 1, criteria l - i, ii

5980 Object  
Respondent: Mrs N Stanley [1279]  
Agent: N/A  
Summary: Burnmill Farm site - safe access is reduced as it is proposed that the existing farm track is to be retained. The farm track is at a right angle to the site entry and will cross the access from Kingston Way onto the site. Site lines and visibility is reduced as there is a double garage at the entry of the site and this will be a hazard to both users of the access road and the farm access. As with many new developments, parking is an issue and access is reduced with on street parking.  
Change To Plan: Alternative access should be considered on this development  
Legally Compliant?: Yes  
Full Reference: O - 5980 - 1279 - GD8 Good design in development, GD8 clause 1, GD8 clause 1, criteria l - i, ii

5735 Object  
Respondent: Mrs Claire Sixt [6092]  
Agent: N/A  
Summary: The proposal to use Kingston Way and Bates Close as the access route for the proposed new Burnmill Farm development is unsuitable and unsafe for pedestrians and especially for children walking to school. The proposed 5ft wide extension with no pavements at the end of Kingston Way will leave children walking on the highway at risk from traffic. Those from houses nearer the Burnmill Road would have to walk a long west and then all the way back east along Kingston Way to get to Robert Smyth or Ridgeway Schools, which most will use: this is entirely unsuitable and unsafe.  
Change To Plan: If the proposed development is to be built at all, access should be through a road built over the current Burnmill farm access road linking directly with the Burnmill Road, widened up to the reservoir (there is plenty of space for this) and with hedgerows and trees reinstated elsewhere to preserve the very important wildlife corridor.  
Legally Compliant?: No

**CHAPTER: Part A Strategy and General Policies**

**5736 Object**

**Respondent:** Mrs Claire Sixt [6092]

**Agent:** N/A

**Summary:** The proposal to use Kingston Way and Bates Close as the access route for the proposed new Burnmill Farm development is a poor design which will impact on the quality of life of neighbouring occupiers in Kingston Road and Bates Close, and result in a disconnected development that fails to relate to its context (4.15). It will result in unacceptable gridlock and congestion on Kingston Way, especially at the two current narrowest points and the proposed 5 ft wide extension with no pavements. The new development will need its own direct access to the Burnmill Road, to avoid being isolated.

**Change To Plan:** If the proposed development is to be built at all, access should be through a road built over the current Burnmill farm access road linking directly with the Burnmill Road, widened up to the reservoir (there is plenty of space for this) and with hedgerows and trees reinstated elsewhere to preserve the very important wildlife corridor.

CHAPTER: Part A Strategy and General Policies

7144 Object

**Respondent:** Tarmac Trading Ltd [4914]  
**Agent:** Heaton Planning (Mr Joel Jessup) [4913]

**Summary:** It is important at District-level to identify mineral safeguarding areas to ensure that mineral resources are not unnecessarily sterilised by non-minerals development. Minerals safeguarding areas should be included within the Local Plan for parcels of land which have been allocated for sand and gravel working within the latest draft of the Leicestershire MWLP. There is potential for our client's interests at Husbands Bosworth and Shawell to be impacted upon by non-minerals development that would threaten allocated sites in the MWLP. We support inclusion of GD9 but it relies on the Leicestershire County Council Minerals Local Plan for the identification of mineral safeguarding areas.

**Change To Plan:** Please see attachment - specifically 'Additional Comment'

**Legally Compliant?:** Yes

**Full Reference:** O - 7144 - 4914 - GD9 Minerals Safeguarding Areas - iv

5890 Support

**Respondent:** LANDOWNER CONSORTIUM FOR EAST OF LUTTERWORTH SDA [6054]  
**Agent:** Marrons Planning (Dan Robinson-Wells) [5976]

**Summary:** The provisions within Policy GD9 are supported to ensure mineral resources are not unnecessarily sterilised. It is suggested that the explanation should also emphasise the importance of viability as well as the practicality of prior extraction. For instance, the Consortium, have reviewed the mineral resources of the East of Lutterworth SDA. Evidence provided with these representations confirms that it would not be practicable to exploit the mineral resource in this area due to economic and environmental constraints. This includes the prohibitive measures required to protect the SSSI and the watercourses in the area.

6285 Object  Respondent: Mr. Douglas Jackson [5686]  Agent: N/A
Summary: Table B1 considers completions and commitments since 31 March 2017. The statement in Policy H1 that the housing allocations take into account existing commitments etc. can only be true at one point in time. Clearly in the case of Great Glen, it does not take into account 170 houses the committee resolved to approve in March.
Change To Plan: The text of H1 should be altered to say that it takes account of commitments as of 31 March 2017.
Legally Compliant?: Yes
Full Reference: O - 6285 - 5686 - H1 Provision of new housing, H1 Opening sentence - ii, iii, iv

6287 Object  Respondent: Mr. Douglas Jackson [5686]  Agent: N/A
Summary: The housing need has already been enhanced by 15% in the HEDNA which is questionable in itself - it is effectively going beyond the remit of providing an objectively assessed need. This is further enhanced by Magna Park. The Council has uplifted this a further 15% without good justification bearing in mind that under-delivery is catered for by the 20% buffer, which the Council is currently applying due to under-delivery. Incidentally, the council front loads the next 5 years with the newly identified need which is not sound as this is not a historic shortfall.
Change To Plan: The 15% enhancement of housing numbers should be removed.
Legally Compliant?: Yes
Full Reference: O - 6287 - 5686 - H1 Provision of new housing, H1 Opening sentence - i, ii, iii, iv

6383 Object  Respondent: Hallam Land Management Limited [5311]  Agent: Marrons Planning (Dan Robinson-Wells) [5976]
Summary: The policy does not allocate sufficient land to ensure a 5 year housing land supply on adoption. Furthermore, the policy does not boost significantly the supply of housing in accordance with the NPPF.
HLM own land South of Lutterworth Road, Lutterworth, which is suitable, available and achievable and should be allocated in the Local Plan to meet housing needs and ensure a 5 year supply on adoption.
Change To Plan: Land South of Lutterworth Road, Lutterworth, is suitable, available and achievable and should be allocated in the Local Plan to meet housing needs and ensure a 5 year supply on adoption.
Legally Compliant?: Yes

6430 Object  Respondent: Mr Harry Capstick [6293]  Agent: Mr Harry Capstick [6293]
Summary: A target number of dwellings should be stated for Husbands Bosworth, as per other rural centres and for consistency with Table D21 (Settlement hierarchy) and policy GD2.
Residential development site off Theddingworth Road, Husbands Bosworth proposed (location plan, elevations and design statement attached to submission).
Change To Plan: Identify target number of dwellings for Husbands Bosworth.
Legally Compliant?: Yes
Full Reference: O - 6430 - 6293 - H1 Provision of new housing, H1 Opening sentence - i
Explain that a dwelling could be an flat. Policy should reflect a need for flats to aid the accumulation of social housing.

Para. 5.1.8 refers to 557dpa or 11140dw over the plan period. Policy SS1 2a states a minimum of 12800dw but should state a maximum. Figures confusing and difficult to implement or achieve a clear basis for calculating a 5 year housing supply which is defendable.

No 5 year housing supply achieved previously with a far lower annual housing requirement. Unrealistic to add a 20 % buffer to OAN as unlikely to be achieved, possibly rendering the Plan impotent.

Appreciate on going work on an Memorandum of Understanding and the inclusion of a contingency of housing land of 15% over and above the plans housing requirement.

We would wish the plan to go further to meeting Leicester City's unmet needs now, for example, by setting aside a specific amount of housing land to help meet our unmet need, in advance of full agreement on HMA wide housing distribution.

There is too much traffic in Market Harborough already. More houses will bring more cars. Schools are already stretched, doctors cannot cope with the amount of patients they have.

We consider it is misleading to specify minimum (or maximum) numbers of dwellings in Rural Centres and Selected Rural Villages, because the suitability of sites should be assessed on their relative sustainability, taking account of the settlement's position in the hierarchy. All Rural Centres, including Ullesthorpe, should be seen as a focus for further rural development.

Legally Compliant?: No

Legally Compliant?: Not Specified

Legally Compliant?: No

Legally Compliant?: Yes
Policy H1 is considered unsound on the basis that it:
- has not been positively prepared as it is not based on a strategy that will ensure that the objectively assessed housing needs, including unmet development requirements arising in Leicester, will be met within the plan period;
- is not justified in that it is not the most appropriate strategy and has not properly considered reasonable alternative strategies;
- is not effective in that some allocation sites will not deliver the scale of development the Submission Plan currently assumes, and the identified needs will not therefore, be met; &
- is inconsistent with national policy

Now broken down into individual reps: 7646/7647/7648/7649/7650/7651

To remedy the flaws in the soundness of the plan:
- Policy H1 should identify a housing requirement for a plan period to 2036 (to provide a 15-year time horizon).
- That requirement should reflect the up to date, full and objectively assessed needs for housing and economic development within the District and wider HMA, based on the findings of the HEDNA and the Final MOU between the HMA Authorities that addresses the likely unmet need arising in Leicester City and Oadby & Wigston.
- The housing trajectory should reflect a realistic timescale for the delivery of the SDAs.
- The Local Plan should then identify sufficient deliverable and developable supply of housing land / sites to meet that need in sustainable locations in the District, notably at the PUA.
- That should include the allocation of the land off Uppingham Road, Bushby.
7357 Object

Respondent: Davidsons Developments Limited [4740]  
Agent: Bidwells (Chloe French) [4539]

Summary: The provision of a contingency is welcomed. However, it is suggested that a contingency of just 15% will fail to meet the targets of Policy H1. It will not meet the FOAN for the market area as well as the other objectives of the contingency including providing for potential unmet need, lack of delivery from housing allocations and permitted sites and changing economic circumstances.

The sites at Broughton Astley, Gilmorton and Dunton Bassett represent achievable, suitable and deliverable sites to support the necessary housing growth for the District. The sites would contribute towards the Council's housing requirements, expected further unmet need from Leicester City/Oadby and Wigston Borough and 5 year housing supply.

Change To Plan: Ensure the housing requirements meet the FOAN for the market area and other objectives of the contingency identified above including providing for potential unmet housing need from Leicester City Council and Oadby and Wigston Borough Council, lack of delivery from housing allocations and permitted sites and changing economic circumstances; identify DDL's sites at Broughton Astley, Gilmorton and Dunton Bassett as housing allocations.

Legally Compliant?: Yes

7395 Object

Respondent: Fox Bennett (Mr Tim Fox) [1497]  
Agent: N/A

Summary: Consider that there will be a shortfall in the number of dwellings built over the plan period and the plan will not therefore be sound.

Policy H1 identified land for a minimum of 4660 houses during the plan period to 2031.

The policy states that at Fleckney, for example, a minimum of 295 dwellings will be required for which the only allocation is for land at Arnesby Road where 130 dwellings has been identified.

Consider that additional land should be allocated for dwellings o be designated at sites such as Land at Saddington Road, Fleckney and Land at Thurnby as identified in the attached plans.

Change To Plan: Consider that additional land should be allocated for dwellings o be designated at sites such as Fleckney and Thurnby as identified in the attached plans.

This will enable the Council to meet the requirements for provision of dwellings.

Respondent: Gladman Developments (Mr Richard Agnew) [6504]  
Agent: N/A

Summary: Whilst Gladman raise no major issues with the approach the HEDNA has taken re: demographic and economic elements of housing needs assessment, given the severity of the affordability issue within the district and the Government’s focus on tackling affordability through recent consultation on assessing housing needs, it is considered that a 15% uplift to address Market Signals is not sufficient.

Given affordability evidence and recent Inspectors’ decisions on Market Signals, Gladman consider that an uplift of 20% would be a more appropriate to address market signals. It is considered that the full OAN for Harborough, taking account of the Magna Park Sensitivity Study should be 581dpa.

Change To Plan: It is considered that the full OAN for Harborough, taking account of the local adjustment factor for the Magna Park Sensitivity Study, should be 581dpa.

7432 Object

Respondent: Gladman Developments (Mr Richard Agnew) [6504]  
Agent: N/A

Summary: Gladman are promoting land north of Leicester Lane, Great Bowden for residential development (Appendix 2 of attachment). The 2.52 hectare site presents an ideal opportunity to create a sustainable, high quality residential development situated in a sought-after location. The site is capable of coming forward within the next 5 years and Gladman consider that the site is capable of delivering 40-60 dwellings of varying sizes, types and tenures (including affordable housing). The site is in a sustainable location and is available, achievable and deliverable and as such, it should be allocated in the Harborough Local Plan for residential development.

Change To Plan: Land north of Leicester Lane should be allocated for residential development.

7443 Object

Respondent: Home Builders Federation (Susan Green) [6519]  
Agent: N/A

Summary: It is important that the Council's proposed housing distribution recognises the difficulties facing rural communities in particular housing supply and affordability issues. The NPPG emphasises that all settlements can play a role in delivering sustainable development so blanket policies restricting housing development in some settlements and preventing other settlements from expanding should be avoided. The proposed distribution of housing should meet the housing needs of both urban and rural communities.

7477 Object

Respondent: Jelson Homes Limited [3965]  
Agent: N/A

Summary: Jelson is unconvinced that sufficient account has been taken of the requirement to address unmet need from Leicester City in the overall district housing target. It is unclear from Table B.1 and the Plan generally, to what extent if at all, the targets take into account the need to provide housing within Harborough to meet the unmet need from Leicester City. This is another reason why there is a pressing need to add flexibility in the Plan to be able to deliver housing in a range of locations which meet the needs of both Harborough and the City.

Change To Plan:

7538 Object

Respondent: Mr & Mrs Sandercock [6522]  
Agent: Andrew Granger & Co (Mr Stephen Mair) [6397]

Summary: Whilst fully supporting the recognition that the housing requirements outlined in H1 are a minimum and the level of flexibility that this element of the policy provides, we are concerned that the policy does not identify a minimum residential requirement for North Kilworth. As a Selected Rural Village, it is considered to be an appropriate location for growth. All of the Selected Rural Villages, with the exception of North Kilworth, have an identified minimum requirement in Policy H1, and as such abstaining from allocating a minimum requirement for North Kilworth should be considered to be unjustified.

Change To Plan: Identify minimum requirement for North Kilworth in Policy H1.

7550 Object

**Respondent:** Trustees of the Bowden Settlement [6481]  
**Agent:** Mr. David Smart [6215]

**Summary:**

Land off Burnmill Road (land to rear of Top Yard Farm) is immediately adjacent to Great Bowden's settlement boundary and considered sustainable. Whilst the SHLAA identifies the site is considered potentially suitable over the next 6 to 10 years, it is available and deliverable now. Our clients have demonstrated through the instruction of a technical transport note that there are suitable accesses available.

We submit that the site should be removed from the Area of Separation and allocated for residential development, with a high quality design complementary to adjacent housing being a requirement of the Authority.

**Change To Plan:** The site should be removed from the Area of Separation and allocated for residential development

**Legally Compliant?:** Yes

**Full Reference:** O - 7550 - 6481 - H1 Provision of new housing, H1 Opening sentence - iv

7556 Object

**Respondent:** Trustees of the Bowden Settlement [6481]  
**Agent:** Mr. David Smart [6215]

**Summary:**

We support the removal of the Land to rear of the Ridgeway (see attached map) from the Area of Separation, and suggest given the site’s location and my client’s control of number 54 The Ridgeway, the site would make an appropriate residential allocation to fill the unallocated numbers within the district. The site could potentially accommodate circa 45 dwellings at a standard density of 30 units per hectare.

The entire site is in single ownership and is immediately deliverable, and this is recognised by the 2016 SHLAA which identifies the land could be brought forward in the next 5 years.

**Change To Plan:** We recommend Land to the rear of the Ridgeway is allocated for residential development of circa 45 dwellings.

**Legally Compliant?:** Yes

**Full Reference:** O - 7556 - 6481 - H1 Provision of new housing, H1 Opening sentence - iv

7560 Object

**Respondent:** Trustees of the Bowden Settlement [6481]  
**Agent:** Mr. David Smart [6215]

**Summary:**

Land off Main Street, Great Bowden is well suited to a residential allocation and whilst the SHLAA (May 2016) states development could occur within a 6-10 year time frame, the site is available now. The site is suitable for a small residential allocation of up to 15 dwellings and the representation site will not contribute to the coalescence between Market Harborough and Great Bowden, because the site is self-contained and screened. We suggest that the site should be removed from the defined Area of Separation, and allocated for a Village Green-style small residential development of up to 15 dwellings.

**Change To Plan:** Remove from Area of Separation and allocate site for a Village Green-style residential development of up to 15 dwellings.

**Legally Compliant?:** Yes

**Full Reference:** O - 7560 - 6481 - H1 Provision of new housing, H1 Opening sentence - iv
Objections are made to SS1 "The spatial strategy", Policy H1 "Provision of new housing, Policy BE1 "Provision of new business development" and Policy BE2 "Strategic distribution" insofar as the draft Plan is not:

* Positively Prepared as it fails to meet objectively assessed development needs and infrastructure requirements;
* Justified in that the plan is not based on the most appropriate strategy, when considered against the reasonable alternatives;
* Effective in that the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
* Consistent with national policy as the plan does not enable the delivery of sustainable development in accordance with the policies in the NPPF.

The landowners object to the failure of the Council to recognise the potential to:

* Identify land within Whetstone Pastures as a future logistics park; and more over
* Recognise the ability of land within Whetstone Pastures to deliver a new Garden Village as part of a large strategic allocation extending over the administrative boundaries of both Blaby and Harborough.

In order to make the Plan sound it is submitted that the following modifications are made:

* SS1 - The Spatial Strategy amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future housing and logistics needs for the Harborough District during the period 2011 to 2031;
* Policy H1 - Provision for new housing similarly amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future housing needs for the Harborough District within the period 2011 to 2031;
* Policy BE1 - Provision of new business development similarly amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future logistics needs for the Harborough District within the period 2011 to 2031; and
* Policy BE2 - Strategic Distribution to be amended to make provision for future logistics needs for the Harborough District within the period 2011 to 2031.

The precise wording of any changes should be carefully considered through cross-party working with Blaby to recognise, not only the cross-boundary nature of the Garden Village but also, that the majority of the land needed to deliver the Garden Village falls within Blaby.

Summary:
Legally Compliant?: No

Respondent: Messers Herbert [6535]  
Agent: Strutt and Parker (Mr David Phillips) [5716]  
Summary:
Objections are made to SS1 "The spatial strategy", Policy H1 "Provision of new housing, Policy BE1 "Provision of new business development" and Policy BE2 "Strategic distribution" insofar as the draft Plan is not:

* Positively Prepared as it fails to meet objectively assessed development needs and infrastructure requirements;

Summary:
Legally Compliant?: Not Specified
Policy H1 is unsound as it is not positively prepared. It fails to allocate any additional housing to the Kibworths and in unjustified in doing so as it fails to consider the needs of the Kibworths as a settlement or the role that further development at a smaller scale to the previously proposed SDA could play in delivering community benefits such as the much needed new primary school (Enclosure 2); in order to respond to the fundamental concerns raised above and to enable the preparation of a sound Plan, the following changes are required:

* Allocate additional land for housing to account for the shortfall against current estimates at the two SDAs (see Enclosures 3 and 4) and to ensure that the Local Plan delivers the OAHN plus a 15% contingency to account for genuinely unpredictable circumstances.
* Revise Policy H1 to set a minimum housing target in the Kibworths of circa 450 homes. As demonstrated in the promotion of our client's land to the West of Warwick Road and at St Wilfrid's Close (Enclosures 6 and 7, respectively), this level of development would help to meet the shortfall resulting from under-delivery at the SDAs and would also deliver a new primary school to meet a critical local need.

Land to the West of Warwick Road, Kibworth Beauchamp should be allocated for up to 400 dwellings, together with a new 2 form entry primary school in response to acute capacity issues at the existing school and to provide additional housing in a sustainable location that can assist in making up for an anticipated shortfall in the Council's predicted delivery at Lutterworth and Scraptoft North SDA (Enclosure 6); and

In order to ensure that the Local Plan can be considered sound, we recommend that our client's site is included as an allocated site as follows:

Policy K2 - Land to the West of Warwick Road, Kibworth Beauchamp is allocated for the development of 400 dwellings and a new 2 form of entry primary school.

Land at St Wilfrid's Close, Kibworth Beauchamp should be allocated for up to 45 residential units to provide additional housing in a sustainable location that can assist in making up for an anticipated shortfall in the Council's predicted delivery at Lutterworth and Scraptoft North SDA (Enclosure 7).

In order to ensure that the Local Plan can be considered sound, we request that our client's site is allocated as a housing site as follows:

Policy K3 - Land at St Wilfrid's Close, Kibworth Beauchamp is allocated for the development of up to 45 residential units.

The scheme upon which there exists a resolution to grant comprises 45no. retirement living apartments. While our client has every intention of implementing that permission once it is issued, they would note that the site is equally suitable for open market housing. In this regard they request that the allocation be on the basis of a C3 residential use providing flexibility for the site to come forward for either retirement properties or open market housing.
**7626 Object**
**Respondent:** Taylor Wimpey [6529]  
**Agent:** Ms Lydia Voyias [5792]  
**Summary:** The plan is silent about growth at Broughton Astley. It is unclear whether there will be unmet housing need within the Leicester and Leicestershire Housing Market Area and whether this would be further exacerbated as a result of the Harborough Local Plan progressing ahead of other Local Authorities within the Housing Market Area. This is an unsound basis on which to prepare a Local Plan and therefore the current version of the plan cannot be considered positively prepared, effective or consistent with national policy. It is considered that the Council has not fulfilled the requirements of the Duty to Cooperate.

**Change To Plan:**
Whilst it is accepted the Council has, in its opinion, made some allowance for unmet housing need from other Local Authorities within the Housing Market Area to be accommodated these are not adequately quantified and is not agreed as part of a Memorandum of Understanding. It is considered that the Council has not fulfilled the requirements of the Duty to Cooperate.

The Council should not progress its Local Plan to submission for examination without the prior knowledge of the housing distribution across the Housing Market Area. Full and appropriate consideration needs to be given to the possibility of Harborough District increasing its housing provision to accommodate development which cannot be delivered within adjacent authorities.

---

**7646 Object**
**Respondent:** Bloor Home Ltd [4935]  
**Agent:** Define (Mr Mark Rose) [4934]  
**Summary:** The HEDNA does not take account of the proposed major extension to Magna Park within the M6, M69 and M1 triangle (700,000m2 of B8 floor space) in the period to 2031. The Council's Magna Park Employment Growth Sensitivity Study 2017 concludes that in order to align this employment growth and housing provision, the housing requirement should be increased by 25dpa above the HEDNA OAN figures. That should be appropriately reflected in the housing requirements established in Policies SS1 and H1.

**Change To Plan:**
To remedy the flaws in the soundness of the plan:
- That requirement should reflect the up to date, full and objectively assessed needs for housing and economic development within the District and wider HMA, based on the findings of the HEDNA and the Final MOU between the HMA Authorities that addresses the likely unmet need arising in Leicester City and Oadby & Wigston.

**Legally Compliant?:** Yes

**Full Reference:** O - 7646 - 4935 - H1 Provision of new housing, H1 Opening sentence - i, ii, iii, iv

---

**7649 Object**
**Respondent:** Bloor Home Ltd [4935]  
**Agent:** Define (Mr Mark Rose) [4934]  
**Summary:** The Submission Plan fails to allocate sufficient housing sites to meet even the identified housing requirement, let alone providing sufficient flexibility. Notably Policy H1 does not allocate specific sites at the Rural Centres or Selected Rural Villages, instead seemingly relying on Policy GD2. This is not a positive plan led approach to ensuring the delivery of sustainable development to meet identified housing needs as required by NPPF. There is no certainty that there are deliverable or developable sites available in those locations. Policy GD2 should only be used to complement Policy H1.

Furthermore entirely unrealistic assumptions in terms of both the timing and rate of delivery at the SDAs have been embedded in the Local Plan Housing Trajectory (Appendix G. The folly of the District Council's delivery assumptions is clearly evidenced by the experiences of other Local Authorities in the HMA.

**Change To Plan:**
- The housing trajectory should reflect a realistic timescale for the delivery of the SDAs.
- The Local Plan should then identify sufficient deliverable and developable supply of housing land / sites to meet that need in sustainable locations in the District, notably at the PUA.

**Legally Compliant?:** Yes

**Full Reference:** O - 7649 - 4935 - H1 Provision of new housing, H1 Opening sentence - i, ii, iii, iv
7650 **Object**

**Respondent:** Bloor Home Ltd [4935]

**Agent:** Define (Mr Mark Rose) [4934]

**Summary:** Given the concerns raised over H1 and SS1, Bloor Homes are of the view that the PUA could and should accommodate further development in order to ensure the District's Housing Needs are met and to meet a proportion of the unmet housing need stemming from Leicester within the plan period. The PUA is positioned at the top of the proposed settlement hierarchy that underpins the Submission Plan, and further development at Thurnby and Bushby (over and above that already committed and the proposed allocation of the SDA) would entirely accord with Harborough's established development strategy and housing objectives. In that context there is additional land available adjacent to the committed site that would be an entirely appropriate development allocation for accommodating an element of that further growth on the edge of the PUA (125 dwellings).

**Change To Plan:**
- The Local Plan should then identify sufficient deliverable and developable supply of housing land/sites to meet that need in sustainable locations in the District, notably at the PUA.
- That should include the allocation of the land off Uppingham Road, Bushby.

**Legally Compliant?** Yes

**Full Reference:** O - 7650 - 4935 - H1 Provision of new housing, H1 Opening sentence - i, ii, iii, iv

7652 **Object**

**Respondent:** Merton College and Leicester Diocesan Board of Finance [6527]

**Agent:** Savills (Mr Roger Smith) [4526]

**Summary:** Land north-east of Kibworth Harcourt is considered a suitable option for a possible reserve site. The site would contribute well to the achievement of sustainable development as per relevant guidance of the NPPF, including necessary economic, social, and environmental roles. Moreover, the inclusion of strategic development area at Kibworth would be likely to increase significantly the robustness of the plan to providing more flexibility and a clear contingency to assist the Council in demonstrating an adequate housing land supply in the latter half of the plan period.

The provision of a bypass at Kibworth has been a longstanding aim for the Council. Strategic mixed use development at Kibworth could be utilised to secure an appropriate level of developer funding towards the provision of a bypass at Kibworth. Our clients' land ownership is well placed to facilitate such a proposal.

**Change To Plan:** The site is considered a suitable option for a possible reserve site.

7438 **Object**

Respondent: Mr Lewis Johnson [5631]  
Agent: N/A

Summary: Cut the number of houses, so that the Scraptoft Local Nature Reserve can be left alone. This would also reduce the traffic problem, that will result from new traffic heading south and east, that will travel through the narrow lane of Scraptoft, Thurnby & Stoughton

Change To Plan:

Legally Compliant?: No

Full Reference: O - 7438 - 5631 - H1 Provision of new housing, H1 clause 1 Scraptoft SDA - ii
Summary: We support the recognition that the housing requirements are a minimum but we are concerned that development within the Leicester PUA is to be located within a single Strategic Development Area [SDA] on land north of Scraptoft. Given the high level of infrastructure that is required for such large strategic developments, there are often substantial delays between their initial identification and the first delivery of housing. We believe the Local Plan should identify a number of smaller housing sites that could assist in the short-term delivery of housing in the PUA. Therefore we propose the allocation of Land South of Grange Lane, Thurnby for residential development.

CHAPTER: Part B Key Topics

H1 Provision of new housing, H1 clause 2 MH

5383 Object
Respondent: Market Harborough Civic Society (Bernard Bowen) [3938]
Agent: N/A

Summary: Unrealistic to expect Market Harborough to accommodate a further 1140 dwellings by 2031. The Town already has to accommodate 2000 new dwellings but the residents have not been able to monitor the impact. No guarantee infrastructure can be provided. Competition between major sites could delay house building and provision of local centres. If the Council requires more land they should look at sites which adjoin Airfield Farm, a development of 1400 dwellings, and benefit from the local facilities to be provided.

Change To Plan: Consider more new housing allocations for Market Harborough on land adjoining Airfield Farm.

Legally Compliant?: Yes

Full Reference: O - 5383 - 3938 - H1 Provision of new housing, H1 clause 2 MH - i, ii, iii

5982 Object
Respondent: Mrs N Stanley [1279]
Agent: N/A

Summary: With the commitment of 1500 houses already on the Airfield Farm site, another 1140 in Market Harborough itself will overpower the town with infrastructure such as roads becoming unsustainable. Areas such as the roundabout at Aldi/Lidl is gridlocked and it can take a lot of time to travel through the town. The town doesn't have the capacity to increase road space and due to the location of these sites residents will be reliant on cars. The Airfield Farm site will end up linking with Alvington Way to avoid the town, increasing traffic on this road.

Change To Plan: Level of proposed development should be addressed especially in the periferal locations unless it can be shown that it will not effect the road capacity.

Legally Compliant?: Yes

6003 Object
Respondent: Market Harborough & the Bowdens Charity [6192]
Agent: Godfrey-Payton (Jim Jacobs) [3809]

Summary: For reasons set out in separate representations, there is a short term need for additional housing allocations, consequently further consideration should be given to making allocations for housing on two sites owned by my clients. Such an allocation would help to meet the inevitable short term shortfall in housing release whilst also benefitting the wider community via the work of the land owning charity.

1. Approximately 0.33ha of land at the head of Stevens Street.
2. Paddock land extending to 1.33ha immediately to the north of the proposed Airfield Farm access bridge off Leicester Road.

Change To Plan: The identified lands should be allocated for future residential development.

Legally Compliant?: Yes

Full Reference: O - 6003 - 6192 - H1 Provision of new housing, H1 clause 2 MH - i, ii, iii

6005 Object
Respondent: Market Harborough & the Bowdens Charity [6192]
Agent: Godfrey-Payton (Jim Jacobs) [3809]

Summary: The draft plan is defective in that it does not address the future pattern of land use and development of the very prominent and strategically important lands at the town's main northern gateway. This is all that loop of land to the east of the Grand Union Canal, and west of the Leicester Road. Clearly there is potential to coordinate a pattern of uses on these mainly Brownfield lands that enhance the entrance to the town and at the same time results in all the land being put to high value beneficial uses.

Change To Plan: This land should be designated as a strategic development area with a presumption in favour of development and/or redevelopment with a range of commercial, leisure and residential uses.

Legally Compliant?: Yes

Full Reference: O - 6005 - 6192 - H1 Provision of new housing, H1 clause 2 MH - i, ii, iii
6047 Object

Respondent: Messrs Bufton [6195]  
Agent: Godfrey-Payton (Jim Jacobs) [3809]

Summary: For reasons set out in separate representations, there is a short term need for additional housing allocations, consequently further consideration should be given to making an allocation for housing on land owned by my client at Leicester Lane, Great Bowden. The land in question extends to approximately 1ha, is "brownfield" being in use at present as a commercial sawmill, and is situated between the existing developed edge of the village and the recently consented Gladman site immediately to the west.

My client is on the point of entering into an agreement with a national developer.

Change To Plan: Include the land as shown on the attached as being within an area for future residential development.

Legally Compliant?: Yes

Full Reference: 0 - 6047 - 6195 - H1 Provision of new housing, H1 clause 2 MH - i, ii, iii

6606 Object

Respondent: Mr & Mrs M Banks [1335]  
Agent: N/A

Summary: We attended MH exhibition but despite detailed layouts for more saturation housing, which clearly we don't need, nothing mentioned about improving infrastructure and surrounding roads. Such development is not sustainable. The town can barely cope now, without thousands more cars in the area with nowhere to park. People will shop elsewhere as a result and stores will close. We urge that no more houses are built in the town and surrounding villages until some sanity is brought to the planning process and developers really contribute to improving surrounding roads and infrastructure etc and the council find a new parking site.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: 0 - 6606 - 1335 - H1 Provision of new housing, H1 clause 2 MH - None

7340 Object

Respondent: Castlerow Property Investments Ltd [6458]  
Agent: Freeths LLP (Mr Mark Pickrell) [6393]

Summary: Site allocations are based on an inaccurate assessment in the Sustainability Appraisal and the housing trajectory is based on sites which are fundamentally flawed or which have been delayed. Additional sites are required which are deliverable in the short term, land at Clack Hill (A/MH/HSG/50) is such a site. See full text.

Change To Plan: Land at Clack Hill should be reassessed in light of a recent transport statement which shows that access is achievable and supporting documents which demonstrate that the site is deliverable. Additional sites which are deliverable within the next 5 years are required to ensure a 5 year land supply.

7500 Object

Respondent: Jelson Homes Limited [3965]  
Agent: N/A

Summary: If MH1 and MH2 deliver fewer dwellings than allocated, as per their dwelling capacity identified in the SHLAA 2016, this would result in a shortfall of 155 homes across sites allocated for residential development in Market Harborough. This, coupled with the 100 dwellings needed to meet the full requirement of 1,140dw in Market Harborough, would result in an overall shortfall of 255 homes (a quarter of the total).

To address this shortfall, Jelson encourage the Council to consider allocating its site the north of Market Harborough for residential development. Further detail, a location plan and an appraisal of the sites merits is provided in Section 5 of the full representation.

Change To Plan: We encourage the Council to allocate an additional site for residential development in Market Harborough within the draft HLP.

A site to the north of Market Harborough, in Jelson's ownership, with capacity to deliver 353dw is proposed for allocation.

H1 Provision of new housing, H1 clause 2 MH, H1 2c Burnmill Farm

5422 Object

Respondent: Mr Michael Major [4083]
Agent: N/A

Summary: Land off Burnmill Road - The land identified for housing is prima agricultural land and should be retained for that purpose. Other land is available for development which is less harmful to the environment e.g. near the old airfield.

Change To Plan: The Local Plan showing the land off Burnmill Road should amended to show it remaining as agricultural land.

Legally Compliant?: Yes

Full Reference: O - 5422 - 4083 - H1 Provision of new housing, H1 clause 2 MH, H1 2c Burnmill Farm - None

5737 Object

Respondent: Mrs Claire Sist [6092]
Agent: N/A

Summary: This development will severely damage an important wildlife corridor for deer, foxes, hedgehogs, fieldmice, voles, owls and raptors moving between Harborough and Bowden. It should not be located here. If it must be located here, then the small forest must be retained or reinstated nearby, access must be via the current farm access road, widened up to the reservoir (there is space), with passing spaces and pavements, but with the hedgerows and trees reinstated nearby to preserve the wildlife corridor. Access cannot be via Kingston Way and Bates Close: this will cause unacceptable gridlock, congestion and risk to pedestrians.

Change To Plan: It would be best if the development were not located here. If it must be located here, then the small forest must be retained or reinstated nearby, access must be via the current farm access road, widened up to the reservoir (there is space), with passing spaces and pavements, but with the hedgerows and trees reinstated nearby to preserve the wildlife corridor.

Legally Compliant?: No

5760 Object

Respondent: Mrs Sarah Tandy [6115]
Agent: N/A

Summary: Poor access

Change To Plan: In particular an alternative access needs to be found, the farm is currently accessed by a track from the top of Burnmill Road, can this not be widened and then the development could be kept separate from the existing roads.

Legally Compliant?: Yes

Full Reference: O - 5760 - 6115 - H1 Provision of new housing, H1 clause 2 MH, H1 2c Burnmill Farm - i

5870 Object

Respondent: Mr Paul Henry [6165]
Agent: N/A

Summary: The Harborough local plan is also being developed for a requirement for circa 12,800 dwellings. The site MH3 which is subject to this proposal seeks to have a maximum of 90 dwellings it is surplus to the overarching aims of the plan and therefore not justified given it position and restrictions to local access. The development plan document, on which the public have been consulted, already identifies other more suitable sites which have more ready access and which will provide the extra housing stock required in order meet the quota of the required extra 4660 houses.

Change To Plan: Remove the requirement for the proposed development at MH3 which is surplus to requirements.

Legally Compliant?: No

Full Reference: O - 5870 - 6165 - H1 Provision of new housing, H1 clause 2 MH, H1 2c Burnmill Farm - i, ii

5985 Object

Respondent: Mrs N Stanley [1279]
Agent: N/A

Summary: Given the peripheral location of their site, the density is too high. The local plan states the Alvington Way has the capacity for additional vehicles but does this take into account the increase in traffic once the Airfield Farm develop is completed. Airfield Farm/Alvington Way will become "ring road to avoid the town". Alvington Way was designed as access to residents only not a rat run as it has now become. Is it necessary to use this site given the already committed development at the Airfield Farm site.

Change To Plan: The development of the Airfield Farm site should be considered in relation to development of Alvington Way in particular the increase in traffic through Alvington Way.

CHAPTER: Part B Key Topics

5345 **Object**

**Respondent:** Mr Stephen Keogh [5727]

**Agent:** N/A

**Summary:** The traffic on the Leicester Road in this area is already congested and this proposed road will be next to some prestige houses that have been built. It is already very difficult to pull out onto the Leicester road without anymore traffic flow being added to it. Why when you have got other housing options would you build a bridge which will cost tens of millions of pounds. At the moment Lutterworth has one of the worst air pollution problems in the UK. More traffic, more pollution

**Change To Plan:** Build some where where you have not got to build a multi million pound bridge to add to an already overburdened Leicester Road / Bill Crane way.
Where you will have to bring Gas / Electric / water services across the M1
Move electric pylons.

**Legally Compliant?:** No

**Full Reference:** O - 5345 - 5727 - H1 Provision of new housing, H1 clause 3 Lutterworth SDA - ii

5355 **Object**

**Respondent:** Mr Gerard Growney [5881]

**Agent:** N/A

**Summary:** Lutterworth is already meeting its social obligations with 4 (or more) new housing developments in the year 2016 - 2017 alone. The idea to build a 1500+ dwelling development to the East of the M1 will destroy the local existing Lutterworth community and identity. It will saturate the existing local resources and compromise the ability of the local schools to deliver their mandate of high quality education. It will turn a Market Town with some identity into an urban sprawl, diluted from any persona and will reduce the quality of living of the existing residents.

**Change To Plan:** Instead of Lutterworth East, an adjunct to Lutterworth, why not look to build a whole new town with its own identity. There is plenty of Green space in the district. Or even change the plans for the extension of Manga Park (which is absolutely not required at all) and look to build on that targeted land.

**Legally Compliant?:** No

**Full Reference:** O - 5355 - 5881 - H1 Provision of new housing, H1 clause 3 Lutterworth SDA - i, ii, iv

5675 **Object**

**Respondent:** Mr Anthony Brookes [5991]

**Agent:** N/A

**Summary:** My objection relates to the complete lack of provision for road infrastructure to support this building and the impact on Lutterworth, not the principle of build itself. A “spine road” is muted, which if like Brookfield Way, is completely inadequate. A Bypass of Lutterworth is required from the proposed bridge over the m1 north of Lutterworth to jct 20 of the M1 running adjacent to the motorway. Normal estate roads can feed off this road. Equally there needs to be a weight limit on the Town centre to reduce pollution, and direct traffic to the new road

**Change To Plan:** Details of required infrastructure for Roads, but also policing, schools and other amenities.

**Legally Compliant?:** No

**Full Reference:** O - 5675 - 5991 - H1 Provision of new housing, H1 clause 3 Lutterworth SDA - iii

5855 **Object**

**Respondent:** Mrs Gillian Groom [6152]

**Agent:** N/A

**Summary:** The road infrastructure south of Lutterworth on the A426 cannot cope with the existing traffic levels. Since the changes to the A14 junction this is the main route from M1 south to M6 North. This is congested every day and if there are any incidents on the M1 south of junction 20, (at least 2-3 incidents every week) this road becomes gridlocked. This also results in the village of Shawell being used as a relief road for cars. Shawell has already sent representations to Harborough district and Leics CC re the problems this is causing.

**Change To Plan:** Until there is a plan to address this there should be no further building in Lutterworth and any of the surrounding communities that need to travel via Lutterworth and the A426.

**Legally Compliant?:** Yes

**Full Reference:** O - 5855 - 6152 - H1 Provision of new housing, H1 clause 3 Lutterworth SDA - iv
Object 6650

Respondent: Mr Alberto Costa MP [6053]
Agent: N/A

Summary: I have been closely following the plans for the large-scale development known locally as 'Lutterworth East' for some time. I acknowledge that while these plans have not yet been finalized, they are nevertheless a source of some concern for my constituents. Given that these are 'embryonic' plans, I am unable to commit fully until I see further detailed plans.

Change To Plan: Not Specified

Full Reference: O - 6650 - 6053 - H1 Provision of new housing, H1 clause 3 Lutterworth SDA - None

Object 6673

Respondent: Rugby Borough Council (Mr Martin Needham) [6402]
Agent: N/A

Summary: The Jacobs Preliminary Impact Assessment 2016 appears to exclude areas outside of Leicestershire, even though there are main routes adjoining or crossing into neighbouring counties (in Rugby Borough's case the A5 and A426, near to Magna Park and Lutterworth proposals), and analysis is not apparent in other documents. Query whether sufficient consultation has taken place with Warwickshire County Council Highways Authority to ensure the local plan's implications on cross-county matters have been taken into account.

It should be considered how the proposals for growth in Rugby Borough's proposed Local Plan (currently being examined by the Planning Inspectorate) have been taken into account. Further consultation with Warwickshire County Council is encouraged.

Change To Plan: Not Specified

Full Reference: O - 6673 - 6402 - H1 Provision of new housing, H1 clause 3 Lutterworth SDA - None

Object 7164

Respondent: Mrs Elaine Chapman [6416]
Agent: N/A

Summary: In principal I support the development of housing—we need more housing to meet demand. However I do have concerns regarding the scale of this development and the fact that the infrastructure might not be upgraded at the same pace as housing is created. Lutterworth does need investment into its infrastructure, the towns roads are at capacity at many time of the day and other services such as the GP surgery are only just fit for current purpose. Any development that takes place in and around Lutterworth must be supported by an equal investment into services.

Change To Plan: A development of this scale MUST be supported by an equal commitment to developing services that will be put under greater pressure due to the housing development.

Legally Compliant?: Yes

Full Reference: O - 7164 - 6416 - H1 Provision of new housing, H1 clause 3 Lutterworth SDA - None
CHAPTER: Part B Key Topics
H1 Provision of new housing, H1 clause 4 Fleckney

5367 Object
Respondent: Persimmon Homes (South Midlands) Ltd [5909] Agent: Pegasus Group (Mr Neil Tiley) [5908]

Summary: The distribution of growth across the district and particularly to Fleckney is not justified and fundamentally undermines the soundness of the Local Plan, the achievability of the Vision of the Local Plan, and is contrary to the NPPF.

See full text and attachment.

Change To Plan: The housing numbers for Fleckney, which provides one of the most sustainable settlements in the district and the most sustainable Rural Centre, need to be increased to provide for growth which is at least consistent with the less sustainable Rural Centres of Great Glen and The Kibworths. This would necessitate a requirement in excess of the 474 homes planned at Great Glen and in excess of the 519 homes planned at The Kibworths.

Legally Compliant?: Yes

Full Reference: O - 5367 - 5909 - H1 Provision of new housing, H1 clause 4 Fleckney - i, ii, iii, iv

6396 Object
Respondent: Catesby Property Group (Mr Edward Barrett) [5772] Agent: N/A

Summary: Currently the Harborough Local Plan is considered unsound because it fails to identify sufficient allocations to ensure that the full objectively assessed housing need for District is met. At present, too much of the District's residual housing requirement is proposed to be delivered on non-allocated sites or sites to be allocated in Neighbourhood Plans. Relying on these mechanisms to deliver a significant proportion of the District's housing requirement provides no guarantee that the Local Plan will deliver the District's identified housing need.

Change To Plan: In order to make the Plan sound, it is considered that Policies SS1 and H1 should be modified to identify additional residential allocations in Fleckney. This modification is necessary to increase the percentage of the District's residual housing requirement which will be delivered on allocated sites. At present, over half (56%) of Fleckney's minimum housing requirement is proposed to be delivered on sites allocated in a Neighbourhood Plan. In order to provide the greatest certainty that the minimum housing requirement for the settlement will be delivered, it is considered that an additional allocation on land south of Kilby Road, Fleckney should be identified. Any forthcoming Neighbourhood Plan would then have the opportunity to identify additional allocations over and above the minimum requirement.

In order to make the Plan sound, Policy F1 should be amended to allocate land south of Kilby Road, Fleckney for 150 homes. The site is situated to the west of Fleckney, accessed from Priest Meadow. It has capacity for 150 dwellings. The site is well located for local services and facilities in Fleckney village centre and was judged to be deliverable over 0 to 5 years in the SHLAA. The SHLAA identified the location as suitable to contribute to the housing requirement in Fleckney.

Accompanying these representations is a Vision Framework for the proposed residential allocation on land south of Kilby Road, Fleckney. A separate Location Plan for the site is also enclosed. The enclosed Vision Framework demonstrates that the 7 hectare site is deliverable and capable of appropriately accommodating up to 150 dwellings.

Legally Compliant?: Yes

7605 Object
Respondent: Bidwells (Mr Robert Love) [4663] Agent: N/A

Summary: Whilst Policy H1 identifies provision for a minimum of 295 dwellings at Fleckney, only provision for 130 dwellings at 'land at Arnesby Road' has been identified within the policy. Policy H1 it does not fully identify where provision for all of the 295 dwellings will be allocated at Fleckney. For Policy H1 to allocate this level of housing for Fleckney, we consider that both Policy H1 and the Policies Map should identify where this housing provision is to be delivered by specifying it within the policy text and identifying its location as a housing allocation in the Policies Map.

Change To Plan: Ensure the housing requirements meet the FOAN for the market area and other objectives of the contingency identified above including providing for potential unmet housing need from Leicester City Council and Oadby and Wigston Borough Council, lack of delivery from housing allocations and permitted sites and changing economic circumstances; identify the site off Longgrey, Fleckney as a housing allocation.

CHAPTER: Part B Key Topics
H1 Provision of new housing, H1 clause 4 Fleckney, H1 clause 4a - Arnesby Rd Fleckney

5653 Object
Respondent: Mrs Emma Andrew [4997]  
Agent: N/A  
Summary: Main Street at the end nearest the village, then almost to the Fleckney sign is subject to residents parking on one side of the road. Given the twisty nature of the road, poor visibility and narrow footpaths, it is unsuitable for the extra traffic associated with such a large development. This road is unsafe and impractical. The existing residents along the road have no space for alternative parking.

Change To Plan: Much too big an allocation of new homes for this road. With the David Wilson development already earmarked to go ahead are these many houses really needed?
Legally Compliant?: Yes

Full Reference: O - 5653 - 4997 - H1 Provision of new housing, H1 clause 4 Fleckney, H1 clause 4a - Arnesby Rd Fleckney - None

6070 Object
Respondent: Shire Homes [6203]  
Agent: Landmark Planning Ltd (Lance Wiggins) [3798]  
Summary: Notwithstanding my clients support for the overall target of 295 dwellings for Fleckney, the allocation of land at Arnesby Road for 130 dwellings (a significant proportion of the overall quantum of development in the village) without reference to the emerging Neighbourhood Plan risks full consideration of the views of the Parish Council who are preparing the Plan not taking place. It is understood that my clients site at High Street is favoured for allocation in the NP - this would potentially cause confusion if different sites were allocated in different documents.

Change To Plan: Modify the Plan to allow the choice of allocated in Fleckney to be made by the Parish Council as part of the preparation of the Neighbourhood Plan or alternatively, allocate both sites at Arnesby Road and High Street

5793 Support
Respondent: FLECKNEY Parish Council (Mr J Flower) [2626]  
Agent: N/A  
Summary: That the allocation of development sites is made through the neighbourhood planning process rather than the Local Plan.

Change To Plan:  
Legally Compliant?: Not Specified

Full Reference: S - 5793 - 2626 - H1 Provision of new housing, H1 clause 4 Fleckney, H1 clause 4a - Arnesby Rd Fleckney - None
We consider that Great Glen has the capacity to accommodate a greater quantum of development than the 35 dwelling minimum requirement proposed. Great Glen has a wide range of key services and facilities, including a GP, a Primary School, Leicester Grammar School, a Convenience Store and a Post Office. The village also benefits from good connectivity to higher order settlements such as Leicester, Oadby and Market Harborough and the services and employment opportunities available in these settlements. It is an attractive settlement where people want to live.

Change To Plan:

- We consider that Great Glen has the capacity to accommodate a greater quantum of development than the 35 dwelling minimum requirement proposed.

- We propose the formal allocation of Land off London Road, Great Glen as a strategic residential development. The site has capacity for c.150 dwellings which will assist to meet both the District’s needs and any unmet needs arising from Oadby and Wigston Borough or Leicester City.

Legally Compliant?: Not Specified

Full Reference: O - 6987 - 6455 - H1 Provision of new housing, H1 clause 5b - Great Glen - None

---

This representation identifies that whilst the general development strategy is supported, modifications need to be made to the Council’s housing delivery strategy to ensure the proposed housing numbers are met and can accommodate any unmet need. The reliance on strategic allocations and the willingness of neighbourhood plans to allocate sites is an over presumptuous strategy to meet the required housing numbers.

Land to the north of Oaks Road (northern parcel), Great Glen offers a suitable development opportunity to meet any future increase in housing numbers and redistribution of housing growth across the Harborough District Plan Period.

Change To Plan:

- Increase housing target figure for Great Glen and allocate land to the north of Oaks Road (northern parcel) for housing

Legally Compliant?: Not Specified

Full Reference: O - 7367 - 3959 - H1 Provision of new housing, H1 clause 5b - Great Glen - i, ii, iii, iv

---

Modifications need to be made to the Council’s housing delivery strategy to ensure the proposed housing numbers are met and can accommodate the likely increase of the housing need of neighboring authorities. Land to the north of Oaks Road (northern parcel), Great Glen offers a suitable development opportunity to meet any future increase in housing numbers and redistribution of housing growth. The proposed site is deliverable in that is it available now, situated in a sustainable location and achievable in terms of delivering new housing within the next five years.

Respondent: The Cooperative Estates (Richard Lomas) [3906]  
Agent: N/A
Summary: Policy H1 should identify suitable allocations within each settlement, sufficient to deliver the minimum housing requirement identified in the Local Plan. This would not prevent subsequent Neighbourhood Plans making additional allocations, which are in general conformity with the Local Plan.

Additionally, land at Stretton Lane in Houghton on the Hill should be allocated for up to 36 dwellings. The suitability and deliverability of this site is supported by the Local Plan evidence base.

Change To Plan: The Local Plan should identify sufficient allocations to deliver the 790 dwellings (minimum) anticipated to arise from Neighbourhood Plan allocations. These should include 36 dwellings at Stretton Lane, Houghton on the Hill.

Legally Compliant?: Yes

5356 Object
Respondent: Mr Gerard Growney [5881]  
Agent: N/A
Summary: Bitteswell, as with Lutterworth is already meeting its social obligations with 4 (or more) new housing developments in area in the year 2016 - 2017 alone. The idea to build a dwelling development to the East of the M1 will destroy the local existing Lutterworth/Bitteswell community and identity. It will saturate the existing local resources and compromise the ability of the local schools to deliver their mandate of high quality education. It will turn a village with some identity into an urban sprawl, diluted from any persona and will reduce the quality of living of the existing residents.

Change To Plan: why not look to build a whole new town with its own identity. There is plenty of Green space in the district. Or even change the plans for the extension of Manga Park (which is absolutely not required at all) and look to build on that targeted land.

Legally Compliant?: No
Full Reference: O - 5356 - 5881 - H1 Provision of new housing, H1 clause 6a - Bitteswell - i

7167 Support
Respondent: Alpha Investments [6478]  
Agent: Marrons Solicitors (Mr Matthew Roe) [4620]
Summary: Policy H1 identifies minimum housing requirements for the Selected Rural Villages, including Bitteswell (a minimum of 30). The fact that these are expressed as minimum requirements is supported as it incorporates a degree of flexibility into the policy. Marrons Planning does have concerns that the housing trajectory at Appendix G would not ensure a 5 year housing land supply on adoption and thinks this should be addressed by the Local Plan prior to submission to the Secretary of State.

Change To Plan:

Legally Compliant?: Not Specified
Full Reference: S - 7167 - 6478 - H1 Provision of new housing, H1 clause 6a - Bitteswell - None
Object: EAST LANGTON and CHURCH LANGTON Parish Council (Alison Gibson) [2624]

Summary: East Langton Parish is classed as a Selected Rural Village, one of only three settlements where two villages have been grouped together as a result of walking distances to Church Langton Primary School.

The impact is to increase the housing requirement for the Parish to 30, and East Langton which would otherwise be treated as an unsustainable location for housing is required to take a significant number (although the Local Plan doesn't distinguish between villages in terms of location for housing so it could therefore increase the requirement for Church Langton if no suitable East Langton sites come forward.).

Change To Plan: The villages of Church Langton and East Langton should not be grouped together

5518  **Object**

**Response:** Mr Neville Karai [6022]  

**Summary:** Speeding Traffic  
Congestion  
Pedestrian Safety  
Pollution, Noise and lack of sustainable facilities to support new development  

**Change To Plan:** By pass roads and limited access  

**Legally Compliant?** No  

**Full Reference:** O - 5518 - 6022 - H1 Provision of new housing, H1 clause 6c - The Claybrookes - ii

---

5550  **Object**

**Response:** Mrs Maria Lockley [5818]  

**Summary:** The Claybrookes are big enough already and far too big for local amenities, which have dwindled as the community has grown. The doctors' surgery and primary school are full to bursting. Traffic speeding through the villages is horrendous and the quality of village life seriously eroded.  

There is no evidence at all of any demand for more housing here. Through its own ineptitude, HDC has itself in a mess over housing allocations and is trying to stick new homes anywhere and everywhere it can. Also to legitimize schemes passed already which contravene the existing plan.  

**Change To Plan:** Scrap the new Plan in its entirety. In any case, it is merely a sham. HDC is working outside the existing Plan now, so why should anyone believe they will abide by any other.?  

**Legally Compliant?** No  

**Full Reference:** O - 5550 - 5818 - H1 Provision of new housing, H1 clause 6c - The Claybrookes - i, ii, iii

---

5597  **Object**

**Response:** Mr Neil Blackhall [5817]  

**Summary:** 50 new houses at The Claybrookes  
1. would require development on green field land having a detrimental impact on the rural landscape  
2. Would reduce the green wedge between Claybrooke Parva and Claybrooke Magna destroying the individual heritage of these settlements which date back to Anglo-Saxon times  
3. Would increase pressure on Claybrooke School where there is already a significant issue with parking outside (and consequent reduction in usable road width) on a dangerous bend in Main Road, Claybrooke Parva  

**Change To Plan:** The maximum number of new houses in The Claybrookes should be 10 so that it can be achieved by infill and have minimal overall impact.  

I believe that the plan is not JUSTIFIED as the houses could be built elsewhere.  

**Legally Compliant?** Yes  

**Full Reference:** O - 5597 - 5817 - H1 Provision of new housing, H1 clause 6c - The Claybrookes - ii
5600 Object
Summary:
1. would require development on green field land, having a detrimental impact on the rural landscape
2. Would reduce the green wedge between Claybrooke Parva and Claybrooke Magna destroying the individual heritage of these settlements which date back to Anglo-Saxon times
3. Would increase pressure on Claybrooke School where there is already a significant issue with dangerous parking outside on a sharp bend in Main Road, Claybrooke Parva which makes driving through the area hazardous.
4. There are already long queues to get onto the A5 at Woodway Lane (from Parva) and High Cross in a morning

Change To Plan:
The maximum number of new houses should be capped at 10 to avoid having a material impact on the villages and rural environment.

Legally Compliant?: Yes

5603 Object
Respondent: Mrs Linda Hollingworth [6035]
Agent: N/A
Summary:
Claybrooke Magna should not have been registered as SRV. The council changed the goalposts to be able to include the village as SRV after the residents had proved it did not meet the original requirements for SRV status. Therefore, object to further housing development in Claybrooke Magna.
Infrastructure, lack of local services including schools doctors, etc. not sustainable if increase in housing. Congested parking on dangerous road bends by school dangerous for all.

Change To Plan:
Remove SRV status from Claybrooke Magna

Legally Compliant?: No

Full Reference:
Full Reference: O - 5603 - 6035 - H1 Provision of new housing, H1 clause 6c - The Claybrookes - ii

5655 Object
Respondent: Mr Alan Pettifer [6091]
Agent: N/A
Summary:
Both Claybrookes should remain independent. These are little rural villages and people live here because of that reason. They cannot sustain extra housing, which brings with it extra traffic. There are no shops, 1 pub and an oversubscribed school. The cars parked around the school in the morning and evening is horrendous and very dangerous as they are parked all over the pavement. There is also a very limited bus service. People live in villages to look at countryside not houses and traffic.

Change To Plan:
The villages should remain villages and not turned into towns just to satisfy local councils who live too far away to care.

Legally Compliant?: No

Full Reference:
Full Reference: O - 5655 - 6091 - H1 Provision of new housing, H1 clause 6c - The Claybrookes - i

5657 Object
Respondent: Mr Rob Harrop [6085]
Agent: N/A
Summary:
Claybrooke Parva and Claybrooke Magna do not meet the criteria for an SRV.

The school in Parva will soon be at capacity with the already approved planning consent.

Significant health and safety issues outside of the school already without increasing congestion.

Change To Plan:
Remove SRV status.

Plan improvements to street lighting between the villages of Magna and Parva.

Plan for better enforcement of speed limits in the two villages.

Legally Compliant?: No

Full Reference:
Full Reference: O - 5657 - 6085 - H1 Provision of new housing, H1 clause 6c - The Claybrookes - i
There is no such village as "the Claybrookes". There are two villages with separate Parish Councils. Claybrooke Magna has one public house. Claybrooke Parva has a church and a small primary school. There is green space between the villages. Therefore the planning rules which should apply to each village is for small developments of up to 6 houses in either village. The Harborough Local Plan has already broken planning rules by allowing a development of 38 houses in Claybrooke Magna, this permission should be revoked as the change of status has not been consulted on.

Change To Plan: Current regulations should be followed for all villages, not ignored in convenient cases.

Legally Compliant?: No

---

Object 5789

Respondent: Mrs SM Eales [6125]
Agent: N/A

Summary:
1. Already building approx 40 house on a new development in Claybrooke Parva
2. There is no provision for schools - Parking around the school is already dangerous mornings and afternoons
3. No provisions for doctors surgery-
4. Secondary schools are also full

Change To Plan: Build on brownfields site

Legally Compliant?: No

---

Object 5794

Respondent: Claybrooke Parva Parish Council (mr ian robertson) [6117]
Agent: N/A

Summary:
The school in Parva will soon be at capacity with the already approved planning consent.

Significant health and safety issues outside of the school already without increasing congestion.

Change To Plan: Plan improvements to street lighting between the villages of Magna and Parva.
Plan for better enforcement of speed limits in the two villages.

Legally Compliant?: No

---

Object 5804

Respondent: John Eales [6129]
Agent: N/A

Summary: We should use more brown fields sites Village is already full -- schools doctors etc- We may need our farmland in the future to grow crops

Change To Plan: Cannot sell the houses built in Ullesthorpe All new properties should be built on Brown fields sites where possible. IN future we will need all the farmland to sustain the growing population

Legally Compliant?: No

---

Object 5983

Respondent: Mr J R Deacon [5980]
Agent: N/A

Summary: HDC in giving the Claybrookes SRV status did not follow due process. There is no policy documents to support their reasons for allocating this status. When representations were made by the PC to HDC on the reasons (rules) used by HDC, HDC changed the reasons (rules) to support the status. These rules were not used elsewhere in the district. A flagrant breach of democracy.

Change To Plan: Remove the SRV status on the Claybrookes.

Legally Compliant?: No

---
6022 Object

Respondent: Mr Richard Lockley [6161]

Summary: I object to this proposal.

Local services are already under pressure and are at full or near full capacity.

Over forty new houses are already being built or planned in Claybrooke Magna for which there will be insufficient capacity to cope.

Volume and speed of traffic is a constant problem particularly at school times.

Parking by parents at the school is unacceptable and dangerous for motorists and pedestrians alike, especially children.

The Claybrookes are individual historic villages with their own characters, not commuter towns!

Change To Plan: If additional houses are really necessary they should be allocated to existing commuter towns and not by allocating them to and spoiling villages that are unable to sustain such development.

Legally Compliant?: No

Full Reference: O - 6022 - 6161 - H1 Provision of new housing, H1 clause 6c - The Claybrookes - iii

6156 Object

Respondent: Mr Neil Ridley [5231]

Summary: This area currently has very limited amenities and would be unable to sustain such development. Claybrooke School is already struggling to cope with the current demand and would not be able to cope. There are not the employment opportunities in the area to sustain the development. Therefore this would become a dormitory settlement with inhabitants commuting out of the area, increasing traffic and lowering air quality. The local roads are not suitable to cope with this level of increase, particularly connections with the A5, with both Woodway Lane and High Cross.

Change To Plan: Delete this option from the plan

Legally Compliant?: No

6170 Object

Respondent: Mrs Valerie Deacon [6122]

Summary: Why is it that the two separate villages of Parva and Magna have been amalgamated for the purposes of housing developments? This has not happened in other areas of the District, e.g. The Langtons. Harborough District Council appear to make up the rules to fit their plans, not based on documentary evidence.

In addition there are severe parking problems around Claybrooke School, which have the potential to cause a death or injury to someone. Further housing can only increase this danger.

Change To Plan: Removal of SRV status to the Claybrookes.

Legally Compliant?: No

Full Reference: O - 6170 - 6122 - H1 Provision of new housing, H1 clause 6c - The Claybrookes - i, ii, iii, iv

6327 Object

Respondent: S Craven [6233]

Summary: Development of either Claybrooke Magna or Parva would be totally unacceptable due to the lack of facilities, the school doesn't have much room and with parents parking along the main street is an accident waiting to happen.

With the existing developments going ahead we are already seeing the roads breaking up due to the increased traffic of trucks, and we have seen no investment in the local services that should be provided by the section 106 payment as it seems to go 'elsewhere' within the district.

Increased noise, pollution and traffic will all have an impact on the villages.

Change To Plan: We should be seeking to develop brown field sites and insisting that any new builds ease the burden on services such at water and electricity, there simply is no excuse for ALL new buildings to have solar panels and rain water harvesting. We have a duty to reduce the burden on the planets resources.

Legally Compliant?: No

Full Reference: O - 6327 - 6233 - H1 Provision of new housing, H1 clause 6c - The Claybrookes - iv
6382 **Object**

**Respondent:** Mr Rob Harrop [6085]

**Agent:** N/A

**Summary:** Claybrooke Parva and Claybrooke Magna are two separate and independent villages with their own parish councils and distinct identity. Residents of Parva do not wish to be part of a collective that will change the unique nature of their village. Neither have the facilities to meet the criteria for an SRV.

**Change To Plan:** Remove the SRV status

**Legally Compliant?** No

**Full Reference:** O - 6382 - 6085 - H1 Provision of new housing, H1 clause 6c - The Claybrookes - i, ii, iii, iv

---

6385 **Object**

**Respondent:** Mrs Carole Allen [6291]

**Agent:** N/A

**Summary:** Claybrooke Parva and Claybrooke Magna do not meet the criteria for an SRV.

Claybrooke Parva school will soon be reaching capacity, there is already planning consent granted in Claybrooke Magna that is likely to fill any remaining vacancies.

Parking around the school at peak times is hazardous and a significant health and safety concern with vehicles unable to see the congestion around the bend in the road.

There are no shops in the villages and no Dr's surgery the nearest one being in Ullesthorpe that is already at breaking point.

**Change To Plan:** Introduce Parking restrictions around school

Provide Dr's surgery and shop.

**Legally Compliant?** No

**Full Reference:** O - 6385 - 6291 - H1 Provision of new housing, H1 clause 6c - The Claybrookes - i, ii, iii, iv

---

6444 **Object**

**Respondent:** Mrs Nicola Long [6300]

**Agent:** N/A

**Summary:** The village has NO local services and by building more houses pressure will be put on the already full to capacity primary school. Parking outside of the school is dangerous now with vehicles on both sides of the road on a blind bend.

Traffic is already very severe through the village. 50 more houses will mean traffic will increase dramatically. It is already a dangerous road to walk along through the village to school and as a dog walker I see Vehicles travelling far too fast through the village using it as a cut through from the A5.

**Change To Plan:** Do not build any more housing developments in the village, one is more than enough and will put increased pressure on the school and lead to increased traffic. There are no local services in Claybrooke Magna.

---

Object

**Respondent:** Mr John Martin [5974]  
**Agent:** N/A

**Summary:** The plan to further expand Lubenham that currently has no shop, no post office and no facilities other than those provided by independent charities is flawed. The numbers proposed remain unclear bearing in mind the current level of houses being built, recently built (since 2011 the start of the plan period) or expected to be allowed. The position of Lubenham as sustainable is questionable and a review of its current facilities should be made every five years. An absolute number of houses to be built within the village should be stated and how progress towards this target is being made.

**Legally Compliant?:** Yes

**Full Reference:** O - 5952 - 5974 - H1 Provision of new housing, H1 clause 6i - Lubenham - i

---

Object

**Respondent:** LUBENHAM Parish Council (Kal Budwell) [2655]  
**Agent:** N/A

**Summary:** Sites for more than this number of dwellings have been allocated through the Lubenham NDP. Chapter is misleading on allocating housing numbers and allocations already identified through Neighbourhood Plans and other completions. We are told that figures are calculated on population size. Lubenham is a Parish of 4 settlements yet development is not supported in 3 parts of the Parish. Therefore Lubenham Village grows disproportionately as outlying settlements are not considered sustainable. Lubenham has also provided for over 1,000 dwellings through the Airfield Farm development in the Parish.

**Change To Plan:** Provide details of the formula used to identify numbers for selected rural villages and make it clear that in some cases sites are already designated through Neighbourhood Plans. Demonstrate that the policy is justified.

**Legally Compliant?:** Yes

5.1 H1 Explanation, 5.1.4 to 5.1.7 Explanation

6619 Object

Summary: Increase in housing due to Magna Park Expansion, of an additional 25dpa, appears to explicitly disregard the advice of GL Hearn in relation to Table 89 (used for arriving at the OAN of 532dpa for Harborough). "The conclusions recognise that there is no need to adjust upwards the assessed need to support economic growth when the demographic and economic-led projections are compared with one another at the HMA level, and that economic growth in individual authorities could therefore be supported by agreeing an alternative distribution of housing provision through the Duty to Cooperate."

6646 Object

Summary: Important detail of employment/logistic provision and the correlation thereof was omitted from HEDNA until very late in the process.
The Magna Park Employment Growth Sensitivity Study was a late add on, not available until July 2017, and has not been objectively assessed, scrutinised. The scenarios used disregard all previous evidence, consultation results and a democratic members decision.
To raise self-containment to 25% in an area of low unemployment without effective policies and no means of enforcement seems unachievable.

6678 Object

Summary: The August 2017 Magna Park Employment Growth Sensitivity Study is welcome, although it's queried whether the position of the other HMA authorities on employment and unmet housing need has been agreed between appropriate authorities and if the Duty to Co-operate has been satisfied.

It is acknowledged that the expansion of Magna Park will result in an increase to the overall housing requirement from 532 to 557dpa to align the housing with the employment growth and that this will also meet some unmet need from elsewhere in the HMA. However, the position and extent of unmet housing need across the HMA is not clear.

7439 Object

Summary: An adjustment of +25 dwellings per annum is in itself modest and unlikely to achieve Objective 2 of the Local Plan.
The figure of 11,140 dwellings (557 dwellings per annum) is set out in the supporting text of Policy H1 as the District's housing requirement. This housing requirement excludes any contribution to meeting declared quantified unmet housing needs from elsewhere in the Leicester & Leicestershire HMA.

**7648 Object**

**Respondent:** Bloor Home Ltd [4935]  
**Agent:** Define (Mr Mark Rose) [4934]

**Summary:** Local Plan is not compliant with the DTC in terms of the housing requirement proposed in Policies SS1 and H1. There has not yet been a positive outcome to DTC engagement that will ensure that housing needs in the HMA will be properly identified and then effectively provided for. The Submission Plan suggests that the 20% uplift in the housing requirement will provide for a potential unmet need arising elsewhere in the HMA in the future. However, that uplift provides an appropriate mitigation strategy within the Local Plan for unforeseen circumstances in relation to meeting its own needs. It cannot provide for unmet housing needs arising elsewhere under the DTC. This is a critical matter which needs addressing and it is not appropriate to seek to defer this issue to a review of this Local Plan. Leicester's unmet need is arising now and needs addressing in this Local Plan.

**Change To Plan:** That requirement should reflect the up to date, full and objectively assessed needs for housing and economic development within the District and wider HMA, based on the findings of the HEDNA and the Final MOU between the HMA Authorities that addresses the likely unmet need arising in Leicester City and Oadby & Wigston.

**Legally Compliant?**: Yes

**Respondent:** Merton College and Leicester Diocesan Board of Finance [6527]  
**Agent:** Savills (Mr Roger Smith) [4526]

**Summary:** Whilst the Council has to some extent sought to co-operate with neighbouring authorities in the HMA, the preparation of the plan against a backdrop of the above uncertainty is problematic. Any provisions to address this declared unmet need from LCC and OWDC are not yet agreed as part of any up-to-date memorandum of understanding between authorities in the HMA. Therefore until such a time, it can not yet be clear that the Council has fulfilled the requirements of the Duty to Co-operate. Without fully addressing any unmet need in the HMA, the Plan cannot be considered positively prepared, effective or consistent with overarching national policies. The Plan cannot be found sound at such a time where uncertainty on the extent of any identified unmet need has not yet been accounted for.

**Change To Plan:** The Plan cannot be found sound at such a time where uncertainty on the extent of any identified unmet need has not yet been accounted for.

7448 Object

Respondent: Home Builders Federation (Susan Green) [6519]
Agent: N/A

Summary: The proposed overall HLS is 12,800 dwellings against a housing requirement of 11,140. Therefore there is contingency of circa 11% in the proposed HLS to cater for unmet needs from elsewhere in HMA, slower than expected delivery, non-implementation of existing consents, economic change, and flexibility and choice in the housing market. This level of contingency is below the DCLG presentation slide from the HBF Planning Conference September 2015 (see attached) which illustrates a 10 - 20% non-implementation gap together with 15 - 20% lapse rate.

7647 Object

Respondent: Bloor Home Ltd [4935]
Agent: Define (Mr Mark Rose) [4934]

Summary: The proposal to incorporate an uplift of 20% above the OAN into the housing requirement in Policies SS1 and H1 is therefore, supported. However, the uplift must be applied to the true OAN (i.e. the HEDNA OAN plus the recommended uplift to reflect the growth of Magna Park) and across the extended plan period to 2036. Moreover, the housing requirement uplift should not be used as both a contingency guarding against a shortfall in delivery in the District and a potential contribution to unmet needs arising elsewhere in the Housing Market Area (HMA). Unmet needs arising in the wider HMA must be directly addressed, and should form an specific part of the overall housing requirement with a shortfall contingency uplift applied to the total requirement.

Change To Plan: That requirement should reflect the up to date, full and objectively assessed needs for housing and economic development within the District and wider HMA, based on the findings of the HEDNA and the Final MOU between the HMA Authorities that addresses the likely unmet need arising in Leicester City and Oadby & Wigston.

The delivery of affordable housing in the district has consistently fallen short of the annual target, of the total number of dwellings built in the last 5 years only some 16% were affordable. The present passive strategy of securing affordable dwellings solely by means of the spin-off from market housing developments has proved ineffective. Additional mechanisms for delivery are needed.

**Change To Plan:**

**Legally Compliant?:** Not Specified

7108 Object
Respondent: Bloor Home Ltd [4935]
Agent: Define (Mr Mark Rose) [4934]
Summary: Soundness:
For the reasons set out in full text of representation, Bloor Homes object to Policy H2, which is considered unsound on the basis that it:
- is not justified in that it is not the most appropriate strategy and has not properly considered reasonable alternative strategies; and
- is inconsistent with national guidance in that it does not fully reflect the Government's objective to ensure affordable housing requirements are not prohibitive to the delivery of sustainable development.
Change To Plan: Proposed Changes:
To remedy the flaws in the soundness of the plan:
- The policy should include Affordable Housing quantum and mix requirements that do not undermine the viability of schemes and delay / prevent sustainable development; and
- The policy should include sufficient flexibility to allow development to respond to site-specific constraints, evidence of need and the provision of other forms of affordable housing.
Legally Compliant?: Yes

7359 Object
Respondent: Davidsons Developments Limited [4740]
Agent: Bidwells (Chloe French) [4539]
Summary: There is no justification for the Council to apply the higher figure of 40% affordable housing provision as a blanket figure across the whole District when their latest evidence base suggests otherwise. It is suggested that affordable housing provision reflects the Council's evidence base in terms of viability across different areas of the District; flexibility within the policy should allow for provision of Starter Homes.
Change To Plan: It is suggested that affordable housing provision reflects the Council's evidence base in terms of viability across different areas of the District; flexibility within the policy should allow for provision of Starter Homes
Legally Compliant?: Yes
Full Reference: O - 7359 - 4740 - H2 Affordable housing, H2 clause 1 - i, ii, iii, iv

7418 Object
Respondent: Gladman Developments (Mr Richard Agnew) [6504]
Agent: N/A
Summary: Gladman object to 40% affordable housing requirement on all relevant housing sites. The Council's latest evidence on viability (Local Plan Viability - Residential Options Viability Interim Report) sets out that the viability of sites varies between 30% and 40% affordable housing provision and there are likely to be trade-offs between infrastructure and affordable housing provision on a number of sites. It is concerning that Council has chosen to set the affordable housing requirement of 40% as this may render some schemes unviable thereby necessitating lengthy/detailed viability discussions on a site by site basis to ensure that housing requirement is met.
Change To Plan: The provision of 40% affordable housing on all sites does not reflect the latest evidence base.
Legally Compliant?: Not Specified
Full Reference: O - 7418 - 6504 - H2 Affordable housing, H2 clause 1 - ii, iii, iv
7457 Object
Respondent: Home Builders Federation (Susan Green) [6519]
Agent: N/A
Summary: If the Local Plan is to be compliant with the NPPF development should not be subject to such a scale of obligations and policy burdens that viability is threatened (paras 173 & 174). The residual land value model is highly sensitive to changes in its inputs whereby an adjustment or an error in any one assumption can have a significant impact on viability. Therefore it is important that the Council understands and tests the influence of all inputs on the residual land value as this determines whether or not land is released for development. The Harman Report highlighted that "what ultimately matters for housing delivery is whether the value received by land owners is sufficient to persuade him or her to sell their land for development".

Change To Plan:

7483 Object
Respondent: Jelson Homes Limited [3965]
Agent: N/A
Summary: Jelson supports H2 clause 1 in principle. However, it has serious concerns as to whether the SDAs will be capable of delivering 40% affordable housing provision because:
- large scale residential developments are often unable to deliver due to viability issues (e.g. Melton Local Plan Focussed Changes reduced requirement for its proposed SDAs from 37% to 15% due to detailed viability assessment)
- we're not convinced it will deliver the affordable housing requirement for the District (206 dwellings per annum)
- there is no definitive evidence or detailed analysis (including in the Local Plan Viability Assessment) which proves that the SDA's can deliver 40%.

Change To Plan:
In order to ensure affordability issues are addressed, to the greatest extent possible, the range of sites to be allocated should include a larger number of smaller sites adjacent to existing settlements where viability concerns are less acute.
Legally Compliant?: No
Full Reference: O - 7483 - 3965 - H2 Affordable housing, H2 clause 1 - i, ii, iii, iv

7600 Object
Respondent: Merton College and Leicester Diocesan Board of Finance [6527]
Agent: Savills (Mr Roger Smith) [4526]
Summary: A Local Plan Viability - Residential Options Viability Interim Report was published in April 2016. This report established that viability varies between 30-40%. Whilst our clients support the mechanism for providing affordable housing and the potential for off-site commuted sums where necessary, we consider that a policy requirement which better reflects the stated viability range of 30-40% as per the evidence base may be more suitable.

Change To Plan:
A policy requirement which better reflects the stated viability range of 30-40% as per the evidence base may be more suitable.
Legally Compliant?: Not Specified
Full Reference: O - 7600 - 6527 - H2 Affordable housing, H2 clause 1 - None

7606 Object
Respondent: Bidwells (Mr Robert Love) [4663]
Agent: N/A
Summary: The latest evidence base for affordable housing is contained within the Local Plan Viability Interim Report - Residential Options Viability, prepared by Aspinall Verdi and published April 2016. This report demonstrates that viability varies between 30% - 40%. We consider that there is no justification for the Council to apply the higher figure of 40% affordable housing provision as a blanket figure across the whole District when their latest evidence base suggests otherwise. Policy H2 needs to consider the level of affordable housing requirements to ensure that an effective viability of the Local Plan can be undertaken.

Change To Plan:
Suggested that the previous affordable housing policy within the adopted Core Strategy is retained.

CHAPTER: Part B Key Topics
H2 Affordable housing, H2 clause 1, H2 1c.

5809 Object
Respondent: Mr Paul Johnson [953]  
Agent: N/A
Summary: The size threshold referred to is not justified and does not stem from national planning policy. In the absence of a specific justification, it will act as a barrier to housing delivery, not being positively prepared or seeking to boost the supply of housing. Other design and density policy will successfully cover the objective of ensuring development is appropriate in scale and form to the context.
Change To Plan: This element of the proposed policy should be omitted.
Legally Compliant?: No

6279 **Object**

**Respondent:** David Wilson Homes East Midlands [6254]

**Agent:** Marrons Planning (Ms Joanne Althorpe) [6168]

**Summary:** Objection to the specification of tenure split in the policy.

**Change To Plan:** It is recommended that the Council simply make reference to the latest assessment of affordable housing need rather than specifying the tenure split in the policy.

**Legally Compliant?**: Yes

**Full Reference:** O - 6279 - 6254 - H2 Affordable housing, H2 clause 2 - i, ii, iii

7260 **Object**

**Respondent:** Leciestershire County Council (Mrs Sharon Wiggins) [5137]

**Agent:** N/A

**Summary:** 15. The integration of the social element of housing for older people and specific groups should be incorporated within the quantum and mix of affordable housing in order to mitigate any negative effect on site viability.

**Change To Plan:**

**Legally Compliant?**: Not Specified

**Full Reference:** O - 7260 - 5137 - H2 Affordable housing, H2 clause 2 - None

7360 **Object**

**Respondent:** Davidsons Developments Limited [4740]

**Agent:** Bidwells (Chloe French) [4539]

**Summary:** We consider Policy H2 should consider the Government’s emerging proposals for a new definition of affordable homes when the NPPF is update. A proposed affordable housing tenure mix of 75% affordable/social rent and 25% low cost home ownership is too prescriptive and could prevent the delivery of homes. Flexibility within the policy should allow for provision of Starter Homes.

**Change To Plan:** Flexibility within the policy should allow for provision of Starter Homes

**Legally Compliant?**: Yes

**Full Reference:** O - 7360 - 4740 - H2 Affordable housing, H2 clause 2 - i, ii, iii, iv

7419 **Object**

**Respondent:** Gladman Developments (Mr Richard Agnew) [6504]

**Agent:** N/A

**Summary:** Gladman object to the prescriptive approach to tenure split set out in Policy H2. This is based on the HEDNA report and is a snapshot in time. Requirements may change dependent upon the location and timing of an application and flexibility needs to be applied to the requirements set out in Policy H2 to ensure that the tenure mix on a particular site is reflective of the needs of the local population at the time of the application.

**Change To Plan:** To be given the opportunity to discuss our representations further

**Legally Compliant?**: Not Specified

**Full Reference:** O - 7419 - 6504 - H2 Affordable housing, H2 clause 2 - i, ii, iii, iv

7459 **Object**

**Respondent:** Home Builders Federation (Susan Green) [6519]

**Agent:** N/A

**Summary:** The proposed affordable housing tenure mix of 75% affordable / social rent and 25% intermediate is unduly prescriptive. The Council should consider the Government’s proposals for Starter Homes as set out in the Housing White Paper whereby the Council may deliver Starter Homes as part of a mixed package of affordable housing alongside other affordable home ownership and rented tenures determining the appropriate level of provision for the locality in agreement with developers. The Council has identified a need for 54 Starter Homes per annum.

**Change To Plan:**

**Legally Compliant?**: Not Specified

**Full Reference:** O - 7459 - 6519 - H2 Affordable housing, H2 clause 2 - i, ii, iii, iv
7601 Object
Respondent: Merton College and Leicester Diocesan Board of Finance [6527]
Agent: Savills (Mr Roger Smith) [4526]
Summary: The proposed affordable housing tenure mix is described as 75% affordable/social rent and 25% intermediate housing. We consider this to be unnecessarily prescriptive. This policy should be reworded to reflect greater flexibility so as not to unduly preclude delivery. We note with interest the Government's proposals for Starter Homes as set out in the Housing White Paper. This indicated that the delivery of starter homes may be considered as part of a mixed package of affordable housing, alongside proposed affordable ownership and tenure splits. Wording which better reflects this emerging position would ensure greater appropriateness and soundness of this policy.
Change To Plan: This policy should be reworded to reflect greater flexibility so as not to unduly preclude delivery.
Legally Compliant?: Not Specified
Full Reference: O - 7601 - 6527 - Affordable housing, H2 clause 2 - None

7655 Support
Respondent: Rentplus [6349]
Agent: Tetlow King Planning Ltd (Ms Meghan Rossiter) [5729]
Summary: The flexibility of this policy set out in terms of tenure split is very positive, and should enable developers such as Rentplus to bring forward appropriate housing proposals that respond to local needs. The policy should allow for the full range of affordable housing tenures and models, including rent to buy.
The reference to 'low cost home ownership' is preferable to 'intermediate' but should be amended to 'affordable home ownership' to more fully reflect the current and proposed definition of affordable housing as set out in the NPPF.
Change To Plan: The reference to 'low cost home ownership' should be amended to 'affordable home ownership' and further reference to the full range of these (rent to buy, starter homes and built to rent) included within the supporting text to provide clarity.
Legally Compliant?: Not Specified
Full Reference: S - 7655 - 6349 - Affordable housing, H2 clause 2 - None

5578 Object
Respondent: Ashby Parva Parish Meeting (Mr Tim Ottevanger) [5196]
Agent: N/A
Summary: This policy (H2) should be more specific. 75% affordable or socially rented is too vague and could be 15% socially rented and 60% 'affordable' 10% + 65% or other. If policy B2 goes through there will be a demand for socially rented housing in Lutterworth East SDA as wages on Magna Park are low and will no doubt remain so, making it impossible to buy. Also many employees are temporary or on zero hours contracts, making mortgages unavailable.
Change To Plan: To include a meaningful percentage of social housing, in accordance with recent government announcements.
Legally Compliant?: No

6605 Object

Respondent: Mr. Douglas Jackson [5686]

Summary: If is doubtful that the requirements of the policy e.g. that the housing should remain affordable in perpetuity, can have any force in law. The explanation states that the housing should remain as affordable housing for local people in perpetuity, yet admits that the housing may be let to someone not fulfilling the criteria so it will not be left empty. This is a contradiction, it cannot be available for local people if someone else can have it because of a brief hiatus.

**Respondent:** Bloor Home Ltd [4935]  
**Agent:** Define (Mr Mark Rose) [4934]

**Summary:** Soundness:  
For the reasons set out in full text of representation, Bloor Homes object to Policy H4, which is considered unsound on the basis that it:  
- is not justified in that it is not the most appropriate strategy and has not properly considered reasonable alternative strategies; and  
- is inconsistent with national guidance in that it does not fully reflect the Government's objective to ensure the housing requirements are not prohibitive to the delivery of development.

**Change To Plan:** Proposed Changes:  
To remedy the flaws in the soundness of the plan the evidence required to support the imposition of the housing requirements must be provided and the cumulative impact on the viability of sustainable development examined.

**Legally Compliant?** Yes

**Full Reference:** O - 7110 - 4935 - H4 Specialist housing, H4 clause 1 - ii, iv

---

7485 **Object**

**Respondent:** Jelson Homes Limited [3965]  
**Agent:** N/A

**Summary:** Supportive of policies to address particular needs for specialist housing / extra care / bungalows. However, this specific policy is too rigid.

Many housing developers, including Jelson, do not have the capability to design and build out specialist housing. Therefore, this would require a housing developer to ‘pair up’ with a sheltered housing / extra care provider to deliver a policy compliant scheme. There is no evidence of a desire from such providers to operate in this way and to take on a range of small sites in dispersed locations. Management of such facilities would be extremely difficult and inefficient.

This policy will complicate & have a detrimental impact on the ability of developers to deliver large schemes of 100+ dwellings.

On the proposed Lutterworth East development implementation of this policy would allow for 275 properties of this nature, is this sufficient particularly when considered against the 40% affordable housing requirement.

**Change To Plan:** Reassess the percentage requirement of specialist housing.

**Summary:**

**Legally Compliant?**: No

**Full Reference:** O - 7134 - 6469 - H4 Specialist housing, H4 clause 1, H4 1b. - i, ii, iii
The HBF recognise that all households should have access to different types of dwellings to meet their housing needs. Therefore planning for a mix of housing needs should focus on ensuring that there are appropriate sites allocated to meet the needs of specifically identified groups of households such as the elderly without seeking a specific housing mix on individual sites. Indeed the housing needs of older people is a diverse sector so the Local Plan should be ensuring that suitable sites are available for a wide range of developments across a wide choice of appropriate locations. Delete H4 (1b).

Change To Plan: Policy H4 Bullet Point (1b) should be deleted.

H4 Specialist housing, H4 clause 2

Support

Respondent: McCarthy & Stone Retirement Lifestyles Ltd [6521]

Summary: Specialist accommodation for the elderly also usually provides an element of care and communal facilities at an additional cost to the developer. This requires a critical mass of residents in order to be feasible and small scale developments of specialist housing for the elderly could not be realistically asked to provide or maintain such facilities. It is therefore unlikely to expect the provision of specialist accommodation for the elderly to be met piecemeal in general needs housing developments.

Given the critical need for older persons accommodation in Harborough District there should be a presumption in favour of sustainable housing and in particular specialist housing which is being proposed on suitable sites.

H5 Density, mix and housing standards, H5 clause 1, H5 1a

Object

Respondent: Mr Paul Henry [6165]
Agent: N/A

Summary: The proposed density of housing on the Burnmill Farm development MH3 is out of keeping with the existing density in the adjoin development. The increase in property density is also out of line with the requirement to reduce property density further out from the Town centre. While design issues might be solved by conditions or revised proposals, these could not remedy the site access problem being solely via Bates Close and Kingston way.

Change To Plan: Remove the development of Site MH3 from the local plan and or require access to the site from the Leicester Road
Legally Compliant?: No

7421 Object

Respondent: Gladman Developments (Mr Richard Agnew) [6504]

Summary: Policy H5 sets out that new housing development should meet nationally described space standards. The Written Ministerial Statement of 25th March 2015 confirms that the optional new national technical standards should only be required through Local Plans if they address a clearly evidenced need and where the impact on viability has been considered. It is therefore important that the Council has undertaken a local assessment which evidences the need for adoption of the Nationally Described Space Standards rather than relying on circumstantial evidence. The Council do not seem to have undertaken such an assessment.

Change To Plan:

Agent: N/A

7460 Object

Respondent: Home Builders Federation (Susan Green) [6519]

Summary: If the Council wishes to adopt the NDSS this should only be done by applying the criteria set out in the NPPG. The NPPG sets out that where a need for internal space standards is identified, local planning authorities should provide justification for requiring internal space policies. Local Planning Authorities should take account of the following areas:
- need: criteria must be justified by local evidence;
- viability: the impact on viability should be considered in particular an assessment of the cumulative impact of policy burdens; and
- timing: should take into consideration any adverse effects on delivery rates of sites included in the housing trajectory.

6095 **Object**

**Respondent:** William Davis (Mr James Chatterton) [5796]

**Agent:** N/A

**Summary:** Point 1c discusses the adoption of the optional higher water efficiency standards. The Housing standards review dictates that reduced water consumption was solely applicable to areas classed as water stressed. The Harborough District Water Cycle Study (2015) highlights that only the eastern area of the district is under stress. Therefore, in order for the Policy to be in accordance with the NPPF paragraph 173 viability requirements, it should be deleted and made more specific to areas that it applies to. A blanket approach to water efficiency standards is not justified.

**Change To Plan:** The Policy needs to be removed as it is not justified

**Legally Compliant?** No

Support

Respondent: Anglian Water Services Ltd (Mr Stewart Patience) [4571]
Agent: N/A

Summary: Policy H5 refers to new housing being designed to meet the optional water efficiency standard (110 litres/per person/per day).

The Environment Agency in their document entitled 'Water Stressed Areas Final Classification (2013)' has advised the Secretary of State that the areas classified as 'Serious' in the final classification table should be designated as 'Areas of serious water stress'. The Anglian Water company area is considered to be such an area. Anglian Water is the water undertaker for part of Harborough District.

Therefore we would support the optional water efficiency standard being applied within Harborough District.

Change To Plan: Yes

Full Reference: S - 6685 - 4571 - H5 Density, mix and housing standards, H5 clause 1, H5 1c - None

CHAPTER: Part B Key Topics

H5 Density, mix and housing standards, H5 clause 3

5894 Object

Respondent: LANDOWNER CONSORTIUM FOR EAST OF LUTTERWORTH SDA [6054]
Agent: Marrons Planning (Dan Robinson-Wells) [5976]

Summary: The evidence in respect of the provision of 4% of dwellings as Part M, Category 2, is not substantive enough to warrant this requirement. The HEDNA 2017 (para. 9.24 and 9.25) only makes broad assumptions nationally and regionally about need, and the report highlights the limitations of the evidence. It is also unclear how this figure relates to general housing need and specialist housing required in policy H4.

Change To Plan: Amend requirement in light of above objections, and base any amendment on robust evidence.
Legally Compliant?: Yes

Full Reference: O - 5894 - 6054 - H5 Density, mix and housing standards, H5 clause 3 - i, ii, iv

6100 Object

Respondent: William Davis (Mr James Chatterton) [5796]
Agent: N/A

Summary: 4% of homes in residential developments of over 100 homes meeting the accessible and adaptable building standards. It is acknowledged the Policy has been established through need, as the 2017 HEDNA displays a requirement for future adaptable homes in the district and wider region. However, although paragraph 5.9.7 of the Plan refers to the requirement having been viability tested we can find no evidence of this being the case in the 2016 Viability Assessment, that appears in the Council’s published evidence. Unless the Council can demonstrate otherwise, therefore the policy conflicts with national planning policy and is unsound.

Change To Plan: there is no evidence within the viability study to support the policy, therefore it should be removed in favor of a site by site discussion with developers
Legally Compliant?: No

7423 Object

Respondent: Gladman Developments (Mr Richard Agnew) [6504]
Agent: N/A

Summary: Policy H5 requires 4% of dwellings proposed on sites of 100 dwellings or more to meet the accessible and adaptable standards in Building Regulations, Part M, Category 2. If the Council wish to introduce the higher accessibility standards then they need to undertake a local assessment which evidences the need for such standards. The Council do not seem to have undertaken such an assessment.

Change To Plan: Not Specified
Legally Compliant?: Not Specified

Full Reference: O - 7423 - 6504 - H5 Density, mix and housing standards, H5 clause 3 - ii, iii, iv

7462 Object

Respondent: Home Builders Federation (Susan Green) [6519]
Agent: N/A

Summary: If the Council wishes to adopt the higher optional standards for accessible & adaptable homes the Council should only do so by applying the criteria set out in the NPPG (ID 56-005 to 56-011). All new homes are built to Building Regulation Part M standards so it is incumbent on the Council to provide a local assessment evidencing the specific case for Harborough which justifies the inclusion of M4(2) optional higher standards for accessible / adaptable homes in its Local Plan policy. M4(2) should only be introduced on a "need to have" rather than "nice to have" basis therefore Bullet Point (3) should be deleted.

Change To Plan: Bullet Point (3) should be deleted.

CHAPTER: Part B Key Topics

H5 Density, mix and housing standards, H5 clause 4

**6101 Object**

Respondent: William Davis (Mr James Chatterton) [5796]
Agent: N/A

Summary: The policy is unsound, and unjustified. It will place unnecessary pressure on the private sector and result in a future under supply of homes for the district.

Change To Plan: It is considered that the Council should adopt a positive approach to attaining an appropriate level of self-build homes without placing unnecessary pressure on major and medium sized house builders. The use of exception sites or specific allocation of sites for Self-build/Custom build should be considered as options that would effectively, efficiently and sustainably add to these figures (including perhaps Council owned land).

Legally Compliant?: No

Full Reference: O - 6101 - 5796 - H5 Density, mix and housing standards, H5 clause 4 - i, ii

**6283 Object**

Respondent: David Wilson Homes East Midlands [6254]
Agent: Marrons Planning (Ms Joanne Althorpe) [6168]

Summary: Objection to part 4 of policy H5

Change To Plan: The Council should consider either removing or rewording this part of the policy.

Full Reference: O - 6283 - 6254 - H5 Density, mix and housing standards, H5 clause 4 - ii

**7424 Object**

Respondent: Gladman Developments (Mr Richard Agnew) [6504]
Agent: N/A

Summary: Whilst the concept of Self Build/Custom Build Housing is supported, Gladman have concerns regarding Policy H5 as the inclusion of plots on large scale sites does not add to the supply of houses overall (it merely changes the housing mix from one product to another). It is also difficult to assess how it will be implemented given issues around working hours, site access, health and safety etc. that are associated with large scale development sites. The percentage of provision on sites should be determined on detailed need evidence which the Council has not produced. Provision of these plots should be subject to viability testing.

Change To Plan: Not Specified

Legally Compliant?: Not Specified

Full Reference: O - 7424 - 6504 - H5 Density, mix and housing standards, H5 clause 4 - ii, iii, iv

**7463 Object**

Respondent: Home Builders Federation (Susan Green) [6519]
Agent: N/A

Summary: The HBF supports custom build in principle for its potential contribution to overall housing supply. However the Council's approach to self / custom build should be positively undertaken to increase the total amount of new housing developed rather than by a restrictive policy requirement for inclusion of such housing on allocated sites. Such positive policy responses include supporting development on small windfall sites as well as allocating more small sites. The Council's proposed policy approach only changes the house building delivery mechanism from one form of house building company to another without any consequent additional contribution to boosting housing supply. Detailed data from the Register is not available via the Council's website so it is impossible to determine if the Council's proposed policy approach of requiring self-build plots on large housing sites is justified. Furthermore the Council has not undertaken any viability assessment of this policy proposal.(see attached)

Change To Plan: Bullet Point (4) should be deleted.

Legally Compliant?: Not Specified

7487 Object

Respondent: Jelson Homes Limited [3965]  
Agent: N/A

Summary: The success of such a policy, to deliver land for self-build and custom-build dwellings, is entirely dependent upon its detail. We feel that such a complicated matter should be set out in a policy of its own.

It is imperative that the Council provide detailed, robust evidence and guidance to support this policy to ensure that it does not become a difficult and onerous point for both developers and the local planning authority. It may even be worth looking to provide a supplementary planning document to provide a robust guide to delivering this policy.

Policy will have a detrimental impact on the ability of developers to deliver large schemes of 250+ dwellings.

Change To Plan: We feel that such a complicated matter should be set out in a policy of its own.

Legally Compliant?: No

**Object 5569**

**Respondent:** Mr John Martin [5974]  
**Agent:** N/A

**Summary:** The plan includes proposals to provide suitable sites for gypsies and travellers but there is no definition of the meaning of the words used. For example how often do travellers have to travel to be considered as travellers? HDC some years ago was asked by central Government to list sites suitable for these people but no such list was prepared resulting in an increase in non registered sites with little council control.

**Change To Plan:** Clear definitions of the terms used should be prepared and maintained. The number of sites given remains open to question as does the number of residents allowed per site.

**Legally Compliant?**: Yes

**Full Reference:** O - 5569 - 5974 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 1 - i, ii, iv

**Object 5705**

**Respondent:** Mr John Martin [5974]  
**Agent:** N/A

**Summary:** Using the words “travellers” is misleading as most of the people so defined do not travel but remain in one place. Alternatively enforced movement of “static” travellers should be introduced say every two years.

**Change To Plan:** Clear definitions should be made for all of the categories of people included within this section.

**Legally Compliant?**: Yes

**Full Reference:** O - 5705 - 5974 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 1 - i, ii, iii, iv

**Object 5747**

**Respondent:** Mrs Janette Ackerley [5952]  
**Agent:** N/A

**Summary:** There are Travelling Showpeople sites in the district that are under occupied or not occupied at all. There would appear to be a reduction in the overall need for show people sites as there is a reduction in attendance at fairgrounds nationally.

**Change To Plan:** No increase in provision for Travelling showpeople.

**Legally Compliant?**: Yes

**Full Reference:** O - 5747 - 5952 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 1 - ii

**Object 5955**

**Respondent:** Mr John Martin [5974]  
**Agent:** N/A

**Summary:** Where does the number of 5 pitches come from, this number is totally inadequate bearing in mind the size of this community living on approved sites and non approved sites.

**Change To Plan:** Revisit the number of pitches required, define who is eligible to live on these sites and define the meaning of traveller. Demonstrate how progress towards the target (revised) is being made.

**Legally Compliant?**: Yes

**Full Reference:** O - 5955 - 5974 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 1 - i

**Object 6627**

**Respondent:** Cllr Geraldine Robinson [2493]  
**Agent:** N/A

**Summary:** Lutterworth already has 6 sites in and around the town. Already provide an over provision of gypsy, traveller and showman's sites in the area. Two sites on Moorbanks Lane, Lutterworth which have stood empty for 3 years. To date, both sites remain unoccupied. There is no substantial need for 26 more plots and its therefore unsound decision making.

**Change To Plan:** H6 Gypsy, Traveller and Showman Accommodation - Re-evaluation of the Policy.

**THIS PLAN SEEM TO FOCUS ON ADDING TO THE ALREADY EXISTING NEGATIVE EFFECT OF GYPSY, TRAVELLER AND SHOWMAN'S PROVISION, MAGNA PARK AND WIND TURBINES BY INCREASING THIS PROVISION RATHER THAN EXERCISING A FAIR GEOGRAPHICAL SPREAD.**

**Legally Compliant?**: Not Specified

5441 Object

Respondent: Mrs Jan Butcher [4328]

Agent: N/A

Summary: There is a disproportionate provision within this Ward already. Where is the evidence for such a concentration is this part of the District? Our resources are already stretched so any increase is not sustainable.

Planning Appeal 14/00603/FUL confirmed that provision in Claybrooke Parva would be damaging to the countryside, unsustainable and injurious to community relations.

The justification for the Inspector's ruling remains unchanged.

Change To Plan: Provision for pitches at Parva to be removed and reallocated

Legally Compliant?: No

Full Reference: O - 5441 - 4328 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - i, iv

5519 Object

Respondent: Mr Neville Karai [6022]

Agent: N/A

Summary: I am concerned that a specific designation of the site within a small rural community, that has no amenities, support infrastructure will put pressure on the local community. I have a strong belief that I moved to an area of natural beauty which will be affected by this change of designation. There is already council provided accommodation in the area.

Change To Plan: An out of village area could be considered that is neutral to other villages in the area.

Legally Compliant?: No

Full Reference: O - 5519 - 6022 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - i, ii

5520 Object

Respondent: Mr Guy Weatherall [6023]

Agent: N/A

Summary: Existing provision is under utilised and could be expanded if necessary. The proposed site erodes Claybrooke-Ullesthorpe separation. The proposed site is flood-prone.

Change To Plan: Ensure better utilisation of existing provision at Mere Lane Ullesthorpe. Expand the Mere Lane site if necessary.

Legally Compliant?: Yes

<tr>
<td>Summary: This is an opportunistic application for use of agricultural land. The fact that the land has been neglected is irrelevant and indeed has probably benefitted wildlife. There is a traveller site a few miles away outside Ullesthorpe and a Showmens’ site on the outskirts of Lutterworth. A recent report has shown that there is only a shortage of 780 pitches nationally with most of these needed in the south east as travellers move to find work. Therefore this application is unnecessary and probably would not be enforced leading to a larger number of pitches being provided.</td>

6323 Object

Respondent: Mrs Kathryn Bonser [4981]

Agent: N/A

Summary:
* Seems unfair to the traveller community to house them near each other in one area. Travellers should be spread out across the county so as not to make them feel segregated from the rest of the county.
* Local area around Spinney Farm is already under threat from the expansion of Magna Park. This would be taking more countryside away from local people.
* Increase in traffic would be detrimental to the local area
* How has planning permission been granted for this site?

Change To Plan: The proposed camps should be spread out across the county

Legally Compliant?: No

Full Reference: O - 6323 - 4981 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - i, ii, iii, iv

6341 Object

Respondent: Mrs Rachael Edgley [5299]

Agent: N/A

Summary:
This site does not have safe access to amenities. By the general habit of humans the shortest route is always taken to places so by foot there is no safe access to encourage zero carbon footprint by motivating people to walk to the nearby shop, pub, hairdressers and butcher. Recent applications near to the site were turned down due to Highways deeming it being unsatisfactory and harm being greater than good. Site next an area with listed buildings and an area of ridge and furrow.

Change To Plan: As travellers site it should be located closer to the A5 as it would make travelling easier.

Legally Compliant?: No

Full Reference: O - 6341 - 5299 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - i, ii, iii, iv

6433 Object

Respondent: Z Hornsby [6317]

Agent: N/A

Summary:
I Object for two reasons:
There is already one travellers site within the parish. This site is not full and has capacity - there is no need for a second site within the same parish where amenities are already stretched to breaking point.
A planning proposal was rejected by Harborough Council for building houses on land off Claybrooke Road, Ullesthorpe as public access to village amenities on foot was not a safe option. Why then are they now proposing to permit a travellers site adjacent to this land using the same village access and consider this a safe option?

Change To Plan: A more suitable site should be used

Legally Compliant?: Yes

Full Reference: O - 6433 - 6317 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - None

6446 Object

Respondent: Barry Richardson [6327]

Agent: N/A

Summary:
That the proposed site would not be beneficial to either Claybrooke Parva or Ullesthorpe also that a site which is already in the local.

Change To Plan: That the site at Ullesthorpe is extended, that if this site is already full

Legally Compliant?: No

Full Reference: O - 6446 - 6327 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - ii

6559 Object

Respondent: Mrs Teresa Ashley [6369]

Agent: N/A

Summary:
This is green land and travellers pitches and associated infrastructure would damage the countryside. There is a site in Ullesthorpe which is not at capacity and could accommodate 3 more pitches.

Change To Plan: Expand Ullesthorpe travellers site to have more pitches.

Legally Compliant?: Yes

Full Reference: O - 6559 - 6369 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - ii
Object: Claybrooke Magna Parish Council (Mrs J P Butcher) [4737]  
Agent: N/A

Summary: 72% of the pitches provided across the District are in Lutterworth and surrounding villages with 30% of the whole District's provision being in the villages of Ullesthorpe and Claybrooke Parva. What is the evidence of need for this hugely distorted distribution strategy? Concentrating the pressure in one area makes service delivery unsustainable.

This is an unsustainable location in terms of NPPF; lacking facilities and employment and having limited public transport.

Planning Appeal 14/00603/FUL confirmed that provision for G/T in Parva would be damaging to the countryside, unsustainable and injurious to community relations. The justification for the Inspector's ruling remains.

Change To Plan: Remove G/T provision in Claybrooke Parva.

Legally Compliant?: No

Full Reference: O - 6622 - 4737 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - i, ii

Object: Mr Simon Smith [4996]  
Agent: N/A

Summary: How can some people with local ties be denied planning and others be encouraged to bring the same rural green field site forward for larger development.

Change To Plan: Continue with HDC historic policy on the spinner view farm site of no residential use in line with previous proven policy for reasons of fairness and transparency.

Legally Compliant?: No

Full Reference: O - 6980 - 4996 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - iv

Object: Mrs Rachael Edgley [5299]  
Agent: N/A

Summary: There is already a travellers site in close proximity of this site and another in development. There is no requirement for another in this area of Claybrooke and Ullesthorpe.

Change To Plan: Should have more spread out sites to help those that attend the sites regularly

Legally Compliant?: No

Full Reference: O - 7207 - 5299 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - ii, iii, iv

Object: Ms Julie Fairgrieves [6143]  
Agent: N/A

Summary: Nothing has happened since the site (Spinney View Farm, Claybrooke Parva) was refused to make it acceptable.

Change To Plan: The identification of this site for Gypsy, Travellers and show people’s accommodation be deleted from the Plan.

Legally Compliant?: No

Full Reference: O - 7303 - 6143 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - None

Object: Mrs Jennifer Toone [6083]  
Agent: N/A

Summary: There is already a gypsy/traveler site just outside Ullesthorpe and I see no need for another in this area of beautiful countryside.

Change To Plan:  

Legally Compliant?: Not Specified

Full Reference: O - 7346 - 6083 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - None
7433 Object

Respondent: Nicholas Jenkins [4902]
Agent: N/A

Summary: I believe the Local Plan is "finger in the air" and the report on site Spinney View Farm, Claybrooke Parva and inaccurate. If the Landover has offered the site, why was the site report done using Google and not a site visit? According to report 2.13 three attempts should have been made.

Change To Plan: Spinney View Farm does not satisfy the criteria of Local Plan H6.

4b. Located safe walking distance to a settlement (yes to Claybrooke Parva only has a primary school) (no to Ullesthorpe, shop, school & surgery. 45 houses between Ullesthorpe & Claybrooke refused on appeal as unsafe road crossing).

4c. Claybrooke has no services or facilities other than Primary School.

4g. iv The fields on the site flood and it is an area of "shifting sand". The site report by the Consultants is at fault: The site is East of Claybrooke Parva - not South.

Many enforcement issues including preventing people living on the site. Consultant lists planning history; why have they not listed enforcement history?

Flood Zone 1 intrigues me as the fields regularly flood in winter & the land is low lying. The path mentioned is not a public footpath but a bridleway & much used. The whole site is visible from the bridleway along all the site's Western boundary. Ecology: not mention is made to the large pond (Conservation Area) to NW of site beside bridlepath. See attachments

7629 Object

Respondent: Mr Robert Ogden [6505]
Agent: N/A

Summary: Consistent with the above observation of imbalance, all the existing and proposed traveller sites apart the site at Keyham are concentrated around the Lutterworth and Market Harborough areas. Another site between Ullesthorpe and the Claybrookes is not needed nor is it desirable. Additional provision should be made in the eastern half of the district where at present there is a shortage.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: O - 7629 - 6505 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - None

7635 Object

Respondent: Mr Allan Whittaker [6064]
Agent: N/A

Summary: Over representation in the area of 'Gypsy Traveller' plots, very few local facilities, increased high risk of road accident involving children, disruption to the local countryside, ground not suitable for habitation due to flooding. Not strategic as the land is owned by members of the 'Gypsy Traveller' population.

Change To Plan: More substantial populations of Harborough district are under-represented with Gypsy Traveller facilities compared to Ullesthorpe and Claybrooke. Allocation of plots should be considered in under represented areas.

The only reason Claybrooke is in consideration is the land is owned by members of the Gypsy Traveller community. This is not really a basis of a strategic plan.

Legally Compliant?: Not Specified

Full Reference: O - 7635 - 6064 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - iii

7636 Object

Respondent: Zoe Ridley [5242]
Agent: N/A

Summary: The local area already has two other sites within one mile of this proposed location. The local amenities are unable to cope with more sites and is already being negatively impacted by the location of the other two sites. The local schools of Ullesthorpe and Claybrooke are unable to cope with the increased demand placed upon them.

Change To Plan: Remove from the local plan

Legally Compliant?: No

Full Reference: O - 7636 - 5242 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - i, ii, iii, iv
7637 **Object**  
**Respondent:** Mr Neil Ridley [5231]  
**Agent:** N/A  
**Summary:** The local area already has two sites, Mere land and Woodway Lane. The additional site will put additional strain on local facilities that are already struggling to cope. Both Ullesthorpe and Claybrooke Schools are being negatively impacted by the requirements placed on them.  
**Change To Plan:** This proposed location should be removed from the local plan  
**Legally Compliant?:** No

7638 **Object**  
**Respondent:** Mrs Maria Lockley [5818]  
**Agent:** N/A  
**Summary:** There tends to be a degree of apprehension over these sites, not least because some receive unfavourable publicity. Without a great deal of care over their location, local harmony is difficult to achieve, this being to the detriment of all parties.  
**Change To Plan:** Scrap the Plan.  
**Legally Compliant?:** Not Specified  
**Full Reference:** O - 7638 - 5818 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - i, ii, iii

7639 **Object**  
**Respondent:** Mrs Valerie Deacon [6122]  
**Agent:** N/A  
**Summary:** 30% of the District's provision is already around the Claybrookes and Ullesthorpe. It would be disadvantageous to increase the provision in this, due to the fluctuating demand on services. Provision should be spread across the whole of the District, to ensure fairness and spread of resources.  
**Change To Plan:** No further increase in provision in this part of the District.  
**Legally Compliant?:** No  
**Full Reference:** O - 7639 - 6122 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - i, ii, iii, iv

7641 **Object**  
**Respondent:** Mrs Linda Hollingworth [6035]  
**Agent:** N/A  
**Summary:** There are already enough traveller sites in the local area. The existing sites could be slightly extended to accommodate extra travellers without creating additional sites.  
**Change To Plan:** Extend existing sites to give extra accommodation.  
**Legally Compliant?:** No  
**Full Reference:** O - 7641 - 6035 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - i, ii, iii

7645 **Object**  
**Respondent:** Mr Chris Colton [6151]  
**Agent:** N/A  
**Summary:** This site seems highly unacceptable given that there is currently an extremely large already established site at Mere Lane. The allowance of this will then be both sides of Ullesthorpe. It seems highly unacceptable to allow another the other side of the village. I note that there is no plan to expand or place new sites near Market Harborough and surrounding areas. Just Lutterworth and Ullesthorpe areas.  
**Change To Plan:** this site should be scrapped completely and you should rethink your entire stance against this, I appreciate and understand that gypsies and travellers have the right to housing but why can this not be expanded on the current site?  
**Legally Compliant?:** No  
**Full Reference:** O - 7645 - 6151 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 2, H6 2a. - ii, iii

7497 **Object**

**Respondent:** National Federation of Gypsy Liaison Groups (Mr A R Yarwood) [6074]

**Agent:** N/A

**Summary:** Criterion b) is too restrictive. Sites which are within walking distance of a settlement will usually be unavailable as Gypsy and Traveller sites due to affordability, availability and local opposition. In allocating new sites, it is reasonable for the local authority to first consider such locations, but such a rigid approach could prevent suitable sites from coming forward in other suitable locations. Local authorities need to be realistic about the availability of alternatives to the car in accessing local services.

**Change To Plan:**

**Legally Compliant?** Not Specified

**Full Reference:** O - 7497 - 6074 - H6 Gypsy, Traveller and Travelling Showpeople accommodation, H6 clause 5, H6 5b. - None
We have the following concern relating to section 5:

* Criterion b) is too restrictive. Sites which are within walking distance of a settlement will usually be unavailable as Gypsy and Traveller sites due to affordability, availability and local opposition. In allocating new sites, it is reasonable for the local authority to first consider such locations, but such a rigid approach could prevent suitable sites from coming forward in other suitable locations. Local authorities need to be realistic about the availability of alternatives to the car in accessing local service”

Explanation

7241 Object

Respondent: Kettering Borough Council (Ms Julia Baish) [6480]
Agent: N/A

Summary: KBC was consulted on the GTAA, but the Council has concerns about its outputs. Specifically that there is a significant level of potential need which is unknown at this stage, and that need could be greater than identified sites. Given the cross boundary issues between Harborough, Kettering and Daventry Districts, KBC want to ensure that any need which is generated from households within Harborough is fairly represented and provision to meet need is identified within Harborough District through this Local Plan, and that families are then not required to find sites within neighbouring districts to meet a site shortfall.

6749 Object

Respondent: Leicester City Council (Mr Jeevan Dhesi) [6399]  
Agent: N/A

Summary: Policy proposes that an additional 58.8ha will be allocated. HEDNA forecasts a need between the range of 44 and 51 ha for Harborough (2011-2031). However, Table B11 confirms that of that forecast HEDNA need, 16.5ha has already been built. Therefore, only between 27.5ha and 34.5ha is required to be allocated. An additional 58.5 ha has been allocated which is between 24 and 31 ha over provision. On top of this Paragraph 6.1.13 also allows an unspecified additional amount of employment in neighbourhood plans. Therefore the City Council seeks further justification for the over provision of employment land in Policy BE1.

Change To Plan: None

Legally Compliant?: Not Specified

Full Reference: O - 6749 - 6399 - BE1 Provision of new business development, BE1 clause 1 - None

7129 Object

Respondent: Tarmac Trading Ltd [4914]  
Agent: Heaton Planning (Mr Joel Jessup) [4913]

Summary: Promotion of a portion of a Tarmac landholding (the site) at Gibbet Lane, Shawell, for future employment use within the plan period. The site is appropriate for employment uses, namely B1 (Business) and B2 (General Industrial) and non-strategic Storage and Distribution (B8), at the cessation of mineral operations at Shawell Quarry. Consider that the site has been under-scored in SA. The application of the methodology used by Council to assess sites' potential for employment allocation is not considered to be consistent or sound. The evidence used to inform the employment allocations' site selection is erroneous and inconsistent. See attachment.

Change To Plan: Please see attachment

Objections are made to SS1 “The spatial strategy”, Policy H1 “Provision of new housing, Policy BE1 “Provision of new business development” and Policy BE2 “Strategic distribution” insofar as the draft Plan not is not:

* Positively Prepared as it fails to meet objectively assessed development needs and infrastructure requirements;
* Justified in that the plan is not based on the most appropriate strategy, when considered against the reasonable alternatives;
* Effective in that the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
* Consistent with national policy as the plan does not enable the delivery of sustainable development in accordance with the policies in the NPPF.

The landowners object to the failure of the Council to recognise the potential to:

* Identify land within Whetstone Pastures as a future logistics park; and more over
* Recognise the ability of land within Whetstone Pastures to deliver a new Garden Village as part of a large strategic allocation extending over the administrative boundaries of both Blaby and Harborough.

In order to make the Plan sound it is submitted that the following modifications are made:

* SS1 - The Spatial Strategy amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future housing and logistics needs for the Harborough District during the period 2011 to 2031;
* Policy H1 - Provision for new housing similarly amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future housing needs for the Harborough District within the period 2011 to 2031;
* Policy BE1 - Provision of new business development similarly amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future logistics needs for the Harborough District within the period 2011 to 2031; and
* Policy BE2 - Strategic Distribution to be amended to make provision for future logistics needs for the Harborough District within the period 2011 to 2031.

The precise wording of any changes should be carefully considered through cross-party working with Blaby to recognise, not only the cross-boundary nature of the Garden Village but also, that the majority of the land needed to deliver the Garden Village falls within Blaby.

There is provision in policy BE1 for further rural economic development in the policy which permits future employment sites within or well related to Rural Centres and selected Rural Villages where certain criteria are met. However, a reliance on the development management system to provide additional employment sites through windfall development is not a robust strategy. Therefore, given the amounts of housing permitted in Great Glen and the promotion of the area as a sustainable settlement, the lack of employment provision within the village is not a strategy which can be said to be positively prepared and therefore sound.

The proposed allocation is well related to the existing settlement of Great Glen. It is relatively unconstrained and was identified as being developable in the 2016 SHLAA. The provision of an allocated employment site in this location is addressing a recognised need given that there is no existing employment space within the settlement and that future housing will put greater pressure on out commuting reducing the sustainability and self-containment of the settlement. An employment allocation should be included for Great Glen in accordance with Fleckney and The Kibworths which were justified due to the levels of housing growth coming forwards.
7067 Support
Respondent: THURNBY AND BUSHBY Parish Council (Mrs S Bloy) [2685]

**5676 Object**

**Respondent:** Mr Anthony Brookes [5991]  
**Agent:** N/A

**Summary:** Totally inadequate road provision. The A426 is regularly gridlocked from the M6 to the A5 and A5 to the Lutterworth Roundabout. In addition 3000 lorries pass through the centre of Lutterworth every day. Pollution is extremely high and will rise. For the expansion to be granted, there must be dual carriage provision provided BEFORE the expansion. This may be other agencies not involved with the Local plan, but the omission is a major failing of this plan. It cannot be sound without improvements to road infrastructure.

**Change To Plan:** A clear plan and commitment from which ever agencies: Leicestershire CC, Highways England or whoever to provide adequate infrastructure to enable this expansion without impacting further on Lutterworth itself.

**Legally Compliant?:** No

**Full Reference:** O - 5676 - 5991 - BE1 Provision of new business development, BE1 clause 1b (at Lutterworth) - i, ii

---

**7398 Object**

**Respondent:** Wells McFarlane (Trevor Wells) [3916]  
**Agent:** Pegasus (Ms Kate Thompson) [6057]

**Summary:** We wish to register our objection to Policy BE1 as it is not effective or justified when considered against reasonable alternatives.

Specifically, we object to the following:
1. the lack of sufficient options/alternatives for the delivery of employment land in Lutterworth during the early stages of the Plan;
2. the absence of suitable allocations for the provision of B1 office use.

**Change To Plan:** Additional land should be allocated to provide a greater level of certainty that adequate employment land will be delivered in Lutterworth in the short to medium term.

**Additional land close to the town centre should be allocated to ensure the delivery of a greater range of employment types (including smaller scale B1 office use).**

**Legally Compliant?:** Yes

**Full Reference:** O - 7398 - 3916 - BE1 Provision of new business development, BE1 clause 1b (at Lutterworth) - ii, iii

---

**7413 Object**

**Respondent:** Wells McFarlane (Trevor Wells) [3916]  
**Agent:** Pegasus (Ms Kate Thompson) [6057]

**Summary:** As part of this Local Plan consultation we wish to put forward 'Land to the west of Rugby Road, Lutterworth' as a proposed allocation for B1 office/retail uses. The allocation of the site is justified when considered against reasonable alternatives and would improve the effectiveness of the Plan by ensuring the timely delivery of employment and retail uses.

**Change To Plan:** Land to the west of Rugby Road, Lutterworth should be allocated for B1 office/retail uses in the Local Plan. The allocation of the site would contribute positively to the Local Plan's effectiveness by ensuring that sufficient land of the right type is available in the right places and at the right time to support growth in accordance with national policy (NPPF, para 7 - emphasis ours).

**Legally Compliant?:** Yes

**Full Reference:** O - 7413 - 3916 - BE1 Provision of new business development, BE1 clause 1b (at Lutterworth) - ii, iii

---

**6355 Object**

**Respondent:** Cotesbach Parish Council (Dr Edmund Hunt) [6283]  
**Agent:** N/A

**Summary:** Not positively prepared as the Local Plan itself (para 6.1.9) recognises allocation of BE1 above the suggested HEDNA figure, it recognises the land as Grade 2 high agricultural quality (para 15.2.11 in LE1) and was previously consulted upon as a Motorway Service Station, but now there is no requirement for this due to an active planning application less than 4 miles away. This reinforces the lack of required need.

**Change To Plan:** Lutterworth SDA B1 / B2 allocation should be removed, there is no clear call for sites any more at this location

**Legally Compliant?:** No

**Full Reference:** O - 6355 - 6283 - BE1 Provision of new business development, BE1 clause 1b (at Lutterworth), BE1 1b.i. 10 hectares B1 & B2 uses in Lutterworth East SDA
CHAPTER: Part B Key Topics

BE1 Provision of new business development, BE1 clause 1b (at Lutterworth), BE1 1b.ii. 13 hectares of S&D B8 uses on land south of the A4303

5527 Object

Respondent: MISTERTON WITH WALCOTE Parish Council (Cathy Walsh) [2659]   Agent: N/A

Summary: The plan has not demonstrated a need for this development (paragraph 15.2.11). In the consultation document, the land was proposed for a Motorway Service Area (to which the Parish Council also objected) - there is no information provided to justify this reallocation.

Change To Plan: ?
Legally Compliant?: No

Full Reference: O - 5527 - 2659 - BE1 Provision of new business development, BE1 clause 1b (at Lutterworth), BE1 1b.ii. 13 hectares of S&D B8 uses on land south of the A4303 - i

5824 Object

Respondent: MISTERTON WITH WALCOTE Parish Council (Cathy Walsh) [2659]   Agent: N/A

Summary: The allocation of land to the south of the A4304 opens land further to the south to development pressure as there is no natural or landscape barrier distinguishing the allocated site from its surroundings. Therefore it is not in accordance with policy GD8d.

Change To Plan: ?
Legally Compliant?: No

5825 Object

Respondent: MISTERTON WITH WALCOTE Parish Council (Cathy Walsh) [2659]   Agent: N/A

Summary: The allocation has not been tested through consultation as it differs fundamentally from the proposals in Harborough's consultation document.

Change To Plan: ?
Legally Compliant?: No

Full Reference: O - 5825 - 2659 - BE1 Provision of new business development, BE1 clause 1b (at Lutterworth), BE1 1b.ii. 13 hectares of S&D B8 uses on land south of the A4303 - ii

5827 Object

Respondent: MISTERTON WITH WALCOTE Parish Council (Cathy Walsh) [2659]   Agent: N/A

Summary: Land to the south of the A4304 is grade 2 agricultural land, a limited resource and comparatively scarce within Harborough District. In its Strategic Housing Land Availability Assessment 2014, development was discouraged on land quality 1, 2 and 3a. Thus the Parish Council contends that development on this site is contrary to Harborough District Council's own selection criteria and is contrary to policy GI5.3

Change To Plan: ?
Legally Compliant?: No

Full Reference: O - 5827 - 2659 - BE1 Provision of new business development, BE1 clause 1b (at Lutterworth), BE1 1b.ii. 13 hectares of S&D B8 uses on land south of the A4303 - ii

5828 Object

Respondent: MISTERTON WITH WALCOTE Parish Council (Cathy Walsh) [2659]   Agent: N/A

Summary: Access to the site is likely to cause excessive traffic congestion despite, or possibly because of, the access arrangements proposed.

Change To Plan: ?
Legally Compliant?: No

Full Reference: O - 5828 - 2659 - BE1 Provision of new business development, BE1 clause 1b (at Lutterworth), BE1 1b.ii. 13 hectares of S&D B8 uses on land south of the A4303 - ii

6077 Object

Respondent: Lady Caroline Bach [4169]   Agent: N/A

Summary: There is no proven need for even more warehousing in this area, given the size of Magna Park and its proposed extension. Construction on this particular site will destroy the rural nature of this stretch of road between the M1 and the nearest village. There is no significant unemployment in this area, and it is known that Magna Park is employing staff from outside the area who travel to work, thereby contributing to pollution.

Change To Plan: Allow the land to remain undeveloped.
Legally Compliant?: No

Full Reference: O - 6077 - 4169 - BE1 Provision of new business development, BE1 clause 1b (at Lutterworth), BE1 1b.ii. 13 hectares of S&D B8 uses on land south of the A4303 - i, ii, iii
6501 Object

Respondent: MISTERTON WITH WALCOTE Parish Council (Cathy Walsh) [2659]

Agent: N/A

Summary: Object to allocation because;
- plan has not demonstrated a need for this development (ref. Para 15.2.11)
- it opens up further land to the south of A4303 to development pressure, as no natural or landscape barrier with surrounding countryside
- it's not been tested through consultation, differs from Options stage proposal
- includes grade 2 agricultural land, so contrary to selection criteria and policy GI5.3
- access likely to cause excess traffic congestion (4 traffic light controlled junctions within 0.73miles between site and A426) in combination with extra traffic generated by policies L1, BE2, BE4 and displaced from Lutterworth town centre.

Change To Plan: Non stated.

Legally Compliant?: No

Full Reference: O - 6501 - 2659 - BE1 Provision of new business development, BE1 clause 1b (at Lutterworth), BE1 1b.ii. 13 hectares of S&D B8 uses on land south of the A4303 - i, ii

7253 Object

Respondent: Leciesterhire County Council (Mrs Sharon Wiggins) [5137]

Agent: N/A

Summary: 16. The County Council requests that planning consents at the land south of Lutterworth / Coventry Road, Lutterworth (BE1.1b (ii)) should be shown as existing commitments.

Legally Compliant?: Not Specified

Full Reference: O - 7253 - 5137 - BE1 Provision of new business development, BE1 clause 1b (at Lutterworth), BE1 1b.iii. Land south of Lutterworth Rd/Coventry Rd as per Policy L2

7627 Object

Respondent: Armstrong Rigg Planning (Mr Geoff Armstrong) [4700]

Agent: N/A

Summary: The Kibworths need additional commercial and community infrastructure to help sustainably deliver both committed and required levels of growth, fill notable gaps in service provision (i.e. a petrol filling station), respond to the significant need identified in the HEDNA 2017 for office floorspace and to meet the priorities set by the emerging Neighbourhood Plan for providing increased opportunities for people to work from home.

The site at Land at Windmill Farm is suitable and available for the proposed development and is sustainably located at a key junction on the way into the Kibworths. As such we recommend that it is allocated as follows in order to deliver the required infrastructure to support housing growth and ensure that the Local Plan can be considered sound at examination:

Policy KJ - Land at Windmill Farm, Kibworth Harcourt is allocated for a mixed-use development comprising offices, a petrol filling station, a pre-school and live-work units.

Legally Compliant?: Yes

6125 **Support**

**Respondent:** Mr Peter Jones [6225]  
**Agent:** N/A

**Summary:** Qualified support on the basis that enforcement action is taken. Here in North Kilworth we have witnessed ad hoc development of an unsustainable industrial estate from a green field site with permissions granted retrospectively. This is unfair to those who seek to follow the letter of the law.

**Change To Plan:**

**Legally Compliant?** Not Specified

**Full Reference:** S - 6125 - 6225 - BE1 Provision of new business development, BE1 clause 2 - Rural Economic Development - None

7275 **Object**

**Respondent:** Prologis UK Ltd. [5661]  
**Agent:** Lichfields (Ms Caroline Musker) [6164]

**Summary:** Reasons summarised as:

- does not provide a clear and comprehensive approach as para 6.1.7 / Table B.10 excludes strategic distribution
- Table B.11 Sources of Employment Land Supply needs to be updated to accurately reflect the position (i.e. planning consent 15/00919/FUL)
- unclear whether the plan meets objectively assessed employment need because the Council has not provided all the evidence to justify that the approach to general new business development combined with strategic B8 development is justified,
- overall employment land requirement not robustly justified. Further work needed to justify that this amount is appropriate and deliverable.

**Change To Plan:** In order to address the conflicts identified above and ensure that Policy BE1 is sound, it is requested that the Council:

1. Provide a table setting out a clear strategy for all employment land needs for the period 2011-2031. This should include office (B1), industrial (B2), general distribution (B8) and strategic distribution (B8) so there is a clear hierarchy of need.

**Legally Compliant?** No

5854 Object
Respondent: Mrs Gillian Groom [6152]  
Agent: N/A
Summary: This will not significantly increase employment, either in terms of numbers or increase to non-minimum wage roles. Residents of the Lutterworth area seeking professional roles will in the most part will still have to commute to Rugby (& London via Train), Coventry, Northampton, Leicester and Birmingham. The road infrastructure around Lutterworth does not currently support existing traffic volumes. The plan does not address the A426 south of Lutterworth, (route from M1 south to M6 North). Since changes to A14 junction, this road is congested, and any incident on M1 south of junction 20 results in gridlock.
Change To Plan: The usage of A426 and the impact on surrounding villages (eg Shawell, which many car drivers us as a relief road to A426) should be fully understood and a highways plan established to ensure these problems are resolved before any further industrial development. The mix of commercial buildings should be reviewed to establish more facilities to enable more non minimum wage roles to be established in the Lutterworth area.
Legally Compliant?: Yes
Full Reference: O - 5854 - 6152 - BE2 Strategic distribution, BE2 clause 1 - iv
I object to the expansion of Magna Park for the following reasons:

1. The increase in traffic, particularly Heavy Goods Vehicles
2. The resultant air pollution, noise pollution and light pollution
3. The destruction of green countryside and resultant damage to flora and fauna upsetting the already fragile ecosystem
4. The extra strain on housing schools and medical centres where there is already a shortage of GPs
5. Problems on the M1, M6, M69 or A5 will inevitably lead to increased traffic through the local villages.

THIS IS COMPLETELY UNACCEPTABLE.

Change To Plan: The expansion of Magna Park should be abandoned

Legally Compliant?: Yes

Full Reference: O - 6288 - 6258 - BE2 Strategic distribution, BE2 clause 1 - None

Pollution, insufficient road networks around villages used for cut through to Magna Park, loss of green space, A5 not fit for purpose. Over a thousand local people have objected to this proposal for very valid reasons and yet no-one listens.

Change To Plan: No expansion.

Legally Compliant?: No

Full Reference: O - 6297 - 5883 - BE2 Strategic distribution, BE2 clause 1 - i

The proposals are unsound; they fail to account for approved developments at the rail connected site at DIRFT. If approved the proposals would lead to an erosion in the quality of life for the residents of Lutterworth and surrounding villages due to (A) the lack of proposed investment in the infrastructure of the A5 and A426 which have congestion issues already (B) The area has very low levels of unemployment therefore employees for future developments will be drawn from surrounding areas the addition of thousands of additional vehicle movements on the village "rat runs" will be detrimental .(99)

Change To Plan: An additional 100,000 sq mts of warehousing has already been approved at Magna Park if further space is required it should be located elsewhere in the county which has many potential alternatives.

Legally Compliant?: Yes

Full Reference: O - 6526 - 6197 - BE2 Strategic distribution, BE2 clause 1 - iii, iv

Magna Park plans are immense. Logistics centres should be built at locations with railheads or at motorway junctions. The road infrastructure around Magna Park struggles to cope with the existing traffic volumes.

Leicestershire is one of the worst counties in the country for road fatalities.

HGVs don't follow approved routes; travelling dangerously through tiny villages on minor rural roads.

It's smarter to build warehouses nearer to the people who would take up the new jobs being created. The area around Magna Park has 0.4% unemployment.

Lutterworth has some of the worst air quality in Leicestershire, failing to meet EU standards.

Change To Plan: There should be no further material expansion of Magna Park. The local road infrastructure cannot support more HGV and commuter car traffic. The people living in the Lutterworth area should not be subjected to having to breathe even more polluted air. We have to live here!

6911 Object

Respondent: Mr Hugh Robertson Smith [4229]

Summary: This is an entirely speculative and opportunist proposal from Gazeley and DBS Symmetry. Previous form from Gazeley confirms that proposals are put forward purporting to have an end-user secured when they do not. It beggars belief that the area in the Local Plan entirely mirrors the applications made by Gazeley and DBS, suggesting that HDC Planning Department might as well step aside. More significantly, it prejudices and excludes any application by any other third party keen to develop the site.

Change To Plan: By securing such exclusivity for the two applicants the planning process and indeed the Planning Department itself should be subject to extreme scrutiny.

6989 Object

Respondent: Ullesthorpe Parish Council (Mrs Katherine Clarke) [5370]

Summary: * far exceeds forecasted need
* not strategic
* no consideration to planning consents since 2014
* lead to a huge over-supply of warehousing
* does not allow spread across the LLGP area
* huge influx of workers from outside the District
* exacerbation of local congestion and traffic issues
* over-loading of local villages
* additional commuter traffic
* conflicts with available housing in the area

Change To Plan: Removal of Policy BE2 from the Local Plan.

Legally Compliant?: No

Full Reference: O - 6989 - 5370 - BE2 Strategic distribution, BE2 clause 1 - i, ii, iii, iv

7630 Object

Respondent: Mr Robert Ogden [6505]

Summary: It is noted that the plan allows for the expansion of Magna Park subject to certain criteria, one of which is the effect of traffic flows on the local roads and A5. The area around Magna Park does not have an unemployment problem consequently any expansion will create commuter traffic to and from the site as well as increase the flows of HGVs servicing the site.

Change To Plan: The plan should state emphatically that no expansion of the Magna Park be entertained until, i. there is an unemployment crisis in the Lutterworth district and ii. The A5 trunk road is majorly improved along its whole length from the M1 to the M42 with a dual carriageway and safety improvements at all its junctions with the minor roads with which it interconnects.

Legally Compliant?: Not Specified

5360 Object

Respondent: Mrs VB Weller [5372]  
Agent: N/A

Summary: The inclusion of extensions to Magna Park etc are still supposedly subject to planning and have not been passed. If the planning process has any integrity, these parts should be removed immediately. We have been assured it is not a 'done deal'. Why then is it an integral part of this long term plan? It should not be there.  
Also, Lutterworth is already saturated with lorries and warehouses and this proposal will only aggravate the situation. It does nothing to either enhance the area nor offer any kind of diversity of employment.

Change To Plan: Take this out of the plan. It is dishonest to include it.  
Put industry on brownfield sites, not on green fields.  
Find new less destructive solutions for industry and employment in the Lutterworth area.

Legally Compliant?: No

Full Reference: O - 5360 - 5372 - BE2 Strategic distribution, BE2 clause 2 - ii

5385 Object

Respondent: Mr Neil Blackhall [5817]  
Agent: N/A

Summary: 1. The proposed development is on green field land.  
2. Is not served by a rail terminal (unlike nearby DIRFT).  
3. Lutterworth has less than 1% unemployment, so new jobs are not required.  
4. Any jobs will be low-skilled and not "reduce the dependence of Harborough’s residents on commuting" by creating higher paid jobs.  
5. It will destroy the archaeological site of Bittesby.  
6. It will destroy footpaths and walking routes for local residents and visitors.

Therefore it is not JUSTIFIED

Change To Plan: Delete BE2 2  
Additional development of up to 700,000 sq.m. for non rail-served strategic storage and distribution (Class B8) use will be permitted where it would:

Full Reference: O - 5400 - 4965 - BE2 Strategic distribution, BE2 clause 2 - i, ii

5401 Object  
Respondent: Mr Peter Hill [5915]  
Agent: N/A

Summary:  
This conflicts with planning requirement CC1 mitigating climate change, and National Planning Policy Framework (page 94) to reduce greenhouse gas emissions in accordance with the climate change Act 2008. Goods vehicles emit over 30% of UK transport CO2 emissions and this expansion will increase this. Freight should be diverted to rail transport to reduce this. The additional jobs will increase commuter journeys by car exacerbating the problem. No improvement in public transport has been proposed nor any requirement for facilities to be provided for electric vehicles. The proposal will also increase the traffic problems on national roads and locally.

Change To Plan: Do not expand Magna Park, work towards a national policy that takes freight off the roads using new or existing rail terminals. Make it a planning requirement that all new building development meets BREEAM Excellent or Outstanding (not just a pious hope that developers will take it up themselves - they won't unless forced) Similarly with electric vehicle charging points and infrastructure.

Legally Compliant?: No  
Full Reference: O - 5401 - 5915 - BE2 Strategic distribution, BE2 clause 2 - iv

5411 Object  
Respondent: Mrs Emma Parsons [5944]  
Agent: N/A

Summary:  
700,000 is opportunistic not strategic.  
road network is not viable to support increased traffic.  
no need for more jobs.  
not near a rail network.  
won't help local residents employment will all be in warehouse work rather than a diverse range.

Change To Plan: Plans are already approved for 100,000 sqm expansion to Magna Park which is more than sufficient. No further plans should be approved but sites elsewhere in the region should be considered which will avoid a huge area of similar jobs and loss of countryside in one location.

Legally Compliant?: No  
Full Reference: O - 5411 - 5944 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

5443 Object  
Respondent: Mrs Jan Butcher [4328]  
Agent: N/A

Summary:  
This is an unsustainable proposal without proper and sound evidence of need. Viable infrastructure is not in place to support such huge expansion. The area is already dominated by Magna Park and the rural surroundings must not be irrevocably damaged even further. The roads are already congested and unsafe as (see accidents data re on junctions on the A5 in Magna Park area). Conflicts with the NPPF requirements re sustainable transport and climate change - NPPF emphasis is , rightly, on facilitating rail transport.

Change To Plan: No major expansion to Magna Park to be permitted

Legally Compliant?: No  
Full Reference: O - 5443 - 4328 - BE2 Strategic distribution, BE2 clause 2 - i, ii
5452 **Object**

**Respondent:** MS Alison Abraham [5895]  
**Agent:** N/A

**Summary:** The A5 and adjacent road infrastructure is not currently adequate for any further traffic.  
700,000 sq mtrs is far too much and seems to be very convenient as it happens to be the total of the outstanding applications.  
DHL plan has already been approved.  
Magna Park is not on a rail head like Dirft - also being expanded and is also going to impact the A5  
Not that many unemployed in the area so more commuters on the road.

**Change To Plan:** Ideally do not expand Magna Park further.  
If expansion is deemed necessary do not flow down the A5 - infill the land opposite existing site which is smaller and will be less visually impacting and not take away any further farm land or effect Bittesby village.

**Legally Compliant?**: No

**Summary:**  
#This size of development is not needed  
#It will not meet local employment needs  
#It will increase commuting  
#It will increase HGV movements  
#It is not at a railhead  
#Local roads are already inadequate

**Change To Plan:** Delete the proposal for the 700000 sq mts expansion at Magna Park and its surroundings

**Legally Compliant?**: Yes  
**Full Reference:** O - 5486 - 4814 - BE2 Strategic distribution, BE2 clause 2 - None

---

5489 **Object**

**Respondent:** Mr Peter Williamson [5998]  
**Agent:** N/A

**Summary:** Using up more valuable countryside in the Lutterworth area.  
Significant increase in commuting to and from Magna Park  
No immediate plans for improving the transport infrastructure on and around the A5  
This development will have a significant impact on air pollution.

**Change To Plan:** Remove the proposal of 700,000 square metres of expansion at Magna Park

**Legally Compliant?**: No  
**Full Reference:** O - 5489 - 5998 - BE2 Strategic distribution, BE2 clause 2 - i
5501 Object
Respondent: Mrs June Whiting [4950]
Agent: N/A
Summary: 1. Empty capacity at present Magna Park. Rail head sites preferred.
2. Excess warehouse building at M. P. will deprive county of alternative sites.
3. Proposal is opportunist not strategic.
4. Even more commuter traffic.
5. Lack of spread of employment opportunities.
6. HGV pollution and traffic jams in A5 bottlenecks.
Change To Plan: There should be a National Strategy for the distribution of warehouses as the Midland area will soon be over-run with these unsightly ugly buildings.
Legally Compliant?: No
Full Reference: O - 5501 - 4950 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

5502 Object
Respondent: Mrs Julia Pearson [6002]
Agent: N/A
Summary: There are several warehouses that are empty at Magna Park. There isn’t strong evidence that additional warehousing, of such large proportions, is necessary. There are very low levels on unemployment in the local area - less than 1.6%. This will mean that employees will have to commute to Magna Park, increasing traffic and pollution, on less than adequate roads. If employees move into the area this will impact on our current infrastructure which is already under pressure from increasing population, especially housing, GP practices and dentists etc. This will also impact on our greenspace.
Change To Plan: I would like the proposal to allow 700,000 sq metres of new warehousing at Magna Park to be removed from the Local Plan. As 100,000 sq m has already been agreed there should be no further expansion. Other parts of Leicestershire would be more suitable with strong transport links available. We do not need any more low skilled employment in the area.
Legally Compliant?: No
Full Reference: O - 5502 - 6002 - BE2 Strategic distribution, BE2 clause 2 - i

5504 Object
Respondent: Mrs Jaqueline Strong [4069]
Agent: N/A
Summary: This development exceeds identified need. and matches exactly an outstanding planning application Development not justified as it would offer mainly lower skilled jobs not the higher skilled employment - goal in the local plan. Out commuting would not be reduced - another goal in the local plan. Saturates area with distribution parks causing employment problems Infrastructure needs required with cost falling on Government No evidence provided See attached paper.
Change To Plan: Remove this item from the strategic plan.

Agent: N/A
Summary: HDC Core Strategy stated there was no need for 700,000sq. m of strategic storage therefore this policy is deemed unsound.
Change To Plan: Remove policy
Legally Compliant?: Yes
Full Reference: O - 5512 - 2656 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii
5515 Object

Respondent: S Hopkins [6015]

Agent: N/A

Summary: 700.00 sq mtrs has only been considered because it's line with a private company's planning application - it is not strategic.
This is an area of low unemployment - there is no need for the low level job opportunities for the people of this area, and new houses will just add to the traffic issues and air pollution.
The roads around the area are already hugely congested.
Air quality in this area is already poor - please consider the health of us and our children.

Change To Plan: The plan to allow 700,000 sq mtrs of warehousing at Magna Park should be scrapped.
100,000 has already been agreed. It would be wrong to place so much of one type of business in the same small space. It does not allow for a diverse culture in an area.
It would be fairer to the whole country to spread opportunities further afield.
The plan should include improving the current poor air quality rather than planning to destroy it further.

Legally Compliant?: No

Full Reference: O - 5515 - 6015 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

5523 Object

Respondent: Mr Dennis O'Neill [6025]

Agent: N/A

Summary: Magna Park is already one of, if not the biggest such park of its kind in Europe. Increasing its size is both disproportionate and unnecessary as it will increase congestion, increase pollution, and increase the number of vehicles traversing the area each day, to the great detriment of air quality, the rural aspect of the area and the ability for residents and existing businesses to go about their business smoothly and without being hampered or inconvenienced by long queues of increasingly irate drivers.

Change To Plan: Magna Park has long been described as an out of town development and that it will at no point encroach on Lutterworth. This plan and the local plan and other plans will allow Lutterworth to be completely subsumed by development that its current infrastructure is completely incapable of supporting. It can't support things as they are now.

Legally Compliant?: No

Full Reference: O - 5523 - 6025 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

5524 Object

Respondent: Mr Dennis O'Neill [6025]

Agent: N/A

Summary: This plan is completely disproportionate to the area's needs and ability to withstand future development. The current infrastructure, amenities and services cannot cope with the current level of traffic and business use, so to add yet more will be overstretching the roads, services and air quality beyond breaking point. It also bears no relation whatever to competing developments in Rugby, Corby and the surrounding area, so there is every chance that any such development will be left empty and all the destruction to the rural area caused will be rendered pointless.

Change To Plan: The plan should be scrapped and sent back to the drawing board.

Legally Compliant?: No

Full Reference: O - 5524 - 6025 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

5534 Object

Respondent: Mrs Martine Blackburn [5228]

Agent: N/A

Summary: I strongly object because:
Increased traffic from both lorries and workers commuting throughout the day and night will inevitably cause more accidents and congestion in the immediate area. Additionally, local motorway networks and villages will be adversely affected.

An increase in pollution - air, light and noise, is of huge concern given the unacceptable levels already registered.

The natural environment will be affected negatively and biodiversity in the area will be reduced significantly.

Finally, the HDC Core Strategy CS 7 h specifically restricts further development at Magna Park unless there is a proven need, which has not yet been established.

Change To Plan: Development to Magna Park should only be allowed once all existing warehousing in the area (including Rugby and DIRFT developments) is full.

Legally Compliant?: No

Full Reference: O - 5534 - 5228 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv
5546 Object

Respondent: Mrs Maria Lockley [5818]

Agent: N/A

Summary: As a point of principle, I oppose the drawing up of a new Local Plan in its entirety. The existing Plan has many years to run and this is simply a ploy by HDC to steamroller through even more unpopular and unnecessary development. As far as Magna Park is concerned, it has resulted already in vastly increased road traffic and damage to wildlife and the environment. The proposed extension would gobble up huge areas of agricultural land which, post-Brexit, will be much needed for food production, as well as destroying valuable wildlife habitats around the field margins.

Change To Plan: Scrap the whole Plan. It is simply a device by HDC to pass schemes already "on the nod", as well as legitimizing those which have been passed already but which contravene the existing Local Plan.

Legally Compliant?: No

5581 Object

Respondent: Ashby Parva Parish Meeting (Mr Tim Ottevanger) [5196]

Agent: N/A

Summary: Please see our comments on SS1, the Spatial Strategy, 2c Strategic storage and distribution; [The LLEP studies identify a need for additional (i.e. new build) non-rail served warehousing/ distribution space in Leicestershire. The 700,000 sq.m proposed in BE2 'Strategic Distribution' exceed the forecast for the entire LLEP area for 2031 while ignoring consents given by councils in Leicestershire since 2014, which themselves meet the minimum forecast requirements up to 2031, thus contributing to a potential significant over-supply of warehousing/ distribution space and the skewing of the job market towards low-skilled, low-paid jobs, heavy in-commuting]

Change To Plan: Same reference to SS1 as above;

[Policy BE2 should either be dropped or amended to retain the council's 2011 Core Strategy (policy 7j) which rules out extending Magna Park. Harborough has already breached the Core Strategy in 2016 by approving 15/00919/FUL, a 100,844 sq.m. warehouse/distribution centre for DHL on land adjoining Magna Park. The Core Strategy stated &quot;... there are more suitable locations and sites (both rail and non rail-linked) than Magna Park within the region and sub-region to meet forecast need for strategic distribution to 2026.&quot; [Paragraph 5.73]. The Submission Plan does not now make the opposite claim, i.e. that there aren't any &quot;more suitable locations&quot; within the region, so nothing has changed.]

Legally Compliant?: No

Full Reference: O - 5581 - 5196 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv
**5591 Object**

Respondent: Mr Ian Robertson [5573]  
Agent: N/A

Summary:
- It will not create a greater breadth of employment opportunities.
- It will not lead to opportunities for local skilled workers to save on commuting.
- Positions will be filled by those having to commute into Magna Park.
- It is not rail served.
- There is no provision to improve the road network in the surrounding area.
- It will have an unacceptable impact on the environment and the landscape.
- It will contribute to the poor air quality in the area.
- It is likely to lead to an oversupply of warehousing/distribution land.

Change To Plan: The local plan should be modified to not include any major expansion of Magna Park over and above the 100,000 sq mtrs recently approved.

Reconsider how the strategic aims can be met. Further research is required to identify how any expansion of Magna Park could provide an environment that generates higher skilled, higher knowledge-based employment such as the creation of a science and technology park to attract hi tech and innovative businesses. This will fulfill the criteria for:

"Reducing dependence of Harborough’s residents on commuting and increasing wage rates by providing a breadth of employment alternatives, including more opportunities for Harborough’s higher skilled residents"

The result would be:
- Avoid the mass creation of low skilled jobs that would not be filled by local residents.
- Avoid the unnecessary loss of productive farmland and impact on the landscape.
- Avoid adding to the already high levels of traffic congestion and exacerbating the already non-compliant levels of air pollution particularly in Lutterworth.

5601 Object
Respondent: Mrs Linda Hollingworth [6035]  
Agent: N/A
Summary: Infrastructure will not support increase in traffic.  
Air pollution already one of the highest in the country - any increase will lead to increased respiratory problems particularly for the elderly and children. 
Loss of wildlife and recreation space.
Change To Plan: Magna Park is already big enough
Legally Compliant?: No
Full Reference: O - 5601 - 6035 - BE2 Strategic distribution, BE2 clause 2 - ii

5621 Object
Respondent: Margaret R Dr Reynolds [6078]  
Agent: N/A
Summary: The fact that there are already applications for this amount of additional warehousing suggests a political decision. 
There have previously been suggestions that this would lead to an over supply. 
Unemployment is low in the Lutterworth area so increased numbers of commuters from outside will add to the congestion on the roads. New jobs are also unlikely to offer a variety of skill-based roles. 
Why is no green area of separation proposed between Magna Park and Ulllesthorpe?
Change To Plan: Previous proposals for 100,000 sq mts or even 279,000 sq mts could be reinstated.
Legally Compliant?: No
Full Reference: O - 5621 - 6078 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii

5646 Object
Respondent: Ms Caroline Pick [4194]  
Agent: N/A
Summary: CPRE Leicestershire thinks that the evidence for 7,000 sq m conveniently concurs with the two outstanding planning applications for this area of warehousing. We believe that this proposal is opportunistic and not strategic. 
Reports (the LLEP SDSS, 2017) indicate that there is less demand than in this HDC policy. Putting a huge area of warehousing at Magna Park, in an area of low unemployment would be disadvantageous when it could be developed in other areas of the county that have already developed this specialism and have higher unemployment.
Change To Plan: Unable to reword
Legally Compliant?: Yes
Full Reference: O - 5646 - 4194 - BE2 Strategic distribution, BE2 clause 2 - ii

5673 Object
Respondent: Mrs Christine Horsfall [5326]  
Agent: N/A
Summary: This planning application is not strategic, a planning application has been made for a 700,000 sq m and this figure has been used co-incidentally in the local plan. There is no evidence that this area is needed, warehousing is frequently advertised as available in Magna Park. There is no business advantage in grouping such a large number of distribution centres on one site and, in terms of employees, distributing the warehouses across a larger area would result in shorter commutes to work and hence less pollution.
Change To Plan: Ideally there should be no expansion of this site as there is full employment in the local area and any jobs which are provided are generally of low skill and therefore do not enhance the skills and standard of living in the area. This is rural area of productive farmland with excellent public access for walking and horse riding.
Legally Compliant?: Yes
Full Reference: O - 5673 - 5326 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv
5694 Object
Summary: The projected shortfall of floor space for non-railserved sites is based on flawed analysis. Why is a "high" demand assumed and why is the already agreed Mere Lane development ignored? This gives a false impression of future shortfall (Table 2.4 LLSDS Update).
There is no evidence presented supporting both developments at Magna Park, as this would result in gross over-provision by 40+ ha, even at 2036.
Ullesthorpe must be protected from any further impact of growth at Magna Park. An effective green barrier would be essential, even if only part of this ill-conceived plan goes ahead.
Change To Plan: Revise the forecasts downwards, taking account of the points raised above.

5723 Object
Summary: The proposal is for a virtual doubling of Magna Park but:
1 there is no evidence of demand for more warehousing capacity in the area
2 unemployment in the Lutterworth area is very low so the 10,000 jobs [an estimate I have heard] would mainly have to be filled by people from other areas.
3 This would have a massive impact on the amount of traffic around Lutterworth.
Change To Plan: Delete the 700,000sq m planning application from the local plan

5728 Object
Summary: The two planning applications already submitted indicates a strong possibility that warehouse space may be left empty, as it is currently on the existing site where I walk every week. There are currently unfilled vacancies. The case for further jobs is not true.
Change To Plan: Magna Park is big enough. Development at both Rugby, Daventry and Broughton Astley will be more than enough to meet local needs.

5748 Object
Summary: I do not believe that there is a need for 700,000sq m of additional distribution allocation when the Core Strategy proposed no increase. This is too great an increase.
Change To Plan: Go back to the original proposal of an increase in the region of 400,000sq m
**Object**

**Respondent:** Mrs Kathleen Rowell [4871]  
**Agent:** N/A

**Summary:**
- Warehousing should be strategic not speculative
- Future warehousing should be rail served
- Unemployment low so more low paid jobs not needed
- Increased road congestion
- Increased air and noise pollution
- Loss of productive agricultural land
- Just fulfilling developers want for 700,000 sq Mts does not justify this proposal
- Should not be a political decision based on greed

**Change To Plan:**
- Deletion of proposal to allow 700,000 sq mts expansion of Magna park
- Future expansion of warehousing should be strategic not speculative and near rail heads

**Legally Compliant?:** No

**Full Reference:** O - 5750 - 4871 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

---

**Object**

**Respondent:** Mrs Tina Boseley [6112]  
**Agent:** N/A

**Summary:**
- This will lead to over supply of land for warehouses. There are already empty warehouses on magna park that can not be filled without additional warehouses being added.
- Will increase traffic in and around surrounding area. The A5 is already inadequate without the addition of more lorries and commenters.

**Change To Plan:**
- Delete the proposal of 700,000 sq mts. Leave the 100,000 sq mts that have been approved. The remaining area to be taken up by other parts of the country.

**Legally Compliant?:** No

**Full Reference:** O - 5751 - 6112 - BE2 Strategic distribution, BE2 clause 2 - i

---

**Object**

**Respondent:** Mr Graeme Bonser [6113]  
**Agent:** N/A

**Summary:**
- Potentially over supply of warehousing (Brexit impact unknown too)
- Not meet employment needs outlined in Key Issue 3.
- Increase pressure on infrastructure, with no railhead service or improved highways planned until at least 2030.
- Increased emissions inconsistent with National policy
- 700000 m warehousing opportunistic, not strategic when considering other developments in local area meeting National needs better and local employment needs.

**Change To Plan:**
- In consultation 3 options were provided for Magna Park expansion:
  - 100000 sq m
  - 279000 sq m
  - 779000 sq m

  As the 100000 sq m has been granted in effect this plan approves the remaining 700000 sq m of expansion. The plan should thus include no further expansion at Magna Park. The remaining could be better located in other areas of the county better suited in infrastructure and local employment terms. This would also relieve pressure on existing infrastructure in the area and improve air quality for local residents.

  This after all is a PLAN FOR LOCAL RESIDENTS!

**Legally Compliant?:** No

**Respondent:** Alison Anderton [6006]  
**Agent:** N/A

**Summary:** Magna Park is already too big, we do not need this as we have relatively low unemployment, an increase again on traffic and pollution including light pollution.

**Change To Plan:** Build this near DIRFT further down the A5 where the road and rail infrastructure is already in place.

**Legally Compliant?:** No

**Full Reference:** O - 5849 - 6006 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv
5851 Object
Respondent: Mrs Debbie Ketteringham [6150]  
Agent: N/A
Summary: Magna Park is big enough. The road infrastructure is already overloaded. The resulting air quality locally is a danger to residents health. Surrounding Towns and villages are already suffering the impact of the current development. Surrounding countryside should be preserved not covered under tonnes of concrete and tarmac which would increase flood risk again impacting on local residents while profiting big business. You must know this is wrong, please do the right thing and stop this nonsense
Change To Plan: Stop further development of Magna Park completely
Legally Compliant?: No
Full Reference: O - 5851 - 6150 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

5858 Object
Respondent: Mr David Jones [4742]  
Agent: N/A
Summary: An additional 700,000 sale metres is a major unsubstantiated increase from the previous limit of 400,000 sq metres. Such a large development at this non rail serviced location would adversely affect the nearby Daventry Rail Freight Terminal. It would also significantly increase HGV and other traffic on the A5, particularly at the Gibbet roundabout and on the A426 to & from the M6 junction 1.
Change To Plan: Retain existing limit of 400,000 sale metres for strategic at Magna Park and on adjacent land
Legally Compliant?: Yes
Full Reference: O - 5858 - 4742 - BE2 Strategic distribution, BE2 clause 2 - None

5897 Object
Respondent: Mr Peter Roberts [6169]  
Agent: N/A
Summary: 700,000 sq mts is opportunist not strategic  
• It will lead to an over supply of land for warehousing  
• It will not meet the employment needs of Harborough residents as outlined in Key Issue 3 e.g. greater breadth of employment alternatives, increased wage rates, opportunities for higher skilled residents  
• Will increase in-commuting and not reduce out-commuting  
• Not on a railhead  
• No adequate highway infrastructure and non planned before 2030.  
Will adversely effect local residents quality of life
Change To Plan: Delete the proposal to allow 700,000 sq mts of expansion at Magna Park.  
• The Local Plan should be modified to include no major expansion at Magna Park, 100,000 sq mts have already been approved and the remaining area could be taken up by other parts of the county. This would avoid a massive concentration of similar jobs, loss of countryside and traffic congestion in one small area.  
Legally Compliant?: No

5938 Object
Respondent: MR Michael Wilcox [5164]
Agent: N/A
Summary: The previous core strategy established in conjunction with residents defined that no further expansion of Magna Park would be allowed. It also stated that there were adequate alternate sites available within the district for future development.
- Additionally two major developers have submitted planning application for the 700,000 sq m refered so this clause solely seeks to satisfy the wishes of the developers contrary to current policy and the wishes of most residents
Change To Plan: Delete the additional development provision
Legally Compliant?: No
Full Reference: O - 5938 - 5164 - BE2 Strategic distribution, BE2 clause 2 - iii

5971 Object
Respondent: Mr J R Deacon [5980]
Agent: N/A
Summary: The Core Strategy, which is still a legal document, stated that there would be no expansion of Magna Park unless a railhead was provided. This new proposal makes no provision for a railhead. It also seems strange that the proposal of 700,000 sq m is the same total as the 2 proposed planning applications lodged with HDC. This smacks of coercion and coruption between the applicants and HDC.
- There is already massive expansion of warehouse distribution sites at Dirft, Rugby, Hinckley and the East Midlands. Why do we need more in this area.
Change To Plan: No further expansion of Magna Park should be allowed as already 100,000 sq m has been approved for expansion.
Legally Compliant?: No
Full Reference: O - 5971 - 5980 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

5993 Object
Respondent: Mr Alan Pankhurst [4876]
Agent: N/A
Summary: - 700,000 sq mts is an over supply of non-rail land for warehousing
- this will not achieve the objectives of the Local Plan in term of employment
- the proposal favours the needs of developers not residents
- the full consequences for residents have not been considered or given any weight.
Change To Plan: Delete the 700,000 sq mts development from BE2.2
- Insert into the plan a policy to encourage business development which is high value and requires a wide range of skills including more high skilled employees. To do this HDC should commit to marketing the qualities of HD and providing support to companies who may wish to move here.
Legally Compliant?: No
Full Reference: O - 5993 - 4876 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv
5999  Object
Respondent:  Mrs Maggie Pankhurst [4875]  
Agent:  N/A
Summary:
1. BE2 will not achieve the vision and objectives of the Local Plan - in fact it may work in completely the opposite direction.
2. 700,000 sq mts will lead to an over supply of non-rail distribution land and will not share the employment across the county.
3. The infrastructure, particularly roads, will not support the increase in size of MP.
4. Employment needs of HD residents will remain unmet and people will still commute out.

Change To Plan:
Delete BE2:2 and replace it with a policy to encourage new business development in line with Leicester and Leicestershire Enterprise Partnership objectives e.g. across a broad range of business sectors and job skills. Also to support existing businesses to expand and develop. Particular focus on new technologies and higher skilled jobs.

Legally Compliant?:  No
Full Reference:  O - 5999 - 4875 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

6007  Object
Respondent:  Mr Jason Lapthorne [6194]  
Agent:  N/A
Summary:
It doesn't meet the requirement for local jobs.
The infrastructure is already at breaking point and this will push it over the edge with no major plans to increase the roads. No railway near by
The beautiful countryside will be ruined.
700,000 sq mts is simply greedy

Change To Plan:
Remove the proposal of 700,000 sq mts it is simply not needed especially as one proposal for 100,000 mts has already been granted. This is a sensible expansion size and will not disrupt too greatly on the surrounding areas whilst improving and increasing Magna Park sufficiently.

Legally Compliant?:  No
Full Reference:  O - 6007 - 6194 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

6015  Object
Respondent:  Mrs Maggie Pankhurst [4875]  
Agent:  N/A
Summary:
Not sustainable because of the poor highway infrastructure and lack of local labour pool.

Change To Plan:
Delete BE2:2 and replace with a policy on encouraging a wider range of businesses into the area and developing current businesses. This would bring a wider range of jobs, many of which may appeal to those who currently commute out. Also perhaps be clearer about how many jobs we actually need in the area and don't over provide as this brings commuting issues.

Legally Compliant?:  No
Full Reference:  O - 6015 - 4875 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

6020  Object
Respondent:  Mr Timothy Ottevanger [6003]  
Agent:  N/A
Summary:
Policy BE2 clause 2 fails to explain why the council's Core Strategy regarding Magna Park should no longer apply. It does provide a justify going beyond what independent studies state has happened, i.e. that identified needs have already been met. It ignores developments close to Magna Park across the district boundary which also serve the 'golden triangle'. It has been poorly researched and is driven by an anxiety to satisfy two developers with outstanding outline applications for warehousing/distribution centres.

Change To Plan:
The proposed approval for up to 700,000 sq.m, warehousing/distribution space should be dropped.

Legally Compliant?:  No
Full Reference:  O - 6020 - 6003 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii
6031 Object

Respondent: Mr Richard Lockley [6161]  
Agent: N/A

Summary: I strongly object to this proposal.
The resulting increase in traffic volume on the A5 would be unsustainable.
The A5 is already heavily congested particularly at peak times. Queues are the norm.
The increase in both air and light pollution is not acceptable.
The loss of vast areas of open countryside and farmland with the resulting loss of wild life habitat cannot be tolerated.
In reality such developments create only relatively low numbers of poor quality jobs.
The negatives far outweigh any positive gains.

Change To Plan: scrap this proposal

Legally Compliant?: No

Full Reference: O - 6031 - 6161 - BE2 Strategic distribution, BE2 clause 2 - ii, iii

6043 Object

Respondent: Mr Roger Jones [5328]  
Agent: N/A

Summary: b. Provision of strategic distribution facilities.
There is generous available provision, with rail, M1 and A5 connections, at DIRFT, only 5 miles away. Additionally, provision is being provided at junction 1 of the M6, 3 miles away.

e. The above will add considerable traffic to the same road network as any addition to Magna Park. Without these additions yet being on stream, there are already tailbacks and hold-ups, particularly on the M6-A5 link road (A426).

f. The extension of Magna Park will be extremely detrimental to the environment adjacent to the village of Ullesthorpe, both visually and practically.

Change To Plan: The proposed extension of Magna Park should be rejected.

Legally Compliant?: Yes

Full Reference: O - 6043 - 5328 - BE2 Strategic distribution, BE2 clause 2 - i

6073 Object

Respondent: Mr Brian Poulter [4826]  
Agent: N/A

Summary: There is confusion as to 700,000 sq. m. Does this include the two planning applications currently lodged with HDC? If it does it is supported. However, if the 700k is an addition to those two applications it is not acceptable. The local area is already subject to excess of heavy & light vehicle traffic both on larger roads as well as B class roads (rat-runs). Additional traffic will bring the roads in the area to ‘grid lock’. At certain times of the day The Whittle roundabout on the A4303/A426 is ‘grid-locked’ now.

Change To Plan: The A426 from the A5 to the A4303 should be dual carriageway. Plus to be agreed certain roads be excluded from being access to Magna Park.

Legally Compliant?: Yes

Full Reference: O - 6073 - 4826 - BE2 Strategic distribution, BE2 clause 2 - i

6098 Object

Respondent: John Goodacre [4117]  
Agent: N/A

Summary: The Council has asserted that there are more suitable sites elsewhere in the County. It has ignored recent completions and commitments which meet minimum forecasts of need, as pointed out in the recent Sustainability Appraisal.

Change To Plan: Policy BE2 should be excluded from the Local Plan. Failing that, it should be amended so as to retain the council’s 2011 Core Strategy (policy 7) which rules out the possibility of extending Magna Park.

Legally Compliant?: Yes

Full Reference: O - 6098 - 4117 - BE2 Strategic distribution, BE2 clause 2 - ii
6105 Object
Respondent: Mrs Margaret Foster [6159]  
Agent: N/A
Summary: Contrary to Key Objective 3 as it will not provide higher skill employment opportunities. Contrary to Objective 2 and Policy BE2.2 as it will not create new jobs that meet local employment needs. Unemployment in the Harborough District is negligible. 60% of the Magna Park workforce already travels from outside the district. Substantial increase in commuting, further pressure on the area particularly on already overcrowded local roads/rat runs through villages. No adequate highway infrastructure. Not consistent with National Planning Framework with regard to rail freight access. Deprives other areas of Leicestershire of potential employment opportunities.
Change To Plan: Remove this speculative element altogether from the Local Plan. A vast development such as this is not needed!
Legally Compliant?: Yes
Full Reference: O - 6105 - 6159 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii

6110 Object
Respondent: Mrs Sheila Carlton [4847]  
Agent: N/A
Summary: There should be no further development of warehousing for storage and distribution in this area. The proposed expansion is too large, exceeds all estimates of need (LLSDSS study) and there are many other sites needing local employment in other areas of Leics. It will add substantial traffic to already congested roads. Clearly the proposal is made solely in response to developers' pending planning applications and it seem that approval will inevitably follow without testing by representations from local residents.
Change To Plan: The policy decision, approved in 2011, to confine B8 warehousing for storage and distribution at this site to its then footprint should be maintained in the new Local Plan.
Legally Compliant?: No
Full Reference: O - 6110 - 4847 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

6113 Object
Respondent: Mr Kevin Gregson [6220]  
Agent: N/A
Summary: - No strategy to the plans
- There will be an over-supply of warehousing which will be damaging to the local area
- Employment needs for the local area will not be met
- There will be an increase in commuting and traffic from outside the local area
- The current highway infrastructure has not been designed to cope with such an increase in traffic
Change To Plan: Remove the proposal to allow the 700,000 square metres of expansion to Magna Park. As the 100,000 square metres plan has already been granted it seems that application and the additional application for 279000 square metres were somewhat pointless given that if the proposal for 779000 square metres is approved as this would approve the two outstanding applications. The local plan should be changed so that there is no major expansion to Magna Park.
Legally Compliant?: No
Full Reference: O - 6113 - 6220 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

6114 Object
Respondent: Mrs Pam Burton [6222]  
Agent: N/A
Summary: There is not any justification for the 700,000 sq m of development other than it is approximately what the two interested developers have applied for. The L&L SSSD suggests that this would provide an OVERSUPPLY of non-railserved warehousing for all of Leicestershire beyond 2031, therefore restricting development elsewhere in the county, and appears to be an entirely opportunistic inclusion in the Local Plan.
Low unemployment locally would mean more in-commuting as most MP workers already live outside the district, with an attendant increase in traffic and pollution. Development beside a scheduled monument is not safeguarding our historic heritage.
Change To Plan: Remove any expansion of MP outside of the airfield site from the plan.
Legally Compliant?: Yes
Full Reference: O - 6114 - 6222 - BE2 Strategic distribution, BE2 clause 2 - None
6115 Object

Respondent: Mrs Shiela Carlton [4847]  Agent: N/A

Summary: I object to both the expansion of the existing Magna Park site and also to the approval of warehousing for storage and distribution on any other nearby land, in close proximity and accessing the same local roads (A5, A426, A4303).
This is unsustainable development in relation to generation of vehicular traffic and also adverse effects on the open, rural character of the local landscape. It has adverse effects on residents' access to amenities and facilities, will pass on a deterioration of the environment to the next generation and therefore is in conflict with the NPPF.

Change To Plan: Smaller scale employment centres should be considered under policy BE1, concentrating on rural and agricultural diversification, tourism, design, craft and science/technology-based enterprises which add higher economic value to the District and offer higher-skilled and better-paid jobs. This would be more consistent with other policy decisions and plans at both District and County level. By definition, smaller scale installations would generate less traffic.

Legally Compliant?: No

Full Reference: O - 6115 - 4847 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

6117 Object

Respondent: Miss Samantha Hughes [6224]  Agent: N/A

Summary: There is little need to destroy the beautiful landscape as the area has a low unemployment rate. I am also led to believe that Magna Park, currently does not have a full capacity of employment, therefore extending is pointless.
The increase of traffic not only due to building but also more commuters would affect my business as I drive around the area and cannot afford any further delays, I already get delays around the A5, yet there are no plans to improve this.
There is no mention of preserving green space where I live.

Change To Plan: Reduce the space the sq meters proposed to reduce the major proposal of 700 sq ft.

Legally Compliant?: No

Full Reference: O - 6117 - 6224 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

6132 Object

Respondent: 1948 Luba Luckett [6226]  Agent: N/A

Summary: The 700000 sq m is solely the amount being requested by developers per recent planning applications and the planning policy should not be adjusted to suit developers.
Furthermore the current structure plan clearly states no further expansion of Magna Park and that there are adequate other suitable sites within the district.
Further expansion will severely increase traffic and pollution and already the A5 is almost impossible or too dangerous to cross due to high speed dense traffic

Change To Plan: Delete this amendment which is unnecessary and against the wishes of most residents

Legally Compliant?: No

Full Reference: O - 6132 - 6226 - BE2 Strategic distribution, BE2 clause 2 - ii, iii

6154 Object

Respondent: Mr Neil Ridley [5231]  Agent: N/A

Summary: The proposal is opportunities not strategic.
Research does not support the expansion in a single area of Leicestershire.
Jobs created will not benefit the local area, but will have significant negative impact in terms of traffic, congestion and resulting air quality.

Change To Plan: The proposal should be deleted. The local plan should be amended to include no major expansion at Magna Park

Legally Compliant?: No

Full Reference: O - 6154 - 5231 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv
I am given to understand that the Core Strategy states that there would be no further development of Magna Park without the provision of a railhead. There are no plans for such a railhead.

Magna Park is already huge, it is dwarfing the surrounding villages and making travel and quality of life a misery.

What a co-incidence that the proposal for 700,000 sq metres is the same as that required to complete the two proposed planning applications that have already been lodged with HDC!

No further expansion of Magna Park is required.

Magna Park is big enough. The lorries and private cars clog the road network and pollute the environment, and the number of road accidents is unacceptable.

Development should be adjacent to motorways for instance at DIRFT, Rugby Gateway, and not bring any more lorries along the A5 or A3403.

The expansion of MP by 700,000 sq mts will not contribute to the vision and objectives of the LP. It will in fact do the opposite.

Delete BE2:2 and insert a policy which supports a broad range of types of business - new and existing - which will bring a variety of jobs to the area and help to stop out commuting, reduce in commuting and bring prosperity to the area around Lutterworth.

Elements of the consultation process appear undemocratic and decisions are being made in the wrong order.

The proposal to add so much more warehousing space at Magna Park fails the Local Plan tests of soundness. It would be inappropriate strategically and economically, and damaging environmentally. It would lead to too much land in one place being devoted to distribution warehousing, and an insufficient variety of employment opportunities to satisfy identified need in the district. Serious traffic problems would arise from drawing enough employees from further afield, using a road network ill-equipped for the influx.

Given that 100,000 extra square feet have already been approved next to Magna Park, this further proposal should be removed from the Local Plan so that the job opportunities, and environmental costs, are spread more widely. Further development of distribution sites should be strictly planned as part of a regional strategy that takes impartial account of need, sustainability and environmental cost.
6278 Object
Respondent: Mrs Claudia Helen Woodward [6257]  
Agent: N/A
Summary: This proposal is opportunist and is not focused on the needs of employment in this district. There is no demand for non-rail warehousing.

Providing this many acres in this location will potentially lead to over supply and not allow spread across the county.

Will increase in commuting. And there is no planned highway infrastructure.

Change To Plan: The change is to delete any proposal to expand Magna Park, with the exception of the three options proposed during the 2015 local plan consultation.

Avoiding a massive concentration of low skilled jobs and traffic congestion in a small area.

Legally Compliant?: No
Full Reference: O - 6278 - 6257 - BE2 Strategic distribution, BE2 clause 2 - i

6281 Object
Respondent: Mrs Melanie Turley [6236]  
Agent: N/A
Summary: * Our surrounding roads and highways are already congested with vehicles coming and going from The Magna Park development. Small village roads cannot cope with the extra loads. There's been many a near accident.
* Noise and air pollution are a huge concern for the public living in and around Lutterworth. Magna Park extensions will only add to the already most polluted town in the country.
* This expansion isn't necessary there are much better rail and motorway links over at Rugby and Crick.

Proposals concerning Magna Park represent an unacceptable intrusion into the countryside, And have a massive impact on the surrounding area.

Change To Plan: Don’t pass this expansion ....simple

Legally Compliant?: No
Full Reference: O - 6281 - 6236 - BE2 Strategic distribution, BE2 clause 2 - iii

6286 Object
Respondent: Mr Ian Bell [6260]  
Agent: N/A
Summary: Significant negative impact on the village of Ullesthorpe (traffic flow, noise, emissions). The key point is that there are other options to expand the park that are less impactful on neighbouring villages/populated areas. Build to the South or Southwest of the existing park.

Change To Plan: Build to the South or southwest. For any development, planted bunding around any DC should be forced to ensure the buildings are fully obscured within 5 yrs.

Legally Compliant?: Yes
Full Reference: O - 6286 - 6260 - BE2 Strategic distribution, BE2 clause 2 - None

6290 Object
Respondent: Mr John Norbury [6259]  
Agent: N/A
Summary: The plan allows for upto 700,000sq mts expansion which is opportunist not within strategic requirements. Existing warehouse space is available. Does not meet local employment needs, will increase in borne commuting on already busy roads. No adequate highway infrastructure no be planned before 2030.

Change To Plan: I am asking for the local plan to delete the proposal for 700,000sq mts of expansion in magna park and reduce it to no more than 100,000 sq mts as shown in consultation in 2015 as option A.

Legally Compliant?: No
Full Reference: O - 6290 - 6259 - BE2 Strategic distribution, BE2 clause 2 - i

6295 Object
Respondent: Mrs Deborah Day [6264]  
Agent: N/A
Summary: Unsustainable, major impact on wildlife reducing habitat and increasing noise, light and exhaust pollution. Rural habitat of villagers destroyed. Increased congestion on already congested roads - farmland destroyed for warehousing.

Change To Plan: Not to destroy any more green belt land for the provision of warehousing. To stop any further development going ahead.

Legally Compliant?: No
Full Reference: O - 6295 - 6264 - BE2 Strategic distribution, BE2 clause 2 - i
I object to this proposal being included in the Local Plan because
1. There is no economic argument for such a concentration of the same type of jobs in an area of low unemployment, where there is also potentially an over-supply of distribution sites within a small radius.
2. The costs in terms of traffic congestion and environmental detriment would significantly outweigh any possible economic benefits.

Major expansion at Magna Park should be removed from the Local Plan and the existing (2011 to 2028) Core Strategy commitment to no expansion reinstated.

The extra employment is not needed in the area and will not benefit the people of Harborough.
* The road infrastructure is not suitable.
* Will lead to a surplus of warehouses

Not allow any more major expansion of Magna Park. A large area has already been granted and the extra space should be shared across the county to spread out the employment, traffic and loss of countryside.

This is an area of low unemployment so almost all future employees will need to commute. This, with the extra traffic generated by additional businesses will increase traffic issues and already high pollution levels in this area.

Increased Traffic, noise and pollution.
Developments elsewhere in the vacinity
Lost of green field for agriculture
Lost of wildlife and habitat

IF, and only IF the plan is accepted, part of the planning consent should stipulate that the roof’s need to be covered in solar panels and wind turbines should be installed.
The site MUST develop it’s own power and be ‘off grid’, as we have a national power shortage which developments such as this will only contribute to.
There simply is NO excuse.

The proposed additional development is unsustainable and unnecessary.

Scrap the proposal to allow 700,000 square metres of expansion at Magna Park and build these warehouses in other parts of the county. This would avoid the problems of traffic congestion and preserve the rural character of the surrounding area.
6326 Object
Respondent: Dorothy Fletcher [6274]
Agent: N/A
Summary: There is already adequate supply of warehousing in this area as can clearly be seen by the number of large warehouses to let, and other projects in progress on the A5 corridor, particularly towards DIRFT with its rail link. This proposal will erode the green space and rights of way that Ulllesthorpe enjoys.
Change To Plan: Restrict further growth of Magna Park.
Legally Compliant?: No
Full Reference: O - 6326 - 6274 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

6328 Object
Respondent: Mr Alan Pettifer [6091]
Agent: N/A
Summary: Magna Park is already too big, extending it will cause massive traffic congestion especially on the surrounding villages whose roads are too small to accommodate large vehicles. Plus the A5 will become gridlocked with lorries. Also in line with the new government policies on Diesels, the air pollution will be massively increased affecting everyone. There is also the effect on the environment turning green fields into concrete hangers. This in turn will destroy any local wildlife and there habitats. You won't see the sky anymore also because of the light pollution.
Change To Plan: Magna Park should stay as it is.
Legally Compliant?: No
Full Reference: O - 6328 - 6091 - BE2 Strategic distribution, BE2 clause 2 - i, ii

6329 Object
Respondent: Dr Stephen Osgerby [5906]
Agent: N/A
Summary: There is no strategic justification for the figure of 700000 sq m. This is based on two current planning applications so is purely opportunistic.
Local unemployment is low and unsuited to low level manual jobs that this development will generate.
Local roads are congested. The traffic study is flawed and takes no account of the frequent lengthy queues that build up on the A486 between the M6 and A5.
Change To Plan: Development of Magna Park should be limited to levels that have limited impact on environmental factors in neighbouring areas. Priority should be given to developments at or near existing railheads.
Legally Compliant?: No
Full Reference: O - 6329 - 5906 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

6331 Object
Respondent: J Bradley [4909]
Agent: N/A
Summary: The local area has enough warehousing to sustain jobs for the local population & is detrimental to creating a diverse employment structure within the area. Any expansion of Magna Park will increase traffic congestion & pollution with the additional trucks & commuter vehicles It will attract to a road structure that cannot cope at peak times. It is very clear that the council has written this plan to coincide with current planning applications & not based on what the area really needs.
Change To Plan: The exspansion of Magna Park should be rejected & any modest development should be confined to the current footprint.
Legally Compliant?: No
Full Reference: O - 6331 - 4909 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

6334 Object
Respondent: Mrs Rachael Edgley [5299]
Agent: N/A
Summary: The harm of this outweighs the benefit if any.
Monopoly of area by developers.
Lack of infrastructure.
Making the plan fit what is there so not a long term plan.
Change To Plan: rather than all being absorbed in one hit the sites sheds should be applied for individually giving a time gap between applications to allow for other sites to be found outside of the Lutterworth area by other potential developers
Legally Compliant?: No
Full Reference: O - 6334 - 5299 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv
Summary: This proposal is based on very flawed evidence. There is no evidence that Magna Park requires additional warehousing. Vast areas of land are being converted at the former Rugby Wireless Station site and there is more than enough capacity for further growth at the DIRFT site. Both of which are closer to motorway access and Rail Freight access affording easier lorry access. Proposals to build a further 700,000 sq metres on a site that is only accessible from the already overused A5 road can only be seen as speculative and has no relationship to real warehousing requirement.

Legally Compliant?: No

6363 Object
Respondent: Ian Lewis [4810]
Agent: N/A

Summary: The additional development is unsustainable and will cause a serious impact on traffic congestion, air pollution and damage the countryside.

Change To Plan: Remove all proposals to build additional warehouses around the Magna Park area.

Legally Compliant?: No

Full Reference: O - 6363 - 4810 - BE2 Strategic distribution, BE2 clause 2 - ii

6364 Object
Respondent: Ian Lewis [4810]
Agent: N/A

Summary: This will be more than double the size of the current site. This is not required.

Change To Plan: Increase capacity in an area where this is a rail link and an area of high unemployment.

Legally Compliant?: No

Full Reference: O - 6364 - 4810 - BE2 Strategic distribution, BE2 clause 2 - ii

6374 Object
Respondent: Mrs Rebecca Lapthorne [5904]
Agent: N/A

Summary: This proposal will cause a serious impact on traffic congestion and air pollution in the small village of Ulllesthorpe. The village does not have the infrastructure, services or facilities to cope with the level of proposed development. The proposal will significantly impact lifestyle and will completely destroy the rural character of the environment.

Change To Plan: Magna park does not need to be larger. Congestion is already significant. This proposal should not go ahead.

Legally Compliant?: No

Full Reference: O - 6374 - 5904 - BE2 Strategic distribution, BE2 clause 2 - ii

6405 Object
Respondent: Monks Kirby Parish Council (mr Bill Woolliscroft) [6296]
Agent: N/A

Summary: Monks Kirby parish council represents an area adjacent to the proposed expansion of Magna Park, to the west within Warwickshire. The Councils concerns are the affect on the local infrastructure and in particular the A5. The A5 at present is overcrowded and no plans are in place to upgrade. This is recognised by the Midlands Connect Strategy 2017 - 2030. Any further expansion will exacerbate the issue. MK will suffer unduly as if the main trunk route becomes congested the more minor routes through our Parish, unsuited to greater traffic flows, will be overused by both HGVs and staff commuting.

Change To Plan: Monks Kirby suggest that before further expansion is considered at Magna Park, the A5 trunk route should be upgraded to accept the increased traffic flows that will follow. This should be considered alongside the other expansion plans, agreed and proposed, along the A5. Considering the effects of each case separately, does not give a correct picture of the overall effect.

Legally Compliant?: Yes

Full Reference: O - 6405 - 6296 - BE2 Strategic distribution, BE2 clause 2 - ii, iii
6411 Object
Respondent: Mr Richard Nikolic [6302]  
Agent: N/A  
Summary: We have enough ware house space in this area and your own local plan states we should have less ware house space not more.  
Change To Plan: Stick to your own plan that states we need less warehouse space not more.  
Legally Compliant?: No  
Full Reference: O - 6411 - 6302 - BE2 Strategic distribution, BE2 clause 2 - i

6425 Object
Respondent: Mrs Diana Howlett [6307]  
Agent: N/A  
Summary: Currently small rural communities co exist with the expansion of Magna Business Park and Lutterworth. However I feel quite simply the site is big enough, and that we have had our share of development. By eating further into the countryside adjacent to Ullesthorpe, Bitteswell and Lutterworth will inevitably destroy the natural hinterland/ boundary between industry and rural living. The effects on the environment will change the area for good, having a very detrimental effect on public health, both physically and mentally. Any economic benefits for the area are very short term and of minimal impact for the local community.  
Change To Plan: To leave the site as it is and work to improve the problems we already suffer as a result of warehousing. This includes, traffic, pollution, and an explosion of zero hours contracts that has done more to exacerbate local poverty than resolve it.  
Legally Compliant?: No  
Full Reference: O - 6425 - 6307 - BE2 Strategic distribution, BE2 clause 2 - ii

6435 Object
Respondent: Z Hornsby [6317]  
Agent: N/A  
Summary: I object to the proposal on the following grounds: employment in the local area is already at optimum levels and an increase in warehousing and therefore employment requirements can only be met from a population outside of the area. This then in turn will put an increase on the housing market which is already over subscribed and can only put undue pressure on the traffic in the area, particularly that on the A5 which is already operating at maximum often very dangerous conditions which can only be made much worse by this proposal.  
Change To Plan: This option should not be give consideration in this area which has no capacity to manage the consequences of the proposal  
Legally Compliant?: Yes  
Full Reference: O - 6435 - 6317 - BE2 Strategic distribution, BE2 clause 2 - None

6441 Object
Respondent: Mrs Sheila Paddon [6318]  
Agent: N/A  
Summary: There is not demand for this amount of non- rail warehousing, as shown by research (LLEP SDSS 2017).  
Bringing 10,000 largely low- skilled jobs to an area with an unemployment rate of less than 2%, where already 60% of staff travel from outside the area, is not good planning. The local roads are already congested, the A5 is known to be inadequate and pollution levels in Lutterworth are very high.  
There is insufficient safeguarding of local countryside eg no green barrier for Ullesthorpe & Cotesbach.  
Not in keeping with national plan as not near rail.  
Change To Plan: No further expansion at Magna Park  
Legally Compliant?: Yes  
Full Reference: O - 6441 - 6318 - BE2 Strategic distribution, BE2 clause 2 - ii

6442 Object
Respondent: Mrs Rae Scott [6289]  
Agent: N/A  
Summary: There is not the need for the amount of warehousing proposed  
The Lutterworth area has a very low employment rate so workers would have to travel from afar  
There would be a huge increase in the amount of traffic in an already congested area  
The extremely congested A5 road would not cope  
Surrounding villages would have increased traffic at change over times from workers commuting  
There would be greatly increased pollution in an area of residential housing and several schools  
An increased development at Magna Park would deprive other areas of Leicestershire with greater needs including high employment from developments  
Change To Plan: The development of warehousing should be scrapped or greatly reduced  
Legally Compliant?: No  
Full Reference: O - 6442 - 6289 - BE2 Strategic distribution, BE2 clause 2 - iv
6443 Object

Respondent: Mrs Nicola Long [6300]  
Agent: N/A

Summary: I object strongly to the proposed plan for the extension of magna park. As a resident of claybrooke magna i will see increases levels of traffic not only through thr village but on the already busy A5. This will lead to high levels of pollution and huge losses to the wildlife in the area.

I chose to live in Claybrooke because of its rural and peaceful location, this will all be ruined by expanding Magna Park and making the whole area look like a gigantic distribution centre with lorries everywhere!

Change To Plan: Magna park is big enough we don't need or want it any bigger.

Legally Compliant?: No

6458 Object

Respondent: Ms Claire Gill [6336]  
Agent: N/A

Summary: This proposal is not justified. It does not meet the employment needs of the district community, will negatively impact on the road systems and environment, and is a significant risk to the reputation and financial sustainability of Harborough. The proposal will not increase the diversity of employment opportunities in this area, nor will it bring employment benefits to borough residents. Significant developments within a 10-mile radius are already providing sufficient opportunities for this type / level of workforce, and there is a concern that this does not meet a market need.

Change To Plan: Removal of this aspect of the plan

Legally Compliant?: Yes

Full Reference: O - 6458 - 6336 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii

6471 Object

Respondent: Mr Jonathan Davies [6033]  
Agent: N/A

Summary: The road traffic generated by such a disproportionately large extension will significantly overload the rural roads in and between the villages in the vicinity of the site. This will increase road safety dangers, air emissions, and impact on the health of those living, working, being educated and walking in those areas.

Change To Plan: Do not permit additional development at the site unless mitigating factors are put in place before any further development in commenced to reduce the impacts above to the same as or less than those existing at present

Legally Compliant?: Yes

6546 Object
Respondent: Daventry District Council (Mr Tom James) [3954]  
Agent: N/A  
Summary: Level of growth:  
- not based on an assessment of capacity, which should consider at least all factors proposed as policy criteria.  
- Further cross-boundary work with stakeholders required to fully take into account the potential impact of different growth scenarios, which could in turn indicate the amount of floorspace to be provided  
- not justified by evidence (L&L SDSS - non-railed served need of 152 hectares by 2031)  
- quantum of 700,000 square metres equates to an area of approximately 327 hectares and is in excess of the identified need in one location.  
Change To Plan: Revisions to the quantum of floorspace provided for under policy BE2 subject to the outcomes of further work.  
Legally Compliant?: Yes  
Full Reference: O - 6546 - 3954 - BE2 Strategic distribution, BE2 clause 2 - ii, iii

6557 Object
Respondent: Gwen Edwards [6365]  
Agent: N/A  
Summary: This is a developer-led policy as planning applications are already being considered for doubling the size of Magna Park. Such development does not comply with Policy BE2 in terms of the huge amount of additional road traffic, congestion and pollution generated by the development. It will attract commuters from outside HDC area, given its position on the A5. It will be detrimental to the provision of rail distribution on sites close by which do have good rail links. There is very low unemployment in the area and so it will attract workers from outside.  
Change To Plan: The policy should be deleted and Magna Park should not be allowed to double in size.  
Legally Compliant?: Yes  
Full Reference: O - 6557 - 6365 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iv

6612 Object
Respondent: Mrs Joy Burgoine [4726]  
Agent: N/A  
Summary: There is virtually no unemployment in Lutterworth and possibly 75% of the employees at Magna Park have to travel to work in cars. Our town will be gridlocked on a regular basis. Plus the doubling of Magna Park and Symmetry which will, in themselves, bring chaotic congestion into the area. I therefore object to the local plan as it stands at the moment.  
Change To Plan:  
Legally Compliant?: Not Specified

6623 Object

Respondent: Claybrooke Magna Parish Council (Mrs J P Butcher) [4737]
Agent: N/A

Summary: No demonstrable need for the proposed amount of non rail-served strategic development, and the siting of this amount at Magna Park will have a negative impact on the sustainability of Lutterworth and its surrounding. Road infrastructure, not stated for any appreciable upgrades during the Local Plan period, is incapable of handling the increased demand and out-commuting will vastly increase as a result. There are other, rail-served sites both nearby and crucially in other parts of the District and County. No economies of scale to be gained by siting a large proportion of the County’s strategic warehousing in one place.

Change To Plan: Amend to no further expansion of Magna Park.

Legally Compliant?: No

Full Reference: O - 6623 - 4737 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iv

6626 Object

Respondent: Cllr Geraldine Robinson [2493]
Agent: N/A

Summary: 700,000 sq m of warehousing is not required in an area of no unemployment. This will create an unacceptable increase in traffic flow on already congested roads. No rail link

Will provide an over-supply of low paid, unskilled jobs.

Change To Plan: BE2 Strategic Distribution - The proposed modification to the road network is inadequate for the huge increase in traffic.

THIS PLAN SEEM TO FOCUS ON ADDING TO THE ALREADY EXISTING NEGATIVE EFFECT OF GYPSY. TRAVELLER AND SHOWMAN'S PROVISION, MAGNA PARK AND WIND TURBINES BY INCREASING THIS PROVISION RATHER THAN EXERCISING A FAIR GEOGRAPHICAL SPREAD.

Legally Compliant?: Not Specified

Full Reference: O - 6626 - 2493 - BE2 Strategic distribution, BE2 clause 2 - None

6652 Object

Respondent: Mr Alberto Costa MP [6053]
Agent: N/A

Summary: In concern of the proposed expansion of Magna Park, I should like to reiterate once again my objections to these proposals as originally outlined following my election as MP in 2015. In keeping with the thoughts and concerns of many of my constituents, I believe that the proposed expansion would be counter-productive to the local area’s needs and to residents in terms of pollution and congestion, where the town of Lutterworth has historically experienced detrimental issues.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: O - 6652 - 6053 - BE2 Strategic distribution, BE2 clause 2 - None

6654 Object

Respondent: Cllr Rosita Page [4254]
Agent: N/A

Summary: At options stage the public objected to a major expansion of Magna Park. The Sustainability Appraisal Interim Report rejected an Option of 700,000sq.m. Comments from members and residents ignored, evidence flawed, contradiction to previous evidence applied and proper process not followed in order to accommodate a policy that advocates unnecessary over allocation of storage/logistic provision to coinside with applications submitted which will be decided before this plan is evaluated.

This policy is ambiguous, will saturate and monopolise the non- rail storage and logistic market to the disadvantage of neighbouring authorities. This policy supports greed and does not identify need.

Change To Plan:

Legally Compliant?: No

Full Reference: O - 6654 - 4254 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv
Object 6665

**Respondent:** Mr John Rowlands [5342]  
**Agent:** N/A

**Summary:**
No rationale for figure of 700,000 square metres of additional development for non rail-served strategic storage and distribution.

Exceeds forecast demand for non rail-served storage and distribution sites for Leicestershire.

Contrary to the Local Plan Vision.

Objective 2 (Employment), not addressed.

New jobs: same skill types already exist at Magna Park, so largely not filled by local people; out-commuting not reduced; in-commuting would increase.

Increased traffic congestion from HGV/commuter traffic, increased vehicle pollution, loss of natural environment.

A5 upgrade not complete until 2030, so road infrastructure inadequate.

Not a rail-served site, therefore not consistent with national policy.

**Change To Plan:**
The Local Plan should be modified to remove the proposal for 700,000 square metres of additional development for non rail-served strategic storage and distribution next to the existing Magna Park. Planning permission for 100,000 square metres of additional storage and distribution warehousing at Magna Park has already been granted. Any further development should be within the forecast demand for storage and distribution area, and should be in other parts of Leicestershire.

**Legally Compliant?**
No

**Full Reference:** O - 6665 - 5342 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

Object 6674

**Respondent:** Rugby Borough Council (Mr Martin Needham) [6402]  
**Agent:** N/A

**Summary:**
The Jacobs Preliminary Impact Assessment 2016 appears to exclude areas outside of Leicestershire, even though there are main routes adjoining or crossing into neighbouring counties (A5 and A426, near to Magna Park and Lutterworth proposals), and analysis is not apparent in other documents. Query whether sufficient consultation has taken place with Warwickshire County Council Highways Authority to ensure the local plan’s implications on cross-county matters have been taken into account.

The August 2017 Magna Park Employment Growth Sensitivity Study is welcome, although it is queried whether the position of the other HMA authorities on employment and unmet housing need has been agreed between appropriate authorities and if the Duty to Co-operate has been satisfied.

It should be ensured that the draw of employment from surrounding areas as a result of the expansion of Magna Park has been fully considered and also factored in by other authorities, in order to ensure there would not be over provision in the market area as a whole.

It should be ensured that the impacts of the proposals on cross boundary matters have been fully considered, and that due regard has been given to Rugby Borough’s proposed growth.

**Change To Plan:**

**Legally Compliant?**

Object 6676

**Respondent:** Mr David Gair [4381]  
**Agent:** N/A

**Summary:**
The scale of supporting infrastructure developments are nowhere near adequate to support these developments together with the large number of other distribution units that are being built in the so called Golden Triangle stretching from Atherstone to Milton Keynes. Lutterworth has been an Air Quality Improvement Zone for the last 10 years and nothing has been done to alleviate the pollution. This development has to make things worse.

Delay this development to give time to carry out a strategic overview, and define the regional infrastructure needed to support these developments in a way that minimises impact; particularly the impact of traffic.

**Change To Plan:**

**Legally Compliant?**
Yes

**Full Reference:** O - 6676 - 4381 - BE2 Strategic distribution, BE2 clause 2 - ii
Very low levels of unemployment in Harborough District (Less than 2% “Office for National Statistics 2017”) which will result in increased commuting adding further congestion and pollution. Adding a further 10,000 of similar type jobs at Magna Park would contradict one of the local plan goals to reduce out-commuting. An additional 100,000 sq mtrs of warehousing has already been agreed along with further developments only a few miles off Magna Park which will lead to over supply of warehouse land. NPPF states that there is a preference for warehouse/distribution sites to be based on railheads.

Delete the proposal allowing 700,000 sq mts of expansion at Magna Park. In the 2015 Local Plan consultation three options were proposed, Option A of 100,000 sq mtrs, Option B of 279,000, Option C of 779,000. These options are the sum of 3 planning applications, the first having already been granted, the current proposal of 700,000sq.m. would allow the approval of 2 outstanding applications. The plan should be modified to no further major expansion of Magna Park with 100,000 sq mtrs already being approved this is sufficient. Other parts of the country should take up the remaining area.

Further development of Magna Park is NOT essential, there are already Warehouses standing empty the past 2 years, Already an over supply of warehousing. Research has indicated there is no requirement for this type of warehousing where it does not link up with rail-freight terminals. We do not need a rail link.

Un-Employment is already low in Lutterworth and people are being brought in, which causes more congestion, traffic problems and pollution. Increased HGV traffic causes toxic particles which will eventually cause, serious medical issues, including heart attacks, strokes etc. Should residents of Lutterworth be subjected to this toxic air.

The Local Plan should be modified to include NO major expansion as 100,000 sq mts have already been approved in 2015's consultation. Therefore avoiding a massive concentration in one area. Spread the employment possibilities throughout Leicestershire. An alternative would be to follow Option B of 279,000 sq mts or less.
6833 Object

Respondent: Mr Kevin O'Neill [6290]  
Agent: N/A

Summary: The plan does not address properly:
- impact on traffic levels on both main routes and through villages;
- current and future air quality issues;
- projected employment expectations from logistics developments which will be largely automated in the future;
- affordability of homes in the area and the increasing volume of commuters from outside the area;
- management of historic finds as the area is developed;

The plan appears to exhaust/exceed all the planned logistics development until 2031 in one hit and the plan does not provide for rail transport.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: O - 6833 - 6290 - BE2 Strategic distribution, BE2 clause 2 - None

6839 Object

Respondent: Mr Graham Logan [4816]  
Agent: N/A

Summary: Magna Park plans are immense.

Logistics centres should be built at locations with railheads or at motorway junctions.

The road infrastructure around Magna Park struggles to cope with the existing traffic volumes.

Leicestershire is one of the worst counties in the country for road fatalities.

HGVs don't follow approved routes; travelling dangerously through tiny villages on minor rural roads.

It's smarter to build warehouses nearer to the people who would take up the new jobs being created.

The area around Magna Park has 0.4% unemployment.

Lutterworth has some of the worst air quality in Leicestershire, failing to meet EU standards.

Change To Plan: There should be no further material expansion of Magna Park. The local road infrastructure cannot support thousands more HGVs and commuter cars traffic. The children living in Lutterworth should not be expected to breathe even more traffic polluted air, stunting their growth and health prospects. We have to live here!!

Legally Compliant?: No

Full Reference: O - 6839 - 4816 - BE2 Strategic distribution, BE2 clause 2 - None

6852 Object

Respondent: Mr Scott Munton [5000]  
Agent: N/A

Summary: Currently there are two outstanding planning applications for 700,000 square meters of warehousing on which your evidence is based indicating the proposal is not strategic but opportunist not focusing on meeting employment needs of the district. In addition creating 10,000 similar type jobs at MP would not achieve one of the Local Plan goals of reducing out-commuting. Currently over 60% of MP employees travel in from outside the district, I see no evidence this would change, There are very low levels of unemployment in Harb Dist less than 2% with MP suffering recruitment issues now - we don't need this here.

Change To Plan: Delete the proposal to allow 700,000 sq mrs of MP expansion. In the Local Plan consultation of 2015 the three options suggested were 100,000 sq mrs Opt A, 279,000 Opt B and 779,000 opt C, these options are the total of the 3 planning applications to expand MP, the first of which 100,000 sq metres has already been accepted, the current proposal for 700,000 would allow 2 further applications to be approved, therefore this should be altered to no further development at Magna Park avoiding loss of our countywide, massive traffic congestion and pollution.

Legally Compliant?: No

---

Respondent: Mr Graham Logan [4816]  
Agent: N/A

Summary: Magna Park plans are immense. Logistics centres should be built at locations with railheads or at motorway junctions. The road infrastructure around Magna Park struggles to cope with the existing traffic volumes.

Leicestershire is one of the worst counties in the country for road fatalities.

HGVs don't follow approved routes; travelling dangerously through tiny villages on minor rural roads.

It’s smarter to build warehouses nearer to the people who would take up the new jobs being created. The area around Magna Park has 0.4% unemployment.

Lutterworth has some of the worst air quality in Leicestershire, failing to meet EU standards.

Change To Plan: There should be no more material expansion of Magna Park.

The local road infrastructure is inadequate and cannot cope with existing traffic volumes.

The plan to expand Magna Park will inevitably generate thousands more HGVS & commuter car journeys in the Lutterworth area.

The children living in and around Lutterworth should not be condemned to breathe even more traffic polluted air, stunting their growth and damaging their future health prospects.

The air quality should be routinely and regularly monitored to ensure it always meets safe & healthy standards.

The public demands action to safeguard our health.

Legally Compliant?: No

Full Reference: O - 6885 - 4816 - BE2 Strategic distribution, BE2 clause 2 - None
**6889 Object**  
**Respondent:** Mr Graham Logan [4816]  
**Agent:** N/A  
**Summary:** Any material expansion of Magna Park would irretrievably erode the segregation area between Magna Park and Cotesbach, Bitteswell and Lutterworth itself.  
Our village of Cotesbach is approximately 2 miles away from Magna Park site. It’s clearly visible from our homes and lights up our night sky.  
Our village, for energy saving reasons and to avoid light blight, has no street lights but it is now illuminated by the spaceships that are Magna Park.  
The plans to substantially expand Magna Park would bring new warehouses to around a mile away further increasing the night light blight, noise & traffic congestion.  
**Change To Plan:** There should be no more material expansion of Magna Park.  
The local road infrastructure is inadequate and cannot cope with existing traffic volumes.  
The plan to expand Magna Park will inevitably generate thousands more HGVS & commuter car journeys in the Lutterworth area.  
The children living in and around Lutterworth should not be forced to breathe even more traffic polluted air, stunting their growth and damaging their future health prospects.  
**Legally Compliant?**: No  
**Full Reference:** O - 6889 - 4816 - BE2 Strategic distribution, BE2 clause 2 - None  

**6904 Object**  
**Respondent:** Mrs Clare Robertson Smith [4993]  
**Agent:** N/A  
**Summary:** This proposal exceeds the demand for such warehousing across the whole of Leicestershire and such a concentration in a very small area cannot be justified.  
The unemployment levels in Harborough District are very low so commuter levels would rise and other areas of the County would be deprived of the employment opportunities.  
The local road system cannot cope with the greatly increased commuter and HGV traffic associated with all the distribution centres already in existence in the immediate area, so a huge expansion would be crippling.  
The over-development on green field land on this scale cannot be justified.  
**Change To Plan:** Do not include the additional development of Magna Park in the Local Plan. An area of 100,000 sq m has already been approved so any further storage and distribution should be located elsewhere in the County. This part of Harborough District does not need such a high concentration of low skilled jobs and cannot cope with the traffic congestion, which is having a detrimental effect on the air quality particularly in the centre of Lutterworth.  
**Legally Compliant?**: No  
**Full Reference:** O - 6904 - 4993 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv  

**6909 Object**  
**Respondent:** Mr Graham Logan [4816]  
**Agent:** N/A  
**Summary:** The two massive plans to expand Magna Park do risk detriment to our bio-diversity, eco systems and natural wildlife within the rural Swift Valley.  
To plan to build 7 new O2 Arenas or Millennium Domes is bound to impact immensely upon the rurality of our area.  
So will the thousands of additional HGVS & commuter cars belching out their poisonous emissions, which damages the health of all species.  
As a resident of Cotesbach, which is approximately 2 miles to the south east of Magna Park, I am greatly concerned about the adverse impact this substantial amount of building will cause.  
**Change To Plan:** Do not materially expand Magna Park or build in the rural Swift Valley fields between Cotesbach, Magna Park & Lutterworth.  
**Legally Compliant?**: No  
**Full Reference:** O - 6909 - 4816 - BE2 Strategic distribution, BE2 clause 2 - None
**6913 Object**  
**Respondent:** Mr Graham Logan [4816]  
**Agent:** N/A  
**Summary:**  
The massive plans to substantially expand Magna Park would significantly increase the carbon emissions and footprint of our supposedly rural area. Not only in its construction phase but due to the thousands of additional HGVs & commuter cars that would flood out onto our inadequate local road transport network. Lutterworth already experiences some of the worst quality air in the County, which can only deteriorate still further with all these extra motor vehicles belching out their poisonous emissions. These developments pose a grave public health issue as well as increasing the carbon footprint of the hitherto rural area around Lutterworth.  
**Change To Plan:**  
Do not materially expand Magna Park.  
Safeguard the air quality and heath of those people living and working in and around Lutterworth.  
Reduce the carbon emission in this supposedly rural area.  
**Legally Compliant?:** No  
**Full Reference:** O - 6913 - 4816 - BE2 Strategic distribution, BE2 clause 2 - None

**6914 Object**  
**Respondent:** Mrs Sharon Palmer [6443]  
**Agent:** N/A  
**Summary:**  
Local roads around Magna Park are already over-crowded. Adding more HGVs and commuters using cars will create even more bottlenecks on the A5. This increased traffic will have a negative impact on people living nearby. I think that there is little unemployment in Lutterworth. If more jobs are created at Magna Park these would probably be low pay, low skilled jobs, like the kind on offer now. There seems to be difficulties in recruiting for these jobs meaning people are travelling from further afield, having more impact on local congestion. We need opportunities for higher skilled people who live locally.  
**Change To Plan:**  
I would like to see no major expansion at Magna Park to improve the quality of life for the local community, and to protect the countryside.  
**Legally Compliant?:** No  
**Full Reference:** O - 6914 - 6443 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

**6915 Object**  
**Respondent:** Mr Hugh Robertson Smith [4229]  
**Agent:** N/A  
**Summary:**  
Objections on the grounds of speculative but irreversible nature of this development. Also, in terms of employment implications (quality and number), environmental damage, pollution and effect on air quality, overloading of existing transport infrastructure without commitment of extra resources, non-compliance with national identification of need for rail-served facilities, failure to take account of similar developments not only in the county but also in neighbouring counties.  
**Change To Plan:**  
See above - Magna Park is not a viable development proposal.  
**Legally Compliant?:** No  
**Full Reference:** O - 6915 - 4229 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv
6931 Object

Respondent: Jim Palmer [6444]  
Agent: N/A

Summary: key objections:
- The plan doesn't create suitable employment - it creates low skilled jobs. There is already shortage of people locally for these role types leading to ommuting in from surrounding areas.
- This leads to more cars & trucks along road infrastructure which is clearly inadequate, and not planning significant upgrades.
- the proposal isn't strategic. It's designed to fit a couple of current planning applications leading to over-supply, and does not focus on rail-linked warehousing.
- This has significant environment impact - contributing to global warming.
This plan is not well considered or strategic.

Change To Plan: Basically the change that I would like to see is the removal of the paragraphs referring to the "700,000 sq mts of expansion at Magna Park", and replaced to state there should be no major expansion at Magna Park.

The additional low-skilled jobs should be more evenly balanced around the county, to reduce commuting as employers are already competing for scarce employment resources in the local area.(but outside the district boundary), and to fit more strategically.

This would avoid major congestion, and minimise the degraded environmental impact (from roads, green spaces, air quality) for local residents both inside and outside the Harborough Council area.

Legally Compliant?: No

6932 Object

Respondent: Jim Palmer [6444]  
Agent: N/A

Summary: I'm a local graduate who recently started full-time employment. I have to travel outside the area for skilled work. My journey is already delayed by a congested A5.. This proposal will only make things significantly worse.
I'm in my 20s with long-term lung problems, so am concerned that this proposal will only worsen the air quality of where I live.Proper plans to address A5 congestion have not been included, nor proposals to link distribution to the rail line.
Please consider the health of your local residents and do not increase the warehousing in this area

Change To Plan: I suggest the plan should not add more warehousing jobs in the area and limit the expansion of Magna Park

Legally Compliant?: No

Full Reference: O - 6932 - 6444 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

6933 Object

Respondent: Mr Simon Smith [4996]  
Agent: N/A

Summary: The local plan options presented to the public whilst compiling the draft local plan stated that the 700000 sqm option was not the desired option to be included as there was not a requirement for this scale of non rail served distribution in this locality or surrounding area. the evidence does not support this option. Any new post options consultation evidence generated appears to have been excessively weighted towards justifying 2 planning applications. totalling 700000 sq metres. And pacifying a costly judicial review on HDC plannings process being brought by one applicant

Change To Plan: The plan should give greater weight to the current core strategy policy on Magna park.
The local plan options consultation gave more weight of evidence towards allowing a smaller volume of additional distribution development in the locality.

6935 Object
Respondent: Mr Sam Palmer [6450]  
Agent: N/A  
Summary: I am writing as a student expecting to graduate in the next 8 months and living within a mile of Magna Park. I like the local environment and Harborough area, but am looking for a local plan to create a range of jobs & skill types in the area. There are already plenty of relatively low skilled distribution jobs in the area. I am looking for more highly skilled technical jobs so I don't have to move away from the region to work, or contribute to further congestion by commuting along the already congested local roads.
Change To Plan: I object to the plan adding major warehousing capacity in an already over-loaded area.
Legally Compliant?: No  
Full Reference: O - 6935 - 6450 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

6939 Object
Respondent: Miss Jo-Ann Allcoat [6230]  
Agent: N/A  
Summary: - It is opportunist & not strategic  
- There is no employment need  
- It will increase traffic, congestion, pollution & danger lives.  
- It does not benefit residents in the surrounding areas

Change To Plan: 3 options for Magna Park were proposed in the consultation period in 2015:-  
➢ Option 1 100,000 sq mts  
➢ Option 2 279,000 sq mts  
➢ Option 3 779,000 sq mts
These options are the sum of 3 planning applications to expand Magna Park. The first application has already been granted & the current proposal for 700,000 sq mts would allow the approval of the two outstanding applications.

The Local Plan should be changed to allow no major expansion at Magna Park, or at least to follow the previously supported Option 2 of 279,000 sq mts.
Legally Compliant?: No  
Full Reference: O - 6939 - 6230 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii

6996 Object
Respondent: Ullesthorpe Parish Council (Mrs Katherine Clarke) [5370]  
Agent: N/A  
Summary: * allocation is fundamentally different from previous consultation documents  
* the allocation has not been tested through consultation  
* there are two outstanding planning applications for warehousing in this area conveniently amounting to the size of this allocation  
* not a strategic allocation, an allocation to accommodate outstanding planning applications  
* contradict the Core Strategy  
* there are more suitable sites elsewhere in the region and sub-region

Change To Plan: Remove policy BE2 from the Local Plan.
Legally Compliant?: No  
Full Reference: O - 6996 - 5370 - BE2 Strategic distribution, BE2 clause 2 - i, ii
6999 Object

Respondent: Miss Ruth Thompson [5348]  
Agent: N/A

Summary: From my understanding of the local plan option consultation there was no weight of supporting evidence for an extremely large scaled development upto 700,000 sq mts in the magna part area and location. 700,000 sq mts is unjustified for inclusion, it exceeds the requirements for non-rail served freight distribution in the whole of Leicestershire. There are more environment and pollution friendly sights directly adjacent to motorways already being built and developed within the larger area, some of which are rail served which is the governments preferred strategy. There is no evidence for more low skilled jobs

Change To Plan: I commented on the local plan prepared option document where option for 700,000 of development was not preferred or suitable option to be included in the plan. The local plan should be developed nearer to the approved policy in the current core strategy and any options in line with the preferred lower development limits as justified by the evidence at the time of public options consultation.

Legally Compliant?: No

Full Reference: O - 6999 - 5348 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iv

7014 Object

Respondent: Ullesthorpe Parish Council (Mrs Katherine Clarke) [5370]  
Agent: N/A

Summary: Policy BE2 conflicts with the statement ‘the district will have a diverse and thriving economy’, by allowing such a large expansion in one sector which is low paid and low skilled the opposite effect will be achieved. In the District, there are approximately 45,000 working people, the creation of c.10,000 new jobs would represent a gross over-supply. If the vision is to achieve a more diverse economy why is HDC not following the Leicester and Leicestershire Enterprise Partnership (LLEP) strategy which aims to encourage a broad range of business development, HDC have signed up to this strategy.

Change To Plan: Remove Policy BE2 from the Local Plan.

Legally Compliant?: No

Full Reference: O - 7014 - 5370 - BE2 Strategic distribution, BE2 clause 2 - i, iii

7030 Object

Respondent: Mr James Wilson [6297]  
Agent: N/A

Summary: National Planning Policy Framework states that rail freight is preferable and that warehousing and distribution sites should have access to rail. There are other locations close to Magna Park where this is possible

The A5 is already an inadequate road for current traffic volumes. No major upgrading is envisaged

This would lead to a clear oversupply of warehousing. There are already empty units at this location

Ullesthorpe village already experiences HGV traffic which should not be using High Cross Road where there is a 7.5T limit except for loading, this is not policed and will inevitably be worse in future

Change To Plan: Deletion of the proposal to allow 700,000 square metres of Magna Park expansion. There is real risk of a high concentration of low skilled, low paid jobs in the area. These developments and job opportunities could & should be distributed across the county to offer others the job opportunities and reduce real risk of congestion. 100,000 sq metres of development has already been approved and this should be the limit

Legally Compliant?: Yes

Full Reference: O - 7030 - 6297 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv
7038 Object
Respondent: Mrs Abigail Wilson [6004]  
Agent: N/A
Summary:
Research has shown the demand for non-rail freight warehousing is lower than this across the WHOLE county. This indicates an oversupply in a small area. National Policy preferences are to have distribution sites with rail freight access
The local road infrastructure is already under pressure and the A5 is inadequate already. There is no indication of major upgrades. Commuting into the location will increase putting further pressure on the infrastructure
There is no mention of green space preservation between Magna Park and Cotesbach or Ullesthorpe
There are already empty units now without further development
Change To Plan:
Removal of the proposal to allow 700,000 sq mts of further development at Magna Park.
Minimum change should be an amendment to allow no more than the already approved 100,000 sq mts
Legally Compliant?: Yes

Object 7107  
**Respondent:** Mrs Anne Rowlands [5357]  
**Agent:** N/A

**Summary:** No objective reasons stated for figure of 700,000 square metres additional development for non rail-served strategic storage/distribution.

- Exceeds objective forecast demand for non rail-served sites for Leicestershire.
- More labour supply in other parts of the county rather than Harborough District.
- A5 road infrastructure currently inadequate to carry high volume of HGV traffic.
- Will result in increased in-commuting and more commuter-traffic congestion.
- 700,000 square metres more would lead to over-provision of warehouse floorspace.
- Area around Magna Park is unspoilt countryside, so not encouraging effective re-use of land.
- Development not at rail-served site, so not consistent with national policy.

**Change To Plan:** The Local Plan should be modified to delete the proposal for 700,000 square metres of additional development for non rail-served strategic storage and distribution adjacent to the existing Magna Park. Planning permission has already been given for 100,000 square metres of additional storage and distribution warehousing at Magna Park. Any further storage and distribution development should align with the forecast demand for storage and distribution floor area, and should be located in other areas of Leicestershire.

**Legally Compliant?:** No

**Full Reference:** O - 7107 - 5357 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

---

Object 7201  
**Respondent:** Mr Hannah Palmer [6485]  
**Agent:** N/A

**Summary:** I am writing as a student expecting to graduate in the next 8 months and living within a mile of Magna Park. I like the local environment and Harborough area, but am looking for a local plan to create a range of jobs & skill types in the area. There are already plenty of relatively low skilled distribution jobs in the area. I am looking for more highly skilled technical jobs so I don't have to move away from the region to work, or contribute to further congestion by commuting along the already congested local roads.

**Change To Plan:** I object to the plan adding major warehousing capacity in an already over-loaded area.

**Legally Compliant?:** No

**Full Reference:** O - 7201 - 6485 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv

---

Object 7218  
**Respondent:** Mr Matthew Palmer [6491]  
**Agent:** N/A

**Summary:** I live near Magna Park and use the A5 every week day to get to school. The traffic is always heavy and this can cause lots of delays. Adding more lorry traffic from Magna Park, if it expands, will make this worse. It will cause more pollution for the local environment.

**Change To Plan:** I would like it if Magna Park did not expand anymore.

**Legally Compliant?:** No

**Full Reference:** O - 7218 - 6491 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iv

---

Object 7222  
**Respondent:** Mrs Janet McKeag [6426]  
**Agent:** N/A

**Summary:** Not needed  
Not wanted  
Not near a rail freight depot will destroy habitat

**Change To Plan:** Do not allow development

**Legally Compliant?:** No

**Full Reference:** O - 7222 - 6426 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii
Respondent: Prologis UK Ltd [5661]  
Agent: Lichfields (Ms Caroline Musker) [6164]

Reasons for objection are summarised as:
- the Council has not taken full account of evidence in the L&LSDSS, particularly that a geographical spread of sites is offered, this scale of development in 1 location is not justified
- the implications of directing a substantial amount of growth to Magna Park go beyond the defined FEMA / HMA and have not been robustly considered
- the policy has the potential to; impact negatively on the operation of the country's leading SFRI (DIRFT), deter investment & implementation of the DCO approved NSIP project (DIRFT III) and impact negatively on the delivery of national planning policy
- the policy has the potential to undermine modal-shift and the associated on-going educational process
- it's highly likely that development at Magna Park will displace demand for units at DIRFT III (non-rail and rail served schemes do not compete on a level playing field) and have implications on labour availability
- the evidence, including the Sustainability Appraisal, is based on pre-determined assumptions to justify approval of planning applications for Magna Park and any alternatives have not been robustly considered
- the MP Employment Growth Sensitivity Study does not justify the scale of allocation at Magna Park, it provides evidence justifying additional housing needed to support growth
- the U-Turn from current Core Strategy policy CS7 is not fully justified by the evidence
- preparation of policy has not taken account of necessary cross-boundary discussions with neighbouring authorities (WNJPU, DDC)

In summary the policy fails to meet the tests of soundness because it:
1. has not take account of cross-boundary discussions with neighbouring authorities,
2. has not justified the amount of strategic B8 needed in Harborough, or that Magna Park is the most reasonable location out of all alternatives.
3. conflicts with the overall aims of the NPPF and NNNPS, to reduce carbon emissions and prioritise sites served by rail.

In order to address the conflicts identified and ensure that BE2 is sound, it is requested that Harborough Council:
1. Undertakes further consultation with neighbouring authorities as it is clear that the duty to cooperate has not been fulfilled with regards to the justification of the extension to Magna Park. It is clear from comments made by Daventry and North West Leicestershire that they are not convinced that Policy BE2 is effective or justified. Harborough Council has failed to justify delivering such a substantial extension to Magna Park and have not secured agreement with all the relevant authorities. Until this work is done Prologis and RRSLP consider that the plan is unsound and should not proceed.
2. Provides evidence justifying why it is appropriate for the Council to extend Magna Park and justify why it is appropriate for the District to allocate more than double the requirement for non-rail served sites required in Leicestershire as well as delivering in excess of the gross land requirement for strategic B8 development for Leicester and Leicestershire by 2031 in one location.
3. Provides evidence that the Council has robustly fulfilled its duty to cooperate with regards to meeting the concerns of Daventry and North West Leicestershire in terms of allocating in excess of the identified need for the whole of Leicester and Leicestershire in one location.

7358 **Object**  
**Respondent:** Mr Ray Middlemas [5866]  
**Agent:** N/A  
**Summary:** Magna Park employs less people per sq mt than a chip shop. The roads are already dangerous. No demand for warehousing. What jobs are created is at a massive cost to our countryside.  
**Change To Plan:** No further expansion of Magna Park is needed.  
**Legally Compliant?**: Not Specified  
**Full Reference:** O - 7358 - 5866 - BE2 Strategic distribution, BE2 clause 2 - None

7366 **Object**  
**Respondent:** Mrs D J Nichol [6016]  
**Agent:** N/A  
**Summary:** 700,000 sq mtrs of new warehousing is excessive. Magna Park has increased traffic flow in the Lutterworth area. Extra huge warehouses likely to lead to excessive traffic congestion on the A5 and M1 junction link. Expansion would bring more jobs, but there is virtually no unemployment in the area. New jobs are most likely to be filled by people commuting from the Leicester city fringes, which will increase traffic. Some of this space could provide a medium size housing estate, suitable for existing Magna Park workers would then not have to travel across Lutterworth town to commute to work.  
**Change To Plan:** Limited expansion of Magna Park's existing warehouse space. A medium size housing estate could be built to support existing Magna Park workers, this cold be located on land allocated for warehouse expansion in the Harborough Plan.  
**Legally Compliant?**: Not Specified  
**Full Reference:** O - 7366 - 6016 - BE2 Strategic distribution, BE2 clause 2 - None
7373 **Object**

**Respondent:** Mr Ian Germon [6027]

**Agent:** N/A

**Summary:** The Plan includes 700,000 square meters expansion at Magna Park. Given the impact this will have on air quality and traffic congestion in the Lutterworth area, this is totally unacceptable.

**Change To Plan:**

**Legally Compliant?:** Yes

**Full Reference:** O - 7373 - 6027 - BE2 Strategic distribution, BE2 clause 2 - ii

---

7377 **Object**

**Respondent:** Mr Peter Osborn [6018]

**Agent:** N/A

**Summary:** I object to a further expansion of Magna Park which does not comply with the Local Plan for the area.

* 100,000 sq mtr has already been granted.
* The current proposal for 700,000 sq mtr would allow the approval of a further 2 outstanding applications for expansion of the site. Why is there a need for further expansion when there is another planned around the M69/A5 junction with a rail link.
* Why increase the commuter traffic of low paid workers from outside the area when unemployment in Harborough and particularly Lutterworth is as low as 2%?

**Change To Plan:** Expansion of Magna Park is NOT necessary.

**Legally Compliant?:** Yes

**Full Reference:** O - 7377 - 6018 - BE2 Strategic distribution, BE2 clause 2 - None

---

7394 **Object**

**Respondent:** Mrs Avril Tunstall [4922]

**Agent:** N/A

**Summary:**

* Opportunistic proposal - not geared to meeting local employment needs.
* Amount of land exceeds county’s demand for warehousing - create oversupply, deprives jobs elsewhere
* Unsuitable site for more warehouses - very low local unemployment, unlikelihood of filling job vacancies
* Won't increase employment alternative breadths, or meet local employment needs,- skilled work needed
* Fails to reduce out-commuting, but increases in-commuting
* Area lacks necessary highway infrastructure - A5 already inadequate
* Magna Park has no rail head - NPPF preferred option
* Breaches NPPF by increasing air pollution in air quality management area.

**Change To Plan:**

The plan says that permitting expansion at Magna Park relies on it increasing job opportunities for local residents; not leading to road congestion, (especially on the A5); and its 24 hour operation not having an unacceptable impact on the environment. As these criteria are currently not met, and it is very unlikely that they will be in the future, then this clause should be excluded from the local plan. The clause "there will be no further major expansion of Magna Park" should be added.

**Legally Compliant?:** Not Specified

**Full Reference:** O - 7394 - 4922 - BE2 Strategic distribution, BE2 clause 2 - i, ii, iii, iv
7434 Object

Respondent: Nicholas Jenkins [4902]  
Agent: N/A

Summary: 700,000 sq mtr is overstated as 100,000 sq mtr has already been approved. Not a railhead. This is opportunistic, driven by potential income to be received, political, oversupply of warehousing land needed. The need for the whole county is proposed here & not spread across the county. It is not increase wage rates (more likely keep them low). Will not create breadth of employment opportunities. Will not produce more opportunities for Harborough’s higher skilled. Will create more in-commuting & not reduce out-commuting. Highway & local road infrastructure is already insufficient and no upgrade is planned before 2030.

Change To Plan: Local Plan should be modified in order that some of the required space is spread over the county. It should not include 700,000 sq mtr at Magna Park. 100,000 sq mtr has already been approved at Magna Park. The remaining space should give others in the county to benefit from employment close to their homes to reduce county wide commuting & pollution. There would be no major/dangerous concentration of jobs in one locality nor major loss of countryside amenity, agricultural land, congestion, increased pollution - all in one small area. This plan will in effect (bar a couple of fields) join Lutterworth, Bitteswell, Bittesby, Ullesthorpe & Claybrooke Parva.

The 2015 Local Plan consultation offered three options for the expansion of Magna Park. Our objection to no fourth option of “Nil” was dismissed. The options were:

Option A - 100,000 sq mt  
Option B - 279,000 sq mt  
Option C - 779,000 sq mt

Cont/ on separate Word doc.

Page 4 Cont'd

'Coincidentally' these options were the sum of three planning applications at the time to expand Magna Park. Sham democracy again? Only giving us options that give Harborough the answer they had already decided upon?

The first application/option had already been granted. 700,000 sq mtr in effect allowing the approval of the two outstanding applications due to be considered in November 2017. This is too close to the end of the Consultation period and long before the Local Plan is accepted.

Respondent: Mr Michael Lenihan [5268]  
Agent: N/A

Summary: The effect of the expansion of Magna Park has serious issues associated with it which are being ignored.

Change To Plan: The proposal to increase the size of Magna Park be deleted from the Plan.

Legally Compliant?: No

Full Reference: O - 7450 - 5268 - BE2 Strategic distribution, BE2 clause 2 - None

7455 Object

Respondent: Hinckley & Bosworth Borough Council (Ms Rachel Dexter) [6520]  
Agent: N/A

Summary: H&BBC have concerns about the level of employment growth proposed at Lutterworth, and the findings of the Magna Park Employment Sensitivity Study.

H&BBC are not supportive of BE2 because it would:
* Increase the levels of out commuting from the Borough  
* Potentially limit future employment growth within other Leicester and Leicestershire HMA Districts, particularly Hinckley and Bosworth  
* Increase the saturation of Strategic Distribution in one area  
* Increase pressure on the A5 and the junction at the M69

If objections are not sustained, proposals under BE2.2 should contribute to the A5 Expressway and provide improvements to the A5.

Change To Plan: Not Specified

7592 Object

**Respondent:** Messrs Herbert [6535]  
**Agent:** Strutt and Parker (Mr David Phillips) [5716]

**Summary:** Objections are made to SS1 "The spatial strategy", Policy H1 "Provision of new housing, Policy BE1 "Provision of new business development" and Policy BE2 "Strategic distribution" insofar as the draft Plan not is not:

- Positively Prepared as it fails to meet objectively assessed development needs and infrastructure requirements;
- Justified in that the plan is not based on the most appropriate strategy, when considered against the reasonable alternatives;
- Effective in that the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and
- Consistent with national policy as the plan does not enable the delivery of sustainable development in accordance with the policies in the NPPF.

The landowners object to the failure of the Council to recognise the potential to:

- Identify land within Whetstone Pastures as a future logistics park; and more over
- Recognise the ability of land within Whetstone Pastures to deliver a new Garden Village as part of a large strategic allocation extending over the administrative boundaries of both Blaby and Harborough.

**Change To Plan:** In order to make the Plan sound it is submitted that the following modifications are made:

- SS1 - The Spatial Strategy amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future housing and logistics needs for the Harborough District during the period 2011 to 2031;
- Policy H1 - Provision for new housing similarly amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future housing needs for the Harborough District within the period 2011 to 2031;
- Policy BE1 - Provision of new business development similarly amended to recognise the potential of a new Garden Village at Whetstone Pastures to meet future logistics needs for the Harborough District within the period 2011 to 2031; and
- Policy BE2 - Strategic Distribution to be amended to make provision for future logistics needs for the Harborough District within the period 2011 to 2031.

The precise wording of any changes should be carefully considered through cross-party working with Blaby to recognise, not only the cross-boundary nature of the Garden Village but also, that the majority of the land needed to deliver the Garden Village falls within Blaby.

**Legally Compliant?** No

Support

Respondent: Mrs Kathleen Rowell [4871]  
Agent: N/A

Summary: I support this statement but question its true worth if the speculative Magna Park expansion of 700,000 sq Mts is allowed, clearly it would be worthless.

Change To Plan: Delete this proposal as it is at odds with criteria 2e of policy GD7 Green Wedges.

Legally Compliant?: Not Specified

Full Reference: S - 6453 - 4871 - BE2 Strategic distribution, BE2 clause 2 - None

Support

Respondent: Lecistershire County Council (Mrs Sharon Wiggins) [5137]  
Agent: N/A

Summary: LCC supports the approach taken to strategic storage and distribution at Magna Park, informed by recent evidence commissioned by HDC. It supports additional strategic distribution proposals needing to meet the six criteria, which sets a limit of 700,000 sqm. for non-rail-served strategic B8 use in the Plan period.

Whilst recognising the desire to concentrate strategic distribution at Magna Park, the proposal in Policy BE2.2 to allocate sites capable of delivering units of at least 9,000 sqm is seen as logical, as is the desire to stimulate economic growth by delivering sites that meet regional and sub-regional demand.

Change To Plan: 

Legally Compliant?: Not Specified

Full Reference: S - 7255 - 5137 - BE2 Strategic distribution, BE2 clause 2 - None

Support

Respondent: IDI Gazeley [168]  
Agent: Now Planning (Ms Nora Galley) [4492]

Summary: The policy is less ambitious than it should be. Magna Park is unique and the prospect of growth presents an opportunity to promote it as the centre of a logistics cluster.

The value that the logistics cluster is able to return is very significantly increased by the addition of complementary uses. With this in mind Gazeley suggest amendments and additions to policy BE2. We also request that a site allocation be made.

The additional criteria proposed are covered by generic policies elsewhere in the Plan. However, the scale and nature of BE2 development merits a more specific set of criteria.

Change To Plan: Amend BE2.2e to read: mitigate significant adverse impacts on the strategic and local road network to achieve nil detriment or better

Add the following 10 additional criteria to BE2.2:

- include measures to encourage car-sharing, cycling and sustainable alternatives to private car use;
- include measures for regular community liaison;
- include measures for publicly accessible green infrastructure;
- optimise the bio-diversity of the site and its capacity to sequester greenhouse gases;
- make use of optimal technologies for the construction of buildings and their operation to reduce resource consumption and optimise the use of renewable energy sources;
- achieve the highest practicable environmental standards for buildings;
- adopt a design approach to the buildings, materials and lighting to minimise the visibility of the buildings during the day and at night time;
- site buildings and service infrastructure to respect the character of the landscape;
- site gatehouses, yards and HGV circulation routes so that visual intrusion and noise beyond the site is minimised; and
- mitigate landscape and visual impacts using, in particular, tree planting and other species that will optimise carbon sequestration.

Legally Compliant?: Not Specified

Support

Respondent: Kay Wilson [4896]
Agent: N/A

Summary:
* No requirement for further development at Magna Park
* Requirement for railhead linked development not met at Magna Park
* Proposal is linked to opportunity and is not a strategic solution
* Does not link to employment requirements for Harborough District - i.e. more high skilled jobs at increased wage rates
* Will lead to increased commuting leading to
* Increased traffic on roads that are already recognised as inadequate
* Will bring no benefit to local residents

Change To Plan: During the consultation period consideration was given to 3 options for development at Magna Park. Option A, the smallest proposal, was for an increase of 100,000m², which correlates to an application which has already been approved. The Local Plan should be amended to state there should be no further expansion of Magna Park beyond the 100,000m² already approved. This would prevent an increase in traffic congestion leading in turn to reduction in air quality and noise pollution, and also prevent a loss of valuable farm land and historic sites.

Legally Compliant?: No

5517 Object

Respondent: Mr Neville Karai [6022]

Summary: I am concerned about the current levels of traffic, road infrastructure, pollution and safety in the local region that will end up backing onto the proposed development. The current roads between villages that surround the area are already becoming ‘rat runs’ for traffic at high speed in rural areas. The areas are badly lit and pedestrian and wildlife is not readily seen and footpaths are in short supply.

Change To Plan: A major upgrade would be required of the A5 to be dual carriageway minimum in the area and truck weight restrictions would need to be in place for all inter village traffic.

Legally Compliant?: No

5539 Object

Respondent: dr elaine Carter [4431]

Summary: The proposed 2 additional spaces adjoining onto Magna Park will be too big for the local infrastructure, making a massive impact on local traffic and highways

Change To Plan: the additional site space should be smaller, and better provision made for additional traffic

Legally Compliant?: Yes

Full Reference: O - 5539 - 4431 - BE2 Strategic distribution, BE2 clause 2, BE2 2a. - i, iii

5582 Object

Respondent: Ashby Parva Parish Meeting (Mr Tim Ottevanger) [5196]

Summary: The Council has not reversed its previous claim that there are more suitable sites elsewhere. It has ignored recent completions and commitments which meet minumum forecast need, as pointed out in the AECOM Sustainability Appraisal 2017, as well as developments only a very few miles away in another county.

Change To Plan: Withdraw this statement. The policy, if approved will lead inexorably to an over-supply of warehousing/ distribution centres in the county and wider region.

Legally Compliant?: No

Full Reference: O - 5582 - 5196 - BE2 Strategic distribution, BE2 clause 2, BE2 2a. - i, ii

5991 Object

Respondent: Mr Christopher Sharpe [6185]

Summary: This is not effective as it would lead to an oversupply of warehousing in the area as there have been millions of square meters agreed within this area over the past years,

Change To Plan: Amend the proposed 700,000 sq meters to a more effective size of under 300,000 sq meters

Legally Compliant?: No

Full Reference: O - 5991 - 6185 - BE2 Strategic distribution, BE2 clause 2, BE2 2a. - iii

6358 Object

Respondent: Cotesbach Parish Council (Dr Edmund Hunt) [6283]

Summary: There is no evidence of the process that the call for sites has lead to the figures outlined here and in the suggested location. It has not been a transparent process since the consultation in 2015 and the location and allocation is clearly based on 2 existing applications that are due for decision before this Local Plan will be approved.

Change To Plan: The location at magna park cannot be specified, it is purely based on 2 existing applications. Call for sites needs to be made transparent.

Legally Compliant?: No

Full Reference: O - 6358 - 6283 - BE2 Strategic distribution, BE2 clause 2, BE2 2a. - ii

6463 Object

Respondent: Mrs Christine Brookes [6342]

Summary: The existing site is big enough to meet local warehousing needs. There are empty units on the existing site and I believe this to be a purely speculative aspect of the plan, constructed to include two outstanding planning applications that have been heavily criticised as too large and surplus to the needs of the Harborough area.

Change To Plan: Significantly reduce the area designated as an extension to warehouse provision at Magna park.

Summary: * large SFRI, DIRFT, a few miles southbound along the A5
  * no evidence that the Magna Park allocation will not have an adverse impact on further SFRIs
  * over-saturation of the area
  * no rail freight assets at Magna Park
  * NPS strongly support SFRIs
  * new SFRI planned around the M69 / A5 junction
  * conflicts with paragraph 31 of the NPPF

Change To Plan: Remove Policy BE2 from the Local Plan.

Legally Compliant?: No

Full Reference: O - 7064 - 2678 - BE2 Strategic distribution, BE2 clause 2, BE2 2b. - ii, iv
May be difficult for a developer to demonstrate, because:
- Proving a negative would be onerous, especially if a competing developer claimed that consent would impact upon ability and deliverability of another site. Planning system doesn't exist to prevent competition.
- A developer has to address other potential SRFIs which may be at various stages in the planning process and may not secure a grant of planning permission.
- Reference to SRFIs 'serving' other neighbouring authorities and Leicestershire could result in an extensive analysis of potential impact.

Purpose of this Criterion would be clarified if reworded, see change to Plan.

Change To Plan: Amend criteria to read ‘Support or at least no substantial impact upon the delivery of committed SRFIs located within Leicestershire and the neighbouring authorities.’

Legally Compliant?: Yes

5410 **Object**

**Respondent:** Mr John Whitehead [5943]  
**Agent:** N/A

**Summary:** My two points are:
1. Lutterworth enjoys low unemployment and already seems to attract many workers form outside of Town, including most employees at Magna Park, therefore additional employment will merely increase commuting into Town
2. If the warehouses are staffed by robots rather than humans (if not now but in the future), then potential employment would be rather less than quoted, although lorry numbers would be unaffected.

**Change To Plan:** Further enlargement of Magna Park should be discouraged.

**Legally Compliant?** Yes

**Full Reference:** O - 5410 - 5943 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - i

---

5454 **Object**

**Respondent:** MS Alison Abraham [5895]  
**Agent:** N/A

**Summary:** There is little unemployment in the area currently. A lot of the current workforce commute into the area adding to the chaos on the A5 and other local roads. Warehouse work does not appeal to many of the younger generation who have degrees and feel they should be working in the field of expertise.

**Change To Plan:** Do not expand Magna Park

**Legally Compliant?** No

**Full Reference:** O - 5454 - 5895 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - i, ii, iv

---

5484 **Object**

**Respondent:** Mr Trevor Robinson [5986]  
**Agent:** N/A

**Summary:** The addition of 10000 extra low skill jobs in the area will cause massive increases in commuter traffic particularly through local villages as up to 60 % of existing workers already live outside the Harborough area. The employment rate in the area is already very high and the implication that this will create high skilled jobs through training and apprenticeships is a fallacy. The A5 trunk road is inadequate for the projected traffic increase.

**Change To Plan:** Do not allow any further expansion of the Magna Park sites

**Legally Compliant?** No

**Full Reference:** O - 5484 - 5986 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - ii

---

5797 **Object**

**Respondent:** Mr A Adcock [3747]

**Summary:** Employment in the area is some of the highest in the country, indeed already over 60% of the Magna Park workforce already commute in from outside the HDC area. The current proposals predict an increase in workforce of over 6,000 largely low skilled jobs. I object strongly to the expansion of Magna Park by 700,00 sq mts as it would not improve local employment and would have a serious impact on the local transport system, particularly the A5 which we understand is not scheduled for improvement until 2030 at least.

**Change To Plan:** As with all development the infrastructure improvements MUST be at least conditional of the planning approval, and ideally carried out BEFORE the development takes place.

**Legally Compliant?:** No

**Full Reference:** O - 5797 - 3747 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - ii, iv
5861 Object

**Respondent:** Mr David Jones [4742]
**Agent:** N/A

**Summary:** Harborough district has virtually full employment. Unemployment rate is approx 1.0% - one of the lowest in the UK.

Consequently such development merely attracts workers from out of district up to 40 miles away substantially increasing traffic along major and local roads.

**Change To Plan:** The wording of this clause to be amended to read ‘it can be clearly demonstrated is that it will increase employment opportunities for local residents including training and apprenticeships’

**Legally Compliant?** Yes

**Full Reference:** O - 5861 - 4742 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - None

5978 Object

**Respondent:** Mr J R Deacon [5980]
**Agent:** N/A

**Summary:** Further expansion of Magna Park would not help employment within the area as unemployment is at an all time low. The vast majority of employees would be from outlying areas which would result in increased traffic flow and pollution.

**Change To Plan:** No further expansion of Magna Park.

**Legally Compliant?** No

**Full Reference:** O - 5978 - 5980 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - i, ii, iii, iv

6034 Object

**Respondent:** Sally Sharpe [6208]
**Agent:** N/A

**Summary:** As a professional recently looking for work there was no high skilled, high paid jobs advertised within Magna Park most of the jobs where low skilled, low paid and temporary with gaps to fill these positions. Increasing the amount of capacity would only increase the amount of low skilled, low paid and temporary jobs and not increase the employment opportunities creating a greater gap and need to recruit from outside of the community.

**Change To Plan:** Amend the local plan to target industries more suited to high skilled, high paid jobs such as IT or engineering.

**Legally Compliant?** No

**Full Reference:** O - 6034 - 6208 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - ii, iii

6116 Object

**Respondent:** Mrs Shiela Carlton [4847]
**Agent:** N/A

**Summary:** This cannot increase employment opportunities for local residents as:

1. there is very low unemployment in the area (less than 1%)
2. about 75% of storage and distribution jobs offered will continue to be lower-skilled low-paid, on insecure contracts with limited conditions
3. over 53% of local residents are already high-skilled and qualified, or in the process of achieving higher skills.

Expanded site employment of 19,200 will be wrong sort of jobs to recruit local residents and will only result in pulling in more commuting workers from a wider area. Already, most workers commute 10 km+ to work at Magna Park.

**Change To Plan:** Smaller specialist enterprises with higher paid jobs.

**Legally Compliant?** No

**Full Reference:** O - 6116 - 4847 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - i, ii, iii, iv

6167 Object

**Respondent:** Mrs Valerie Deacon [6122]
**Agent:** N/A

**Summary:** Harborough and surrounding districts do not have an unemployment problem. Therefore employees would travel in from further afield, therefore exacerbating the traffic problems on an already congested infrastructure.

**Change To Plan:** No further expansion of Magna Park.

**Legally Compliant?** No

**Full Reference:** O - 6167 - 6122 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - i, ii, iii, iv
6205 Object
Respondent: Mr Timothy Ottevanger [6003]
Agent: N/A
Summary: The Local Plan provides a mismatch between the availability of labour (i.e. job seekers) in the district and future job vacancies created by policy B2. It will encourage more unregulated car travel over longer distances to what is a rural location.
Change To Plan: Drop policy BE2. HDC has not reversed its position that there are more suitable sites elsewhere, closer to where jobs are needed and where access is easier.
Legally Compliant?: No
Full Reference: O - 6205 - 6003 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - i, ii, iv

6345 Object
Respondent: Magna Park is Big Enough (Dr Edmund Hunt) [6279]
Agent: N/A
Summary: Not justified - if the Local Plan’s aim is to enhance the skilled worker based within HDC, Magna Park is not necessarily going to achieve this based on the profile of logistics workers alone. Less than 20% are managerial, and 74% are &quot;essential / basic&quot; jobs (National Skills Survey referenced in ID1 Gazeley 15/01531/OUT ADDITIONAL INFO - UPDATE TO ES CH5 - SOCIO-ECONOMIC EFFECTS 731431). This does not align with the profile of employment in Leicestershire, with 53% of employment at managerial or professional level (LLEP SDSS 2016).
Change To Plan: n/a
Legally Compliant?: No

6365 Object
Respondent: Ian Lewis [4810]
Agent: N/A
Summary: The unemployment rate is currently very low in Lutterworth, Magna Park currently struggle to recruit staff. Lutterworth is an area with too much low skill and low age jobs available.
Change To Plan: Lutterworth needs high skilled / waged jobs
Legally Compliant?: No
Full Reference: O - 6365 - 4810 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - ii

6391 Object
Respondent: Mr Rob Harrop [6085]
Agent: N/A
Summary: There is almost full employment in the area, therefore any newly created jobs will need to be filled for outside the area. In addition the jobs by nature will be low-skilled with very little opportunity for apprenticeships of the right type to encourage higher paid, higher skilled employment.
Change To Plan: Any future development in the area needs to encourage higher skilled and more knowledge-based organisations to provide the right type of opportunities that will encourage local young people to aspire to higher levels of education that these opportunities require and can provide.
Legally Compliant?: No
Full Reference: O - 6391 - 6085 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - ii

6400 Object
Respondent: Mrs Carole Allen [6291]
Agent: N/A
Summary: Employment opportunities for residents in the surrounding villages will be limited as the positions available will be primarily low skilled leading to further congestion on the roads by those having to commute into Magna Park.
Change To Plan: Avoid traffic congestion and non compliant levels or air pollution.
Legally Compliant?: No
Full Reference: O - 6400 - 6291 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - i, ii, iii, iv

6465 Object
Respondent: Mrs Christine Brookes [6342]
Agent: N/A
Summary: The Lutterworth/Harborough area already has full employment and the majority of current magna park employees are resident outside the Lutterworth/Harborough district.
Change To Plan: Reconsider such a large extension to the same site and concentrate on creating sustainable employment opportunities within local communities in individual towns/villages.
Legally Compliant?: Yes
Full Reference: O - 6465 - 6342 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - i, ii, iii, iv
It's far more intelligent to build warehouses nearer to those people who would actually take up the new jobs being created.

The area around Magna Park has extremely low unemployment - rates of < 0.4%.

The thousands of new jobs being promised by the Magna Park expansion plans would therefore have to be filled by people who live well outside of the area, forcing them to having lengthy commutes into the Lutterworth area; generating even more traffic congestion & pollution around Magna Park.

These needlessly lengthy commutes can only add to the dreadful air quality in and around Lutterworth.

There should be no more material expansion of Magna Park. It should not be permitted.

The local road infrastructure is inadequate and it cannot cope with the existing traffic volumes.

The plan to massively expand Magna Park will inevitably generate thousands more HGVS & commuter car journeys in and around the Lutterworth area.

The children living in and around Lutterworth should not be condemned to breathe even more traffic polluted air, stunting their growth and damaging their future health prospects.

We have to live here!!

Please think again HDC.

The plans to substantially expand Magna Park would NOT increase employment opportunities for local residents.

Unemployment levels in and around the Lutterworth area are extremely low, less than 0.4%.

The wage rates for most of the promised new jobs will be relatively low.

Those who would, in actuality, take up these promised new jobs would live elsewhere condemning them to lengthy commutes.

Why not build the warehouses nearer to areas of higher unemployment where the locals would welcome them?

Surely, that's only common sense!

Distribution centres should be located where local populations need the employment to suit local or national distribution needs.
No evidence has been put forward to support the suggestion that 10,000 jobs will be created by the Magna Park development. These figures have not been questioned nor tested. More to the point, these jobs will be very largely unskilled, and in direct contradiction of HDC's declared determination of improving the quality of jobs in the District. Such a volume of low skilled - and therefore low-paid - workers will have to be housed by a far more sweeping use of Affordable housing than the Plan has indicated, otherwise commuting to Magna Park will be even more extensive.

Change To Plan: Reject the Magna Park development

Legally Compliant?: No

Full Reference: O - 6919 - 4229 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - i, ii, iii, iv

No evidence for a high percentage of low skilled distribution jobs within HDC

Change To Plan: Alter include Majority middle to high skilled employment opportunities

Legally Compliant?: No

Full Reference: O - 6960 - 4996 - BE2 Strategic distribution, BE2 clause 2, BE2 2c. - ii, iv

* unemployment in the area is very low
* majority of workforce would have to be recruited from outside the District
* 74% of jobs created will be 'essential/basic'
* Key Issue 3 of the Local Plan highlights the requirement for more opportunities for 'higher skilled' residents in the District
* Objective 2 of the Local Plan highlights the need to reduce out-commuting, this will not be met by this allocation
* workforce will commute from areas where unemployment is higher and house prices are lower

Change To Plan: Remove Policy BE2 from the Local Plan.

Legally Compliant?: No

CHAPTER: Part B Key Topics  BE2 Strategic distribution, BE2 clause 2, BE2 2d.

5585 Object  Respondent: Ashby Parva Parish Meeting (Mr Tim Ottevanger) [5196]  Agent: N/A
Summary: see comment on previous section
Change To Plan: as above
Legally Compliant?: No
Full Reference: O - 5585 - 5196 - BE2 Strategic distribution, BE2 clause 2, BE2 2d. - i, iii, iv

5814 Object  Respondent: Mr Paul Longhorn [6098]  Agent: N/A
Summary: The level of unemployment in this part of the district is low with a large part of the staff at the current Magna Park coming from outside the district. This development will therefore raise the level of commuters coming from outside the district. The extra jobs, said to be 10000, will only make matters worse even with the extra 1500 houses in Lutterworth.
This therefore fails in the Plans' aim to increase the level of 'in-commuting' within the district
Change To Plan: Reject the Magna Park application
Legally Compliant?: No
Full Reference: O - 5814 - 6098 - BE2 Strategic distribution, BE2 clause 2, BE2 2d. - i, ii, iii

6118 Object  Respondent: Mrs Shiela Carlton [4847]  Agent: N/A
Summary: The Plan proposes that the present 19% of Magna Park workforce living within Harborough postcodes should be increased to 25%, but gives no indication of supporting evidence of need or means of achieving this. It would require about 5000 workers instead of present 1800 to fulfil this objective and thus is not feasible, especially when over 50% of local residents currently fill managerial, professional and associated support roles, of which are estimated to comprise only 24% of current site jobs, at best.
Change To Plan: No expansion - concentrate on upgrading present workforce via training and better job terms & conditions. Plus aim to develop higher-value-added enterprises with better quality employment opportunities.
Legally Compliant?: No
Full Reference: O - 6118 - 4847 - BE2 Strategic distribution, BE2 clause 2, BE2 2d. - i, ii, iii, iv

6346 Object  Respondent: Magna Park is Big Enough (Dr Edmund Hunt) [6279]  Agent: N/A
Summary: Not positively prepared or Justified - there is no evidence to say that an increase in proportion of the workforce will come from Harborough District, with 81% of the existing Magna Park workforce coming from outside LE postcodes ((IDI Gazeley, 15/01531/OUT ADDITIONAL INFO-UPDATE TO ES CH5-SOCIO-ECONOMIC EFFECTS 6th JULY 2017). The HEDNA study suggests 79% of Magna Park employees do not live in the Harborough District. The 2017 Sustainability Appraisal suggests that up to 400,000sqm and 700,000sqm could reduce out-commuting but provides no evidence to suggest how or why.
Change To Plan: n/a
Legally Compliant?: No

6514 Object

Respondent: MISTERTON WITH WALCOTE Parish Council (Cathy Walsh) [2659]  
Agent: N/A

Summary: Even if the workforce is hired in accordance with BE2.2.d there will still be substantial in commuting. We question HDC's ability to ensure compliance with this criteria or take action if breached.

Change To Plan: 
Legally Compliant?: No

Full Reference: O - 6514 - 2659 - BE2 Strategic distribution, BE2 clause 2, BE2 2d. - i, iii

6847 Object

Respondent: Mr Graham Logan [4816]  
Agent: N/A

Summary: The new jobs being created by the plans to massively expand Magna Park would NOT, in actuality, be materially taken up by people who live within the Harborough District, which has extremely low levels of unemployment of < 0.4%.

The majority of people working at the existing Magna Park do NOT reside in this district.

They travel, often long distances, often by car, in to work. Most of these jobs are paying relatively low wages.

This section presumes the new jobs could be taken up by local people. This is an erroneous assumption and it's very far from the truth.

Change To Plan: Build these warehouses nearer to those who would take up and value these new jobs.

Creating jobs in areas of low unemployment forces more long distance commuting; adding to traffic congestion & increasing air pollution.

Surely, that's only common sense.

Legally Compliant?: No

Full Reference: O - 6847 - 4816 - BE2 Strategic distribution, BE2 clause 2, BE2 2d. - None

6859 Object

Respondent: Mr Graham Logan [4816]  
Agent: N/A

Summary: Most of the existing Magna Park workforce commute to and from the site from outside of the Harborough District.

If the massive plans to expand Magna Park are regrettably approved by HDC, the vast majority of the new jobs created will be taken up by people who also live outside the District.

The unemployment rate in the Lutterworth area is extremely low at rates of < 0.4%.

Therefore, this issue is of little relevance.

Change To Plan: Do not materially expand Magna Park.

Build these massive new warehouse nearer to the people that would appreciate the new jobs created rather than unintelligently design a situation whereby the majority of the workforce are forced to commute lengthy distances to and from work for jobs that are mainly relatively poorly paid.

This only results in people on relatively low wages having to spend disproportionately high costs in travelling to and from work because of the lengthy commute distances involved.

**Respondent:** dbsymmetry [5502]

**Agent:** N/A

**Summary:** I believe some wording has been omitted from this Criterion to give effective meaning. I suggest adding the words 'to travel other than by private car' after 'Harborough District'.

**Change To Plan:** Amend criterion 2d to read: ‘include measures to enable an increase in the proportion of the workforce commuting from locations within Harborough District to travel other than by private car’

**Legally Compliant?** Yes

**Full Reference:** S - 7268 - 5502 - BE2 Strategic distribution, BE2 clause 2, BE2 2d. - None
The A5 can hardly cope with the existing traffic. If there is an issue on the M1 or M6 it comes to a standstill and all the local roads and villages suffer as a result. More traffic is already destined for the A5 as a result of the Drift development and the new “village” being created outside of Rugby on the old BT site. It will be intolerable to the local residents - many of whom have already muted moving away if Magna Park gets any bigger.

Legally Compliant?: No

Summary:

5482 Object  Respondent: Mr Barry McHugh [5988]  Agent: N/A

If the BE2 extension goes ahead there will certainly be lockdown on many occasions with additional lorry traffic on the A426 and A5 roads in the area. This will cause misery to local business and individuals alike.

Legally Compliant?: No

Summary:

5511 Object  Respondent: LUTTERWORTH TOWN COUNCIL Parish Council (Andrew Ellis) [2656]  Agent: N/A

Severe congestion currently occurs on the M6 Junction 1, Gibbet Island (A5) and the A426 Whittle Island.

Legally Compliant?: Yes

Summary:

5532 Object  Respondent: MISTERTON WITH WALCOTE Parish Council (Cathy Walsh) [2659]  Agent: N/A

Already 75% of Magna Park workforce comes from outside the district. There’s insufficient unmet employment need to reduce this figure, thus commuting will increase substantially. Magna Park Growth Sensitivity Survey concludes the allocation of 700000m² extra warehousing will generate 9689 extra jobs. Of these 6488 commuting outside Harborough District or outside; and mitigation will be required

Legally Compliant?: No

Summary:

5533 Object  Respondent: MISTERTON WITH WALCOTE Parish Council (Cathy Walsh) [2659]  Agent: N/A

Along with allocations of housing land in policy L1, employment land in policy BE1.bii and intensification of use in policy BE4.1.f Misterton with Walcote Council is concerned that congestion is inevitable, particularly around junction 20 on the M1, contrary to policy BE2.2.e

Legally Compliant?: No

5541 Object
Respondent: dr elaine Carter [4431]  
Summary: there will be increased traffic and congestion, which will add to the increases caused by the development of Lutterworth East, this is too much development happening too quickly in one neighbourhood, and is such a large area needed for this development?  
Change To Plan: The additional area developed at Magna Park needs to be smaller  
Legally Compliant?: Yes  
Full Reference: O - 5541 - 4431 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - ii

5564 Object
Respondent: Mr Philip Ashton [6052]  
Summary: Already severe traffic congestion so how can this plan not lead to more traffic congestion and air pollution?  
Change To Plan: Scale back the requirement. or build a fully interconnected Lutterworth North East bypass from M1 J19 to the A5  
Legally Compliant?: No  
Full Reference: O - 5564 - 6052 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - ii

5586 Object
Respondent: Ashby Parva Parish Meeting (Mr Tim Ottevanger) [5196]  
Summary: The objective that development as envisaged should not lead to severe traffic congestion is not attainable as there are no plans within the plan period, other than that connected to 15/00919/FUL, to improve matters.  
Change To Plan: Improvements to the A5 and A426 are already needed whatever the outcome of this submission plan.  
Legally Compliant?: No  
Full Reference: O - 5586 - 5196 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - iii

5595 Object
Respondent: Mr Ian Robertson [5573]  
Summary: * Lutterworth is already seriously congested before an expansion to Magna Park and Lutterworth East add to the problem.  
* Parts of the A5 are already dangerous without the inevitable increase in traffic.  
Change To Plan: The local plan should be modified to not include any major expansion of Magna Park over and the above the 100,000 sq mtrs recently approved.  
If any development has to happen provision for infrastructure upgrades should be committed now.  
Legally Compliant?: No  
Full Reference: O - 5595 - 5573 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - i, ii, iii, iv

5743 Object
Respondent: Mrs Christine Horsfall [5326]  
Summary: I cross the A5 every day and drive along it frequently. The junction at High Cross is dangerous and difficult to use safely at busy times. When there is heavy traffic using the A5 drivers trying to cross or join take risks which lead to accidents, with more lorries these situations will increase leading to more accidents.  
Change To Plan: Do not expand Magna Park.  
Legally Compliant?: Yes  
Full Reference: O - 5743 - 5326 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - i, ii
5768  **Object**  
Respondent: Claybrooke Parva Parish Council (Mr Ian Robertson) [6117]  
Agent: N/A

Summary: * Lutterworth is already seriously congested before an expansion to Magna Park and Lutterworth East add to the problem.  
* Parts of the A5 are already dangerous without the inevitable increase in traffic.

Change To Plan: The local plan should be modified to not include any major expansion of Magna Park over and above the 100,000 sq mtrs recently approved. Depending on the test of "acceptability" it will not be able to comply with this clause.

Legally Compliant?: No

---

5815  **Object**  
Respondent: Mr Paul Longhorn [6098]  
Agent: N/A

Summary: Traffic levels in and around the A5/Magna Park area will be badly affected by the resulting increase in the number of commuting workers coming from outside the district. This area is currently congested during peak hours and the extra 10,000 workers will make this intolerable.

The adverse impact on pollution will be considerable

Change To Plan: Reject the Magna Park applications

Legally Compliant?: No

Full Reference: O - 5815 - 6098 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - i, ii

---

5992  **Object**  
Respondent: Mr Christopher Sharpe [6185]  
Agent: N/A

Summary: The A5 is already congested and has been recognised as such. Adding more HGVs and commuters to already congested roads will inhibit the existing residents and commercial premises and make the site a local bottleneck and discourage the take up of warehousing.

Change To Plan: Reduce the size of the proposed development to decrease the volume of traffic.

Legally Compliant?: No

Full Reference: O - 5992 - 6185 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - iii

---

6119  **Object**  
Respondent: Mrs Sheila Carlton [4847]  
Agent: N/A

Summary: Substantial additional traffic congestion will result. There are no Highways England plans or funding to improve the poor road condition and safety of the A5 between A426 junction and M69 roundabout. Although Magna Park continues to be the main generator of commercial and commuter traffic, only minor developer contributions have been sought, A426 is traffic jammed at most times of day, detriments to local residents accessing local facilities for work, education, health and domestic requirements. Several key roundabouts are at or over planned capacity. Several rural villages suffer from overload of commuter traffic.

Change To Plan: No expansion of warehousing for storage and distribution at or near Magna Park, but development of smaller scale enterprises generating less vehicle traffic and therefore less environmental damage.

Legally Compliant?: No

Full Reference: O - 6119 - 4847 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - i, ii, iii, iv

---

6337  **Object**  
Respondent: Mrs Rachael Edgley [5299]  
Agent: N/A

Summary: The A5 is already very busy road at times of shift change and times that lorries are leaving and entering the logistics park here. No thought has been considered as to the traffic issues further towards the M69 where there are already areas prone to accidents.

Change To Plan: Changes to infrastructure such as roundabout at the main Claybrooke/Ullesthorpe junction and at the Hallows.

Legally Compliant?: No

Full Reference: O - 6337 - 5299 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - i, ii, iv
Objective: Magna Park is Big Enough (Dr Edmund Hunt) [6279]
Agent: N/A
Summary: Not justified or effective - what is the definition of "severe" as traffic assessments of the proposed Magna Par applications use different definitions of severe (Guidelines for the Environmental Assessment of Road Traffic by the Institute of Environmental Assessment or the Department for Transport, DBSymmetry LLIT 15/00865/OUT-ADDITIONAL INFORMATION-APPENDIX 4-ADDENDUM NOTE 590751, February 2016)
Change To Plan: n/a
Legally Compliant?: No
Full Reference: O - 6347 - 6279 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - ii, iii

Objective: Mr Rob Harrop [6085]
Agent: N/A
Summary: Traffic congestion in Lutterworth is already at an unacceptable level, with the resultant poor air quality issues.
Considering the low unemployment in the area, most of the proposed new employment opportunities will need to come from outside the area. Coupled with anticipated doubling of lorry traffic, the A5 will become a car park and alternative routes through the villages will be the inevitable result. So everyone gets affected
Change To Plan: Reconsider the entire proposal, the infrastructure can't cope.
Legally Compliant?: No
Full Reference: O - 6388 - 6085 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - i, ii, iii, iv

Objective: Mrs Carole Allen [6291]
Agent: N/A
Summary: Parts of the A5 are already congested and there have been several accidents around Smockington Hollow expansion to Magna Park will only add to the problem.
Change To Plan: Improve road network to cope with logistics and commuter traffic.
Legally Compliant?: No
Full Reference: O - 6398 - 6291 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - i, ii, iii, iv

Objective: Mrs Christine Brookes [6342]
Agent: N/A
Summary: This proposed extension to Magna park will lead to severe traffic congestion in the surrounding area, particularly on the A5. Any proposed upgrade of the A5 will have a temporary effect - and in any case is not due to be completed until 2030. Local amenities such as the bridle path between Willey and Ullesthorpe will be impossible to access.
Change To Plan: Create a large corridor and a traffic light /crossing at the A5 junction with Willey. Best option is to disperse traffic by reconsidering decision to create a massive congestion of lorry freight in one area., as in this extension.
Legally Compliant?: Yes
Full Reference: O - 6467 - 6342 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - i, ii, iii, iv

Objective: MISTERTON WITH WALCOTE Parish Council (Cathy Walsh) [2659]
Agent: N/A
Summary: Concerned that congestion is inevitable, contrary to this criteria, in combination with policy L1 and intensification of use in policy BE4.1.f particularly around Junction 20 on the M1.
Change To Plan: None stated.

Page 283 of 496
6854 Object

Respondent: Mr Graham Logan [4816]  
Agent: N/A

Summary: The local roads around Magna Park do not presently cope with the very heavy traffic volumes. Plans to substantially increase the size of Magna Park, which is already Europe's largest distribution centre, will inevitably produce far more severe traffic congestion. The A5 and A426 are already extremely busy leading to long traffic queues, gridlock and the inability to makes journeys in a timely fashion. Leicestershire already has one of the highest rates of road fatalities in the country. The present site generates thousands of lorry journeys as well as thousands of commuter cars going to and from Magna Park.

Change To Plan: Do not allow for any material expansion of Magna Park. Build these warehouses nearer to motorway junctions and railhead sites. If you absolutely have to expand Magna Park, then you will have to invest in building substantially greater road capacity & safety. To protect lives, please prohibit massive HGVs from travelling dangerously through our small villages and ensure matters are enforced with ANR and applying discouraging fines for the transgressors.

Legally Compliant?: No

Full Reference: O - 6854 - 4816 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - None

6860 Object

Respondent: Mr Allan Whittaker [6064]  
Agent: N/A

Summary: M1 in Leicestershire and Northants is over populated currently and has accidents every/ most days blocking trade and travel in the local area. Any expansion will increase road congestion travelling north and south. The road between Rugby and the Gibbett island is busy to the extent of exhaustion this will eventually start to block M6 and M1 access from the motorway.

Change To Plan: Increased distribution sites should be either North or South to service those populations so freeing the local road sytem

Legally Compliant?: Yes

Full Reference: O - 6860 - 6064 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - iii

6920 Object

Respondent: Mr Hugh Robertson Smith [4229]  
Agent: N/A

Summary: Evidence submitted on the impact of commuting on local traffic congestion at previous hearings into Magna Park 1 was totally ignored. It is disingenuous to suggest that further development at Magna Park will not magnify the problem. It also requires that HDC properly assesses traffic flows in the area and understands the use and applications of duel carriageways (additional queuing capacity, as it was described by one official at an earlier hearing).

Change To Plan: Refuse the Magna Park development

Legally Compliant?: No

Full Reference: O - 6920 - 4229 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - ii, iii

6974 Object

Respondent: Mr Simon Smith [4996]  
Agent: N/A

Summary: To double the size of magna park will lead to more road problems on the A5 which is not fit for purpose on certain sections within the locality from 5800 to 10000 extra employees and staff projected by idi Gazley also doubling HGV movements and ware houses with large scale LGV movements LGV movements seem to be overlooked on transport surveys.

Change To Plan: Wait for highways agency to finish dealing of A5 as planned to mitigate any further development

Legally Compliant?: No

Full Reference: O - 6974 - 4996 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - i, iv
**Object 7004**

**Respondent:** Ulllesthorpe Parish Council (Mrs Katherine Clarke) [5370]  
**Agent:** N/A

**Summary:**
- Evidence the A5 is inadequate
- No major upgrading of the A5 envisaged prior to 2030
- Additional HGV volume and commuter traffic from the allocation will make the A5 inoperable
- Surrounding villages already used as rat-runs
- Inadequacy of the A5 will impact on business efficiency and the ability of the workforce to commute effectively
- Various traffic assessments commissioned use different definitions for severe
- Public transport in the vicinity is limited

**Change To Plan:** Remove Policy BE2 from the Local Plan.

**Respondent:** Cotesbach Parish Council (Dr Edmund Hunt) [6283]  
**Agent:** N/A  
**Summary:** Fundamental infrastructure problems along the A5, A426, Gibbets Roundabout, Whittle Roundabout and other junctions exist. The current applications that Policy BE2 is clearly based upon do not properly address this policy BE2 (1)e.

**Change To Plan:**
- Not Specified

**Full Reference:** S - 6356 - 6283 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - None

6755 Support  
**Respondent:** Leicester City Council (Mr Jeevan Dhesi) [6399]  
**Agent:** N/A  
**Summary:** The Council supports wording that additional development would be permitted where it would not lead to severe traffic congestion...whether within Harborough District or outside.

**Change To Plan:**
- Not Specified

**Full Reference:** S - 6755 - 6399 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - None

7269 Support  
**Respondent:** dbsymmetry [5502]  
**Agent:** N/A  
**Summary:** 'Congestion' is not a term that is defined. It seems that the criterion would be more effective with the use of the word 'conditions' (see Change to Plan)

**Change To Plan:** Amend criterion e to read: ‘not lead to severe traffic conditions anywhere on the nearby strategic and local road network, particularly the A5, whether within Harborough District or outside’

**Legally Compliant?** Yes

**Full Reference:** S - 7269 - 5502 - BE2 Strategic distribution, BE2 clause 2, BE2 2e. - None
5456  **Object**  
**Respondent:** MS Alison Abraham [5895]  
**Summary:** The noise and light pollution is already bad so it will become worse. The traffic coming through the villages is increasing and will become worse even in the evenings. The landscape in the area is already dominated by Magna Park - expanding down the A5 will ruin the landscape in the immediate area. We have walks that will be ruined - wildlife areas wrecked, Bittesby village endangered. Access to existing footpaths taken away and making crossing the A5 impossible.  
**Change To Plan:** Do not expand Magna Park  
**Legally Compliant?:** No  
**Full Reference:** O - 5456 - 5895 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - i, ii, iii, iv

5587  **Object**  
**Respondent:** Ashby Parva Parish Meeting (Mr Tim Ottevanger) [5196]  
**Summary:** Traffic and light pollution are already a problem in the area. BE2 would double this. The proposed developments would be highly intrusive to some communities. Valuable agricultural land would be built on, thus reducing the UK’s capacity to grow food at a time of rapid population growth. There has been no consideration of alternative brownfield sites and no off-setting of loss of agricultural land against any gain.  
**Change To Plan:** As previously stated.  
**Legally Compliant?:** No  
**Full Reference:** O - 5587 - 5196 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - i, iv

5596  **Object**  
**Respondent:** Mr Ian Robertson [5573]  
**Summary:** Assuming a lot of the increased traffic travelling to and for the extended Magna Park will use the A5 24 hours a day I cannot envisage how this proviso is possible to achieve. As an example I stood on the road both in Claybrooke Parva and Claybrooke Magna (about a mile away from the A5) at just before midnight and the road traffic noise is clearly audible already before any increase in traffic is experienced. One can only presume air pollution will increase as a result also. 
**Change To Plan:** The local plan should be modified to not include any major expansion of Magna Park over and above the 100,000 square meters recently approved. Depending on the test of “acceptability” it will not be able to comply with this clause.  
**Legally Compliant?:** No  
**Full Reference:** O - 5596 - 5573 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - i, ii, iii, iv

5769  **Object**  
**Respondent:** Claybrooke Parva Parish Council (Mr Ian Robertson) [6117]  
**Summary:** Assuming a lot of the increased traffic travelling to and from the extended Magna Park will use the A5 24 hours a day I cannot envisage how this proviso is possible to achieve. As an example I stood on the road both in Claybrooke Parva and Claybrooke Magna (about a mile away from the A5) at just before midnight and the road traffic noise is clearly audible already before any increase in traffic is experienced. One can only presume air pollution will increase as a result also. 
**Change To Plan:** The local plan should be modified to not include any major expansion of Magna Park over and the above the 100,000 sq mtrs recently approved. 
**Legally Compliant?:** No  
**Full Reference:** O - 5769 - 6117 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - i, ii, iii, iv
5823 Object
Respondent: Mr Paul Longhorn [6098]  
Agent: N/A
Summary: 6.3.11 says that “Environmental and Economic Impact Assessments for additional development schemes will be required to address impacts for the immediate locality and wider surrounding area, the scope of which is to be agreed with the Council at the outset”. Planning application due for approval on 23rd November, how will it be possible to achieve this in time. Air, light and noise pollution from the 24 hour operation will be an appalling blight on the area with the consequent impact on local areas and inhabitants. House prices must also be badly impacted with the consequent impact on individuals debt position.
Change To Plan: The plan says that application will be approved, this cannot be right without Insisting upon a full impact analysis prior to approval
Legally Compliant?: No
Full Reference: O - 5823 - 6098 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - i, ii, iii, iv

5915 Object
Respondent: Dr I.D. v.d. Ploeg [4817]  
Agent: N/A
Summary: Night time activity should be curtailed. It is already very audible at night. Any expansion will increase this and in addition it will come closer to houses and villages. I don’t know whether the plan is legally compliant as I am not a lawyer but I can only submit if I say it is so I have ticked yes.
Change To Plan: No expansion
Legally Compliant?: Yes
Full Reference: O - 5915 - 4817 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - None

6336 Object
Respondent: Mrs Rachael Edgley [5299]  
Agent: N/A
Summary: landscape will be damaged from light pollution and from traffic increase. Large unsightly buildings that are not masked.
Change To Plan: Don’t build them
Legally Compliant?: No
Full Reference: O - 6336 - 5299 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - i, ii, iii, iv

6366 Object
Respondent: Ian Lewis [4810]  
Agent: N/A
Summary: A 24 hour warehouse is going to cause unacceptable environmental, community and landscape impact in the area.
Change To Plan: Do not extend the Magna Park site.
Legally Compliant?: No
Full Reference: O - 6366 - 4810 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - ii

6384 Object
Respondent: Mr Rob Harrop [6085]  
Agent: N/A
Summary: The existing scale of Magna Park already generates significant traffic noise 24 hours a day. The drone from the A5 can be clearly heard in Claybrooke Parva and the SW winds blows its pollution across the fields to the village. By doubling the volume of lorry traffic and the commuting workforce will significantly impact on the air quality and noise.
Change To Plan: Use the rail network instead looking for ways to generate more business rates for HDC
Legally Compliant?: No
Full Reference: O - 6384 - 6085 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - i, ii, iii, iv

6386 Object
Respondent: Mr Rob Harrop [6085]  
Agent: N/A
Summary: The existing traffic volumes using the A5 can clearly be heard in Claybrooke Parva 24hrs a day and with the prevailing SW winds, air pollution is adversely affected. By doubling the volume of lorry traffic and the subsequent increase of commuters needing to use the route, the situation can only deteriorate. This will sadly affect the lives of the villagers of Claybrooke Parva
Change To Plan: Support the rail infrastructure instead of looking for ways to generate more business rates
Legally Compliant?: No
Full Reference: O - 6386 - 6085 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - i, ii, iii, iv
6397 Object
Respondent: Mrs Carole Allen [6291]
Agent: N/A
Summary: Increased traffic using the A5 24 hours a day will add further air pollution and road traffic noise that can already be heard from Claybrooke Parva.
The impact on Wildlife in the area of warehousing on the scale planned is unimaginable.
Change To Plan: Avoid unnecessary loss of productive farmland and countryside.
Improve road network and decrease air pollution.
Legally Compliant?: No
Full Reference: O - 6397 - 6291 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - i, ii, iii, iv

6468 Object
Respondent: Mrs Christine Brookes [6342]
Agent: N/A
Summary: I strongly object. This proposed extension to Magna park will increase traffic and light pollution in the immediate vicinity and surrounding villages on a 24 hour basis. Any proposed road upgrades will not solve this problem but will rather add to noise pollution in the nearby villages. The landscape will be permanently disfigured and wildlife habitats will disappear. Harborough District council would be seen to be prepared to safeguard their own environment by creating an industrial wasteland on a colossal scale in a corner of the district which does not impact on Leicestershire alone.
Change To Plan: The planned extension to Magna park should be reconsidered on environmental grounds alone. The scale of the extension is disproportionate and harmful to the local environment.
Legally Compliant?: Yes
Full Reference: O - 6468 - 6342 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - i, ii, iii, iv

6853 Object
Respondent: Mr Graham Logan [4816]
Agent: N/A
Summary: The existing Magna Park operates 24/7/365 on shift working. This means thousands of commuter cars flood out to further congest local roads that cannot cope with this sudden surge in traffic volumes.
For those who unfortunately live near these blocked roads, it means lots of unbearable traffic noise and an even worse quality of air for us (and our children) to have to breathe. It is already insufferable and utterly unacceptable.
Plans to substantially expand Magna Park can only irretrievably make these matters far worse.
Please think about those who live around Lutterworth and remove these Magna Park plans.
Change To Plan: If you care about the environment, community and landscape of the area, please do not permit any material expansion of Magna Park.
If you do have to proceed with these massive expansion plans, then please build bunds alongside the A426 to try and reduce the noise for those living in Cotesbach.
24 hour operations already create unacceptable consequences for those living around Magna Park.
Legally Compliant?: No
Full Reference: O - 6853 - 4816 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - None

6921 Object
Respondent: Mr Hugh Robertson Smith [4229]
Agent: N/A
Summary: Self-evidently, Magna park 2 would have a detrimental environmental, community and landscape impact on the area.
Change To Plan: Reject the Magna Park development.
Legally Compliant?: No
Full Reference: O - 6921 - 4229 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - ii, iii
6970 Object
Respondent: Mr Simon Smith [4996]  
Agent: N/A  
Summary: Proposed enlargement of Magna Park area in direct conflict with environmental and pollution targets. See Lutterworth town centre pollution levels above national targets and EU levels. In conflict with local and county authorities commitments to lower and meet targets on air pollution.

Change To Plan: accept you cannot potentially allow doubling of distribution size and number of workers commuting doubling HGV movements also increasing LGV traffic causing more congestion slower vehicles operating less environmentally and meet air quality

Legally Compliant?: No  
Full Reference: O - 6970 - 4996 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - i, ii, iv

7006 Object
Respondent: Ullesthorpe Parish Council (Mrs Katherine Clarke) [5370]  
Agent: N/A  
Summary: * original Magna Park site was a brownfield site  
* proposed expansion utilises agricultural land  
* conflicts with paragraphs 111 and 112 of the NPPF  
* the proposed plan does not consider if there are any brownfield sites which could be used in preference to the agricultural land currently proposed  
* visual and light pollution impact would be detrimental to the village of Ullesthorpe  
* tree screening measures on the original site are still highly ineffective  
* no proposed area of separation between Magna Park and Ullesthorpe  
* unacceptable impact on environment, community and landscape

Change To Plan: Remove Policy BE2 from the Local Plan.

Legally Compliant?: No  
Full Reference: O - 7006 - 5370 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - ii, iii, iv

7092 Object
Respondent: SWINFORD Parish Council (Katherine Clarke) [2678]  
Agent: N/A  
Summary: * original Magna Park site is brownfield  
* two outstanding applications both use agricultural land  
* conflicts with paragraphs 111 and 112 of the NPPF  
* the proposed submission does not consider whether there are any brownfield sites which could be used in preference to the agricultural land currently proposed  
* visual and light pollution would be detrimental to local villages  
* tree screening measures from the original Magna Park development are still ineffective

Change To Plan: Remove Policy BE2 from the Local Plan.

Legally Compliant?: No  
Full Reference: O - 7092 - 2678 - BE2 Strategic distribution, BE2 clause 2, BE2 2f. - ii, iii, iv

7112 Object
Respondent: North Kilworth Parish Council (Mrs Katherine Clarke) [6469]  
Agent: N/A  
Summary: * original Magna Park site is brownfield  
* two outstanding applications both use agricultural land  
* conflicts with paragraphs 111 and 112 of the NPPF  
* the proposed submission does not consider whether there are any brownfield sites which could be used in preference to the agricultural land currently proposed  
* visual and light pollution would be detrimental to local villages  
* tree screening measures from the original Magna Park development are still ineffective

Change To Plan: Remove Policy BE2 from the Local Plan.

Legally Compliant?: No

CHAPTER: Part B Key Topics  
BE2 Strategic distribution, 6.3.1 to 6.3.6 BE2 Explanation

6348 Object  
Respondent: Magna Park is Big Enough (Dr Edmund Hunt) [6279]  
Agent: N/A  
Summary: The need has not been identified to be focussed at such high density in one area; there is no evidence to justify the correlation between housing allocation and B8 allocation; a sustainable reduction in out-commuting simply will not be achieved.

Change To Plan: Evidence how Lutterworth SDA can be justified according to Magna Park employment; Do not commit to Magna Park specifically

Legally Compliant?: No  
Full Reference: O - 6348 - 6279 - BE2 Strategic distribution, 6.3.1 to 6.3.6 BE2 Explanation - i, ii, iii

6819 Object  
Respondent: Richard Whittington [6430]  
Agent: N/A  
Summary: The Magna Park development goes against the Core Strategy 2006-2028 from 14/11/11. There is very little unemployment in this area so, new employees would have to travel from outside the area therefore increasing traffic. Would any apprenticeships be worthwhile for their future prospects?
- The A426 is already overloaded and there are frequently queues from the M6 to the A5 in the afternoons.
- I am a keen astronomer and would not welcome any further light pollution to an already over polluted area.

Change To Plan: This expansion is not needed in our area and will only lead to increased traffic, noise, pollution and damage to our environment and farmland. There are many amenities needed in our area eg, doctor's surgeries, youth clubs, sports centres etc that would be far more beneficial to our communities.

Legally Compliant?: No  
Full Reference: O - 6819 - 6430 - BE2 Strategic distribution, 6.3.1 to 6.3.6 BE2 Explanation - ii

CHAPTER: Part B Key Topics  
BE3 Existing employment areas, BE3 clause 1

7068 Support  
Respondent: THURNBY AND BUSHBY Parish Council (Mrs S Bloy) [2685]  
Agent: N/A  
Summary: Thurnby and Bushby Parish Council supports as sound.

Change To Plan: 
Legally Compliant?: Not Specified  
Full Reference: S - 7068 - 2685 - BE3 Existing employment areas, BE3 clause 1 - None

7261 Support  
Respondent: Leicestershire County Council (Mrs Sharon Wiggins) [5137]  
Agent: N/A  
Summary: 18. Policy BE3 on existing employment areas is supported; BE3.1 being seen as of particular relevance in ensuring that development meets the needs/demands of the wider sub-regional market in addition to local businesses in order to attract inward investment.

Change To Plan: 
Legally Compliant?: Not Specified

**6230 Object**

**Respondent:** LUBENHAM Parish Council (Kal Budwell) [2655]  
**Agent:** N/A

**Summary:** Support but this seems to be a strange inclusion in the business section - maybe more suited to the housing section. Also seems like a particular site or sites are under consideration for a change of use.

**Change To Plan:** More information required. - what sites are under consideration?

**Legally Compliant?** Yes

Full Reference: O - 6230 - 2655 - BE3 Existing employment areas, BE3 clause 3 - ii, iii

**CHAPTER: Part B Key Topics**

**5470 Object**

**Respondent:** Mr Andy Johnson [5688]  
**Agent:** N/A

**Summary:** The general presumption should be that development should only take place if involves the replacement of existing buildings and the proposed use is allowed within the current planning permission. There should be no increase in the existing floorspace and development should have no visible or adverse impact on the surrounding area and roads. The site is in an isolated rural location with poor transport links and is unsuitable for development of any kind. If the site was not in its current use then it would not even be considered for development.

**Change To Plan:** Development should be restricted to replacing existing floor space and proposed activities should be within the uses currently allowed. There should be no increase in floor space or new uses allowed.

**Legally Compliant?** Yes

Full Reference: O - 5470 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 1 - None
5424 Object  
**Respondent:** Mr Andy Johnson [5688]  
**Agent:** N/A  
**Summary:** Ancillary is a very loose term and can be open to interpretation. Development should be restricted to the uses current allowed and no more.  
**Change To Plan:** Development and proposed activities should be restricted to the uses allowed in the current planning permission.  
**Legally Compliant?:** Yes  
**Full Reference:** O - 5424 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 1, BE4 1a. - None

7191 Object  
**Respondent:** Mr Tim Smith [4679]  
**Agent:** N/A  
**Summary:** Maintenance and storage of aircraft if allowed to be subject to strict limits to protect the amenity of surrounding villages. Any development of p&t use to be subject to strict noise control.  
**Change To Plan:** Any development including those ancillary to existing uses to be subject to strict control measures to protect amenity of local residents.  
**Legally Compliant?:** Yes  
**Full Reference:** O - 7191 - 4679 - BE4 Bruntingthorpe Proving Ground, BE4 clause 1, BE4 1a. - None

7204 Object  
**Respondent:** C Walton Ltd [6484]  
**Agent:** Marrons Solicitors (Mr Matthew Roe) [4620]  
**Summary:** The criteria is not sound as it prevents any new development other than development which is considered ancillary to the existing uses on site. Any future planning applications with employment generating uses for new companies allied with the range of sectors currently supported at BPG would therefore raise a conflict with the policy. in its current form, the policy is directly contrary to Para. 21 of the NPPF. The policy fails to comprehensively include all lawful and authorised uses on site, including the on-site research and development facilities, fleet management activities and the Events Centre.  
**Change To Plan:** Amend criterion a. as follows:  
The proposed use is related to an existing use, or related to the business sectors supported by Bruntingthorpe Proving Ground including the proving and testing of motor vehicles, vehicle storage and fleet management, the events centre, the aircraft museum and related tourism activity, car auctions, and aircraft recycling, maintenance and storage;  
**Legally Compliant?:** No  
**Full Reference:** O - 7204 - 6484 - BE4 Bruntingthorpe Proving Ground, BE4 clause 1, BE4 1a. - ii, iii

5426 Object  
**Respondent:** Mr Andy Johnson [5688]  
**Agent:** N/A  
**Summary:** Association is a very loose term and is open to interpretation. This could allow uses with only a tenuous link to corporate entertainment and limit the ability of the planning authority to take action against unauthorised use. Corporate entertainment covers a wide range of uses, most of which would not be suitable for this location.  
**Change To Plan:** The use to be restricted to the uses allowed under the existing planning permission.  
**Legally Compliant?:** Yes  
**Full Reference:** O - 5426 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 1, BE4 1b. - None
**Object 5428**

**Respondent:** Mr Andy Johnson [5688]  
**Agent:** N/A

**Summary:** Noise monitoring is difficult to police and as a result noise restrictions are easily abused. There is regular use of the track at BPG before 9am at weekends and bank holidays which is an issue for local residents. This is a rural location and noise is more of an issue than in a built up environment.

**Change To Plan:** In addition to the noise limits there should also be a limit on the hours in which noisy activity can take place. This should be a maximum of two hours a day.

**Legally Compliant?**: Yes

**Full Reference:** O - 5428 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 1, BE4 1c. - None

**Object 5425**

**Respondent:** Mr Andy Johnson [5688]  
**Agent:** N/A

**Summary:** Development should be no greater in terms of massing and bulk than currently exists (ie it should replace what is there) and the design and materials of replacement development should have no impact on the surrounding area. If necessary additional planting should be undertaken to screen development.

**Change To Plan:** Development should be no greater in terms of massing and bulk than currently exists (ie it should replace what is there) and the design and materials of any development should have zero impact on the surrounding area. Additional planting should take place to screen any new development.

**Legally Compliant?**: Yes

**Full Reference:** O - 5425 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 1, BE4 1d. - None

**Object 5427**

**Respondent:** Mr Andy Johnson [5688]  
**Agent:** N/A

**Summary:** The policy explanation states that there is a well established tree belt surrounding nearly the whole of BPG providing a good level of screening. This is not the case. Buildings and airplanes are visible from the surrounding area, particularly in the winter when the trees have shed their leaves. The tree belt has also been reduced/removed to accommodate various activities on the site. Poor landscaping also adds to the noise issue from the site.

**Change To Plan:** Planting should be undertaken to fill in and enhance the existing landscaping to ensure the development is not visible from the surrounding areas. New planting should ensure that the tree belt is effective in winter. No further development on the site should take place until this planting is completed.

**Legally Compliant?**: Yes

**Full Reference:** O - 5427 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 1, BE4 1e. - None
Summary: Any additional development at BPG would result in increased traffic levels. Given that the road network serving BPG is rural and poor quality then any increase will impact on the local area. Currently traffic from the industrial estate uses the rear entrance from the site on to Mere Road. All traffic should be forced to use the main entrance on Bath Lane. There is no public transport serving the site.

Change To Plan: There should be no new development at BPG. Any development should be a replacement/upgrading of existing facilities. This would not increase traffic levels. Currently traffic from the industrial estate uses the rear entrance from the site on to Mere Road. All traffic should be forced to use the main entrance on Bath Lane.

Legally Compliant?: Yes

Full Reference: O - 5429 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 1, BE4 1f. - None

7173 Object

Respondent: Gilmorton Parish Council (Mr Julian Kent) [6472]

Summary: We note this site is to be further developed. As a neighbouring parish, Gilmorton already carries a significant amount of traffic to/from the site via Lutterworth Rd and Mill Lane. These roads, plus Kimcote Rd, have new housing developments approved, which will also increase the traffic movements. We are concerned that the cumulative effect of this development will exacerbate the overall traffic situation and would request that further details of proposed improvements are provided that address the concerns of local residents.

Change To Plan: All traffic to and from Bruntingthorpe Proving Ground should be restricted to the trunk road system. Currently this only applies to vehicle delivery lorries and the majority of the cars sold at auction come south through Gilmorton along with trade plate drivers on their way to collect vehicles.

Legally Compliant?: Yes

Full Reference: O - 7173 - 6472 - BE4 Bruntingthorpe Proving Ground, BE4 clause 1, BE4 1f. - None

7584 Object

Respondent: SHEARSBY Parish Council (Mr P Baildon) [4361]

Summary: We are concerned that the section devoted to BRUNTINGTHORPE does not recognise the cumulative and ever increasing number of applications over the last 30 years that have not alleviated the highways movements, damage to narrow country road verges, increasing vehicle use whether for "open days" sponsored days, car transporters, visitors, contractors etc all using either the access from the old A50 via Shearsby Crossroads or the village of Gilmorton.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: O - 7584 - 4361 - BE4 Bruntingthorpe Proving Ground, BE4 clause 1, BE4 1f. - None
CHAPTER: Part B Key Topics

5471 Object

Respondent: Mr Andy Johnson [5688]
Agent: N/A

Summary: There is no public transport in the area and all travel to BPG is by car. The road system infrastructure is poor and not suited to high volumes or large vehicles. Any increase in traffic levels would have an adverse impact on the local area. The roads are rural in nature and could not be upgraded without significant impact on the local area.

Change To Plan: The existing road system is not suitable for high volumes of traffic or large vehicles. There should be no improvement of the road system as this would have an adverse impact on the surrounding area.

Legally Compliant?: Yes

Full Reference: O - 5471 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 1, BE4 1g. - None

7172 Object

Respondent: Gilmorton Parish Council (Mrs Yvette Walters) [6476]
Agent: N/A

Summary: We note this site is to be further developed. As a neighbouring parish, Gilmorton already carries a significant amount of traffic to / from the site via Lutterworth Rd and Mill Lane. These roads, plus Kimcote Rd, have new housing developments approved, which will also increase the traffic movements. We are concerned that the cumulative effect of this development will exacerbate the overall traffic situation and would request that further details of proposed improvements are provided that address the concerns of local residents.

Change To Plan: Ensure directional signs are provided. Monitor traffic flow and ensure road regulations regarding size of vehicles/speed are adhered to.

Legally Compliant?: Yes

Full Reference: O - 7172 - 6476 - BE4 Bruntingthorpe Proving Ground, BE4 clause 1, BE4 1g. - ii

7231 Object

Respondent: C Walton Ltd [6484]
Agent: Marrons Solicitors (Mr Matthew Roe) [4620]

Summary: In order to ensure compliance with the Framework, the Highways Authority need to exercise reasonable judgement.

Change To Plan: Amend criterion g. as follows:

- highway improvements are provided in accordance with the reasonable requirements of the highway authority taking into account total traffic to be generated by existing and proposed development within the Proving Ground and the Industrial Estate;

Legally Compliant?: No

Full Reference: O - 7231 - 6484 - BE4 Bruntingthorpe Proving Ground, BE4 clause 1, BE4 1g. - ii, iii

CHAPTER: Part B Key Topics

5478 Support

Respondent: Mr Andy Johnson [5688]
Agent: N/A

Summary: I agree that all access and egress should be through the main gate on Bath Lane. However there is currently access to Bruntingthorpe Industrial Estate and BPG via a rear entrance on Mere Road. It would be impossible for the local authority to enforce access via the main gate if the rear entrance remains in existence. The entrance to Mere Road should therefore be closed immediately and definitely before any development can take place.

Change To Plan: Not Specified

Legally Compliant?: Not Specified

5472 Object

**Respondent:** Mr Andy Johnson [5688]  
**Agent:** N/A

**Summary:** Development should be restricted to like for like replacement of existing buildings on the site. Use should conform to the uses currently allowed. There should be no intensification of development and any replacement of buildings should have no impact on the surrounding area.

**Change To Plan:** Development should be restricted to replacing existing floor space and proposed activities should be within the uses currently allowed. There should be no increase in floor space or new uses allowed.

**Legally Compliant?** Yes

**Full Reference:** O - 5472 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 2 - None

5724 Object

**Respondent:** C Walton Ltd [6484]  
**Agent:** Marrons Solicitors (Mr Matthew Roe) [4620]

**Summary:** The policy is not sound because it fails to support employment generating uses. Expressly prohibiting B1a Office use fails to account positively for the location, promotion and expansion of the knowledge driven, creative and high technology industries present at Bruntingthorpe Proving Ground and the needs of the employers to place high value employees, many of whom have office based technical roles; For example, BIAS has a total of 70 office based employees.

**Change To Plan:** Amend 2. as follows: Within the area of Bruntingthorpe Industrial Estate, as defined on the Policies Map, development for Class B uses will be permitted if:

**Legally Compliant?** No

**Full Reference:** O - 7234 - 6484 - BE4 Bruntingthorpe Proving Ground, BE4 clause 2 - ii, iii

5473 Object

**Respondent:** Mr Andy Johnson [5688]  
**Agent:** N/A

**Summary:** Ancillary is a very loose term and can be open to interpretation. Development should be restricted to the uses allowed under the current planning permission.

**Change To Plan:** Development should be restricted to the uses allowed under the current planning permission.

**Legally Compliant?** Yes

**Full Reference:** O - 5473 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 2, BE4 2a. - None

7235 Object

**Respondent:** C Walton Ltd [6484]  
**Agent:** Marrons Solicitors (Mr Matthew Roe) [4620]

**Summary:** The criterion is not sound as it is not positively prepared and prevents any new development other that development which is considered ancillary to the existing uses on the Industrial Estate. Any future planning applications with employment generating uses for new companies allied with the range of sectors currently supported at BIE would therefore raise conflict with the policy. In its current form the policy is diametrically opposed to Paragraph 21 of the NPPF.

**Change To Plan:**

**Legally Compliant?** No

**Full Reference:** O - 7235 - 6484 - BE4 Bruntingthorpe Proving Ground, BE4 clause 2, BE4 2a. - ii, iii, iv
5474 **Object**  
**Respondent:** Mr Andy Johnson [5688]  
**Agent:** N/A  
**Summary:** Any development should be restricted to replacing existing buildings. There should be no intensification or increase in the floor space on site either as ad hoc development or as part of master plan for the site.  
**Change To Plan:** Any development should be restricted to replacing existing buildings. There should be no allowance for additional development or increase in floor space under the guise of a master plan or development brief.  
**Legally Compliant?**: Yes  
**Full Reference:** O - 5474 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 2, BE4 2b. - None

7236 **Object**  
**Respondent:** C Walton Ltd [6484]  
**Agent:** Marrons Solicitors (Mr Matthew Roe) [4620]  
**Summary:** The above policy is not sound because the policy fails to account for the £10M investment which has been made at BIE over the previous 10 years, including refurbishments to Hangar T2 by Volvo (supporting c.15 jobs), the development of Royal Enfield's Research and Development Centre (80 jobs), the erection of a commercial vehicle paintshop for BIAS (30 jobs) and the erection of a Pre-Delivery Inspection building for BIAS (70 jobs). These developments have been granted planning permission with allied landscaping improvements which are currently in the process of being constructed. The refurbishment or redevelopment of the balance of the Industrial Estate should not require an approved masterplan to include development proposals already undertaken.  
**Change To Plan:**  
**Legally Compliant?**: No  
**Full Reference:** O - 7236 - 6484 - BE4 Bruntingthorpe Proving Ground, BE4 clause 2, BE4 2b. - ii, iii

5475 **Object**  
**Respondent:** Mr Andy Johnson [5688]  
**Agent:** N/A  
**Summary:** Development should be no greater in terms of massing and bulk than currently exists (ie it should replace what is there) and the design and materials of replacement development should have no impact on the surrounding area.  
**Change To Plan:** Development should be no greater in terms of massing and bulk than currently exists (ie it should replace what is there) and the design and materials of replacement development should have no impact on the surrounding area.  
**Legally Compliant?**: Yes  
**Full Reference:** O - 5475 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 2, BE4 2c. - None
5476 Object

Summary: Any additional development at Bruntingthorpe industrial estate would result in increased traffic levels. Given that the road network serving the estate is rural and poor quality then any increase will impact on the local area. The policy explanation fails to state that the estate is accessed via an entrance on Mere Road. Heavy goods vehicles and high levels of traffic therefore use Mere Road which is a narrow rural road not designed for such traffic. The entrance to Mere Road should be closed and all traffic should be forced to use the main entrance on Bath Lane.

Change To Plan: All traffic from the industrial estate should be routed through the main entrance on Bath Lane. Highway improvements would not be appropriate in a rural setting.

Legally Compliant?: Yes

Full Reference: O - 5476 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 2, BE4 2e. - None

5477 Object

Summary: Any additional development at BPG would result in increased traffic levels. Given that the road network serving BPG is rural and poor quality then any increase will impact on the local area. Currently traffic from the industrial estate uses the rear entrance from the site on to Mere Road. All traffic should be forced to use the main entrance on Bath Lane. There is no public transport serving the site.

Change To Plan: Any additional development at BPG would result in increased traffic levels. Given that the road network serving BPG is rural and poor quality then any increase will impact on the local area. Currently traffic from the industrial estate uses the rear entrance from the site on to Mere Road. All traffic should be forced to use the main entrance on Bath Lane. There is no public transport serving the site.

Legally Compliant?: Yes

7237 Object

Summary: In order to ensure compliance with the Framework, the policy should be caveated to ensure that the Highway Authority are required to exercise reasonable judgement.

Change To Plan: Amend criterion e. as follows:

highway improvements are provided in accordance with the reasonable requirements of the highway authority taking into account total traffic to be generated by existing and proposed development within the Proving Ground and the Industrial Estate;

Legally Compliant?: No

Full Reference: O - 7237 - 6484 - BE4 Bruntingthorpe Proving Ground, BE4 clause 2, BE4 2e. - ii, iii
5432 Object
Respondent: Mr Andy Johnson [5688]
Agent: N/A
Summary: There is no public transport in the area and all travel to BPG is by car. There are no other modes of transport and it is fanciful to think that a travel plan could solve the traffic issues that would be created by additional development. Furthermore I doubt that the local authority has the resource to monitor a travel plan and therefore it is likely that the requirements of any such plan would not be adhered to.
Change To Plan: Development that increases traffic to the site should not be allowed.
Legally Compliant?: Yes
Full Reference: O - 5432 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 2, BE4 2f. - None

7239 Object
Respondent: C Walton Ltd [6484]
Agent: Marrons Solicitors (Mr Matthew Roe) [4620]
Summary: The site owners welcome any initiative to create public transport access to the site. However, the site is not currently serviced by public transport. The policy is predicated on a non-sequitur (as no public transport services the site) and new development proposals would therefore be inherently conflicted. It is considered that the suggested policy is not sound, because it would potentially undermine proposals for sustainable economic development. It is unjustified and obviated by criteria d and e of the proposed policy, because the impacts arising from any additional development can be assessed.
Change To Plan:
Legally Compliant?: No
Full Reference: O - 7239 - 6484 - BE4 Bruntingthorpe Proving Ground, BE4 clause 2, BE4 2f. - ii, iii

5434 Support
Respondent: Mr Andy Johnson [5688]
Agent: N/A
Summary: I agree that all access and egress should be through the main gate on Bath Lane. However there is currently access to Bruntingthorpe Industrial Estate and BPG via a rear entrance on Mere Road. It would be impossible for the local authority to enforce access via the main gate if the rear entrance remains in existence. The entrance to Mere Road should therefore be closed before any development can take place.
Change To Plan:
Legally Compliant?: Not Specified
Full Reference: S - 5434 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 2, BE4 2g. - None
5435 Object

Summary: Given the nature and location of the site any development (not just class B8) should be restricted in size to no more than 300sqm. However where development involves the replacement of buildings smaller than 300sqm then that development should be restricted to the size of the existing building. This would restrict the development of large scale industrial buildings and ensure that only small scale industrial use is carried out on the site.

Change To Plan: All development (not just class B8) should be restricted in size to no more than 300sqm. However where development involves the replacement of buildings smaller than 300sqm then that development should be restricted to the size of the existing building. There should be no increase in overall floor space.

Legally Compliant?: Yes

Full Reference: O - 5435 - 5688 - BE4 Bruntingthorpe Proving Ground, BE4 clause 2, BE4 2h. - None

7240 Object

Summary: The proposed policy is demonstrably not sound because any future planning applications with employment generating uses for in excess of 500msq Class B8 use allied with the range of sectors currently supported at BIE would raise a conflict with the policy. In its current form, the policy is directly contrary to Paragraph 21 of the NPPF. The policy, if applied now, would prevent the occupancy of Volvo on the site of Hangar T2, and the development of Royal Enfield’s Research and Development Facility would be contrary to policy due to the incorporation of in excess of 500sqm of B8 floorspace in the building.

Change To Plan: It is suggested that criterion h. is entirely removed.

Legally Compliant?: No

Full Reference: O - 7240 - 6484 - BE4 Bruntingthorpe Proving Ground, BE4 clause 2, BE4 2h. - i, ii, iii, iv
Object

Respondent: Dr I.D. v.d. Ploeg [4817]  
Agent: N/A

Summary: Noise pollution from airfields is known to increase blood pressure in the general population. There are enough airfields nearby. I don't know whether the plan is legally compliant as I am not a lawyer but I can only submit if I say it is so I have ticked yes.

Change To Plan: No expansion

Support

Respondent: Farmcare Trading Ltd [6512]  
Agent: Hunter Page Planning (Miss Jenny Henderson) [4681]

Summary: The boundary for 'Leicester Airport' shown on the policies map is reflective of the aviation uses on site and this boundary is considered appropriate for aviation uses as set out by Policy BE5.

Change To Plan: Not Specified

Full Reference: S - 7368 - 6512 - BE5 Leicester Airport, Stoughton, BE5 clause 1 - None
6083  **Object**

**Respondent:** Mrs Elaine Derrick [4213]  
**Agent:** N/A

**Summary:** I am concerned that this proposal, despite the conditions stated, would open the flood gates to the creation of an Industrial Estate in the middle of the countryside. Increased traffic on poor road links to the site, and potential noise levels, are both of concern. The current road has I believe a 7.5 tonne weight restriction in place. I feel that the criteria addressing the impact on the amenity of local residents are not strong enough and therefore open to being successfully challenged.

**Change To Plan:**

- d. traffic generated by the development is capable of being accommodated on the highway network and will not have a significant adverse impact on the amenity of local residents;
  
  This needs to be considerably tightened as it is far too wide and open to challenge

- e. a Travel Plan is approved and implemented to increase access to the site by modes other than the private car;
  
  Extremely Unlikely, there is no public transport to this site which is in open countryside.

- f. any individual unit for Class B8 use does not exceed 500 sq.m in gross floorspace.
  
  This is far too large, I would suggest no more than 250 sq.m.

**Legally Compliant?:** Yes  
**Full Reference:** O - 6083 - 4213 - BE5 Leicester Airport, Stoughton, BE5 clause 2 - ii

7369  **Object**

**Respondent:** Farmcare Trading Ltd [6512]  
**Agent:** Hunter Page Planning (Miss Jenny Henderson) [4681]

**Summary:** It is considered that the land allocated as 'complex north of Gartree Road' is unduly restrictive and the practicalities of the shape chosen by the LPA is arbitrary and will limit meaningful economic development. It is therefore recommended that additional land (shown in attachment) is allocated to accommodate suitable additional growth. The allocation should also include the go-kart facility as it is a brownfield site which would be suitable for development.

**Change To Plan:** Amend boundaries of the 'complex to the north of Gartree Road' to include additional areas identified and go-kart area.

**Legally Compliant?:** Yes  
**Full Reference:** O - 7369 - 6512 - BE5 Leicester Airport, Stoughton, BE5 clause 2 - i, ii, iii, iv

5608  **Support**

**Respondent:** STOUGHTON Parish Council (Coco Connor) [2677]  
**Agent:** N/A

**Summary:** Stoughton Parish Council strongly support this clause and also stress our strong opposition remains in relation to the continued noise disturbance from the Go Kart enterprise which currently resides at this site.

Full Reference: O - 7371 - 6512 - BE5 Leicester Airport, Stoughton, BE5 clause 2, BE5 2f. - i, ii, iii, iv

7073 Object

Summary: The plan proposes a minimum of 10,000 sqm of comparison space, 8,000 of it in MH. While the revised Retail Study takes some notice of trends in comparison retail it does not go far enough. ONS figures show 16.6% of all retail online now, growing at c15% pa, the study assumes 13.2% rising to 16.3% in 14 years. LDC figures show a net loss c6% of comparison shops across GB since 2012. Convenience is (ONS) c7% online, the Study assumes it will rise to 5% by 2031. MH is overprovided with comparison (+9.8%) and underprovided (-7.7%) for Leisure.

Change To Plan: The Retail Study rightly recognises that forecasts beyond 2026 be treated with caution - then goes on to identify the largest need for growth after 2026. The forecast for comparison should be for no net change or, more realistically, a reduction. In MH in particular the 4,000 sqm on land off St Mary's Road should be removed from the plan.

Legally Compliant?: Yes

Full Reference: O - 7073 - 5353 - RT1 Provision of new retail uses, RT1 clause 1 - i, ii
We wish to register our objection to Policy RT1 as it is not effective or justified when considered against reasonable alternatives. Specifically, we object to the following:

1. the lack of sufficient options/alternatives for the delivery of retail development in Lutterworth during the Plan period;
2. the absence of allocations for retail development in close proximity to the Lutterworth town centre.

Additional land should be allocated for retail development close to the existing town centre. This would support the vitality of the existing town centre and facilitate the logical expansion of the current retail offer in a sustainable location close to existing residential areas and bus routes. The proximity of existing markets, as well as the strategic highway network (including M1 motorway), would be commercially attractive and, as such, retail sites in this location would be highly deliverable.

As part of this Local Plan consultation we wish to put forward 'Land to the west of Rugby Road, Lutterworth' as a proposed allocation for B1 office/retail uses. The allocation of the site is justified when considered against reasonable alternatives and would improve the effectiveness of the Plan by ensuring the timely delivery of employment and retail uses.

Land to the west of Rugby Road, Lutterworth should be allocated for B1 office/retail uses in the Local Plan. The allocation of the site would contribute positively to the Local Plan's effectiveness by ensuring that sufficient land of the right type is available in the right places and at the right time to support growth in accordance with national policy (NPPF, para 7 - emphasis ours).

Legally Compliant?: Yes

CHAPTER: Part B Key Topics

RT1 Provision of new retail uses, RT1 3a. Commons Car Park

5381 Object

Respondent: Market Harborough Civic Society (Bernard Bowen) [3938]  
Agent: N/A

Summary: The Car Park serves many businesses in the Town Centre and is well used. It contains parking for disabled, short term parking and parking for motor bikes and cycles. Not sustainable to suggest any spaces should be lost or can be provided elsewhere. Not aware of suitable alternative sites. Retail floor space will require servicing which does not exist on the undeveloped land. Result in loss of parking and cause traffic conflicts. Drainage tanks have been built under the car park- part of flood relief.

While we support efforts to enhance buildings, more positive action required.

Change To Plan: This allocation should be deleted. 
Enhancement of existing shops supported but guidance can be included within RT2.

Legally Compliant?: No

Full Reference: O - 5381 - 3938 - RT1 Provision of new retail uses, RT1 3a. Commons Car Park - iii

5960 Object

Respondent: Mr John Martin [5974]  
Agent: N/A

Summary: The development on the area known as the Commons Car Park in Market Harborough for retail use will mean a reduction in the spaces allocated for car parking. Market Harborough is already short of car parking facilities not taking into account the additional 1500 dwellings being built on the SDA

Change To Plan: Re consider the use of car parking spaces for retail development. With the existing supermarkets a review should be carried out into the real need for additional shops.

Legally Compliant?: Yes

Full Reference: O - 5960 - 5974 - RT1 Provision of new retail uses, RT1 3a. Commons Car Park - i

6420 Object

Respondent: Rockridge Properties Ltd [6256]  
Agent: Jarroms Limited (Mr David Draper) [6253]

Summary: Neither of the sites identified as being suitable for retail development within draft policy RT1 3a and 3b are realistically deliverable and the Council will fail in making the desired provision by allocating retail use to unsuitable sites. St Mary's Road therefore provides a perfect opportunity to deliver on this objective particularly if this were better connected to the Springfield Retail Car Park (7.1.6) by enhanced crossings over the River Welland to better link the principal car parking provision with the Town Centre.

Change To Plan: 

Legally Compliant?: Yes

6076 Object
Respondent: Mr Brian Poulter [4826]  
Agent: N/A
Summary: Lutterworth town centre is already full of shops etc. There is little or no-scope for increasing. If more shops etc are made available then it will show the town has insufficient parking spaces to match the proposed facilities.

Change To Plan: The town centre would have to be significantly altered/modified to increase it's number of buildings & increase the car parking facilities (it currently is already full & Lutterworth East will compound the problem.

**Respondent:** Shire Homes [6203]  
**Agent:** Landmark Planning Ltd (Lance Wiggins) [3798]

**Summary:** My clients support the provision of additional shopping and business uses within the local centre area of Fleckney which includes their proposed development site at High Street. The scheme being prepared as a full planning application would include approximately 280 square metres of additional retail and other ‘main town centre uses’ and a replacement car park facility together with residential accommodation at first and second floors. Such a proposal would widen the available choice of retail facilities in the village to the benefit of existing and future residents.

**Respondent:** INDIGO PLANNING (Mr Andrew Astin) [3831]  
**Agent:** N/A

**Summary:** Policy RT3 requires new shopfronts to relate well in scale, proportion, material and decorative treatment to the façade of the building. In Conservation Areas changes will only be permitted where they contribute to the conservation and enhancement of the area’s character or appearance.

The justification for the policy also notes that normally illuminated signage will not be permitted in Conservation Areas. There is no evidence to support the proposed objection to illuminated signage in conservation areas. Applications should be assessed in terms of their impacts and only where they will cause ‘substantial harm’ should development be restricted.

**Change To Plan:** Applications should be assessed in terms of their impacts and only where they will cause ‘substantial harm’ should development be restricted.

**The policy should therefore be re-worded to reflect national planning policy, such that advertisements are only controlled in the interests of public safety and amenity or where they would individually or cumulatively result in ‘substantial harm’ to a heritage asset.**

**Legally Compliant?:** No

**Respondent:** Mr and Mrs Welton [6497]  
**Agent:** Andrew Granger & Co (Mr Stephen Mair) [6397]

**Summary:** In relation to Policy RT4: Tourism and Leisure we support the identification of Market Harborough as a focal point for tourism development. The proposed development at Land off Harborough Road, Market Harborough will likely serve to enhance the attractiveness of the District for visitors due to the unique nature of the proposed low-energy development. The client's intend to make arrangements with Harborough District Council for the organisation of a series of open days during the construction period to enable others to learn more about the materials and techniques being used in the development, and how they can be utilised elsewhere.

**Change To Plan:** Not Specified

**Legally Compliant?** Not Specified

**Full Reference:** S - 7314 - 6497 - RT4 Tourism and leisure, RT4 clause 1 - None
To make any development viable along St Mary's Road it will be necessary to include a residential provision, together with retail and offices together with leisure, entertainment and tourism.

In conclusion therefore RT4 paragraph 3 of the draft Local Plan should be amended to:

"Land off St Mary's Road as shown on the Policies Map is allocated for residential, retail and offices together with leisure, entertainment and tourism"

Paragraph 7.7.7 should be amended to include:

"... a mixed use development to provide a combination of residential, retain, offices, a new hotel and/or a health and fitness centre and associated public house, bar or restaurant facilities...."

We would urge the Council to amend the Plan accordingly.

We have no objection to the principle of development of the allocation of the Market Harborough sites for leisure, entertainment and tourism uses. The Submission Local Plan includes Policy IN4 (Water resources and services) which requires applicants to demonstrate that foulwater treatment and disposal exists or can be provided in time to serve the development. Similarly policy CC4 requires the use of SUDs on major development sites.

As the Local plan policies are intended to be read as a whole we do not consider that it is necessary to duplicate these requirements in this site specific policy.

If the Local Plan is to serve as a working document then its objectives need to be realistic and deliverable. Comprehensive development in the centre of a historic market town is never going to be possible and St Mary's Road offers the only practical opportunity for the Council to meet several of its obligations. However this needs to be mixed use rather than Tourism and Entertainment centric.

Amend RT4 para 3 to:

'Land off St Mary’s Road as shown on the Policies map is allocated for residential, retail and offices together with leisure, entertainment and tourism.'
**Support**

**Respondent:** Anglian Water Services Ltd (Mr Stewart Patience) [4571]

*Summary:* Land off St Mary's Road, Market Harborough: We have no objection to the principle of development of the allocation of the Market Harborough sites for leisure, entertainment and tourism uses. The Submission Local Plan includes Policy IN4 (Water resources and services) which requires applicants to demonstrate that foulwater treatment and disposal exists or can be provided in time to serve the development. 6722  Object

Respondent: Canal & River Trust (Mr Ian Dickinson) [4440]  
Agent: N/A

Summary: References to the Canal & River Trust's Destination Management Plan are not appropriate as this document has not been made publicly available; this document does not provide a definitive strategy for managing the Foxton Locks area and may well change during the life of the Local Plan. The reference to the Canal & River Trust potentially working with commercial accommodation developer partners is also inappropriate, as it suggests that this option may be prioritised over other options.

Change To Plan: The proposed reference to the Destination Management Plan, and to working with commercial accommodation development providers as set out in paragraph 7.7.11 of the explanatory text to Policy RT4 should be removed, and we consider that the paragraph could be amended to read as follows:

7.7.11 The Canal and River Trust, as owner and operator of Foxton Locks, is working to identify how best to manage the area as a regional tourist destination in the future, including identifying necessary actions for stakeholders and apportioning resources accordingly. The proposed development is a Leicester and Leicestershire Economic Partnership (LLEP) priority through the Strategic Economic Plan, 2015 and there is future potential for the Canal & River Trust to work with the Council, LLEP, stakeholders and commercial development partners to progress a suitable scheme for the site. Any future visitor experience enhancement to Foxton Locks will be supported by the Council in partnership with the Canal & River Trust to help ensure that the future of the Locks is secured through appropriate sensitive sustainable development, providing this maintains and enhances the heritage asset in accordance with Policy HC1 Built heritage.

*Agent*: N/A

**Summary:** I would like to see the boundary of the Scraptoft Conservation Area restored to that which appeared in the Local Plan of 2001. Insufficient notification or justification for the removal from the Conservation Area of properties bounded by Main St and Stocks Road was made in 2012. To the extent that neither the Parish Council, my local Councillor or any of my neighbors actually realised that this had happened!

**Change To Plan:** Please restore the boundary of the Scraptoft Conservation Are to that shown on the proposals map of the 2001 Local Plan

**Legally Compliant?:** No

**Full Reference:** O - 6566 - 6378 - HC1 Built heritage, HC1 clause 3 - ii
The provision of a built heritage policy is strongly welcomed, however it should be clearly strategic as emphasized by paragraph 156 of the NPPF. Without clarification in the Local Plan that the policy is strategic, the policy would not be considered to be sound.

Supporting text 8.1.12/13 should be shortened and amended to reflect the NPPF. By definition within the NPPF, enabling development is development that is not otherwise in accordance with adopted policy.

It should be stated within the supporting text or an appendices to the plan that policy HC1 is strategic.

References to the Canal & River Trust's Destination Management Plan are not appropriate as this document has not been made publicly available. The requirement that future development should be in accordance with the Destination Management Plan is not justified, as this document does not provide a definitive strategy for managing the Foxton Locks area and may well change during the life of the Local Plan.

The proposed reference to the Destination Management Plan as set out in paragraph 8.1.14 of the explanatory text to Policy HC1 should be removed and we suggest that paragraph 8.1.14 could be amended as follows:

8.1.14 The policy sets out the Council's support for appropriate development of heritage assets for sustainable alternative uses, including for tourism and recreation. Foxton Locks is a nationally significant heritage asset within the District. It includes the Grade II* flight of locks and other listed buildings associated with the Grand Union Canal and the Inclined Plane Scheduled Monument. The canal is also a Conservation Area. The Council has worked with the Canal & River Trust and its partners to deliver the first phase of improvements to the area. Further development must be suitably located and of an appropriate scale and design to ensure the protection of Foxton Locks as a nationally significant heritage asset.

The provision of a built heritage policy is strongly welcomed, however it should be clearly strategic as emphasized by paragraph 156 of the NPPF. Without clarification in the Local Plan that the policy is strategic, the policy would not be considered to be sound.

Supporting text 8.1.12/13 should be shortened and amended to reflect the NPPF. By definition within the NPPF, enabling development is development that is not otherwise in accordance with adopted policy.

5498 Support  
**Respondent:** Mrs Elaine Derrick [4213]  
**Summary:** Sound /Support. It is vital that communities which have had ,or are due to have ,substantial new development are supported by commensurate facilities with adequate capacity such as Doctors surgeries,schools and other community facilities. These need to be in place before new developments take place, otherwise existing residents are severely penalised. Thurnby and Bushby have significant existing pressure on their Community facilities due to both large scale new development and also because residents from the City and from other other out of catchment locations are taking up places in the village schools etc.  
**Change To Plan:**  
Legally Compliant?: Not Specified  
**Full Reference:** S - 5498 - 4213 - HC2 Community facilities, HC2 clause 2 - None
The East of Lutterworth SDA proposes to allocate a portion of a land for a replacement indoor sports centre for the town. It will be accessible to a large proportion of the population by walking, cycling or public transport. Therefore, given that this facility will serve the entirety of the town, it is suggested that criterion 3 of HC2 is revised to ensure that proposals will be acceptable that are accessible to the majority of the community by means other than a private car rather than solely by pedestrian routes.

It is suggested that criterion 3 of HC2 is revised to ensure that proposals will be acceptable that are accessible to the majority of the community by means other than a private car rather than solely by pedestrian routes.

Add additional wording to ensure action to resolve long recognised deficits in community facilities would be placed ahead of additions or enhancements to existing provision.

An assumption of positive support for sustainable projects should be added to ensure a broader spread of developments serving the wider population rather than focus simply on current facilities.

The assessment of leisure provision was not available in the supporting documentation and results from a recent survey were not available.

Broughton Astley has planning permission for a new Leisure Centre which will be central to the village and within walking distance for most people. It is also planned to share land and parking with a Medical Facility. Where is this recognised and where is the support from the District council?
Despite culture being included in Objective 13 of the draft Local Plan, the promotion of culture is not clearly reflected in any of the relevant draft policies.

In the NPPF, Paragraph 70 states that in ‘promoting healthy communities’, planning decisions should ‘plan positively for cultural buildings’ and ‘guard against the loss of cultural facilities and services.’ In addition, Paragraph 156 directs local planning authorities to ensure their local plan includes cultural policies that reflect the NPPF.

We recommend this succinct all inclusive description for ‘community facilities’ is used in para. 8.3.2 which would obviate the need to provide examples: community facilities provide for the health and wellbeing, social, educational, spiritual, recreational, leisure and cultural needs of the community.

The Policy would then reflect the full intention of para 70 of the NPPF.

2. Alternatively, Policy RT4 - Tourism and Leisure could be amended to also include cultural facilities.

Summary:
Legally Compliant?: No

---

Given the rural nature and scale of Harborough District, Leicestershire & Rutland Sport would support the importance placed on community facilities, specifically as places for Harborough residents to be physically active. Longer drive times to larger leisure facilities in Harborough places even more significance on provision of high quality, accessible local facilities.

5739  **Object**  
**Respondent:** Mrs Claire Sixt [6092]  
**Agent:** N/A  
**Summary:** This development will severely damage an important wildlife corridor for deer, foxes, hedgehogs, fieldmice, voles, owls and raptors moving between Harborough and Bowden. It should not be located here. If it must be located here, then the small forest must be retained or reinstated nearby, access must be via the current farm access road, widened up to the reservoir (there is space), with passing spaces and pavements, but with the hedgerows and trees reinstated nearby to preserve the wildlife corridor.  
**Change To Plan:** It would be better for the development to proceed on a less environmentally sensitive site. If the proposed development is to be built here at all, access should be through a road built over the current Burnmill farm access road linking directly with the Burnmill Road, widened up to the reservoir (there is plenty of space for this) and with hedgerows and trees reinstated elsewhere to preserve the very important wildlife corridor.

6480 Object

Respondent: Leicestershire and Rutland Wildlife Trust (Claire Install) [6217]

Summary: Not enough is being done to comply with NPPF - mapping of corridors along with habitat permeability mapping should inform this. There should be a commitment to establish the current position and improve it - e.g. connect fragmented habitats, a net gain of biodiversity / good quality habitat area etc). The management of existing and future habitats should also be written into the plan.

Change To Plan: We would like to see an up-to-date habitat network map produced along with habitat permeability modelling to identify areas of strategic GI importance for their biological value as well as areas of opportunity to enhance and join up existing habitats. We would expect to see surveys undertaken to establish the baseline biodiversity and monitoring where opportunities are taken to protect, enhance green infrastructure - in particular that affecting wildlife (in line with paragraphs 114 and 117 of the NPPF). We would also like to see a commitment to a net gain of green infrastructure, especially habitat corridors and networks which benefit wildlife. The management of existing and future habitats should also be written into the plan.

Legally Compliant? Yes

GI2 Object: Open space, sport and recreation, GI2 Clause 1

6024 Object
Respondent: Market Harborough & the Bowdens Charity [6192]
Agent: Godfrey-Payton (Jim Jacobs) [3809]
Summary: My clients object to the entirety of their lands off Northampton Road being identified in the Local Plan as "open space, sport and recreational facilities". The land as shown on the attached plan extends to 1.8ha however only approximately 1ha has been cultivated and used as allotments in the recent past. For the last 30+ years the vast majority of the area to the north of the access track has remained uncultivated whilst my clients pursued alternative use planning designations.
Change To Plan: The area of land to the north of the access track extending to approximately 0.8ha should be removed from the Open Space designation and identified as land within the town boundary therefore suitable for a range of alternative uses including residential.

7123 Object
Respondent: Bloor Home Ltd [4935]
Agent: Define (Mr Mark Rose) [4934]
Summary: Soundness:
- Bloor Homes object to Policy GI2, which is considered unsound on the basis that it:
  - is not justified in that it is not the most appropriate strategy and has not properly considered reasonable alternative strategies; and
  - is inconsistent with national policy in that it does not fully reflect the Government's priorities and policies in terms of the provision of public open space and facilitating the delivery of sustainable development.
Change To Plan: Proposed Changes:
To remedy the flaws in the soundness of the plan the policy should be reworded to provide additional flexibility in the provision of public open spaces on development sites that reflect the required standards taking account of the existing (or proposed) provision in the area and the specific characteristics of the development site and encourage the delivery of multi-functional public open space in the context of the aspirations of Policy GI1 in relation to Green Infrastructure.
Legally Compliant?: Yes

6030 Object
Respondent: Market Harborough & the Bowdens Charity [6192]
Agent: Godfrey-Payton (Jim Jacobs) [3809]
Summary: In respect of allotment lands there is a clear distinction between the gross area of land which may contain allotments and the actual net area used for allotments and their immediate ancillary and supporting uses. My clients land at Northampton Road extends to 1.8ha but only about 0.75ha has been used as allotments over the last thirty years or so. Consequently emerging planning policies should, in the event that the land may be developed at some time in the future, only provide for an equivalent replacement of the net allotment area lost to development.
Change To Plan: The policy should be amended so as to provide that if any such land is developed in the future, then the obligation to provide replacement allotments shall only extend to providing a facility with an area equivalent to the average area of those allotments previously under cultivation on the developed site over the course of the preceding five years.

6482 Object

Respondent: Leicestershire and Rutland Wildlife Trust (Claire Install) [6217]  
Agent: N/A

Summary: This should be modified. To be able to do this, a mapping exercise should identify 'strategic biodiversity networks and corridors'. This would be compliant with the NPPF, paragraph 117 of the NPPF states that 'To minimise impacts on biodiversity and geodiversity, planning policies should: identify and map components of the local ecological networks, including the hierarchy of international, national and locally designated sites of importance for biodiversity, wildlife corridors and stepping stones that connect them and areas identified by local partnerships for habitat restoration or creation'.

Change To Plan: Produce an up-to-date habitat network map produced along with habitat permeability modelling to identify areas of strategic GI importance for their biological value as well as areas of opportunity to enhance and join up existing habitats.

Legally Compliant?: Yes

Despite the proposed Policy being in line with the central Government's overall objectives for mitigating against climate change, there has been no evidence to show the Policy has been subject to the required viability tests, in accordance with paragraph 173 of the NPPF. Therefore, these can be considered unsound.

Change To Plan: This Policy should be altered to allow for site by site discussion with developers

Legally Compliant?: No

Full Reference: O - 6102 - 5796 - CC1 Mitigating climate change, CC1 clause 1a - ii

Soundness: Bloor Homes object to Policy CC1, which is considered unsound on the basis that it:
- is not effective as a means of ensuring development mitigates climate change without unduly restricting the viability and/or delivery of development.

Change To Plan: To remedy the flaws in the soundness of the plan the policy should be reworded include reference to "alternative measures, such as a fabric first approach, as appropriate to the site and demonstrated by the developer to meet overarching climate targets".

Legally Compliant?: Yes

Full Reference: O - 7124 - 4935 - CC1 Mitigating climate change, CC1 clause 1a - iii

Summary: A robust model is needed to appraise developer viability assessments to ensure that they meet their moral responsibilities in terms of carbon emissions / energy efficiency.
- There should be provision to ensure:
  - Council building and commissioning is at the highest thermal standards.
  - all new builds produce at least 15% of their energy requirements on site and commercial developments require a 40% BER improvement

Change To Plan: Not Specified

Legally Compliant?: Not Specified

Full Reference: O - 7442 - 6374 - CC1 Mitigating climate change, CC1 clause 1a - None

We fully support the objectives of Policy CC1: Mitigating Climate Change in line with Paragraphs 93 and 94 of the Framework. The proposed development at Land off Harborough Road will serve to demonstrate how residential developments can be delivered in a low energy manner.

Change To Plan: Not Specified

Legally Compliant?: Not Specified

Full Reference: S - 7315 - 6497 - CC1 Mitigating climate change, CC1 clause 1a - None

Supported because of the obligations it places on major developments to minimise resource use and reduce carbon emissions.

Change To Plan: Not Specified

CHAPTER: Part B Key Topics

CC2 Renewable energy generation, CC2 clause 2

7402 Object

Respondent: Historic England (Mrs Emilie Carr) [5702]  
Agent: N/A

Summary: Historic England object to the wording of section one, criteria c in relation to 'harm', being unclear and over-simplistic in relation to 'substantial' and 'less than substantial harm', and to the approach taken within section two, it's supporting text and figure A.4 identifying potential areas for medium scale wind development and large wind farms, contrary to the NPPF.

Change To Plan: Section two of policy CC2 should be deleted. Figure A.4 cannot support a sound Local Plan policy in relation to wind energy, as it is not based on a robust evidence base or methodology nor does it adequately address the historic environment as set out above.

Before identifying specific areas as being potentially suitable or unsuitable for wind energy developments, there needs to be a more robust evaluation of the likely impact upon the heritage assets of the borough, reflected within policy CC2 and its supporting text. Since this would require a detailed site by site assessment considering multiple effects upon the significance of multiple assets, it would be problematic to produce a map based document that is fit for purpose, given that it would require a similar level of resource investment as the creation of a housing allocation plan with extensive site by site, option by option assessment.

Legally Compliant?: Not Specified

5966 **Object**  
**Summary:** Development in an area of any grade of flooding should not be allowed without the impact of such development on upstream dwellings is fully considered. The withdrawal of the Government backed insurance scheme is likely leaving houses built on areas with a risk of flooding un insurable.  
**Change To Plan:** Rewrite this paragraph to take of comments above  
**Legally Compliant?:** Yes  
**Full Reference:** O - 5966 - 5974 - CC3 Managing flood risk, CC3 clause 1 - i

6898 **Object**  
**Summary:** The massive plans to significantly expand Magna Park would probably only add to the risk of flooding in the Swift Valley. Lutterworth already is prone to flooding as the river swells on and over the A426. Building warehouses equivalent to building 7 O2 or Millennium Domes on rural farmland will make flooding even more likely in the future.  
**Change To Plan:** Do not materially expand Magna Park.  
**Legally Compliant?:** No  
**Full Reference:** O - 6898 - 4816 - CC3 Managing flood risk, CC3 clause 1 - None

7013 **Object**  
**Summary:** Magna park and proposed developments causing downstream flooding.  
**Change To Plan:** Consult With LLFA on evidence they have in relation to flooding downstream of distribution centre. as it enlarges over recent years,  
**Legally Compliant?:** No  
**Full Reference:** O - 7013 - 4996 - CC3 Managing flood risk, CC3 clause 1 - i, ii

6693 **Support**  
**Summary:** In respect of Policy CC3: Managing Flood Risk, we fully support the objectives of this Policy in line with Paragraphs 14 and 100 of the NPPF. It is logical that this translates into development being located in areas that are not at high risk of flooding, and that developments do not increase flood risk elsewhere. With reference to the Environment Agency Flood Map for Planning, MH2 & MH6 are in Flood Zone apart from a small tributary to the River Jordan. Any development at the site would be underpinned by a Flood Risk Assessment and Drainage Strategy.  
**Change To Plan:**  
**Legally Compliant?:** Not Specified  
**Full Reference:** S - 6693 - 6400 - CC3 Managing flood risk, CC3 clause 1 - None

6720 **Support**  
**Summary:** Policy CC3: Managing Flood Risk, we fully support the objectives of this policy in line with Paragraphs 14 and 100 of the NPPF. Given that the presumption in favour of sustainable development is the golden thread running through the national and local planning policy, it is logical that this translates into development being located in areas that are not at high risk of flooding, and that schemes do not increase the risk of flooding elsewhere. With reference to the Environment Agency Flood Map for Planning, the proposed development site not located in an area at risk of flooding.  
**Change To Plan:**  
**Legally Compliant?:** Not Specified  
**Full Reference:** S - 6720 - 6412 - CC3 Managing flood risk, CC3 clause 1 - None
The Environment Agency supports the content of CC3, clause 1 in the respect that it emphasises the need for the Sequential Test to steer new development to the areas at least flood risk, and also for the effects of climate change to be taken into account during the decision making process.

With regards to Policy CC3: Managing Flood Risk, we fully support the objectives of the policy in line with Paragraphs 14 and 100 of the NPPF. Given that the presumption in favour of sustainable development is the golden thread running through national and local planning policy, it is logical that this translates into development being located in areas that are not at high risk of flooding, and that schemes do not increase the risk of flooding elsewhere. With reference to the Environment Agency Flood Map for Planning, the proposed development site is located within Flood Zone 1.

We fully support the objectives of this policy in line with Paragraphs 14 and 100 of the NPPF. Given the presumption in favour of sustainable development is the golden thread running through national and local planning policy, it is logical that this translates into development being located in areas that are not at high risk of flooding, and that schemes do not increase the risk of flooding elsewhere. With reference to the Environment Agency Flood Map for Planning, the proposed development site is not located in an area at risk of flooding.

we fully support the objectives of the policy in line with Paragraphs 14 and 100 of the NPPF. Given that the presumption in favour of sustainable development is the golden thread running through the national and local planning policy, it is logical that this translates into development being located in areas that are not at high risk of flooding, and that schemes do not increase the risk of flooding elsewhere. With reference to the Environment Agency Flood Map for Planning, the proposed development site is located within Flood Zone 1.
6816 Support
Respondent: Environment Agency (Mr Nick Wakefield) [5127]
Agent: N/A
Summary: Whilst noting that clause 2 'b' includes the need for flood resilience measures to allow for increased risk due to climate change, we suggest that the wording of clause 'a' be extended to also include the need for resilience measures. This would reinforce an important issue which a Flood Risk Assessment should address.

**CHAPTER: Part B Key Topics**

**CC4 Sustainable drainage, CC4 clause 1**

**6906 Object**

**Respondent:** Mr Graham Logan [4816]  
**Agent:** N/A  

**Summary:** The massive Magna Park plans do pose a greater risk to flooding and sustainable drainage in the rural area in and around the Swift Valley between Cotesbach, Magna Park & Lutterworth.  
Lutterworth already is prone to flooding.  
As a resident of Cotesbach, I am gravely concerned about the many risks associated with a substantial expansion of Magna Park and further buildings erected between my village and Lutterworth.  
These include:-  
Flooding  
Unsustainable drainage on very heavy clay soil  
Increased traffic & noise  
Increased air pollution especially from greater traffic volumes  
More light pollution at night from the 'spaceships' at Magna Park.  

**Change To Plan:** Do not materially expand Magna Park or build in the Swift Valley.  
**Legally Compliant?**: No

5674 **Support**

**Respondent:** Mr Anthony Brookes [5991]  
**Agent:** N/A  

**Summary:** Infrastructure is currently inadequate for Magna Park and Lutterworth East. A426 needs to be dual carriageway from M6 to A5 and from A5 to Lutterworth  

A426 needs a bypass around Lutterworth centre. A "spine Road" for Lutterworth East is totally inadequate and needs to be a bypass parallel to the M1 from the Jct 20 roundabout to the proposed new bridge north of Lutterworth.  

Lutterworth centre needs a weight limit, as 3000 lorries a day currently use it, which will grow.

5923 **Support**

**Respondent:** Mrs Elaine Derrick [4213]  
**Agent:** N/A  

**Summary:** Support in principle. However, a developers view of "sufficient " may be rather different to that of residents struggling to get a Drs appointment or to get their child into a local school. Sufficient is also an issue for the Local Transport Authority regarding access to and from developments and the impact of through traffic upon communities. This is especially true where through routes such as Grange Lane, Main St and Station Lane etc are already under immense pressure and in reality have seen no mitigating measures. Public transport provision is poor.  

Air quality is a major consequential concern.

Respondent: Leicester City Council (Mr Jeevan Dhesi) [6399]  
Agent: N/A

Summary:
Para. 11.1.10 noted that the City is acknowledged where highway mitigation measures are required as a result of growth in Harborough District. We will continue to work positively with Harborough District Council and Leicestershire County Council in delivering Harborough's Local Plan. South East Leicesterc Transport Study (draft, phase 2, version 6, 16-9-17) looks at the cumulative effects on travel of a number of potential housing locations in the South East sector of the Leicester PUA. Whilst the report has not been finalised, where it is demonstrated that there is an adverse impact to the city's highway and transport network from new developments, for example from the proposed Scraptoft development, we will be looking for a range of measures to enhance and improve the efficiency and operation of the highway network that will address the problems of congestion, the public transport service and current journey times, particularly along the constrained A47 corridor. A list of possible transport infrastructure that may be required for Leicester city, in the context of the Scraptoft North SDA was sent Peter Brett Associates (8th May, 2017) as part of their work in developing Harborough District Council's Infrastructure Delivery Plan for the Local Plan.

Object 7248

Respondent: Leicestershire County Council (Mrs Sharon Wiggins) [5137]  
Agent: N/A

Summary: Policy IN1 - Infrastructure Provision, Explanation para. 11.1.11 refers to the Leicestershire Planning Obligations Policy (LPOP), only in terms of waste, it does not refer to education.

The Local Plan needs to recognise that Waste Management considers proposed developments on a case-by-case basis and, when it is identified that a proposed development will have a detrimental effect on the local civic amenity infrastructure, appropriate projects to increase the capacity to offset the impact have to be initiated. Contributions to fund these projects are requested in accordance with Leicestershire's Planning Obligations Policy and the Community Infrastructure Legislation Regulations.

---

**5570 Object**
- **Respondent:** Mr John Martin [5974]
- **Agent:** N/A

**Summary:** Recent planning applications that have been allowed in Market Harborough have included statements to the effect that the new residents will be encouraged to use foot travel, bicycle, public transport etc but there are no obvious improvements proposed to make these suggestions effective. In fact the number of buses on each route have often been reduced and the service has deteriorated. Harborough District Council has recently consulted on the future transport requirements and after several months the results are still being “assessed” if this consultation and the recent one show different requirements what would be the outcome?

**Change To Plan:** Future statements that encourage the use of transport other than private cars should be concluded with details of how the encouragement will be made. It should also be made possible for actual use on non private car transport to be compared with the target.

**Legally Compliant?:** Yes

**Full Reference:** O - 5570 - 5974 - IN2 Sustainable transport, IN2 Clause 2 - i, ii, iv
There is no consideration given to the funding of a new bus service, or extension of an existing route, to new developments where no service exists. For example, Section 106 contributions from the Hamilton Trustees in Leicester were used over a number of years to fund the establishment of the bus service from Leicester to Hamilton which is now a successful commercial route. Therefore there is opportunity to explore this as part of the infrastructure required for any new developments.

The air quality in and around Lutterworth is already shockingly bad. This development will only add to this.

This clause can only be met if monitoring of the local area has been undertaken for 1 year to establish a baseline. For instance, HDC only has a single monitoring point in the settlement of Harborough. Who knows what affects development will have around the town without a baseline. Developers should be made to provide the council with the funding to gather this information and the viability assessments should include a worst case provision for mitigation should it be needed.

there is already overload of traffic in the area

Support .However,here is very little in the Local Plan about Improving Air quality for existing residents of the District not just when a new scheme is proposed. The policy does not adequately address the impact of increased traffic levels arising from developments which add to already congested roads.Many villages already have major problems with air quality due to very significant amounts of traffic.

Summary: take another look at the transport plan
7093 Support

Respondent: THURNBY AND BUSHBY Parish Council (Mrs S Bloy) [2685]
Agent: N/A

Summary: Thurnby and Bushby Parish Council supports in principle. However, the Parish Council is concerned that there is insufficient reference to improving air quality for existing communities.

Development should ensure that modern, electronic communications are provided or able to be provided on site, where it is viable to do so. This should be explicit within the policy. In addition, it may not be appropriate or necessary to implement all 3 types of infrastructure specified in criteria 1 - 3 (broadband, duct network or mobile solutions). Furthermore, new technologies may come on stream over those specified in the policy. Additional flexibility should be added to the policy to reflect this.

Thurnby and Bushby Parish Council supports as sound. The Parish Council is concerned that Broadband provision for new developments is future proof for the number of dwellings and is consistent with national policies on homeworking.

This should not be restricted to one network provider - there should be a choice for subsequent users.

Criteria b of section 4 is welcomed.
Policy IN4 refers to development being permitted where it has access to an adequate water supply to support the development and is supported. Similarly Anglian Water is supportive of the requirement that planning permission will only be granted where it can be demonstrated that adequate foul water treatment and disposal already exists or can be provided in time to serve the development.

Change To Plan: Yes

Legally Compliant?: Yes

5972 **Object**

**Respondent:** Mr John Martin [5974]  
**Agent:** N/A  
**Summary:** The review should include measures to show how the plan is lacking or not being adhered to and how such failings will be rectified  
**Change To Plan:** The above should contain a paragraph as detailed above.  
**Legally Compliant?** Yes  
**Full Reference:** O - 5972 - 5974 - IMR1 Review of the Local Plan, IMR clause 2 - None

7427 **Object**

**Respondent:** Gladman Developments (Mr Richard Agnew) [6504]  
**Agent:** N/A  
**Summary:** Gladman object to Policy IMR1 as the review policy as written contains no firm commitments on the timing and completion of the Local Plan review. The Policy refers to commencing a review within 12 months of the need for a review being established but there is no specific timeframe for completion of the review. This means that the Council has no specific imperative to do anything but start the review process which may, under the current policy, never be completed. It is therefore suggested that the review mechanism contained in Policy IMR1 is far more robust and set within a definitive timescale.  
**Change To Plan:** Harborough District Council are committed to working with all Leicester and Leicestershire Local Planning Authorities on the preparation of the Strategic Growth Plan which is anticipated will be adopted in January 2018. Once adopted, Harborough District Council will commit to the delivery of the Strategic Growth Plan through the signing of a Memorandum of Understanding with all the Leicester and Leicestershire authorities. The Strategic Growth Plan will then provide the fundamental basis for the review of the Harborough District Local Plan and the preparation of the subsequent Local Plans for all other Leicester and Leicestershire authorities.  
**Legally Compliant?** Not Specified  
**Full Reference:** O - 7427 - 6504 - IMR1 Review of the Local Plan, IMR clause 2 - ii, iii, iv

7437 **Object**

**Respondent:** Home Builders Federation (Susan Green) [6519]  
**Agent:** N/A  
**Summary:** Concerned that IMR1 contains no firm commitment to a review or a timescale for review. Suggested modifications will ensure consistency with the North West Leicestershire Local Plan which also dealt with the same issue of unmet needs in the Leicester & Leicestershire HMA and was modified accordingly in its recently concluded Examination. The final version of the MoU to be signed in January 2018 before the submission of the Harborough Local Plan for examination should set out unmet housing needs from Leicester/Oadby & Wigston together with the proposed re-distribution of these unmet needs across the remainder of the HMA. Early review is not the optimum policy mechanism by which to resolve unmet housing need. A greater contingency is needed along with release of reserve sites.  
**Change To Plan:** It is suggested that the wording is changed so that under Bullet Point (2) the Council commit to "complete" rather than "commence" and under Bullet Point (3) the review will be "commenced within 3 months and submitted for Examination within 2 years". Policy IMR1 should set out scale of unmet housing needs and proposed re-distribution.  
**Legally Compliant?** Not Specified  
**Full Reference:** O - 7437 - 6519 - IMR1 Review of the Local Plan, IMR clause 2 - i, ii, iii, iv
A review mechanism is an inappropriate and ineffective response to the fundamental matters of soundness that need to be directly addressed now before the Local Plan can be found sound. Moreover, such a “commitment” to a Review cannot be enforced if the Council decide, for whatever reason, not to honour the commitment in the policy (e.g. a failure to agree a new MOU that addresses unmet need arising elsewhere).

A short delay in the submission of the Local Plan will allow the distribution of the development needs to be understood and then agreed ensuring that the unmet needs that are already arising in Leicester are appropriately provided for within the HMA.

That requirement should reflect the up to date, full and objectively assessed needs for housing and economic development within the District and wider HMA, based on the findings of the HEDNA and the Final MOU between the HMA Authorities that addresses the likely unmet need arising in Leicester City and Oadby & Wigston.

An early review of the Local Plan is welcomed given the uncertainty of housing numbers within the HMA and pending changes to Government guidance on calculating housing requirements and changes to the NPPF.

It is necessary to provide greater clarity and certainty on the timing for a review of the Local Plan.

The strategy for meeting the priorities takes full account of the most recent evidence of housing need for the HMA, and the fact that both Leicester City and Oadby and Wigston District Councils have confirmed that they will not be able to meet their full needs within their own administrative areas. If the Plan is to be adopted in advance of the extent of unmet need being confirmed, or its distribution between the remaining authorities in the HMA being agreed, a firm policy commitment must be made to undertake a prompt review of the plan at the earliest possible opportunity.
We fundamentally object to this development. Based on the 2011 census, Scraptoft has a population of 1804, although this will have increased due to the significant housing developments that have subsequently taken place within the village. However, the development proposed here of 1200 dwellings would approximately double the population of the village, which would irrevocably destroy its character and create an unbearable burden on local infrastructure, education, health and recreation facilities. The relative size of the Scraptoft development is some 17 times that of the development proposed for Market Harborough, a town which is much better equipped to cope.

We appreciate that development within the Harborough area needs to take place, but this plan does not equitably share the burden across local sites. Scraptoft has borne an already heavy development burden without the requisite upgrading of local services and infrastructure taking place. Therefore, the burden for meeting the required development should fall on localities better placed to accommodate such significant growth, such as Marker Harborough or Lutterworth.

Thurnby, Bushby and Scraptoft are next to Leicester but have a poor transport links by bus, so a car is essential. This means development is not sustainable. Object as unsound in relation to transport links.

Thurnby & Bushby and Scraptoft are next to Leicester but have a poor transport links by bus. They are not within 'easy reach of Leicester services' unless you have a car. Object as unsound in relation to transport links.
CHAPTER: Part C Places and Sites

5465 Object

Respondent: Dr Matthew Clarke [5227]
Agent: N/A

Summary: Beeby Road is entirely unsuitable to service the increased traffic volume that this development would generate. It is a rural road, narrow and winding, and would require substantial upgrading to make it a safe transport route for all users. The increased flow of traffic through Scraptoft village, already under severe pressure from the Strawberry Fields and Goodridge developments, would have a detrimental impact on road safety, as well as a negative noise and environmental impact on residents. The increased traffic flow along Station Lane would have a similar detrimental impact on residents along that route.

Change To Plan: Build the development in a more suitable and sustainable location.

Legally Compliant?: Yes

Full Reference: O - 5465 - 5227 - SC1 clause 1 - i, ii, iii

5571 Object

Respondent: Mr Brett Bibby [5933]
Agent: N/A

Summary: 721 new homes in 7 years and 7 solid years of disruption to all villagers in Scraptoft and surrounding areas. No infrastructure has been considered for this, the traffic gets heavier, the queues get longer, rural issues are not met, small village needs are NOT considered. Scraptoft has history, I have history in artifacts from the proposed area of build from people involved in wars. We have a stake in decision making?, Leicester council have forced a well established and popular golf course with closure to satisfy Thier own greed by refusing to re lease land owned by themselves.

Change To Plan: New homes are not being built in sustainable locations, they are being built here to satisfy a shortage of land within the city and building in this way is not the way forward

Legally Compliant?: No

Full Reference: O - 5571 - 5933 - SC1 clause 1 - i

5848 Object

Respondent: Mrs margaret Garven [6146]
Agent: N/A

Summary: Scraptoft has Conservation Area status and the impact of another 1200 houses (in addition to the 900 already built or designated to be) will have a detrimental impact upon the unique nature of the village. There are several listed buildings within the central area each with different characteristics. The outer boundaries of area are of a semi-rural nature which help to maintain its unique ambiance. Scraptoft has already borne the brunt of several housing developments encroaching upon it, along with the extra traffic, and cannot absorb anymore.

Change To Plan: Other areas for possible housing should be sought.

Legally Compliant?: Yes

Full Reference: O - 5848 - 6146 - SC1 clause 1 - None

5859 Object

Respondent: Mrs margaret Garven [6146]
Agent: N/A

Summary: The strategic Development Area as identified on the map covers a very large area and will cause the unique nature of the village of Scraptoft and the open semi-rural aspect of the surrounding area to be changed dramatically. Scraptoft has already borne the brunt of several housing developments and another such large area of housing (including other buildings) as per the proposal is likely to cause further damage to a village infrastructure which is already under considerable strain.

Change To Plan: Give more consideration to the future ramifications, upon Scraptoft, of these proposals.

Legally Compliant?: No

Full Reference: O - 5859 - 6146 - SC1 clause 1 - None

5904 Object

Respondent: Mr Stephen Clifton [6170]
Agent: N/A

Summary: The land is a designated green wedge. One of the main reasons green wedges are designated is to stop conurbations merging.

Yet here you are trying to remove green wedge status for the purpose of a housing development which will cause conurbations to merge. Ludicrous.

Change To Plan: Keep green wedge as is.

Legally Compliant?: Yes

Scraptoft Parish Council has serious concerns about Traffic, Nature Reserve and Green Wedge.

The majority of the nature reserve needs to be retained as stated in the report by Leicestershire County Council's ecologists Sue Timms and Karen Headley.

Legally Compliant?: Yes

Full Reference: O - 5934 - 6009 - SC1 clause 1 - i, ii

Building on all of the marked land will result in the loss of Scraptoft's clear boundaries and thus becoming indistinguishable as a village.

Land to the west of the village and a belt of land to the north including the horse paddocks and nature reserve should be excluded from building.

Legally Compliant?: Yes

Full Reference: O - 5976 - 5056 - SC1 clause 1 - None

1. Plan ignores needs and wishes of Scraptoft community.
2. Significant impact on wildlife and environment, what provision is going to be made for the bat population?
3. Dangers of prison of war camp residue.
4. Scraptoft brook over flow.
5. Increased traffic flow through the village.

Reconsider the area for development outside of the Scraptoft area where the impact can be managed to suit all effected.

Legally Compliant?: No

Full Reference: O - 5981 - 4955 - SC1 clause 1 - iv

Needs to be reconsidered so as not to impact a small community that has already had over 700 extra house built over the last 7 years along with all the noise, dust and heavy vehicle traffic. Needs to be proposed in an area that can handle the volume of traffic without disturbance the balance of life in the existing community.

Legally Compliant?: No

Full Reference: O - 5984 - 4955 - SC1 clause 1 - iv
Whilst accepting that areas need to be found for new housing Scraptoft has already had over 700 houses built in the last 5 years without any improvement to the infrastructure or facilities. To build another 1200 houses even though promises are made regarding facilities and infrastructure will lead to horrendous problems with traffic, insufficient education and health care provisions and turn Scraptoft into a high density area of population with all the associated problems that brings. Scraptoft has always been known as a village but will now only be an extension of Netherhall, Thurnby Lodge and Hamilton.

Change To Plan: Maintain much larger areas of green wedge and especially the nature reserve. Find alternative areas to build the number of houses proposed thus spreading out the building of 1200 houses over a larger area

Legally Compliant?: No

Summary:

Change To Plan:

Maintain much larger areas of green wedge and especially the nature reserve. Find alternative areas to build the number of houses proposed thus spreading out the building of 1200 houses over a larger area

Legally Compliant?: No

Summary:

I object to SDA.

As previously mentioned, my concerns for 1200 houses and how this will affect the village of SCRAPTOFT.

I am aware that we have already had over 700 houses built in the last 5 years, this has had an increased negative effect on the traffic around Main Street which at present is one way and Station Lane, especially on school runs, rush hours morning and evenings.

In addition to that there has been no additions to the infrastructure of SCRAPTOFT village.

Change To Plan: Develop elsewhere. I would have thought The land to Covert Lane would have been more appropriate especially considering the amount of new houses already built there, constructing a main road through that land that would feed onto A47 further away from the already busy junction at the top of Station Lane.

Legally Compliant?: No

Legally Compliant?: No

Summary:

I am very concerned at the inadequate coverage of infrastructure matters ie traffic, roads, public transport and the provision of Community facilities such as schools, Drs surgeries etc which are already at capacity.

Change To Plan: More recognition of the needs of surrounding settlements who will be adversely affected by this proposal.

Legally Compliant?: Yes

Summary:

I moved to scraptoft for the village living, with that comes a quiet neighbourhood and pleasant surroundings. Fewer people, less populated areas and vast amounts of greenery and wildlife.

Change To Plan: I understand that there is a shortage of housing. Perhaps build on a much rather smaller scale. This is still maintain the area, protect the space for wildlife and also provide housing for more people. Maybe only build luxury properties with traditional larger garden than the typical new build with smaller square footage space.

Legally Compliant?: No

Summary:

I feel that removing the green wedge on fields at the back of hall road that are currently being used as grazing fields for houses will bring scraptoft in to the city and surrounding areas. I feel scraptoft will lose its heritage as a village.

Change To Plan: I feel that the fields at the back of hall road no 9 through to 35 should be protected ie a new area of nature reserve and the proposed 100m to the nature reserve that already exist is kept.

Legally Compliant?: No

6408 Object

Respondent: Ms Bindu Modi [6276]
Agent: N/A

Summary: This Policy is not suitable and I Object. This will cause issues with increased traffic, noise, pollution, wildlife and the loss of a very popular Scraptoft golf club which is enjoyed by its members. The local residents and community do not want the village to lose its small community. There has been already a large number of poor quality homes built within Scraptoft and along Keyham lane west which has impacted Scraptoft village leading to traffic and noise. Furthermore and there are no community services to facilitate these residents.

Change To Plan: I oppose the land to the north of scraptoft as a sda. and does not meet any of the test of soundness as below..

Legally Compliant?: Yes

6450 Object

Respondent: Mrs Penelope Fielden [5046]
Agent: N/A

Summary: 131.1 - Scraptoft, is NOT a suburb of Leicester - we are a village in Harborough. We DO NOT have access to nearby schools/healthcare in Leicester - the majority of pupils/patients need to travel to the other side of the A47.
131.2 - over 750 houses have ALREADY been built and the land designated in our Village Local Plan for future planning was given permission immediately for another 170 + houses which are currently being built now. Our allocation has been the most of any village in Harborough already without ANY infrastructure benefits at all.

Change To Plan: Having born the brunt of planning and houses for Harborough in recent years other Harborough areas that were put forward in the 2015 submission should be looked at again. This plan for Scraptoft North was NOT part of the original proposal - the Scraptoft option at the time was opposed by more Harborough residents than any other and subsequently dropped by Harborough Council.

Legally Compliant?: No

6597 **Object**

**Respondent:** Mrs Penelope Fielden [5046]

**Agent:** N/A

**Summary:**
This development WILL have a significant adverse effect on our living conditions due to its overbearing impact of building 1200 houses in a conservation village which has already been expanded by over 700

**Change To Plan:**

**Legally Compliant?**: Not Specified

**Full Reference:** O - 6597 - 5046 - SC1 clause 1 - None

---

6613 **Object**

**Respondent:** Mr David Campbell [6269]

**Agent:** N/A

**Summary:**
Access from the site onto primary roads needs to be improved to cope with existing development and SDA houses. To make this plan sound you would have to improve Keyham Lane West so there is a minimum of a single lane in each direction without interruption giving current residents adequate parking to the properties and proper traffic light control for school pupils. Improvement to all junctions that enter Keyham Lane is needed. Station Road junction must operate more efficiently. Number of houses should be restricted to 200 onto Beeby Road and 400 houses with access from Hamilton Lane.

**Change To Plan:**
- The number of dwellings needs to be reduced at least by 50%.

**Legally Compliant?**: Not Specified

**Full Reference:** O - 6613 - 6269 - SC1 clause 1 - None

---

6661 **Object**

**Respondent:** Mrs A J Crossland [6175]

**Agent:** N/A

**Summary:**
The village has been developed enough.
The impact of the development is reduced wildlife, less trees, more traffic.
The wildlife needs a chance to recover and resettle. After the Scraptoft Hall development many species have made their home on the Nature Reserve.  We need trees and wildlife to support our ecological systems, for future generations.
Increased traffic will add to already congested roads and increase pollution.
The developers are not taking into consideration the wishes of the residents.
There is also a pond in the nature reserve, which supports more wildlife.

Please reconsider these plans and keep Scraptoft a village.

**Change To Plan:**
Make the proposed housing site much smaller to enable Scraptoft to keep the Green Wedge, the Nature Reserve and the Golf Club.

The Harborough Local Plan is not officially in place which has enabled the developers to use this failing by HDC to their own financial gain at the expense of the local residents’ wishes and without any consideration for wildlife.

**Legally Compliant?**: No

**Full Reference:** O - 6661 - 6175 - SC1 clause 1 - i, ii, iii, iv
6662 Object  
**Respondent:** Mrs Gill Dean [6044]  
**Agent:** N/A  
**Summary:** Scraptoft has been overly developed over the past 7 years. Reconsider your building plans.  
- The status of the Nature Reserve needs to be kept.  
- A sound Plan needs to take into account the measured traffic.  
- Trees should be protected.  
- Wildlife should be protected and encouraged.  
- Pollution should be kept to a minimum.  
- The countryside should be kept for future generations.  
- Increased traffic is already a problem and will only get worse.  
**Change To Plan:** If the Plan is reconsidered, it should take into consideration ALL the views and wishes of the neighbourhood  
- The status of the Nature Reserve needs to be kept.  
- A sound Plan needs to take into account the measured traffic.  
- Trees should be protected.  
- Wildlife should be protected and encouraged.  
- Pollution should be kept to a minimum.  
- The countryside should be kept for future generations.

7126 Object
Respondent: Bloor Home Ltd [4935]
Agent: Define (Mr Mark Rose) [4934]

Summary: Soundness
Policy SC1 is considered unsound on the basis that it:
- is not justified in that it is has not fully acknowledged the practical constraints to development within the SDA;
- is not effective in that the SDA will not deliver the scale of development the Submission Plan currently assumes, and the identified needs will not therefore, be met; and
- is inconsistent with national policy in that it does not fully reflect the Government's priorities and policies in terms of enabling sustainable development and boosting the supply of housing to meet identified need.

Change To Plan: Proposed Change
To remedy the flaws in the soundness of the plan:
- The housing trajectory should reflect a realistic timescale for the delivery of the Scraptoft SDA;
- The Local Plan should then identify sufficient deliverable and developable supply of housing land to meet the identified housing need in sustainable locations in the District, notably at the PUA; and
- That should include the allocation of the land off Uppingham Road, Bushby.

Legally Compliant?: Yes

7133 Object
Respondent: Mrs Patricia Green [6072]
Agent: N/A

Summary:
I am absolutely amazed that an 18 hole golf course is considered as a prime building site for 1200 houses in exchange for a 9 hole golf course just because LCC own 4 holes what lunacy when there are derelict factories and brown sites within the city boundary the properties lying empty for years on end for goodness sake stop covering the countryside with concrete LCC and allow nature to keep our environment stable our nature reserve and large number of trees on the golf course help our fight against greenhouse gasses and flooding no more felling or concrete

Change To Plan: don't build any houses on or near the nature reserve
Legally Compliant?: Yes
Full Reference: O - 7133 - 6072 - SC1 clause 1 - i, ii, iv

7150 Object
Respondent: Mrs Jennifer Smith [6432]
Agent: N/A

Summary:
If this goes ahead, Scraptoft will lose its village identity. Roads will be busier, wildlife will be pushed out from the fields the development is built on.
Yes we want a Doctors surgery, but shops, pub and supermarket, I don't think so. Scraptoft is a village not a town. We have the Co op and Tesco for provisions. Most people like traditional older pubs for food and drink, not a modern development without character

Change To Plan: Do not build the 1200 houses
Legally Compliant?: No
Full Reference: O - 7150 - 6432 - SC1 clause 1 - i
Object 7175

Respondent: Mr Nelson Renner [6137]  
Agent: Town Planning Services (Mr Chris Akrill) [6136]

Summary: The SDA at Scraptoft North is not suitable due to adverse impacts on the existing Green Wedge designation, the Scraptoft Local Nature Reserve and unsuitable roads to accommodate the level of additional traffic. The proposed allocation conflicts with the recently adopted Neighbourhood Plan, which expressed the views and wishes of the local community and sought to protect this area from development.

Land to the north of Thurnby Brook is available to accommodate additional housing, either through a redistribution of the SDA Allocation and / or meeting unmet housing needs arising from Leicester City.

Change To Plan: A new allocation should be made on land to the north of Thurnby Brook, reducing the size of the Scraptoft SDA and thereby reducing the adverse impacts on the local community.

Legally Compliant?: No

Object 7294

Respondent: Ms J Deacon-Brown [6370]  
Agent: N/A

Summary: I feel that there has been no thought about the amount of new traffic new housing would bring to Scraptoft. Beeby Road is already a race track with cars & lorries. This road will not take more traffic. The one way system has already come to a stand still at times near the local shops. Children need to cross this road when going to school. We have wildlife, newts, kites, birds, hedgehogs, fox, badgers, to name a few which would be affected... more open space less petrol & Diesel fumes please.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: O - 7294 - 6370 - SC1 clause 1 - None

Object 7304

Respondent: Mr Thomas Frisby [6047]  
Agent: N/A

Summary: The traffic impact on Scraptoft will be huge. Many wanting to travel South will use Scraptoft as a rat run, which it already is. Station Lane is already blocked between 7.45am and 9.00am. The proposed principle access would be via Keyham Lane West which just been upgraded with traffic calming plus 20MPH speed limit. Certain parts can't be widened and Tesco roundabout is already nose to tail virtually all day. It would be impossible to upgrade Scraptoft/Station Lane without knocking houses down! The Green Wedge from Hall Road to Hamilton Lane needs to be protected to keep our village status.

Change To Plan: If the new build does go ahead it should be made small, also the golf course has a large number of trees, many of them mature and healthy as we have lost a large amount of trees in this area so far, I think its imperative that as many of these as possible should be saved. Trees are nature's natural barrier against flood. We are a low lying village, we have already felt the impact from new builds over the past 10 years. It is obvious that man made drainage isn't working, we need the green sites to keep things stable.

Legally Compliant?: Not Specified

**7305 Object**

**Respondent:** Mrs Betty Geeson [6058]

**Agent:** N/A

**Summary:**
- Reasons for objection:
  - impact of increased traffic on village, roads cannot cope
  - residents do not want further development
  - the Green Wedge needs to be protected

**Change To Plan:**
- Take into consideration the residents view, wants and needs for the village to remain as a village and not be further developed into a town.
- Harborough Local Plan should be "in place" properly to prevent the developers gain by using the loophole the lack of Plan has provided.

**Legally Compliant?** No

**Full Reference:** O - 7305 - 6058 - SC1 clause 1 - i, ii, iii, iv

---

**7316 Object**

**Respondent:** Miss Claire Orton [6451]

**Agent:** N/A

**Summary:**
- Scraptoft has had many new houses built in recent years already which has had a negative impact in terms of increased traffic noise/pollution on the narrow road junction directly outside my house. The proposed new development in terms of number of houses far exceeds this. Any major road widening here would have a massive impact on the rural character of the conservation area. I value this greatly and do not want the historic village of Scraptoft swallowed up by the City/new housing estate.
- As well as the traffic noise/pollution I believe this will also decrease the value of my house.

**Change To Plan:**
- Reduce number of houses
- Create access roads that don’t lead to or from Hamilton Lane
- Create public open space (with outdoor gym, safe play space) for walking as part of the plan, protect current green wedges and increase amount of green space easily accessible for residents to access/walk-even if this borders housing development.
- Provide very clear, pictorial representations of the proposed developments in hard copy to each of the addresses in the relevant area by post. Provide very clear and easy to respond to (i.e in hard copy/FREEPOST) documentation to enable all residents to have their say in an easily accessible way.

**Legally Compliant?** Not Specified

**Full Reference:** O - 7316 - 6451 - SC1 clause 1 - None

---

**7363 Object**

**Respondent:** Mrs Gladys Middleton [6060]

**Agent:** N/A

**Summary:**
- Recently over the past 7 years - over 700 houses have been built on what was green land. I feel this proposal is too much. The village will lose it's identity, it will become too big and busy. The roads will be unable to cope with the increase in traffic. The roads that are proposed to be "upgraded" are unsuitable to carry the volume of traffic.

**Change To Plan:**
- Make the proposed site much smaller or work with Leicester City Council to increase the lease on the four "golf holes" to enable Scraptoft to keep its wonderful golf course with all the wildlife and very established trees.
- Put Harborough Local Plan in place to prevent developers taking advantage of the lack of the Plan!

**Legally Compliant?** Not Specified

**7378 Object**

**Respondent:** Mrs Lisa Jones [6310]

**Agent:** N/A

**Summary:**
- Trying to make comments on the proposed building plot in Scraptoft I think it's disgusting, It's called a nature reserve for a reason.

**Change To Plan:**

**Legally Compliant?** Not Specified

**Full Reference:** O - 7378 - 6310 - SC1 clause 1 - None
7484 Object  Respondent: Mr Richard Procter [5854]  Agent: N/A
Summary: I disapprove of the proposed SDA for the Scraptoft area. The Nature reserve should be kept in its entirety and developed for use by the general public. The golf club should remain as a green area. The Scraptoft area including Bushby and Thrunby has seen its fair share of recent housing development. The new housing being built on Beeby Road will create hundreds of more cars and how will they get to the A47 other than by Church Lane and the mini roundabout at the the tip of Scraptoft Lane which is already inadequate?

Change To Plan:  
Legally Compliant?: Not Specified  
Full Reference: O - 7484 - 5854 - SC1 clause 1 - None

7533 Object  Respondent: Mrs Rita Ralhan [6270]  Agent: N/A
Summary: The number of houses should be restricted to a maximum of 600 split into 2 sites, one approximately 200 onto Beeby Road and second approximately 400 houses access from Hamilton Lane. Improve Keyham Lane West so there was a minimum of a single lane in each direction giving current residents adequate parking and proper traffic light control for school pupils. Improve all junctions that enter Keyham Lane with traffic light control onto the Thurmaster Lane/ Hungerton Boulevard roundabout. Station Road junction will need widening so there is a minimum of two lanes in all directions approximately 50 meters.

Change To Plan: To make this plan sound you would have to improve Keyham Lane West so there was a minimum of a single lane in each direction without interruption giving current residents adequate parking to the properties and proper traffic light control for school pupils. Also improvement to all junctions that enter Keyham Lane with proper sight easements traffic light control onto the Thurmaster Lane/ Hungerton Boulevard roundabout. Station Road junction must operate more efficiently; with existing traffic and proposed traffic this junction will need widening so there is a minimum of two lanes in all directions approximately 50 meters. The number of houses should be restricted to a maximum of 600 split into 2 sites, one site approximately 200 onto Beeby Road and second site approximately 400 houses access from Hamilton Lane.

CHAPTER: Part C Places and Sites

5654 Object

Respondent: Mrs Sarah Salisbury [6090]  
Agent: N/A

Summary: I OBJECT

Traffic on Beeby road which leads to station lane/road already has heavy traffic at peak times the traffic lights on the A47 cannot cope, the same can be said for the Hamilton area.

The amount of houses recently built and this new proposal will put a GREAT strain on our drainage system which will not be able to cope.

Where would the children go for secondary education the local secondary schools are struggling with allocations already for this area.

Concern for the local wildlife which will be risk once the local Nature reserve is taken away.

Change To Plan: Scaling down the amount of houses proposed to keep within the boundaries of the golf course only.

Legally Compliant?: No

Full Reference: O - 5654 - 6090 - SC1 clause 2 - i

6160 Object

Respondent: Mrs Helen Taylor [6109]  
Agent: N/A

Summary: Despite our property being the one that is most likely to be affected by this development we only found out about this consultation and its deadline a week before it closed and that was via a flyer through our door from our local councillors about a meeting and I am sure that there are a large number of local residents who are not aware of this consultation despite the fact this development will have a major impact on their lives, especially the elderly.

Change To Plan: Better publicity.

Legally Compliant?: No

Full Reference: O - 6160 - 6109 - SC1 clause 2 - i

6186 Object

Respondent: Mr Grahame Taylor [6231]  
Agent: N/A

Summary: I do not believe that enough community consultation has been made in relation to such a large new development. Despite living within the green wedge proposed for development and being the property that is most likely to be significantly negatively affected, the only reason we knew about this present consultation was because of a flyer about a meeting being organised to discuss it, a week before the closing date. I am sure that there are plenty of other residents that are likely to be negatively affected that are unaware of this consultation.

Change To Plan: Better publicity. Plus writing to households that are most likely to be affected. If my neighbour were to put in for planning permission for an extension we would be informed in writing and asked for comments but it seems that it is acceptable to build 1200 houses next door without informing me in writing about a consultation.

Legally Compliant?: No

Full Reference: O - 6186 - 6231 - SC1 clause 2 - i

6410 Object

Respondent: Ms Bindu Modi [6276]  
Agent: N/A

Summary: This Policy is not suitable and I Object. This will cause issues with increased traffic, noise, pollution, wildlife and the loss of a very popular Scraptoft golf club which is enjoyed by its members. The local residents and community do not want the village to lose its small community. There has been already a large number of poor quality homes built within Scraptoft and along Keyham lane west which has impacted Scraptoft village leading to traffic and noise. Furthermore and there are no community services to facilitate these residents.

Change To Plan: I oppose the plan, build houses elsewhere in the country leicester has too many houses

Legally Compliant?: Yes

Full Reference: O - 6410 - 6276 - SC1 clause 2 - i
6530 ObjectRespondent: Mrs Penelope Fielden [5046]  
Summary: I feel I need to object to the statement as Harborough in the past appear to have allowed developers to get away with changing things in their favour rather than residents’ wishes or not ensuring they comply with the work they were supposed to do - e.g. church storehouse getting relocated inside the churchyard, the state our sports pitch was left in, unfinished works to footpaths, fencing etc.  
Community consultation has been very poor - e.g. nature reserve - this plan for Scraptoft North which was NOT part of the original two years ago when we did make representations.  
Change To Plan: Developers MUST be held to account - no further permission granted anywhere inside Harborough for building UNTIL they make good on what they are supposed to have finished. Harborough need to be seen to have “teethe” rather than being a pushover!  
Legally Compliant?: No  
Full Reference: O - 6530 - 5046 - SC1 clause 2 - iii

6536 ObjectRespondent: Miss Louise Bailey [6184]  
Summary: The word should be maybe not will.  
Will makes it sound like a done deal.  
Change To Plan: Change will to maybe.  
Legally Compliant?: Yes  
Full Reference: O - 6536 - 6184 - SC1 clause 2 - None

6937 ObjectRespondent: kevin dias [6452]  
Summary: I totally object to the development of the 1200 new homes as it will cause major disruption to the area. I have concerns with traffic, noise, pollution, and the major disruption to the natural wildlife and greenery of the area. It will also have a massive impact to the schools, doctors surgeries, hospitals, and nurseries in the area which area currently struggling without the added pressure. The roads cannot handle the traffic now and I fail to see how an additional 1200 homes will manage.  
Change To Plan: it should not go ahead at all. Not even in in a smaller proposal.  
Legally Compliant?: Yes  
Full Reference: O - 6937 - 6452 - SC1 clause 2 - i, ii, iii, iv

6938 ObjectRespondent: kevin dias [6452]  
Summary: I totally object to the development of the 1200 new homes as it will cause major disruption to the area. 7219 Object

**Summary:**
The area cannot sustain an enormous increase in housing and the traffic etc this development will lead to. Scraptoft has already had over 700 houses built in the last seven years apart from other developments in Thurnby of around 500 houses during a similar period. This has already led to serious traffic congestion all around the area but particularly on Station Road at the A47 junction.

**Change To Plan:**
If further housing has to be in this area, the development should be much smaller with further consultation as to how increased traffic is to be managed.

Legally Compliant?: Yes

Full Reference: O-7219-6486-SC1 clause 2 - None

---

7561 Object

**Summary:**
An additional clause should be added to the policy entitled 'Delivery and Phasing Programme'. This would require a Delivery and Phasing Programme to be prepared and for the programme to determine and specify the timing (dates) and thresholds (housing completions) for the provision of key facilities and pieces of infrastructure, as well as setting out the proposed housing trajectory and phasing arrangements.

This would provide the assessment to justify the timings and thresholds and obviate the need to set these out in the Policy at this stage.

**Change To Plan:**
Suggested new sub-paragraph:

Delivery and Phasing Programme

A delivery and phasing programme will be provided to accompany the master plan and shall specify:

i. An overall phasing and sequencing plan for development of the site;

ii. The housing trajectory showing the programmed delivery of new homes by year for the whole development period;

iii. The anticipated timing and threshold in dwelling numbers for provision of the following:

a. Local Centre, including provision of each proposed element of the centre;

b. Primary School;

c. Other community facilities;

d. Major areas of new parkland and recreational facilities; and

e. Key highways infrastructure and public transport services.

Legally Compliant?: Yes

Full Reference: O-7561-6459-SC1 clause 2 - ii

---

6082 Support

**Summary:**
Supported in principle provided the necessary infrastructure/services are provided at the time of construction and are fit for purpose. Existing local services e.g. roads, schools, Drs surgeries etc are at capacity and therefore would be unable to support the initial proposed number of dwellings/residents.

A planned community is not just another housing estate.

A major concern is that the consequential, increased traffic flow through Thurnby, Bushby and Scraptoft will make what are already congested roads even more dangerous and create more pollution. These settlements have very poor transport links by bus, so a car is vital.

**Change To Plan:**

Legally Compliant?: Not Specified

Full Reference: S-6082-4213-SC1 clause 2 - None
CHAPTER: Part C Places and Sites

**5786 Object**  
**Respondent:** Mrs. M Weller [6121]  
**Agent:** N/A  
**Summary:** This is not sound:  
Currently poor water management with the brook regularly flooding as can't cope with the increases from new and existing developments.  
Scraptoft has grown exponentially in recent years and real risk of loss of identity/separation from Leicester city.  
Alfred insufficient roads. Proposed exit routes aren't viable leading to rat-running through Scraptoft/country lanes as not all traffic will head to Leicester e.g. A47/Station Rd junction. Hard to see how Keyham Lane with 3 schools could be upgraded  
Other sites such as Brookhill in Oadby might be better as these already have infrastructure  
**Change To Plan:** Need to maintain whole of local nature reserve as need separation and green wedge/space  
Development is too big, roads can't really cope as present, and Scraptoft will lose its identity as a village  
**Legally Compliant?:** No  
**Full Reference:** O - 5786 - 6121 - SC1 clause 3 - i

**6402 Object**  
**Respondent:** Ms Bindu Modi [6276]  
**Agent:** N/A  
**Summary:** This Policy not suitable and I object. This will cause issues with increased traffic along Hamilton Lane, New Romney Crescent, Scraptoft Lane, Station Lane, Beeby Rd and Covert Lane, which is already very busy during peak commute time and congested with speeding cars and motorbikes and other vehicles. The village will see a rise in pollution, noise, and furthermore, there will be an impact to the current residents, local community doctors, and schools. The area will lose its identity of being a village and local wildlife including owls, foxes and birds will be destroyed, along with the green wedge.  
**Change To Plan:** The plan should NOT go ahead, Having looked at local builds in the area, they are not high quality and infrastructure is not considered by developers. Keyham Lane iWest and Hamilton Lane and Scraptoft village are not suitable for the volume of traffic the masterplan will bring.  
**Legally Compliant?:** Yes  
**Full Reference:** O - 6402 - 6276 - SC1 clause 3 - i

**6462 Object**  
**Respondent:** Mrs Penelope Fielden [5046]  
**Agent:** N/A  
**Summary:** Residents of Scraptoft will see their living environment deteriorate due to:  
Increased cars travelling through our village due to the road/travel plan NOT being fit for purpose - increased noise, air pollution, accidents  
Overload on all services - health and education - MUST come first BEFORE housing  
Loss of green wedge and the wildlife it provides a home for - essential part of VILLAGE life  
Rural aspect decreased which is important for mental health/well-being  
Building work continues as it has over the past seven years with ALL of the disruption, noise, anti-social behaviour/loss of amenities it brings  
**Change To Plan:** Build nearer to existing road infrastructure in Harborough district.  
Build closer to existing Harborough G.P. surgeries/secondary schools  
Smaller developments located across Harborough NOT pushed on to ONE village.  
IF building in Scraptoft - services i.e. roads/G.P.surgery/primary school built FIRST before any more houses.  
**Legally Compliant?:** No  
**Full Reference:** O - 6462 - 5046 - SC1 clause 3 - ii, iv
6942 Object
Respondent: kevin dias [6452]  
Agent: N/A  
Summary: it will not provide enough  
Change To Plan: it must not go ahead  
Legally Compliant?: Yes  
Full Reference: O - 6942 - 6452 - SC1 clause 3 - i, ii, iii, iv

7190 Object
Respondent: nicholas felden [5185]  
Agent: N/A  
Summary: The masterplan is NOT VIABLE please see attached sheet for further details.  
Change To Plan: Harborough should be looking to liaise with Leicester to build homes where they CAN widen or build new roads to accommodate the amount of traffic travelling into Leicester and transport secondary school children to their schools in Oadby - therefore more likely nearer to the A6.  
OR  
Harborough concentrate on providing housing within Harborough for the benefit of their citizens who do NOT work in Leicester and want to live in the countryside and have a rural rather than city life.  
Legally Compliant?: No  
Full Reference: O - 7190 - 5185 - SC1 clause 3 - i, ii, iv

7217 Object
Respondent: nicholas felden [5185]  
Agent: N/A  
Summary: This masterplan will not create a high quality living environment and is NOT viable - the number of houses and facilities, infrastructure being proposed CANNOT actually fit on the area in question - please see attached sheet for reasons  
Change To Plan: The amount of housing needs to be reconsidered and reduced CONSIDERABLY and the infrastructure built first - the primary school and doctor's surgery BEFORE any housing on this site.  
Legally Compliant?: No  
Full Reference: O - 7217 - 5185 - SC1 clause 3 - i, ii, iv
Based on the 2011 census, Scraptoft has a population of 1,804, Market Harborough has a population of 22,911 and Lutterworth some 9,353. Assuming that each dwelling contains one individual, the relative size of the development proposed for Scraptoft represents a 17 fold greater increase in population than proposed for Market Harborough and 4 times that proposed for Lutterworth. Both Market Harborough and Lutterworth, as towns, have the requisite infrastructure to meet much greater increases in population than does Scraptoft, and yet it is proposed that the village of Scraptoft takes a much heavier developmental burden and to double in size.

Location within Harborough which have greater capacity to achieve sustainable development should take more of the developmental burden within this proposed plan. The plan offers no evidence that the proposed devastating impact on Scraptoft has been considered, nor why those urban centres better able to absorb high levels of development, Market Harborough in particular, are not identified for a greater share of the development burden.

---

This is very near to a development that already has put pressure on the local infrastructure. Build less homes to give more greener spaces.

---

This will make the area over populated and pressure put on the local infrastructure. Build half the number of homes and create more green space keeping in place some resemblance of the previous space.

---

I object to the amount of houses to be built in SCRAPTOFT. This village will lose its identity. It will become a rat-run for traffic who need to travel to south of county. The noise, pollution and volume of construction traffic will be intolerable. There is not the infrastructure to support such a huge development.

I accept there is a need to build houses for the future, but 1200 houses in this area is too many, so build less. Take into consideration the people of SCRAPTOFT.

---

Scraptoft has already had over 700 houses built in the last 5 years and to build another 1200 is far too many within such a small area. Build less houses or find alternative areas to spread the load.
6045 Object
Respondent: Scraptoft Parish Council (Ms Sally Skyrme) [6009]
Agent: N/A
Summary: We consider 1200 houses to be excessive for a village such as Scraptoft that has minimum facilities and no carpark outside the shops. We have already had over 700 houses built in the village.
Change To Plan: Keep the nature reserve as it is and have less houses.
Legally Compliant?: Yes
Full Reference: O - 6045 - 6009 - SC1 clause 3, SC1 3a. - iii

6048 Object
Respondent: Mr Gary Shepherd [6055]
Agent: N/A
Summary: Scraptoft has already had over 700 houses built in the last 5 years and cannot sustain further building on this scale. Scraptoft will lose its identity and the infrastructure cannot support this further expansion
Change To Plan: Find alternative areas to build
Legally Compliant?: Yes
Full Reference: O - 6048 - 6055 - SC1 clause 3, SC1 3a. - ii

6131 Object
Respondent: Mrs Margaret Garven [6146]
Agent: N/A
Summary: The plan to create a large housing development of 1200 houses plus the proposed accompanying structures, namely, supermarket, pub, community centre, school, cemetery and recreational areas is tantamount to developing a self sufficient satellite settlement which will encroach upon the tranquility and rural nature of the old part of Scraptoft. Traffic flow, already a problem in the village centre, will become worse as will light and noise pollution from the new development. There are limited employment opportunities in Scraptoft for people living within the proposed development thus forcing most people to commute.
Change To Plan: Totally unsuitable area for development.
Legally Compliant?: No
Full Reference: O - 6131 - 6146 - SC1 clause 3, SC1 3a. - iv

6133 Object
Respondent: Catherine Allison [6102]
Agent: N/A
Summary: I feel this development will change the face of the village of Scraptoft which will resemble a town when completed. In recent years there have been large developments around the village, spoiling the look of the church and changing the look and feel of the surrounding area. This further development would cause countless other problems such as, traffic, congestion and pollution. If each household has more than one car this creates lots of problems.
Change To Plan: Not a suitable area for development.
Legally Compliant?: Yes
Full Reference: O - 6133 - 6102 - SC1 clause 3, SC1 3a. - ii

6137 Object
Respondent: Mr Brian Quinn [6227]
Agent: N/A
Summary: 1200 new houses is a large number in a village that has already had 700+ houses. I feel that this scale of development will drastically alter the nature of the village. Traffic generally is an issue already and trying to leave and enter Scraptoft is already difficult at certain times. The other main issue is the reduction of the nature reserve.
Change To Plan: 1 reduce the size of the development.
2 improve traffic flows in Station Lane particularly at the junction with the A47.
3 retain the nature reserve and possibly enlarge it
Legally Compliant?: Yes
Full Reference: O - 6137 - 6227 - SC1 clause 3, SC1 3a. - ii

6187 Object
Respondent: Mr Grahame Taylor [6231]
Agent: N/A
Summary: This is too many houses for this area, we have already had significant expansion in this area of Scraptoft and had been told that with the Goodridge Development we would have met our housing quota. A firm maximum should be set so developers do not squeeze more housing in for greater profit.
Change To Plan: A firm maximum number of properties should be set.
Legally Compliant?: No
Full Reference: O - 6187 - 6231 - SC1 clause 3, SC1 3a. - i
6306 Object  
Respondent: HUNGARTON Parish Council (Mr Andrew May) [2640]  
Agent: N/A  
Summary: HPC is concerned that this development will cause congestion in this in relation to routes into the city and contribute to new "rat runs" in this very rural part of the district. We are concerned to see 1,200 dwellings at Scraptoft North "many of which may be needed to help deal with meeting unmet needs arising from another local authority." There should be defined figures.  
Change To Plan: Define the need which is being met.  
Legally Compliant?: Yes  
Full Reference: O - 6306 - 2640 - SC1 clause 3, SC1 3a. - None

6352 Object  
Respondent: Miss Nituben Patel [6280]  
Agent: N/A  
Summary: Please have consideration of my thoughts and feelings and protect my human rights of my chosen location. Listen to the local people.  
Change To Plan: Build on much smaller scale eg 200 luxury spaced out housing. This is not the place for a crowded area. Please maintain my area.  
Legally Compliant?: No  
Full Reference: O - 6352 - 6280 - SC1 clause 3, SC1 3a. - ii

6370 Object  
Respondent: Mr Brett Taylor [6284]  
Agent: N/A  
Summary: I object to the amount of housing being proposed as I feel that the village of scraptoft and its roads will not be able to cope with the added traffic that will be brought to the area. I feel that this will increase pollution in the area that will affect local wild life within the area.  
Change To Plan: as no actual drawings have been put forward for the proposed dwellings it is hard to say what would be a better modification to facilitate the new dwellings .  
Legally Compliant?: No  
Full Reference: O - 6370 - 6284 - SC1 clause 3, SC1 3a. - i, iii, iv

6412 Object  
Respondent: Ms Bindu Modi [6276]  
Agent: N/A  
Summary: This Policy is not suitable and I Object. This will cause issues with increased traffic, noise, pollution, wildlife and the loss of a very popular Scraptoft golf club which is enjoyed by its members. The local residents and community do not want the village to lose its small community. There has been already a large number of poor quality homes built within Scraptoft and along Keyham lane west which has impacted Scraptoft village leading to traffic and noise. Furthermore and there are no community services to facilitate these residents.  
Change To Plan: 1200 dwellings in a small village is not required, there is no infrastructure to support it. build houuses in Derby  
Legally Compliant?: Yes  
Full Reference: O - 6412 - 6276 - SC1 clause 3, SC1 3a. - i

6432 Object  
Respondent: Mr Peter Freeston [6315]  
Agent: N/A  
Summary: The proposal is not sound because we have already had over 700 houses built in Scraptoft over the last 7 years, and the existing village facilities cannot sustain further growth. There would be absolute chaos for the village inhabitants whilst a site of this size was being constructed.  
Change To Plan: Brown field sites within the area should be used as a priority, and NOT already over crowded villages, or green wedge sites.  
Legally Compliant?: Yes  
Full Reference: O - 6432 - 6315 - SC1 clause 3, SC1 3a. - None

6537 Object  
Respondent: Miss Louise Bailey [6184]  
Agent: N/A  
Summary: The area is a green wedge and should not be built on.  
Change To Plan: Remove all paragraphs

CHAPTER: Part C Places and Sites

**6054 Object**
- **Respondent:** Miss Susan Elgar [5936]
- **Agent:** N/A

**Summary:** There is indeed a demand for schools in the area already.
So many children already travel much further than is desirable and add to the volume of traffic.
We shouldn't have to wait until 300 houses are built when we have already had 700 houses built in the last 5 years.

**Change To Plan:** We should not have to wait until 300 houses are built when we have already had 700 houses built in the last 5 years.
A school should already have been built.

**Legally Compliant?** No

**Full Reference:** O - 6054 - 5936 - SC1 clause 3, SC1 3e. - i

**6417 Object**
- **Respondent:** Ms Bindu Modi [6276]
- **Agent:** N/A

**Summary:** This Policy is not suitable and I Object. This will cause issues with increased traffic, noise, pollution, wildlife and the loss of a very popular Scraptoft golf club which is enjoyed by its members. The local residents and community do not want the village to lose its small community. There has been already a large number of poor quality homes built within Scraptoft and along Keyham lane west which has impacted Scraptoft village leading to traffic and noise. Furthermore and there are no community services to facilitate these residents.

**Change To Plan:** review current schools and you will see they are not doing well. Leave the area alone.

**Legally Compliant?** Yes

**Full Reference:** O - 6417 - 6276 - SC1 clause 3, SC1 3e. - i

**6437 Object**
- **Respondent:** Mr Peter Freeston [6315]
- **Agent:** N/A

**Summary:** I object to this whole huge development, as primary school places are already over-subscribed within the area. The additional 300 houses before a new school is built will add to the already overcrowded classes and traffic problems.

**Change To Plan:** Any new developments should consider more carefully primary school provision, and traffic issues.

**Legally Compliant?** Yes

**Full Reference:** O - 6437 - 6315 - SC1 clause 3, SC1 3e. - None

**6736 Object**
- **Respondent:** Mrs Penelope Fielden [5046]
- **Agent:** N/A

**Summary:** Due to the amount of housing already being built in Thurnby and Scraptoft at the moment, the primary school would need to be built IMMEDIATELY not after ANOTHER 300 houses. and as it would take years before it could operate as a full primary school NO further housing should be allowed until it was actually operational.
Building this school would NOT alleviate problems of senior school children and where they could go without extra travelling involved.

**Change To Plan:** Harborough should be investing in the infrastructure FIRST that has been lacking throughout the development of Scraptoft over these past few years before we can have any more houses built here. Harborough needs to ensure that developers make good on their promises by getting them to do the infrastructure first before they can start building houses.

**Full Reference:** O - 7544 - 6459 - SC1 clause 3, SC1 3e. - ii

---

5459 **Support**

**Respondent:** Dr Matthew Clarke [5227]  
**Agent:** N/A

**Summary:** Recent developments within Scraptoft have merely put aside 106 monies, now being used to enlarge Fernvale Primary School to cater for the current additional influx of children. St Luke’s School is already at full capacity. However the additional demand on school places this development would create cannot be met by Fernvale without compromising its structures and culture. Furthermore, children would live 2 miles away from Fernvale, a considerable journey without bus service. It is therefore essential that Harborough District develops a legally binding requirement for the creation of a new primary school within the development and ensures it is enforced.

**Change To Plan:**

**Legally Compliant?**: Not Specified

7120 **Support**

**Respondent:** THURBY AND BUSHBY Parish Council (Mrs S Bloy) [2685]  
**Agent:** N/A

**Summary:** The Parish Council is concerned at the trigger point for schools and what will happen in the interim until trigger points are reached. What provision is there within the current primary school provision at Fernvale and St Luke’s primary schools to meet the interim needs of families moving into the SDA?

**Change To Plan:**

**Legally Compliant?**: Not Specified

**Full Reference:** S - 7120 - 2685 - SC1 clause 3, SC1 3e. - None
Currently secondary education is provided by schools in Oadby. The building of another 1200 houses in addition to the recent 700 will mean a large number of children having to travel to Oadby. This will mean traffic chaos in the Scraptoft area and an enormous influx of children into the existing schools in Oadby which do not have the capability for such an influx. What is proposed to remedy this problem?

Change To Plan: Less houses. Build a school now thus easing traffic congestion in the area

Legally Compliant?: Yes

Summary:

Where would the secondary education provision be. It is my understanding that it would be Beauchamp and Gartree is Oadby, despite Hamilton Community College being in effect over the road, but this is classed as Leicester City. Transport to the Oadby would involve passing through the Scraptoft one way system and the already congested Station Road. Have these schools been consulted about an increased intake.

Change To Plan: Where secondary education will take place should be clarified.

Legally Compliant?: No

Summary:

This Policy not suitable and I Object. due to the following:

Increased Traffic
Increased pollution
Loss of peaceful village life
Loss of local wildlife

Change To Plan: Build in a different area such as market arborough

Legally Compliant?: Yes

Summary:

As Headteacher of Lutterworth College I am objecting to this proposal on the basis that it does not take into the account the impact on secondary school places at Lutterworth College. Lutterworth High School is already oversubscribed and has a restricted site so Lutterworth College would take any additional secondary school pupils. Lutterworth College is reaching its PAN of 240 in Year 7; hence significant infrastructure investment would be required to absorb any additional students as a result of this development. Lutterworth College's site is not restricted. A change in PAN would be required following investment.

Change To Plan: The development would require a more detailed assessment of the significant infrastructure investment at local schools that would have to be made i.e. additional classrooms, additional dining facilities & spaces, in order that secondary school provision was adequate.

Legally Compliant?: Yes
6969 Object

Respondent: kevin dias [6452]  
Agent: N/A

Summary: it will not be enough and will add to the traffic issues of the area. I totally object to the development of the 1200 new homes as it will cause major disruption to the area. I have concerns with traffic, noise, pollution, and the major disruption to the natural wildlife and greenery of the area. It will also have a massive impact to the schools, doctors surgeries, hospitals, and nurseries in the area which area currently struggling without the added pressure. The roads cannot handle the traffic now and I fail to see how an additional 1200 homes will manage.

Change To Plan: it must not proceed

Legally Compliant?: Yes

CHAPTER: Part C Places and Sites

6163 **Object**

**Respondent:** Mrs Helen Taylor [6109]  
**Agent:** N/A

**Summary:** It is hard not to feel sceptical about this, it has taken many years, despite promises from developers for the new community hub in Scraptoft to become a reality. Developers seem to be full of promises until they get planning permission but slow when it comes to fulfilling said promises, if at all.

**Change To Plan:** Maybe these facilities should be built first. What would happen if the developer responsible went bust before they were built.

**Legally Compliant?** No

**Full Reference:** O - 6163 - 6109 - SC1 clause 3, SC1 3g. - i

6741 **Object**

**Respondent:** Mrs Penelope Fielden [5046]  
**Agent:** N/A

**Summary:** Scraptoft residents have just had a new community hall built using our own funds so we would not benefit from another one and this shows how Harborough does not seem to know what Scraptoft is like at all and what is actually going on here!

All of the other retail units and other things mentioned in the list would need parking facilities and the amount of what buildings and infrastructure suggested there is just not adding up on the size of space available!

I do not have faith that these plans are viable.

**Change To Plan:** Scraptoft residents need to be able to see drawn up plans to scale of how all of this is going to be fitted onto the size of land initially proposed Golf Course and Nature Reserve (our Green Wedge!!) as it looks like a land grab for more fields will take place to allow this amount of housing to be built.

**Legally Compliant?** No

7297 **Object**

**Respondent:** Mrs Penelope Fielden [5046]  
**Agent:** N/A

**Summary:** Residents of Scraptoft will see their living environment deteriorate due to overload on all services - health and education - MUST come first BEFORE housing.

**Change To Plan:** Build closer to existing Harborough G.P. surgeries/secondary schools.  
IF building in Scraptoft - services i.e. roads/G.P. surgery/primary school built FIRST before any more houses.

**Legally Compliant?** Not Specified

**Full Reference:** O - 7297 - 5046 - SC1 clause 3, SC1 3g. - None
Provision is required before the completion of 500 dwellings, but this figure is not supported by evidence and therefore not justified. The figure is specific and would mean delivery of the entire local centre before half (that is 42%) of the proposed development is completed. Timing could affect the quality of operator, the need to subsidise (affecting overall viability), or not be supported by third parties. Better to identify the need for and composition of the local centre, as the policy does, but that its timing be determined through the master plan process (proposed Delivery and Phasing Programme).

**Change To Plan:** Suggest revising criteria to read:

3.g. a neighbourhood centre as a social and retail hub for the new community to be provided as soon as can be achieved, to be determined by the master plan delivery and phasing programme to include some or all of the following: (etc.)

**Summary:**

**Legally Compliant?** Yes

---

This is an essential aspect of the plan if the development is to be successful and sustainable. The pressure particularly on local health facilities is considerable and there is no capacity to meet further demand. However, we do not have confidence that the development will meet its commitment to this provision and it will be essential to the sustainability of the development and existing Scraptoft residents to ensure that a neighbourhood centre is provided. The provision of a separate centre is also essential to reduce the impact of traffic coming into the village centre.

**Change To Plan:**

**Summary:**

**Legally Compliant?** Not Specified

---

This is long overdue. The building of over 700 houses during the last 5 years has not been matched by the provision of additional social and retail outlets for the community. Having lived in the area for 20 years, I have seen no improvement to either despite the enormous increase in population. Unless this is done now Scraptoft will become another area where, in the absence of social outlets, we will be subjected to an increase in anti-social behaviour and crime which is becoming increasingly prevalent elsewhere.

**Change To Plan:**

5725 Object

Respondent: Ms Fiona Ashberry [5935]  
Agent: N/A

Summary: The Scraptoft Nature Reserve should be left as a nature reserve not made a green corridor. It is vital to protect the many species of plants and animals on this site and any disturbance to the nature reserve would result in a loss of these species. The plan is supposed to protect Local Green Spaces.

Change To Plan: Nature reserve should not be de-declared.

Legally Compliant?: Yes

Full Reference: O - 5725 - 5935 - SC1 clause 3, SC1 3h., SC1 3h.i. - ii, iv

5905 Object

Respondent: Mr Stephen Clifton [6170]  
Agent: N/A

Summary: Scraptoft nature reserve is fine as it is. The proposed wildlife corridors will not support the variety of wildlife that the reserve does.

Change To Plan: Keep the nature reserve as is. And don’t build within a certain distance of it.

Legally Compliant?: Yes

Full Reference: O - 5905 - 6170 - SC1 clause 3, SC1 3h., SC1 3h.i. - None

6021 Object

Respondent: Mr Gary Shepherd [6055]  
Agent: N/A

Summary: The nature reserve should be retained as it is to retain the wildlife presently in situ.

Change To Plan: The nature reserve needs to be retained as it is and not lose its status. Work needs to be considered to ensure that the brook is maintained properly and houses will not be at risk of flooding. This means identifying additional areas to provide housing.

Legally Compliant?: Yes

Full Reference: O - 6021 - 6055 - SC1 clause 3, SC1 3h., SC1 3h.i. - ii

6138 Object

Respondent: Catherine Allison [6102]  
Agent: N/A

Summary: A great number of trees and shrubs will be lost due to recent building developments. The green corridor is not enough to sustain a variety of wildlife, trees have already been lost due to building in the area and reducing this further will be very detrimental to songbirds, birds of prey and other creatures. The green corridor will in no way make up for the loss of a large natural area.

Change To Plan: Not viable or sustainable for wildlife

Legally Compliant?: No

Full Reference: O - 6138 - 6102 - SC1 clause 3, SC1 3h., SC1 3h.i. - ii

6166 Object

Respondent: Mrs Helen Taylor [6109]  
Agent: N/A

Summary: The nature reserve becoming a "wildlife corridor" would result in a significant loss of wildlife. Building work close by with all its noise and disturbance would also have a severe negative impact on wildlife within the corridor.

Change To Plan: Keep the nature reserve as it is

Legally Compliant?: No

Full Reference: O - 6166 - 6109 - SC1 clause 3, SC1 3h., SC1 3h.i. - i
6185 Object
Respondent: Cllr Simon Galton [4845]
Agent: N/A
Summary: It has not been justified why the development of the site would require the de-declaration of the Local Nature Reserve. The explanation at 13.2.12 is not based on the most up to date surveys and evidence. The proposal is contrary to paragraphs 9 & 109 of the NPPF which states that sustainable development should seek positive improvements in the quality of the natural environment, minimise the impact on biodiversity and provide net gains where possible. The proposed SDA also conflicts with the Scraptoft Neighbourhood Plan Policy S11 on Biodiversity.
Change To Plan: Do not de-DECLARE Scraptoft Local Nature Reserve. Retain the land currently designated as an LNR based on the area identified in the plan shown at Appendix 5 of the report by Sue Timms and Karen Headley (May 17).
Legally Compliant?: Yes

6542 Object
Respondent: Miss Chloe Bibby [6241]
Agent: N/A
Summary: Local Nature Reserve should be retained.
Change To Plan: Land beyond the boundaries of the LNR should be found for housing.
Legally Compliant?: Not Specified
Full Reference: O - 6542 - 6241 - SC1 clause 3, SC1 3h., SC1 3h.i. - i

6564 Object
Respondent: Mrs Patricia Green [6072]
Agent: N/A
Summary: This is NOT a corridor but a thriving Nature Reserve and should be kept as such and the brook maintained in a proper manner. Large numbers of wildlife have migrated to the nature reserve due to being squeezed out of their previous habitat, due to the excessive felling of trees and the 720 houses built in their place. The green wedge between Hamilton Lane and Hall Road is also an important part of our village identity and should be kept as such.
Change To Plan: Any buildings should not go beyond the golf course. No land should be taken from the nature reserve and no trees should be felled. The nature reserve and brook should be managed properly by the city council, which they have failed to do over the last 10 years. The land between Hall Road and Hamilton Lane should be left as a green wedge.
Legally Compliant?: Yes
Full Reference: O - 6564 - 6072 - SC1 clause 3, SC1 3h., SC1 3h.i. - i, ii, iii

6877 Object
Respondent: Ms Bindu Modi [6276]
Agent: N/A
Summary: This Policy not suitable and I Object. due to the following:
Increased Traffic
Increased pollution
Loss of peaceful village life
Loss of local wildlife
Change To Plan: Scraptoft already has a natural wildlife site and therefore the proposal should be to increase the site and ensure it is litter free, and attractive
Legally Compliant?: Yes
Full Reference: O - 6877 - 6276 - SC1 clause 3, SC1 3h., SC1 3h.i. - i
6950 Object
Respondent: kevin dias [6452]
Summary: its not enough to accommodate the current wildlife in the area.
Change To Plan: it must not go ahead
Legally Compliant?: Yes
Full Reference: O - 6950 - 6452 - SC1 clause 3, SC1 3h., SC1 3h.i. - ii, iii

6962 Object
Respondent: kevin dias [6452]
Summary: the area proposed is not enough.
I totally object to the development of the 1200 new homes as it will cause major disruption to the area. I have concerns with traffic, noise, pollution, and the major disruption to the natural wildlife and greenery of the area. It will also have a massive impact to the schools, doctors surgeries, hospitals, and nurseries in the area which area currently struggling without the added pressure. The roads cannot handle the traffic now and I fail to see how an additional 1200 homes will manage.
Change To Plan: it must not proceed
Legally Compliant?: Yes
Full Reference: O - 6962 - 6452 - SC1 clause 3, SC1 3h., SC1 3h.i. - i, ii, iii, iv

7053 Object
Respondent: Mrs margaret Garven [6146]
Summary: How can the 'creation' of a wildlife corridor along Scraptoft Brook compensate for the loss of the existing habitat and the displacement of wildlife elsewhere by the building of 1200 houses? Also, there seems to be no mention of the proposed building area having been the site of a Second World War prisoner camp and a muster area for the preparation of D Day Normandy Landings. The resulting archaeological earthworks of this area have created an uneven ground surface of hollows and small mounds which provides habitat for a variety of existing flora and fauna.
Change To Plan: Reconsider
Legally Compliant?: No
Full Reference: O - 7053 - 6146 - SC1 clause 3, SC1 3h., SC1 3h.i. - None

5408 Support
Respondent: Mr Ian Ball [5065]
Summary: Local nature reserve must be left as not yet established and area of golf course suffice to provide all requirements.
Change To Plan:
Legally Compliant?: Not Specified
Full Reference: S - 5408 - 5065 - SC1 clause 3, SC1 3h., SC1 3h.i. - None

5466 Support
Respondent: Dr Matthew Clarke [5227]
Summary: If a more suitable site for the proposed development is not achieved, then a green separation between existing proprieties and the proposed new development would be essential to support local wildlife and retain something of the rural location of the village to the east and north.
Change To Plan:
Legally Compliant?: Not Specified
Full Reference: S - 5466 - 5227 - SC1 clause 3, SC1 3h., SC1 3h.i. - None

5662 Support
Respondent: Mr Morris Naylor [6093]
Summary: Wildlife presently seen in the area surrounding Hall Road. Pheasants, greater spotted woodpecker, green woodpecker, bull finch, ducks, sparrow hawk, munk Jack deer, bats, owls an abundance of insects, butterflies, dragonfly, these and many more all thrive on an undeveloped area of land that limits access to the public. Residents enjoy relative security at the rear of their property because public access is limited. It would best left as a wildlife corridor only.
Change To Plan:
Legally Compliant?: Not Specified

6029 Support  
**Respondent:** Scraptoft Parish Council (Ms Sally Skyrme) [6009]  
**Agent:** N/A  
**Summary:** The nature reserve is in good condition and should be retained as a priority. As per report by Sue Timms and Karen Headley.  
**Change To Plan:**  
**Legally Compliant?:** Not Specified  
**Full Reference:** S - 6029 - 6009 - SC1 clause 3, SC1 3h., SC1 3h.i. - None

6060 Support  
**Respondent:** Miss Susan Elgar [5936]  
**Agent:** N/A  
**Summary:** I support this as it is vital to maintain the wildlife in this area, but I am concerned that the area designated in the plan is far too small.  
The brook has never been maintained to my knowledge, I have never seen any work here even though in years past there were supposed to be monies allocated.  
The "corridor" should go back as far as the Golf Club Practise field.  
Many of the mature trees should be kept.  
To lose Green Wedge in the Hamilton Lane area means the identity of SCRAPTOFT will become an extension of Netherhall.  
**Change To Plan:**  
**Legally Compliant?:** Not Specified  
**Full Reference:** S - 6060 - 5936 - SC1 clause 3, SC1 3h., SC1 3h.i. - None

7188 Support  
**Respondent:** THURNBY AND BUSHBY Parish Council (Mrs S Bloy) [2685]  
**Agent:** N/A  
**Summary:** Support the policy in general. However, The current Scraptoft nature reserve is too important to the local community to be de-designated and the land built on. This part of the proposal is in conflict with the made Scraptoft Neighbourhood Plan, Policy S11, which highlights the nature reserve as an important element of the Green Wedge between Scraptoft and Leicester City.  
**Change To Plan:**  
**Legally Compliant?:** Yes  
**Full Reference:** S - 7188 - 2685 - SC1 clause 3, SC1 3h., SC1 3h.i. - ii

7232 Support  
**Respondent:** Leicester City Council (Mr Jeevan Dhesi) [6399]  
**Agent:** N/A  
**Summary:** The ecological value of areas of the site should be recognised which may include designation as a Local Wildlife Site where criteria for designation are met. If the de-declaration is submitted to Natural England, alternative areas for designation as a LNR and/or further enhancements to an existing LNR nearby would be required. Taking a strategic approach to Green Infrastructure/Biodiversity and the establishment of the green networks would be beneficial in trying to avoid this situation of designation/de-declaration in the future, but in any case it is recommended that potential mitigation areas are identified within the Local Plan.  
**Change To Plan:**  
**Legally Compliant?:** Not Specified  
**Full Reference:** S - 7232 - 6399 - SC1 clause 3, SC1 3h., SC1 3h.i. - None
It is acknowledged that the de-declaration of the Scraptoft Local Nature Reserve is also currently being consulted on, and that its de-declaration would enable land to come forward for development as part of the Scraptoft North Strategic Development Area (SDA). The County ecologist has and continues to be actively involved, working through an approach which ensures the retention and management of areas of ecological value whilst enabling the release of some land for future development. This may involve the designation of a Local Wildlife Site.

Summary:

CHAPTER: Part C Places and Sites

SC1 clause 3, SC1 3h., SC1 3h.ii.

Not only is Scraptoft expected to absorb another 1200 houses and a range of other buildings (in addition to a large no of houses already built) but will, also, be expected to find space for sports pitches and open space for recreation facilities. This will mean the destruction of the majority of the land surrounding Scraptoft including the natural habitat and wildlife. Not only do some of the surrounding fields have evidence of ridge and furrow from Medieval times but, also, retain much of the historical, rural and pastoral nature of the village.

Summary:

Legally Compliant?: No

Full Reference: O - 7197 - 6146 - SC1 clause 3, SC1 3h., SC1 3h.ii. - None

Must be more coordinated not a tree here or small area of green there.

Summary:

Legally Compliant?: Not Specified

Full Reference: S - 5409 - 5065 - SC1 clause 3, SC1 3h., SC1 3h.ii. - None

Scraptoft golf course represents one of the very few existing sports and recreational facilities within the village. Ironically, by building on this facility, Scraptoft will be further depleted in terms of recreational opportunities! Therefore, the provision and prioritisation of substantial new sports and recreation facilities based on the projected population demographics is essential to the proposed plan, if no alternative site is achieved for the development. A clear plan for the financing and maintaining the new facilities for the long term by the responsible local authority will also be required in order to avoid them falling into disrepair.

Summary:

Legally Compliant?: Not Specified

Full Reference: S - 5464 - 5227 - SC1 clause 3, SC1 3h., SC1 3h.ii. - None

In the event of the plan being successful there has to be provision for significant play space and sports facilities to ensure the needs of the population as a whole are met. This means the provision of both indoor and outdoor facilities and sports pitches catering for all ages. There are currently no sports facilities in the village at all and we need to make sure that we try to attract youngsters especially into sport to give them things to do and work towards and take a pride in.

CHAPTER: Part C Places and Sites

Object

5729

Respondent: Ms Fiona Ashberry [5935]
Agent: N/A
Summary:
- A47 junction at full capacity already.
- One way system in Scraptoft village unsuitable for more traffic.
- Keyham Lane West unsuitable as main thoroughfare - has traffic calming.
- School students would be put at risk.

Change To Plan:
- New ring road would need to be built to cope with traffic.

Legally Compliant?: Yes
Full Reference: O - 5729 - 5935 - SC1 clause 3, SC1 3i. - iii

5906

Respondent: Mr Stephen Clifton [6170]
Agent: N/A
Summary:
- The proposed access via Keyham Lane is unsafe and unsound.
- The road already has traffic calming measures, 15 speed bumps in all.
- The road passes 3 schools.
- Increased traffic volumes will bring increased risk.
- Barkby road will become more of a rat run and there is no scope for widening or improving this road at certain points.

Change To Plan:
- Don't build any houses. Look elsewhere.

Legally Compliant?: Yes
Full Reference: O - 5906 - 6170 - SC1 clause 3, SC1 3i. - None

5951

Respondent: Mrs Margaret Garven [6146]
Agent: N/A
Summary:
- It is proposed that the Scraptoft North development requires an east west access road between Beeby Road and Hamilton Lane. Both these roads onto which the access road would emerge are narrow, have blind bends and are not suited to an increase in the amount of extra traffic which an extra 1200 houses would bring.
- The village has already suffered in recent years because of ongoing house building and large construction vehicles. Current access to most of the major radial roads involves driving through the narrow one-way system in the centre of Scraptoft.

Change To Plan:
- Shelve.

Legally Compliant?: No
Full Reference: O - 5951 - 6146 - SC1 clause 3, SC1 3i. - iv

5958

Respondent: Mr. Martin Forbes [6182]
Agent: N/A
Summary:
- This will cause major disruption to a road that is heavily used in peak traffic times.

Change To Plan:
- The second access point should not be built at the junction of Keyham Lane and there should be a widening of the road outside of city boundary.

Legally Compliant?: No
Full Reference: O - 5958 - 6182 - SC1 clause 3, SC1 3i. - ii

5987

Respondent: Mr. Stephen Pratt [5056]
Agent: N/A
Summary:
- I cannot see how any extra traffic can be accommodated in a satisfactory manner with the exit roads we have at present without causing considerable congestion, delays and ultimately danger to the residents of Scraptoft.

Change To Plan:
- These houses should not be built.

Legally Compliant?: Yes
Full Reference: O - 5987 - 5056 - SC1 clause 3, SC1 3i. - None
6032 Object

Respondent: Mr Gary Shepherd [6055]  
Agent: N/A  
Summary: The current system of roads we currently have are totally unsuitable for such a development and there is little or no way these can be improved  
Change To Plan: Build houses along Covert Lane and provide road access to Uppingham Road therefore avoiding the undoubtedly increase in traffic to areas that cannot cope with it  
Legally Compliant?: Yes  
Full Reference: O - 6032 - 6055 - SC1 clause 3, SC1 3i. - ii

6064 Object

Respondent: Miss Susan Elgar [5936]  
Agent: N/A  
Summary: Where exactly will this road start and finish? What impact will it have on the already congested roads in the areas surrounding SCRAPTOFT?  
The condition of the roads / wear and tear are already suffering with HGV and construction site vehicles constantly coming through the village.  
Change To Plan: Alternative routes/roads.  
Legally Compliant?: No  
Full Reference: O - 6064 - 5936 - SC1 clause 3, SC1 3i. - i

6142 Object

Respondent: Catherine Allison [6102]  
Agent: N/A  
Summary: The roads in Scraptoft are not suitable. Hamilton Lane leads off from the proposed new road leading onto a heavily traffic calmed narrow road past a large secondary school which is already a parking issue with narrow pavements. The high number of cars and commuters leaving for work and school will have a negative impact for lots of residents. Scraptoft is a one-way system and would not cope with such large amounts of traffic which will be heading towards the A47 down Station Lane. There is already congestion here during peak times without another 2,000 plus cars on top.  
Change To Plan: No  
Legally Compliant?: Yes  
Full Reference: O - 6142 - 6102 - SC1 clause 3, SC1 3i. - iii

6371 Object

Respondent: Mr Brett Taylor [6284]  
Agent: N/A  
Summary: I feel that the local infrastructure around scraptoft i.e. station lane that leads to the a47 would not be able to cope with the increased traffic I feel will be brought to the area  
Change To Plan: an upgrade in the local highways around the area would need massive improvement first to take the added increase in transport.  
Legally Compliant?: No  
Full Reference: O - 6371 - 6284 - SC1 clause 3, SC1 3i. - i, ii, iii, iv

6436 Object

Respondent: Mr Peter Freeston [6315]  
Agent: N/A  
Summary: The proposal is not sound because Keyham Lane West would need to be upgraded, and it already contains two large schools and a bus route and has recently received traffic calming measures. Any upgrading to Keyham Lane West is not mentioned in the plan. A similar problem will relate to New Romney Crescent, and the additional traffic leaving the village will contribute to the existing traffic congestion on Station Road every week day. This is a road that cannot be widened and additional traffic will add to the traffic problems already experienced on a daily basis at the A47 junction.  
Change To Plan: We have traffic congestion issues all around the area already, and so I strongly object, as additional traffic will only add to the problem. I propose that brown field sites within the area with far better transport links should be considered rather than this HUGE development.  
Legally Compliant?: Yes  
Full Reference: O - 6436 - 6315 - SC1 clause 3, SC1 3i. - None

6541 Object

Respondent: Miss Louise Bailey [6184]  
Agent: N/A  
Summary: The surround road infrastructure will not support the increased volume of traffic. Access via keyham Lane will be problematic as that road already has traffic calming measures and passes three schools. The access via new Romney crescent is too close to the brook.  
Change To Plan: Review access provisions to the site.  
Legally Compliant?: Yes  
Full Reference: O - 6541 - 6184 - SC1 clause 3, SC1 3i. - None
6550 Object

Respondent: Mrs Penelope Fielden [5046]

Summary: The main highway proposed through the development would NOT be fit for purpose and therefore brings into doubt the suitability of Scraptoft North for such a development.

Please see attached sheet for further details.

Change To Plan: See attached sheet for details

Legally Compliant?: No

Full Reference: O - 6550 - 5046 - SC1 clause 3, SC1 3i. - i

6629 Object

Respondent: Mrs Patricia Green [6072]

Summary: Keyham Lane West having just been upgraded with 20 speed bumps a 20 mph limit 3 major schools add to this Tesco roundabout completely blocked along Troon Way and Hungarton Boulevard morning and evening. Not a sound proposal. The alternative is along Beeby Road and Station Lane to the A47. This is already blocked morning and afternoon with people unable to get out of the side roads along Station Lane. children living in the old part of Scraptoft have to cross Beeby Road to get the school bus at the busiest time of the day. Definitely not well assessed.

Change To Plan: an outer ring road would be far more appropriate missing the village completely and skirting around keyham lane west the schools and the new housing estate just built along keyham lane IF land was available definitely needs to be properly assessed

Legally Compliant?: Yes

Full Reference: O - 6629 - 6072 - SC1 clause 3, SC1 3i. - i, ii, iii

6880 Object

Respondent: Ms Bindu Modi [6276]

Summary: This Policy not suitable and I Object. due to the following:
Increased Traffic
increased pollution
Loss of peaceful village life
Loss of local wildlife
Furthermore, please can you ensure the traffic does not come through on Hamilton lane or New Romney crescent as how will the residents gain access to property and the noise levels will be so high as well as pollution

Change To Plan: Don't build the houses!!!!

Legally Compliant?: Yes

Full Reference: O - 6880 - 6276 - SC1 clause 3, SC1 3i. - i

6926 Object

Respondent: Mrs Julie Pemberton [6446]

Summary: This is unsound due to the inadequate infrastructure which is already in place. Traffic already queues on three quarter of the length Station Lane in the mornings. Keyham Lane West has been widened recently and traffic calming put in place due to two schools along it, cars are parked everywhere, the roads in this area are county LANES and not suitable for the volume of traffic being proposed. Access should be taken away from the village as the one way system cannot cope.

Change To Plan: The infrastructure should be put in place before any building commences.

Legally Compliant?: Yes

Full Reference: O - 6926 - 6446 - SC1 clause 3, SC1 3i. - i

6945 Object

Respondent: kevin dias [6452]

Summary: far more than two points required which is why this must not go ahead

Change To Plan: must not proceed

Legally Compliant?: Yes

Full Reference: O - 6945 - 6452 - SC1 clause 3, SC1 3i. - ii, iii, iv
7127 Object

Respondent: Mrs Jennifer Smith [6432]
Agent: N/A

Summary: Beeby Road and Hamilton Lane will be access points for the development, I strongly disagree with this, as both roads are very narrow, with blind bends, making them not suited to the increased traffic flow. Beeby Road is already a cut through in the morning and evening for commuters to and from work, adding another 1200 houses with potentially 2 cars per household, will make these roads so busy

Change To Plan: Do not build 1200 Houses.
Or cut the amount down to half this

Legally Compliant?: No

Full Reference: O - 7127 - 6432 - SC1 clause 3, SC1 3i. - i

7223 Object

Respondent: Mrs Julie Freeston [6486]
Agent: N/A

Summary: This proposal is not sound as Keyham Lane West would need to be substantially upgraded to take all the new traffic created by such a large development. How feasible is this? The road would be used as a distributor road but already has two schools and a bus route and has recently had speed humps installed. The current traffic congestion would be increased massively.

Change To Plan: A much smaller development with more consultation re traffic would be more sensible in this area.

Legally Compliant?: Yes

Full Reference: O - 7223 - 6486 - SC1 clause 3, SC1 3i. - None

5946 Support

Respondent: Scraptoft Parish Council (Ms Sally Skyrme) [6009]
Agent: N/A

Summary: East west connection across the site is essential to stop traffic entering the village

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: S - 5946 - 6009 - SC1 clause 3, SC1 3i. - None

7115 Support

Respondent: THURNBY AND BUSHBY Parish Council (Mrs S Bloy) [2685]
Agent: N/A

Summary: Thurnby and Bushby Parish Councils has major concerns that the impact on existing residential and rural roads in and around Scraptoft, Thurnby and Bushby has been underestimated. See full text for details.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: S - 7115 - 2685 - SC1 clause 3, SC1 3i. - None
CHAPTER: Part C Places and Sites

6551 Object
Respondent: Mrs Penelope Fielden [5046]  Agent: N/A
Summary: If you can't adequately widen the roads or control the speed of cars along them how can you make it safe for pedestrians or cyclists? Where are our existing safe cycle routes located? You can't propose to connect to them if we haven't got any. Existing bus services are constantly under threat. Please see attached sheet for details
Change To Plan: see attached sheet
Legally Compliant?: No
Full Reference: O - 6551 - 5046 - SC1 clause 3, SC1 3j. - i

6856 Object
Respondent: Mr Richard Wayman [5147]  Agent: N/A
Summary: The increased traffic controls and safety at the round-about at Covert Lane and Station Lane and the zebra crossing need to be addressed. There have been a number of "near misses" at this intersection due to the increased traffic from the new developments such as Strawberry Fields.
Change To Plan: Please discuss and document how these traffic concerns will be mitigated.
Legally Compliant?: Yes
Full Reference: O - 6856 - 5147 - SC1 clause 3, SC1 3j. - None

6881 Object
Respondent: Ms Bindu Modi [6276]  Agent: N/A
Summary: This Policy not suitable and I Object. due to the following:
Increased Traffic
increased pollution
Loss of peaceful village life
Loss of local wildlife
Change To Plan: na
Legally Compliant?: Yes
Full Reference: O - 6881 - 6276 - SC1 clause 3, SC1 3j. - i

7139 Support
Respondent: Mrs Jennifer Smith [6432]  Agent: N/A
Summary: Usually with new housing developments, cyclists are last on the list to be thought of. For example, most households have more than one car, the houses built do not have sufficient parking facilities for 2 cars, so the owners tend to park on the road, blocking cycle paths, or making cycling difficult around developments
Change To Plan:
Legally Compliant?: Not Specified
Full Reference: S - 7139 - 6432 - SC1 clause 3, SC1 3j. - None
CHAPTER: Part C Places and Sites SC1 clause 3, SC1 k.

6168 Object
Respondent: Mrs Helen Taylor [6109]
Agent: N/A

Summary: What existing cycle routes? My husband is a keen cyclist and is not aware of any in the vicinity. The nearest designated cycle routes are on Hamilton Boulevard towards Troon Way and after the Trocadero petrol station. Improvement on routes into the city would be dependent on Leicester City not Harborough.

Change To Plan: better specification of how routes would connect and who would be responsible for building them and maintaining them

Legally Compliant?: No

Full Reference: O - 6168 - 6109 - SC1 clause 3, SC1 k. - i

6192 Object
Respondent: Mr Grahame Taylor [6231]
Agent: N/A

Summary: I am a keen cyclist and do not know of any existing designated cycle routes in this immediate area. Any new cycle routes into the city would be reliant of the cooperation of Leicester city.

Change To Plan: Be clear about how cycle routes would be connected and who would be responsible for the building and maintenance of them.

Legally Compliant?: No

Full Reference: O - 6192 - 6231 - SC1 clause 3, SC1 k. - i

6552 Object
Respondent: Mrs Penelope Fielden [5046]
Agent: N/A

Summary: Where are these local safe cycle routes the proposed plan would be connecting too? You can't propose to connect to them if we haven't got any. See attached sheet for details of objection.

Change To Plan: See attached sheet

Legally Compliant?: No

Full Reference: O - 6552 - 5046 - SC1 clause 3, SC1 k. - i

7227 Object
Respondent: Leicester City Council (Mr Jeevan Dhesi) [6399]
Agent: N/A

Summary: Opportunities for:
- links towards the development and the existing cycle network at Hamilton which would connect to the proposed North East of Leicester sustainable urban extension.
- Mitigation at junctions should include facilities for cycling and walking.
- Walking and cycling links from the development to local / district key centre(s) and services (including leisure, retail, education and health care) to Hamilton, Netherhall Road and Uppingham Road.

Change To Plan: 

Legally Compliant?: Not Specified

Full Reference: O - 7227 - 6399 - SC1 clause 3, SC1 k. - None

7131 Support
Respondent: Mrs Jennifer Smith [6432]
Agent: N/A

Summary: I am confused with this statement, because I cycle to work and back and there are no cycle routes in Scraptoft to do the improving too. Which cycle routes are you talking about I wonder.
- I welcome cycle routes, I do not welcome the housing development

Change To Plan: 

Legally Compliant?: Not Specified

Full Reference: S - 7131 - 6432 - SC1 clause 3, SC1 k. - None
CHAPTER: Part C Places and Sites SC1 clause 3, SC1 3l.

6171 Object

Respondent: Mrs Helen Taylor [6109]  
Agent: N/A

Summary: I am not sure how this can be guaranteed. This is solely at the whim of bus companies and Scraptoft has already seen the loss of a bus service on Station Road despite a new housing development. There is also no evening or Sunday bus service. Have bus companies been consulted, has there been a show of interest. Will the developer have to subsidise a service if no bus company is interested.

Change To Plan: make sure there is a bus company willing to provide a service before promising a 20 minute frequency bus service into the city.

Legally Compliant?: No

Full Reference: O - 6171 - 6109 - SC1 clause 3, SC1 3l. - i

6194 Object

Respondent: Mr Grahame Taylor [6231]  
Agent: N/A

Summary: This is a promise dependant on the whims of bus companies as we have seen with the withdrawal of a bus service on Station Lane Scraptoft, despite new housing development. Have bus companies been consulted as to whether they would be willing to provide this service. Would the developer need to subsidise this. At present there is no evening or Sunday bus service in Scraptoft.

Change To Plan: I feel that there should be some proof that this service will be provided before stating that it will happen.

Legally Compliant?: No

Full Reference: O - 6194 - 6231 - SC1 clause 3, SC1 3l. - i

6553 Object

Respondent: Mrs Penelope Fielden [5046]  
Agent: N/A

Summary: As bus services have already or are in the process of being cut or further restricted serving our village and along the A47 how can we have confidence in these proposals? How can we have faith that Harborough can provide this 20 min frequency bus service when it is allowing important bus services to constantly be under threat? E.g. the 747 bus along the A47. See attached sheet for further details of why not fit for purpose.

Change To Plan: See attached sheet for changes.

Legally Compliant?: No

Full Reference: O - 6553 - 5046 - SC1 clause 3, SC1 3l. - iii

6882 Object

Respondent: Ms Bindu Modi [6276]  
Agent: N/A

Summary: Scraptoft should remain a village, this frequency is only appropriate of areas that in city boundary

Change To Plan: Buses should run every 45 mins

Legally Compliant?: Yes

Full Reference: O - 6882 - 6276 - SC1 clause 3, SC1 3l. - i

7226 Object

Respondent: Leicester City Council (Mr Jeevan Dhesi) [6399]  
Agent: N/A

Summary: Contributions towards public transport infrastructure improvements are likely to be expected to support existing services and any new/extended services. Targeted bus services may be required to run to / from the city centre or serve any other relevant destinations e.g. Hamilton, Thurmaston etc. Strategy for removing 'bus pinch points' on key bus routes in the city, 5 relevant ones for further assessment are identified (see full representation). Other infrastructure required along the preferred route are expected to include, where appropriate:

* bus priority measures,
* bus gates,
* bus links,
* real time information
* bus shelters for bus stops serving the city.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: O - 7226 - 6399 - SC1 clause 3, SC1 3l. - None
7553 **Object**  
**Respondent:** Parker Strategic Land Limited [6459]  
**Agent:** Mr Andrew Hiorns [6429]  
**Summary:** The location is already well-served by public transport and extending the current services into the site can be achieved relatively easily and discussions are already underway with operators.  
**Change To Plan:** We consider this requirement is too onerous and should refer to 'peak hours' only.  
**Legally Compliant?:** Yes  
**Full Reference:** O - 7553 - 6459 - SC1 clause 3, SC1 3l. - ii

**6033 Support**  
**Respondent:** Mr Gary Shepherd [6055]  
**Agent:** N/A  
**Summary:** We should have a much better bus service now but unfortunately this has greatly been reduced recently and stops at 6pm and does not run at all on Sundays. The current service is woefully insufficient and there are no guarantees it will improve in the event of the development.  
**Change To Plan:**  
**Legally Compliant?:** Not Specified  
**Full Reference:** S - 6033 - 6055 - SC1 clause 3, SC1 3l. - None

**7117 Support**  
**Respondent:** THURNBY AND BUSHBY Parish Council (Mrs S Bloy) [2685]  
**Agent:** N/A  
**Summary:** This is essential. Recent cuts in the already poor bus services into the City of Leicester and within the PUA have greatly reduced provision for the local community.  
**Change To Plan:**  
**Legally Compliant?:** Not Specified  
**Full Reference:** S - 7117 - 2685 - SC1 clause 3, SC1 3l. - None

**CHAPTER:** Part C Places and Sites  
**SC1 clause 3, SC1 3m.**

**6884 Object**  
**Respondent:** Ms Bindu Modi [6276]  
**Agent:** N/A  
**Summary:** This is not necessary, Scraptoft should remain a Village and thus the community understand buses are infrequent  
**Change To Plan:** NA  
**Legally Compliant?:** Yes  
**Full Reference:** O - 6884 - 6276 - SC1 clause 3, SC1 3m. - i
CHAPTER: Part C Places and Sites

5989 Object

Respondent: Mr Stephen Pratt [5056]  
Agent: N/A

Summary: These alternatives are rarely used by commuters  
Change To Plan: Waste of time and money even attempting this  
Legally Compliant?: Yes  
Full Reference: O - 5989 - 5056 - SC1 clause 3, SC1 3n. - None

6173 Object

Respondent: Mrs Helen Taylor [6109]  
Agent: N/A

Summary: This is a very unspecific statement. I haven’t seen anything that has made any difference with any of the new housing developments around, despite having a similar clause. Most houses still seem to have on average 2 cars. This sounds like jargon.  
Change To Plan: Be specific what this package is and how it will be implemented.  
Legally Compliant?: No  
Full Reference: O - 6173 - 6109 - SC1 clause 3, SC1 3n. - i

6196 Object

Respondent: Mr Grahame Taylor [6231]  
Agent: N/A

Summary: What is this. I believe this was included in the granting of planning permission for the new developments around us, most households still seem to have 2 cars and not make use of any green travel package.  
Change To Plan: Specify more clearly what this is.  
Legally Compliant?: No  
Full Reference: O - 6196 - 6231 - SC1 clause 3, SC1 3n. - i

6554 Object

Respondent: Mrs Penelope Fielden [5046]  
Agent: N/A

Summary: Another example of an idea rather than an actual plan on how you are to do this and no previous attempts during all the previous construction and building in Scraptoft so how can this be trusted? See attached sheet for objections and comments on this.  
Change To Plan: See attached sheet  
Legally Compliant?: No  
Full Reference: O - 6554 - 5046 - SC1 clause 3, SC1 3n. - i

7228 Object

Respondent: Leicester City Council (Mr Jeevan Dhesi) [6399]  
Agent: N/A

Summary: Leicester has declared an Air Quality Management Area which includes parts of the A47 (E) corridor. Road traffic is the main source of pollution. Our adopted Air Quality Action Plan (2015-26) supports measures that reduce emissions and congestion that will ensure we will meet the EU targets for nitrogen dioxide by 2020. This would need to include:  
* Provision of monitoring equipment or enhancements to urban traffic control measures to mitigate development impacts.  
* Opportunities to encourage the use of low emission vehicles (including public transport).  
Change To Plan:  
Legally Compliant?: Not Specified  
Full Reference: O - 7228 - 6399 - SC1 clause 3, SC1 3n. - None
**5457 Object**  
**Respondent:** Dr Matthew Clarke [5227]  
**Agent:** N/A  
**Summary:** 13.2.9: Beeby Road is entirely unsuitable to service the increased traffic volume that this development would generate. It is a rural road, narrow and winding, and would require substantial upgrading to make it a safe transport route for all users. The increased flow of traffic through Scraptoft village, already under severe pressure from the Strawberry Fields and Goodridge developments, would have a detrimental impact on road safety, as well as a negative noise and environmental impact on residents. The increased traffic flow along Station Lane would have a similar detrimental impact on residents along that route.  
**Change To Plan:** If it is not possible to build the development in a more suitable and sustainable location, a substantial upgrade of the road system will be required to ensure the safety of road users and pedestrians alike, including appropriate traffic-calming measures and speed enforcement cameras.  
**Legally Compliant?** Yes  
**Full Reference:** O - 5457 - 5227 - SC1 clause 3, SC1 3o. - iv

**5659 Object**  
**Respondent:** Mr Morris Naylor [6093]  
**Agent:** N/A  
**Summary:** Scraptoft will not be able to accommodate the influx of traffic that would be made by a development of this size, on top of previous new builds in the surrounding area and traffic that uses it as a rat run to the A47. No provision is being made for the north to south commute apart from the A563 already in place. Journeys on this road, at peak times can take twice as long.  
**Change To Plan:** There needs to be a decent road network in place like the other large developments that are being proposed.  
**Legally Compliant?** Yes  
**Full Reference:** O - 5659 - 6093 - SC1 clause 3, SC1 3o. - i, ii

**5730 Object**  
**Respondent:** Ms Fiona Ashberry [5935]  
**Agent:** N/A  
**Summary:** One way system in Scraptoft unsuitable for more traffic.  
Traffic already queuing up Chuch Hill.  
A47 junction with Station Lane at capacity.  
Station Lane can't be widened.  
Keyham Lane West unsuitable as main thoroughfare.  
School students would be put at risk.  
**Change To Plan:** New bypass or ring road would be needed.  
**Legally Compliant?** No  
**Full Reference:** O - 5730 - 5935 - SC1 clause 3, SC1 3o. - iii

**5907 Object**  
**Respondent:** Mr Stephen Clifton [6170]  
**Agent:** N/A  
**Summary:** The proposed changes to the infrastructure are unsound and unworkable.  
There is traffic congestion on certain roads at peak times now.  
The increase volume of traffic to and from 1200 houses will make things worse.  
**Change To Plan:** Abandon the plan  
**Legally Compliant?** Yes  
**Full Reference:** O - 5907 - 6170 - SC1 clause 3, SC1 3o. - None
A package of measures on existing highway and transport networks will not solve the problem of a large increase in the number of people driving through the center of the narrow one-way system in Scraptoft. At peak times the village center has become increasingly congested and there is little scope to widen any of the central roads. Access to the major roads from Scraptoft, such as the A47 involves driving along Church Hill. Also, the village is already used as a through route to Barkby, Syston and the A46.

Change To Plan: Scraptoft’s road network cannot sustain more vehicles.
Legally Compliant?: Yes

We do not consider the package of mitigation to be well thought out or adequate for the additional traffic which would be generated by 1200 new homes on top of the 700 that have already been built in Scraptoft. We believe that the A6 to the south of the city has more potential for development and movement into the city than Scraptoft and the A47.

Change To Plan: The traffic lights at A47 Thurnby would need to be completely re-organised. The use of Keyham Lane West needs to be re-thought.
Legally Compliant?: Yes

A major concern is that the consequential, increased traffic flow through Thurnby, Bushby and Scraptoft will make what are already congested roads even more dangerous and create more pollution. These settlements have very poor transport links by bus, so a car is vital.

Change To Plan:
Legally Compliant?: Not Specified

There will definitely be a significant increase in traffic and it is hard to see how the Scraptoft one way system can be improved or Keyham Lane, also this would be dependant on Leicester City.

Change To Plan: Improvements to roads should be made before any building work is permitted.
Legally Compliant?: No

It has not been demonstrated that the traffic impacts of the SDA can be satisfactorily mitigated. New development and changes to the road layout raise doubt whether Keyham Lane West can be upgraded to act as the principle route serving a development of 1,200 houses. If it can’t function as the principle access traffic will find unsuitable alternative routes through residential areas in particular, the one way system through Scraptoft village. A number of junctions in Scraptoft and Thurnby are already at or are predicted to exceed their capacity by the time existing commitments are built.

Change To Plan: The SDA should not go-ahead unless the traffic impacts can be satisfactorily addressed and mitigated.
Legally Compliant?: Yes
6199 Object  
**Respondent:** Mr Grahame Taylor [6231]  
**Agent:** N/A  
**Summary:** It is difficult to see how existing roads can be improved to cope with the likely increase in traffic, especially through Scraptoft village with its narrow one way system and nowhere to widen. Other road improvements would be dependent on Leicester City. The traffic through Scraptoft at peak times heading down Station Lane regularly backs well past Pulford Drive, and this is without residents at the Goodridge development. The mini roundabout by the church would definitely need upgrading.

**Change To Plan:** I am not sure how the road system could be improved, but there any road improvements should be in place before development is permitted.

**Legally Compliant?:** No  
**Full Reference:** O - 6199 - 6231 - SC1 clause 3, SC1 3o. - i

6373 Object  
**Respondent:** Ms Sally Skyrme [6288]  
**Agent:** N/A  
**Summary:** Not fair on residents along Keyham Lane or Scraptoft and Netherhall.

**Change To Plan:** Instead of moving a golf course and building on it - keep the golf course and build somewhere else - such as where the golf course is being moved to.

**Legally Compliant?:** Yes  
**Full Reference:** O - 6373 - 6288 - SC1 clause 3, SC1 3o. - None

6543 Object  
**Respondent:** Miss Louise Bailey [6184]  
**Agent:** N/A  
**Summary:** The existing infrastructure is already heavily congested at certain parts of the day. I do not seen any way that improvements will alleviate this, only make it worse.

**Change To Plan:** The development should not go ahead for the reasons stated above.

**Legally Compliant?:** Yes  
**Full Reference:** O - 6543 - 6184 - SC1 clause 3, SC1 3o. - None

6555 Object  
**Respondent:** Mrs Penelope Fieden [5046]  
**Agent:** N/A  
**Summary:** Mitigation measures in this area would not be possible due to the recent building Leicester has carried out along the proposed route - therefore this part of the plan is NOT fit for purpose. Current building work along Keyham Lane West along with the two Leicester secondary schools located there would make it impossible to widen the road and ensure good traffic flow to and from Scraptoft North to Leicester along this route. See attached sheet for additional comments.

**Change To Plan:** see attached sheet for comments  
**Legally Compliant?:** No  
**Full Reference:** O - 6555 - 5046 - SC1 clause 3, SC1 3o. - i, iii

6651 Object  
**Respondent:** SCRAPTOFT Parish Council (Mr P Elliot) [4520]  
**Agent:** N/A  
**Summary:** I am concerned that this policy does not adequately take into account the study by Edwards and Edwards on options for the location of housing on travel and transport in the east and south East of the principal urban Area. Those traveling South and East from the proposed development would have very little option but to travel via Scraptoft Lane or through Scraptoft Village onto Station Lane and down to the A47 which will involve negotiating a small island at the Scraptoft end of Station Lane and traffic lights at the A47, neither of which can cope with present traffic.

**Change To Plan:** Traffic traveling from the development and further afield traveling south along Hamilton Lane would need to be diverted from traveling up into the village, also traffic traveling along Beeby Road from the North and East, would need to be diverted away from the village across any new development to Hamilton Lane, as no more traffic can be taken through the village.

**Legally Compliant?:** Yes  
**Full Reference:** O - 6651 - 4520 - SC1 clause 3, SC1 3o. - iv
6724 **Object**  
**Respondent:** Mr & Mrs J Trafford [844]  
**Agent:** N/A  
**Summary:** Lack of specific detail.  
Traffic flow on Station Lane /Rd  
Covert Lane roundabout safety issues.  
**Change To Plan:** Yes.  
Larger roundabout. Zebra crossing moved up Covert Lane with new footpath on the south side.  
New measures at A47 junction to aid traffic flow at peak time.  
N.B I have no idea how to answer the following 3 questions? There needs to be a don't know.  
**Legally Compliant?:** Yes  
**Full Reference:** O - 6724 - 844 - SC1 clause 3, SC1 3o. - None  

7119 **Object**  
**Respondent:** Mrs Jennifer Smith [6432]  
**Agent:** N/A  
**Summary:** I object to 1200 houses being built, because the one way system in Scraptoft has no scope to widen the roads to allow the increased flow of traffic through the village.  
The village roads are busy all day now, especially during peak times, with all the extra cars, the roads won't be able to cope with the extra traffic.. Increased Traffic coming through the village will mean a queue forming and hold ups at he top of Church Hill and also at station Road junction onto the A47  
**Change To Plan:** ideally, do not build 1200 houses, half this number and build 600 houses  
**Legally Compliant?:** No  
**Full Reference:** O - 7119 - 6432 - SC1 clause 3, SC1 3o. - i  

7225 **Object**  
**Respondent:** Leicester City Council (Mr Jeevan Dhesi) [6399]  
**Agent:** N/A  
**Summary:** Highway links and junctions that are currently of concern and may need further assessment are:  
* A47 Uppingham Road corridor;  
* A563 Outer Ring Road ;  
* Spencefield Lane junctions with the A47 Uppingham Road, Goodwood Road and Evington Lane (routes towards the north and south of the city); and  
* Ambassador Road / Wicklow Road / Green Lane Road.  
The following would also need to be considered:  
* Traffic calming measures to deter rat running if appropriate.  
* Road safety measures to alleviate any accident 'hotspot' areas.  
* Contributions towards improvements of urban traffic control systems and equipment, and the implementation of new technology to enable more efficient and responsive movement of traffic around the city.  
**Change To Plan:**  
**Legally Compliant?:** Not Specified  
**Full Reference:** O - 7225 - 6399 - SC1 clause 3, SC1 3o. - None  

7296 **Object**  
**Respondent:** Mrs Penelope Fielden [5046]  
**Agent:** N/A  
**Summary:** Residents of Scraptoft will see their living environment deteriorate due to increased cars travelling through our village due to the road/travel plan NOT being fit for purpose - increased noise, air pollution, accidents  
**Change To Plan:** Build nearer to existing road infrastructure in Harborough district.  
**Legally Compliant?:** Not Specified  
**Full Reference:** O - 7296 - 5046 - SC1 clause 3, SC1 3o. - None
7374 Object
Respondent: Mr Anthony Ingall [6176]  
Agent: N/A
Summary: I am very concerned of the traffic impact on the additional 1200 houses in Scraptoft village centre and Station Lane, as there has already been in the last seven years over 700 houses already been built. If this proposal is granted, a total of 1294 new houses being built will remove our village status into a town. This is not what the residents of Scraptoft want.
Change To Plan: I don't believe Scraptoft can sustain any more houses and I am concerned regarding the drainage.
Legally Compliant?: No
Full Reference: O - 7374 - 6176 - SC1 clause 3, SC1 3o. - i, ii, iii, iv

7375 Object
Respondent: Mrs Barbara Ireland [6062]  
Agent: N/A
Summary: Scraptoft village and Station Lane will not be able to cope with extra traffic, lorries etc that 1200 houses would create as its already used as a "rat run" from Hamilton to reach A47 and Scraptoft lane, resulting in long delays at peak time.
Proposed new route via Keyham Lane West already has schools and college on route so would not be safe for children and parents. The Tesco roundabout and Troon Way is already very congested.
Change To Plan: 
Legally Compliant?: Yes
Full Reference: O - 7375 - 6062 - SC1 clause 3, SC1 3o. - None

7380 Object
Respondent: Mrs Irene Trewin [6068]  
Agent: N/A
Summary: We have a dangerous amount of traffic going through Scraptoft now, the village one way system cannot take any more, it is dangerous for all ages to cross the road on Main Street and Church Hill. At peak times the queuing of cars is unbearable, it takes so much longer for children to get to school and adults to get to their places of work. Station Lane cannot take any more traffic. It is going to get worse with the Pulford Drive development & Beeby Road - Are you waiting for a major accident to happen?!
Change To Plan: 
Legally Compliant?: Yes
Full Reference: O - 7380 - 6068 - SC1 clause 3, SC1 3o. - None

7436 Object
Respondent: Mr Lewis Johnson [5631]  
Agent: N/A
Summary: Regarding the Local Plan and the proposal to build 1200 houses at Scraptoft North. Traffic congestion in the narrow roads of Scraptoft village, will result from the traffic that wishes to go south or east.
Whilst I understand that Keyham Lane will be widened, enabling the traffic to join the Leicester ring road. This ends at Evington. Therefore the majority of such traffic will cut through Scraptoft, Thurnby, Stoughton and Oadby.
Change To Plan: 
Legally Compliant?: Not Specified
Full Reference: O - 7436 - 5631 - SC1 clause 3, SC1 3o. - None

7508 Object
Respondent: Mr Michael Newell [6316]  
Agent: N/A
Summary: I have concerns re the current and further development at Scraptoft. There is inadequate infrastructure to support the current development let alone further development. Church Hill is the only road that provides access to Scraptoft and the A47 from the new development. It is an accident waiting to happen, especially when there is a service or other function at the Church.
I think the exit off the new development at Beeby Road is in the wrong place and should be approximately 100 yards further up the road away from Scraptoft.
Change To Plan: 
Legally Compliant?: Not Specified
Full Reference: O - 7508 - 6316 - SC1 clause 3, SC1 3o. - None
I consider the Local Plan to be unsound because it does not take into account the lack of road infrastructure in the area to account of the extra traffic. The roads are already saturated at peak times. This will get worse as 300 house developments take place on Pulford Drive and at Bushy Woods. Also the 4,500 houses at Thurmaston and Barkby Thorpe, some of which will use Hamilton Lane to get to the A47. The village streets are narrow and there are often hold ups.

Traffic-calming measures and speed enforcement cameras around the village are required under the present volume of traffic and so a thorough-going assessment and provision of the requisite mitigation measures would be essential to promote a safe environment throughout the village, especially along Beeby Rd, Main Street, Church Hill, Station Lane, and Pulford Drive, which are all routes used substantially by pedestrians and cyclists, including primary and secondary school children commuting to and from school or bus stops.

Support. I am very concerned at the impact of an additional 1200 houses (over and above those dwellings for which Planning consent has already been granted in recent years) on the local road network. Existing local road networks are up to capacity with major queues at junctions and heavy vehicle flows through our village centres and to date, no satisfactory mitigation measures have put in place. Air Quality and Pollution are another worry. This aspect will need serious consideration and Highway measures/improvements to surrounding settlements must be insisted upon as part of any Planning permission granted.
6556  **Object**  
**Respondent:** Mrs Penelope Fielden [5046]  
**Agent:** N/A  
**Summary:** Parking is already a problem in areas of Scraptoft and has been reported as such to no avail. This needs to be sorted first before additional building and cars are added to the area. Construction traffic too has caused problems with parking on verges etc over the past few years so although The Plan is to make this better it does not inspire confidence. See attached sheet for further details.  
**Change To Plan:** See attached sheet.  
**Legally Compliant?** No  
**Full Reference:** O - 6556 - 5046 - SC1 clause 3, SC1 3p. - i

6774  **Object**  
**Respondent:** Leicester City Council (Mr Jeevan Dhesi) [6399]  
**Agent:** N/A  
**Summary:** Suggest the inclusion that SMART improvements - the application of modern technologies and management strategies to improve the performance of the highway and transport system.  
**Change To Plan:** Suggest the inclusion that SMART improvements - the application of modern technologies and management strategies to improve the performance of the highway and transport system.

Policy should not rule out the potential to locate the built element of the school within the (existing/retained) Green Wedge area at this stage. The proposed master plan should be able to assess and evaluate options, which can include for issues such as the availability of alternative sites, timings, scale and nature of the school (including community uses) and such like.

Area defined as Green Wedge should be considered as a potential location for the new primary school because it:
- is unconstrained,
- is well-located to serve the proposed and existing population / village
- offers an opportunity to provide a larger community facility for use by the wider community.
- currently has buildings of a similar scale within it
- would occupy less than 6% of proposed retained Green Wedge, and pitches / outdoor space would be compatible with policy GD7
- would not compromise the objective of maintaining separation
- offers associated public benefits of; additional access and new facilities

The current golf course area would not be available for development for around 3 years. Delivery would therefore start elsewhere, to the south of the SDA area. The trigger point (SC1.3 criteria e) for the school and our trajectory for housing delivery would require school construction to start before 3 years meaning it must be on land in the South of the SDA.

**Change To Plan:** If the primary school is considered incompatible with the Green Wedge policy as it stands, we recommend the area east of New Romney Crescent within the SDA is omitted from the Green Wedge. Alternatively, that criteria r. is revised to read as follows:
- retention of the area bounded by New Romney Crescent, Hamilton Lane and Scraptoft Lane as predominantly open space uses to prevent the merging of Leicester and Scraptoft, and to provide recreational and other community facilities (including the primary school), for new and existing residents of the locality.

---

**Support**

**Respondent:** Mrs Margaret Garven [6146]

**Summary:** The Green Wedge bordered by New Romney Crescent, Hamilton Lane and Scraptoft Lane is an open grazing area for horses. It is of an uncultivated, quaint and almost unkempt nature but provides a complete contrast to the manicured and artificial nature of other nearby green areas and parks at Scraptoft, Netherhall Road and Thurncourt. The area has a variety of flora and fauna. Although not open to the public local people, especially children, do enjoy seeing the horses and observing a traditional rural outlook. This area should be left untouched and remain as it is.

**Change To Plan:**

**Legally Compliant?**: Not Specified

**Full Reference:** S - 6151 - 6146 - SC1 clause 3, SC1 3r. - None
6640 Object

Summary: Building 1200 houses will cause irreparable damage to the landscape and natural vegetation of Scraptoft. Although "...retention and enhancement of visually important hedgerows and boundary trees..." has been included in the plan this does not justify the destruction of a very large area of natural habitat. Also, no provision has been made for the preservation of the tree-lined BRIDLEWAY which runs from Hamilton Lane, through the golf course and out to Beeby Road near keyham Lane Junction. This is used regularly by horse-riders.

Change To Plan: Reconsider

Legally Compliant?: No

6956 Object

**Respondent:** Mrs Margaret Garven [6146]  
**Agent:** N/A

**Summary:** The village of Scraptoft is situated in a valley and forms part of a flood plain. The building of 1200 houses on the surrounding higher ground will increase the amount of surface water. The Scraptoft brook has limited capacity and often floods where it passes under Hamilton Lane. After a heavy rain storm water often runs down Church Hill into Main Street. This has increased since the building of houses around the Hall. The geographical location of Scraptoft and an increasing amount of rainfall, due to climate change, will create real problems in the future.

**Change To Plan:** Reconsider suitability of this site.

**Legally Compliant?** Yes

**Full Reference:** O - 6956 - 6146 - SC1 clause 3, SC1 3t. - None

7106 Object

**Respondent:** Mrs Patricia Green [6072]  
**Agent:** N/A

**Summary:** as the golf course sits on high ground above low lying Scraptoft which already has seen flooding over the last few years due to other housing developments on high ground without vast changes to the drainage system no way could I think of supporting this huge development which is completely unwarranted. this 18 hole golf course should stay as the huge amount of trees act as a natural drainage system and is a natural extension to our much loved nature reserve the huge quantity of concrete required for this development would be devastating for the environment

**Change To Plan:** I am not a drainage expert but a vast drainage system would need to be provided. nature is the best protector against surface water low lying houses along hall road have wet gardens all year round since the previous developments were built even the experts cant get it right

**Legally Compliant?** Yes

**Full Reference:** O - 7106 - 6072 - SC1 clause 3, SC1 3t. - i, ii, iii

7322 Support

**Respondent:** Severn Trent Water (Rebecca McLean) [6157]  
**Agent:** N/A

**Summary:** Foul flows from the development will join a 225 mm dia foul pipe on Hamilton Lane. Surface Water flows will join local network or drain directly to Scrapcroft Brook. There are no reported floodings nearby. However further D/S there is a large flooding cluster on Upingham Rd and The Portney Road. Flows from the development may exacerbate flooding in these locations. Topography of the site means that pumps won't be required on site.

**Potential impact on sewerage infrastructure:** Low

**Change To Plan:**

**Legally Compliant?** Not Specified

7087 Object  
**Respondent:** Mrs Margaret Garven [6146]  
**Agent:** N/A  
**Summary:** How can the Scraptoft Brook be "naturalised"? Surely its present state is the natural one created by the habitat through which it flows. Any measures to "naturalise" it will, therefore, be ARTIFICIALLY created and, as usual, would end up with an "idealised" cosmetic appearance of what the developers think "natural" should look like. Also, there is no mention of how this will affect the residents of Keays Way and Hall Road whose gardens border the Scraptoft Brook.  
**Change To Plan:** The brook should be left in its natural state as should the surrounding area with NO building taking place.  
**Legally Compliant?** No  
**Full Reference:** O - 7087 - 6146 - SC1 clause 3, SC1 3w. - None

6066 Support  
**Respondent:** Miss Susan Elgar [5936]  
**Agent:** N/A  
**Summary:** Not sure what this entails. The brook clearly needs to be maintained and the water that is currently entering from Beeby Road area has already had an impact on the amount of silting, clearly looks like builders sand, which has had an adverse effect on wildlife that is supported by the Brook. Also adding to the fact that it now floods with heavy rainfall.

**Change To Plan:**  
**Legally Compliant?** Not Specified  
**Full Reference:** S - 6066 - 5936 - SC1 clause 3, SC1 3w. - None
7118  **Object**  
Respondent: Mrs Margaret Garven [6146]  
Agent: N/A  
Summary: The so called (quote) .... "retention of habitat connectivity".... is not possible if 1200 houses and other buildings are to be built. The huge land area required will destroy the existing habitat. It is not possible to replace the value of the existing herb rich grassland without making changes to the flora which already grows there or adding others which do not grow there naturally (and, maybe, destroying others which do). The proposed plan will cause the destruction of the majority of the natural habitat surrounding Scraptoft and change its semi-rural nature.  
Change To Plan: Do not destroy this habitat with building developments.  
Legally Compliant?: No

Respondent: Miss Chloe Bibby [6241]  
Agent: N/A

Summary: Golf course should stay in Scraptoft.

Change To Plan: Find land elsewhere beyond the boundaries of the Golf Course for housing, or reduce housing target for Scraptoft.

Legally Compliant?: Not Specified

Full Reference: O - 6544 - 6241 - SC1 clause 4 - i

6671 Object

Respondent: Mrs Penelope Fielden [5046]  
Agent: N/A

Summary: SGC has an illustrious history on its present site and is well known and liked. It provides great recreational facility with added bonus of being part of our Green Wedge. Leicester City Council has held it hostage over not allowing the lease on 4 holes to be renewed. Golf Club doesn't want to move and we don't want it to! Proposing to build replacement course other side of Houghton seems mad - Harborough need to preserve what we already have and not give in to pressure from Leicester. Too many provisos listed below to allow for not building replacement anyway!

Change To Plan: Request that Leicester renew the lease on the 4 holes and allow the golf course at Scraptoft to continue as is. It is part of our Scraptoft Neighbourhood Plan 2016 Green Wedge and provides a very important function n that respect. Preserve this recreational facility as it is also an important wildlife habitat that would be decimated by the proposed plan to build 1200 houses on it plus roads and doctor's surgery, primary school and retail units.

6141 **Object**

**Respondent:** Mr Brian Quinn [6227]  
**Agent:** N/A  

**Summary:** The nature reserve is a unique asset. There is abundant wildlife in it, deer, foxes, owls, grouse, woodpeckers etc. and to destroy an area that has already been left undisturbed for so long would be foolish. Who needs a park when the nature reserve was already there. Previous mismangement of the area, grazing, is not a justification for abandoning it. Rather it is a case for sorting out the matter

**Change To Plan:** The nature reserve should be retained and possibly increased. Improving access from the east would be good and benefit those that live on that.

**Legally Compliant?**: Yes  
**Full Reference:** O - 6141 - 6227 - 13.2.11 to 13.2.13 Environment explanation - iii

6560 **Object**

**Respondent:** Mrs Margaret Garven [6146]  
**Agent:** N/A  

**Summary:** This proposal will destroy and not enhance the village of Scraptoft and its outlying areas. The location of the building development is not sensitive to the existing landscape nor will it enhance the local environment. Instead it will destroy the village distinctiveness, cause substantial harm to the landscape, heritage and historic environment. It will not safeguard surrounding views nor will it provide mitigation for damaged rural features. Scraptoft lies in a valley and any houses built on the valley slopes to the north will be visible from afar (as are those recently built on Beeby Road)

**Change To Plan:** Reconsider.

**Legally Compliant?**: No  
**Full Reference:** O - 6560 - 6146 - 13.2.11 to 13.2.13 Environment explanation - ii

6598 **Object**

**Respondent:** Mr Niles Holroyde [6378]  
**Agent:** N/A  

**Summary:** Loss of Nature Reserve and loss of trees on Golf Course. The Nature Reserve must be protected as much for its historic importance as its wildlife value and the landscape value of the existing Golf Course must be protected.

**Change To Plan:**

**Legally Compliant?**: Not Specified  
**Full Reference:** O - 6598 - 6378 - 13.2.11 to 13.2.13 Environment explanation - None

6614 **Object**

**Respondent:** Mr David Campbell [6269]  
**Agent:** N/A  

**Summary:** Local Nature reserve designation was sound in 1999 and remains more so in light of recent development. It appears to have become a major feeding ground to a number of birds. Species seen deer, rabbits, foxes, kites, bats, owls, green woodpeckers, kingfisher, hedge sparrows, thrushes, yellow wagtails, robins, wrens, great-tits, chaffs, starlings, song thrushes, numerous butterflies. It would be beneficial to wildlife if the nature reserve was extended with a corridor through the existing golf course of around 100 metres wide to the open land north of the developments.

**Change To Plan:**

**Legally Compliant?**: Not Specified  
**Full Reference:** O - 6614 - 6269 - 13.2.11 to 13.2.13 Environment explanation - None

6461 **Support**

**Respondent:** Mrs Penelope Fielden [5046]  
**Agent:** N/A  

**Summary:** I fully support that IF development was allowed it is imperative to preserve as many trees as possible. However, from personal experience developers” say trees are diseased and cut them down anyway.

Harborough has done little in the way of tree protection, enforcement and prosecution in Scraptoft when people move into the new houses and chop down the trees in their gardens! The number of houses and roads as well as proposed doctor's surgery, primary school, retail development for the site seems incredibly high and I feel Harborough will NOT preserve enough of the wonderful trees and vegetation here..

**Change To Plan:**

**Legally Compliant?**: Not Specified  
**Full Reference:** S - 6461 - 5046 - 13.2.11 to 13.2.13 Environment explanation - None
5843 **Object**

**Respondent:** Mrs Margaret Garven [6146]  
**Agent:** N/A

**Summary:** To destroy a well established golf course in Scraptoft in order to accommodate a large housing development and then re-create another golf course elsewhere seems to be somewhat illogical and unnecessary. The scale of such an undertaking will cause immense disruption to the Scraptoft area and to the neighbouring Leicester City residents. The Leicester City Council itself, who own the land on which part of the Golf course is situated, also, needs to consider the feasibility of this proposal and the impact it will have on the local community and the loss of a recreational facility.

**Change To Plan:** The golf course should not be considered as a suitable site for a housing development.

**Legally Compliant?** Yes

**Full Reference:** O - 5843 - 6146 - 13.2.14 golf course explanation - None

**6957 Object**

**Respondent:** Kevin Dias [6452]  
**Agent:** N/A

**Summary:** It should remain where it is as it is adequate

I totally object to the development of the 1200 new homes as it will cause major disruption to the area. I have concerns with traffic, noise, pollution, and the major disruption to the natural wildlife and greenery of the area. It will also have a massive impact to the schools, doctors surgeries, hospitals, and nurseries in the area which area currently struggling without the added pressure. The roads cannot handle the traffic now and I fail to see how an additional 1200 homes will manage.

**Change To Plan:** It must not go ahead

**Legally Compliant?** Yes

**6019 Object**

**Respondent:** Market Harborough Civic Society (Bernard Bowen) [3938]  
**Agent:** N/A

**Summary:** In Para 14.1.3 there is a reference to public transport improvements in Market Harborough. We have referred elsewhere to our concerns about the status and contents of the Transport Strategy. However we are not aware that there are any proposals in the strategy for improving public transport. in the Town.

**Change To Plan:** Before any more development is allowed in the Town a strategy for improving public transport CIRCULATING IN THE TOWN IS NEEDED. A TWENTY MINUTE BUS SERVICE IS SUGGESTED WHICH CONNECTS WITH ALL THE MAIN FACILITIES AND GIVES ACCESS TO ALL NEIGHBOURHOODS..

**Legally Compliant?** Yes

**7480 Object**

**Respondent:** Mr Robert Mason [836]  
**Agent:** N/A

**Summary:** We have suffered complete and utter traffic chaos in Market Harborough for many. Pollution, congestion, and a lack of suitable parking all pose a risk to our health and wellbeing. All major junctions are congested particularly in the morning and afternoon with ever increasing amounts of traffic , the Town must have a further bypass and the one way system around Fairfield Road and Abbey Street sending forty ton articulated lorries into the centre of the Town is total madness. The bridges on Rockingham Road and Kettering Road are a cause of major congestion.

**Change To Plan:**

**Legally Compliant?** Not Specified

**Full Reference:** O - 7480 - 836 - 14.1 Introduction - None
5378 Object

Respondent: Market Harborough Civic Society (Bernard Bowen) [3938]
Agent: N/A

Summary:
Following our comments relating to H1.
This development will aggravate the traffic problems in the Town and cause danger and disturbance to other road users (as identified by the County Council). Main access to Town is Kettering Road. The problems at the Kettering Road bridge will be aggravated-priority given to traffic heading out of Town. MHTS 2016 contains no viable proposals to solve problem.
Problems will also be aggravated in Scotland Road and Gores Lane as motorists try to avoid problems.
Even if motorists can get on to A6, access to town restricted in Rockingham Rd.
Local Centre not proved viable.

7238 Object

Respondent: Kettering Borough Council (Ms Julia Baish) [6480]
Agent: N/A

Summary:
KBC doesn't consider that the site is a suitable location for residential development of the scale proposed for following reasons:
- adverse wider landscape impacts associated with the scheme which could not be effectively mitigated against.
- doesn't constitute sustainable development, due to open countryside location and remoteness from Market Harborough town centre
- significant negative impact on the landscape.
Sustainability Appraisal noted. For this site 'Landscape capacity to change' identified as high and scored as 'promotes sustainable growth'. KBC disagrees with this assessment. Site is in a highly visible location which would have adverse impacts on the wider landscape.

5879 Support
Respondent: The Owners of Market Harborough Land [6134]  
Agent: DLA Town Planning (Mr Simon Andrews) [5744]
Summary: 
A Contamination Desk Based Assessment was carried out for the site in December 2015, which showed the site had a low to medium environmental risk. Any risk was associated with particular parts of the site, mainly the area to the west of the site. However, land adjacent to this part of the site has already been developed for housing purposes and there would appear no reason why this part of the site cannot also be developed. Additional survey work was recommended to be carried out after the outline planning permission stage.

MH3 Clause 1

5377 **Object**

Respondent: Market Harborough Civic Society (Bernard Bowen) [3938]  
Agent: N/A

Summary: The site adjoins a 400 housing development served by Alvington Way. The boundaries were carefully considered when the estate was approved. Development of the Farm will represent an intrusion in to the countryside setting of the estate, be detrimental to amenities of residents and views from the north, and detract from gap with Gt Bowden.  

The estate and its roads were not designed to take extra traffic. There are no local facilities so the development will create extra traffic moving to and from those facilities. Walking, cycling and public transport not an alternative. Detrimental to residents.

Change To Plan: Look to allocate more land at Airfield Farm.

Legally Compliant?: Yes

Full Reference: O - 5377 - 3938 - MH3 Clause 1 - i, ii, iii

5391 **Object**

Agent: N/A

Summary: SEE OUR RESPONSE TO H1

Change To Plan: Delete allocation. Consider more land adjoining Airfield Farm

Legally Compliant?: Yes

Full Reference: O - 5391 - 3938 - MH3 Clause 1 - i, ii, iii, iv

5543 **Object**

Respondent: MRS JANET HOLLINGSWORTH [6042]  
Agent: N/A

Summary: As a resident of 18 years and after purchasing a house that overlooked green belt when it was bought, and at the time when greenbelt was protected; I am somewhat dumbfounded to have this now being taken away for housing. The impact the increased traffic will have on a quiet back road will be considerable. I have major concerns about flooding on this site. We have all had historic problems with flooding since living here and the removal of these fields can only make drainage issues even more relevant.

Change To Plan: The developers need to choose sites with better access options than Burnmill farm and also negotiations with the farm owner who is selling the land about coming up with better access options if it does go ahead.

Legally Compliant?: Yes

Full Reference: O - 5543 - 6042 - MH3 Clause 1 - None

5732 **Object**

Respondent: Mrs Claire Sixt [6092]  
Agent: N/A

Summary: The proposed housing development on part of the Burnmill Farm will damage a very important green space combined mixed agriculture and some forestry which is an important corridor for wildlife including deer, foxes, voles, fieldmix, hedgehogs, owls and raptors moving around Harborough and Great Bowden and needing the resource afforded by the high ground on which the development is proposed: the remaining lower fields are not a substitute. It will therefore damage a vital green space and compromise national policy.

Change To Plan: The proposed housing development on the Burnmill Farm land should not be given permission to proceed.

Legally Compliant?: No

Full Reference: O - 5732 - 6092 - MH3 Clause 1 - ii, iv

5738 **Object**

Respondent: Mrs Claire Sixt [6092]  
Agent: N/A

Summary: The proposal to use Kingston Way and Bates Close as the access route for the proposed new Burnmill Farm development is unsuitable and unsafe for pedestrians and especially for children walking to school. The proposed 5ft wide extension with no pavements at the end of Kingston Way will leave children walking on the highway at risk from traffic. Those from houses nearer the Burnmill Road would have to walk a long west and then all the way back east along Kingston Way to get to Robert Smyth or Ridgeway Schools, which most will use: this is entirely unsuitable and unsafe.

Change To Plan: If the proposed development is to be built at all, access should be through a road built over the current Burnmill farm access road linking directly with the Burnmill Road, widened up to the reservoir (there is plenty of space for this) and with hedgerows and trees reinstated elsewhere to preserve the very important wildlife corridor.

Legally Compliant?: No

Full Reference: O - 5738 - 6092 - MH3 Clause 1 - i, ii, iii, iv
5749 Object

Respondent: Mr David Moore [6110]  
Agent: N/A

Summary: I live on Bates Close that is immediately next to the proposed development and I am very concerned about;

a) the scale of development in an area of natural beauty
b) increased vehicular use of Bates Close/Kingston way resulting in noise, danger to children and diesel exhaust pollution, now known to be a significant risk to human health,
c) the visual impact of the new housing on what is presently farmland,
d) damage to the natural habitat of rare species

I have lived here for nearly 20 years and specifically bought in this location to be next to the countryside

Change To Plan: Significant reduction in the proposed size of the new development, making it more proportionate to the existing (award winning) estate  
Construction of a separate access road directly off Burnmill Road; reducing vehicle movements through what is a narrow residential “close”, hence reducing air pollution and increasing child safety  
Creation of an “environmental separation zone” between the proposed new and existing housing including newly planted trees to minimise visual intrusion and protect existing very low ambient noise levels of below 35Db (a)

Legally Compliant?: Yes

Full Reference: O - 5749 - 6110 - MH3 Clause 1 - None

5883 Object

Respondent: Mr Paul Henry [6165]  
Agent: N/A

Summary: This development will limit opportunities for the residents of the existing dwellings to gain reasonable access to their own properties. As the increased traffic will have an adverse effect on the residential amenity of residents, by reason of (among other factors) significantly increased traffic associated noise*, disturbance* as well as overlooking, loss of privacy, overshadowing, etc of properties along the border between the existing and new development at MH3

Change To Plan: Remove development MH3 from the plan.

Legally Compliant?: No

Full Reference: O - 5883 - 6165 - MH3 Clause 1 - i, ii

5886 Object

Respondent: Mr Paul Henry [6165]  
Agent: N/A

Summary: The Layout and Site at MH3, both in itself and relation to adjoining buildings, spaces and views, is inappropriate and unsympathetic to the appearance and character of the local environment. The site is located in a predominantly residential area where residents could reasonably expect a level of amenity concurrent with their property. The new development at MH3 is likely to result in noise, disturbance and nuisance to the detriment of neighbour’s residential amenity due to the fact that the only entrance and egress is via Kingston way..

Change To Plan: Remove development MH3 from the plan and or require access to the site from the Leicester Road.

Legally Compliant?: No

Full Reference: O - 5886 - 6165 - MH3 Clause 1 - i, ii

6145 Object

Respondent: Mr Jeff Forrest [6228]  
Agent: N/A

Summary: We consider that 90 dwellings is too many due to the significant impact of the new local traffic using the only access point off Kingston way. This is a winding multi junction road already needing vicious traffic calming measures. Whatever the final agreed number of dwellings is this needs to be adhered to by the developers unlike the figure of over 100 dwellings in the current proposals by David Wilson Homes.

Change To Plan: A reduction in the number of dwellings reducing the new local traffic or an alternative more direct site access. Provision of infrastructure to enable lower environmental impact such as electric vehicles and cycles.

Legally Compliant?: Yes

Full Reference: O - 6145 - 6228 - MH3 Clause 1 - None
6146 Object
Respondent: Mrs N Stanley [1279]
Summary: The proposed new road linking the north of the town to the west should be considered when approving any new development off any Alvington Way. It will increase traffic along Alvington Way making it a through road to the East of Market Harborough to avoid the town centre.
Change To Plan: The Burnmill Farm development site should only be considered if it can be shown that the potential increase in traffic from the new road will not impact on overall traffic using Alvington Way.
Legally Compliant?: Yes
Full Reference: O - 6146 - 1279 - MH3 Clause 1 - None

6208 Object
Respondent: Mr Steve Orr [6246]
Summary: The proposed development on this land is crazy due to:
> The access in to the development being from Bates Close, how can access to a development be permitted from a close. The increase in traffic in to a Close for 90 dwellings is not fit for purpose.
> The planned development is not in keeping with Burnmill Grange (Alvington Way) area.
> There are also environmental and ecological aspects that will be affected by this proposed development due to the diverse wildlife that have habitats on this land.
Change To Plan: Moved to the open land off Airfield park.
Legally Compliant?: No
Full Reference: O - 6208 - 6246 - MH3 Clause 1 - ii

6216 Object
Respondent: Mr Steve Orr [6246]
Summary: The planned dwellings are not in keeping with this area and will significantly impact the visual landscape of this area.
Change To Plan: It should reflect the local area and not squeeze dwellings of this nature that are not in keeping with Burnmill Grange. I would expect dwellings of this nature to be positioned in a new development area away from a nice development. A precedent for suitable positioning is similar to the development opposite the Harborough Leisure Centre, where a mix of properties were built in an area that did not adversely affect the local area. This mix of housing should go on the proposed Airfield site.
Legally Compliant?: No
Full Reference: O - 6216 - 6246 - MH3 Clause 1 - i

6312 Object
Respondent: Mr Richard Beer [6263]
Summary: The location of the development means the objective of reducing car use will not be achieved. Amenities are not close with schools in particular not in practical walking distance. Car use will therefore be above average compared to other areas in the town closer to shops, schools etc.
Change To Plan: To lessen the impact reduce the development area and number of houses to the original area proposed 20 years ago and omit the area nearest the water reservoir end.
Legally Compliant?: Yes
Full Reference: O - 6312 - 6263 - MH3 Clause 1 - ii

6527 Object
Respondent: Mrs Sarah Verbruggen [6357]
Summary: Having seen the David Wilson plans it is clear that 90 houses being built on site would
Change To Plan: Reduce the number of houses being built.
Legally Compliant?: Yes
Full Reference: O - 6527 - 6357 - MH3 Clause 1 - i
6563 Object

Respondent: Mr David Goddard [6344]

Summary: Wildlife records have not been considered when putting these proposals forward

Agent: N/A

Change the local plan where necessary

Legally Compliant?: No

Full Reference: O - 6563 - 6344 - MH3 Clause 1 - ii

6602 Object

Respondent: Mr David Goddard [6344]

Summary: Proposed development of 90 houses is the wrong development in the wrong place as it will;
- adversely affect the population and breeding grounds of Great Crested Newts on site
- make roads busy and dangerous
- cause noise pollution

Agent: N/A

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: O - 6602 - 6344 - MH3 Clause 1 - None

6895 Object

Respondent: Mr David Hart [6181]

Summary: The Burnmill Farm development will have a significant adverse effect on the living conditions of existing residents of Kingston Way, Bates Close and Alvington Way. The large size of the proposed development will mean that traffic and pedestrian volumes will be significantly greater. This will introduce levels of noise, pollution, danger to children playing in these areas far in excess of those currently. It will also significant reduce the amount of privacy enjoyed by residents in this quiet residential area. These factors, in turn, lead to potentially significant negative impact on the mental and physical health of these residents

Agent: N/A

Change To Plan: The Local Plan and National Planning regulations clearly state the importance of new developments not having a significant adverse effect on the living conditions of existing and new residents. This is clearly not the case here with almost unanimous lack of support for this development among local residents

Legally Compliant?: Yes

Full Reference: O - 6895 - 6181 - MH3 Clause 1 - ii, iii, iv

6903 Object

Respondent: Mr David Hart [6181]

Summary: The Burnmill Farm development must be subject to full, and critically independent, transport, environmental, ecological, archaeological and flood risk assessments. There is evidence for example of protected species such as greater crested newts in this area. There is also recent archaeological survey activity. Failure to undertake these independent assessments would mean the approval of a development without thought for material considerations

Agent: N/A

Change To Plan: Independent transport, ecological, environmental, archaeological and flood risk assessments are required before this development should be considered

Legally Compliant?: Yes

Full Reference: O - 6903 - 6181 - MH3 Clause 1 - ii, iii, iv

6912 Object

Respondent: Mr David Hart [6181]

Summary: Burnmill Farm has appeared on the Local Plan as a proposed development of up to 90 dwellings. However, it is not clear how and when Burnmill Farm was actually added to the Local Plan. Documents seen from Oct 2015 consultation identify 3 sites for development with reference that no other additional development in MH was planned. Burnmill Farm was not among these sites. Clarity is required here. A development being added to the Local Plan is a significant step for a developer and it would be helpful to see what level of consultation with residents was undertaken

Agent: N/A

Change To Plan: It is not apparent how or when Burnmill Farm was added to the Local Plan and what level of consultation there was with residents and affected parties beforehand. It is important to understand this before this development is taken any further. It is also interesting to note that the developer has proposed a site of more than 100 dwellings as opposed to "up to 90"

Legally Compliant?: Yes

Full Reference: O - 6912 - 6181 - MH3 Clause 1 - ii, iii, iv
Accessing the development from Alvington Way and in particular Bates Close and Kingston Way will be inadequate for the new development of 90 homes, this together with the 70 existing homes what will total 160. The Kingston Way/Bates Close junction will not be adequate for potentially 2 cars for most households.

Change To Plan: The development should be reviewed and the number of homes built should be decreased to ensure the road is adequate for the amount of traffic.

Legally Compliant?: Yes

Full Reference: O - 6923 - 6388 - MH3 Clause 1 - None

90 dwellings does not fit in with the existing housing development. The existing houses are not in a dense development and therefore the proposed 90 dwellings does not fit with the existing development as it is dense development. The existing development has bungalows towards the highest point of the development. There are no existing 2.5 storey houses.

Change To Plan: I do not consider the site suitable for development. There are too many houses. The site is not suitable for 2.5 storey houses. There aren't enough open spaces. The site would impact on the privacy, light and views of existing owners.

Legally Compliant?: No

Full Reference: O - 6985 - 6335 - MH3 Clause 1 - i

I object to this site being developed. There are many other sites, in Market Harborough, that have been given permission. The town centre and supermarket roads already get congested. This site has no additional facilities so development, of this site, will place further burden on the existing infrastructure and facilities.

Change To Plan: There should be no further development in addition to that already planned.

Legally Compliant?: No

Full Reference: O - 7017 - 6335 - MH3 Clause 1 - ii

The proposed development of Burnmill farm will impact on the living conditions of existing residents through loss of privacy; overshadowing, since the new site is higher that existing houses on Kingston Way; and overbearing impact from additional traffic both on Kingston Way and Alvington Way which will have significantly more traffic movements from the Airfield development as people use Alvington Way to avoid the town centre.

Change To Plan: Lower, less condensed housing, access via the A6 rather than Kingston Way and Burnmill Road.

Legally Compliant?: Yes

Full Reference: O - 7198 - 6461 - MH3 Clause 1 - i

Policy MH3 includes no reference to securing suitable contributions for educational facilities. It may be that the intention is that this is covered by Policy IN1 - Infrastructure Provision, however whilst this policy refers to the Leicestershire Planning Obligations Policy (LPOP), it only does so in terms of waste, it does not refer to education.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: O - 7247 - 5137 - MH3 Clause 1 - None
7302 Object
Respondent: Christine Forde [6158]  
Agent: N/A

Summary:
- Site Access not big enough
- Drainage is of concern
- Too many houses planned for road infrastructure
- Mix of housing types.
- Ecological impact. Insufficient evidence for comprehensive survey
- Road Infrastructure Impact.
- Area Impact.
- Drainage capacity planning.
- Sustainable drainage plugs into Victorian drainage system on Burnmill Road.
- Archaeological Impact.

Change To Plan:
- Different access road
- Fewer houses in keeping with the area
- Not building on this site

Legally Compliant?: Not Specified
Full Reference: O - 7302 - 6158 - MH3 Clause 1 - None

7397 Object
Respondent: Mr & Mrs John Gilding [6518]  
Agent: N/A

Summary:
- Object to site as proposed due to:
  - unsafe and impracticable access with no consideration of impacts on existing residents
  - ecological implications
  - insufficient separation
  - distance from local facilities and lack of capacity in school/medical facilities

We hope our comments will help balance your proposal aimed at policies to protect and improve the quality of people's lives and approve your objectives for the environment.

Change To Plan:

Legally Compliant?: Not Specified
Full Reference: O - 7397 - 6518 - MH3 Clause 1 - None

7341 Support
Respondent: David Wilson Homes East Midlands [6254]  
Agent: Fisher German LLP (Miss Liberty Stones) [2434]

Summary:
The proposed allocation is supported, as are requirements a to h iii) of the Policy. David Wilson Homes agree that the land at Burnmill Farm is a suitable/sustainable site for residential development. However, for the reasons detailed in respect of Policy H1 (refer to attached document), David Wilson Homes object to a maximum number of 90 dwellings.

It understood that the site capacity for the proposed allocation was reduced as a result of advice received from the Highways Authority. There is however no evidence to support this position. It is therefore considered that Policy H1 and MH3 should be amended to reflect a site capacity of up to 144 dwellings.

Change To Plan:
- It is therefore considered that Policy H1 and MH3 should be amended to reflect a site capacity of up to 144 dwellings.

Legally Compliant?: Not Specified

CHAPTER:  Part C Places and Sites

5542 Object
Respondent: MRS JANET HOLLINGSWORTH [6042]  Agent: N/A
Summary: Access to Burnmill Farm via Kingston Way will cause traffic chaos along a quiet housing estate road. The mess and noise and excess traffic caused by heavy building equipment and transport will cause massive problems for existing residents. The proposed entrance to the development is planned to run into a short gap between two existing houses which would be very oppressive for the current occupants of those homes.
Change To Plan: There is a track that runs behind the estate which access the Burnmill reservoir and then the farm. This would provide less intrusive access for heavy goods vehicles during construction phase.
Legally Compliant?: Yes
Full Reference: O - 5542 - 6042 - MH3 1a. - None

5660 Object
Respondent: Mrs N Stanley [1279]  Agent: N/A
Summary: Kingston Way is limited due to width of proposed access into development between 42 and 44. The drive to 42 Kingston way is for 2 vehicles following the addition of a double garage to the property, additional cars could park on road. There will also be a steep gradient between the two sites. Vehicular access is difficult in winter weather as they are unable to drive up resulting in cars being left lower down the road and on Alvington way. LCC 6c’s state max 150 houses for single access road, already 60 dwellings in place.
Change To Plan: Find alternative access
Legally Compliant?: Yes
Full Reference: O - 5660 - 1279 - MH3 1a. - ii

5677 Object
Respondent: Mr Michael Major [4083]  Agent: N/A
Summary: Kingston Way is not suitable for the additional traffic that would be generated by this proposed development. Being so far from shops, schools, health care facilities and other amenities including a bus route would mean occupants would need to use their own motorised transport. The nearest bus route has one bus in each direction each hour and non on Sundays and Bank Holidays. From the site to the bus is about half kilometre. From the furthest extreme of the development this means a kilometre walk. The developer plans mixed dwellings so the old and infirm will be disadvantaged.
Change To Plan: It should be abandoned as it is inappropriate.
Legally Compliant?: No
Full Reference: O - 5677 - 4083 - MH3 1a. - i, ii

5741 Object
Respondent: Mrs Claire Sixt [6092]  Agent: N/A
Summary: Kingston Way access is utterly unsuitable. The road is very narrow at two points, is close to garages, has to be used for onstreet parking by current residents, and has five speed humps which will make lorry use during construction hazardous and cause gridlock and congestion. The proposed 5 ft wide extension with no pavements to the development will be a bottleneck causing major delays at school and work travel times and dangerous for children. New residents need direct access to Burnmill Road for schools, not a circuitous route west and then back east again, causing gridlock and congestion.
Change To Plan: If the proposed development is to be built at all, access should be through a road built over the current Burnmill farm access road linking directly with the Burnmill Road, widened up to the reservoir (there is plenty of space for this) and with hedgerows and trees reinstated elsewhere to preserve the very important wildlife corridor.
Legally Compliant?: No
Full Reference: O - 5741 - 6092 - MH3 1a. - i, ii, iv
5762 Object
Respondent: Mrs Sarah Tandy [6115]  
Agent: N/A  
Summary: Road width  
Gradent of road and the effect of that in icy conditions  
Traffic calming  
Car usage  
Access to and from current driveway of number 42 Kingston Way  
Change To Plan: I do not consider Kingston Way to be a suitable or safe access road and other considerations should be made including the existing track from the top of Burnmill Road  
Legally Compliant?: Yes  
Full Reference: O - 5762 - 6115 - MH3 1a. - i

5881 Object
Respondent: Mr Paul Henry [6165]  
Agent: N/A  
Summary: The development would adversely affect highway safety or the convenience of road users particularly at the junction between Alvington Way and Bates Close which is already an area of congestion at busy times of the day. Further Kingston Way is inaccessible in times of inclement weather when there is more than 1" inch of snowfall that accumulates on the road surface, given the increase in traffic hesitated by have this as the only access and egress can only exacerbate this situation.  
Change To Plan: Remove development MH3 from the Plan and require access to the Site from Leicester Road.  
Legally Compliant?: No  
Full Reference: O - 5881 - 6165 - MH3 1a. - i, ii

5950 Object
Respondent: Mr Steven West [6147]  
Agent: N/A  
Summary: Kingston Way is not suitable for big vehicles or large volumes of traffic due to the amount of cars that park on the street, the speed bumps and the fact that the area is highly populated with children who play on the large grass area. My wife and I also work long hours and the noise pollution will not be ideal when we are relaxing at home.  
Change To Plan: The access to the site for the builders needs to be off a main road, such as Burnmill Road, not a small street which is populated with local residents where there is already not much space for the flow of traffic.  
Legally Compliant?: Yes  
Full Reference: O - 5950 - 6147 - MH3 1a. - i

6149 Object
Respondent: Mr Jeff Forrest [6228]  
Agent: N/A  
Summary: The increased volume of traffic with the new development will cause detrimental effect on the whole community. During the construction phase the heavy vehicles will cause significant disruption on the multi junction, winding road with parked vehicles and pedestrians. This already has vicious traffic calming measures. Farm traffic will try to use the new access point and add to the disruption of the whole community.  
The new 5.5m access road with two 2m footpaths needs to be positioned to minimise the direct impact on the 3 adjoining dwellings as they are in very close proximity.  
Change To Plan: Alternative more direct access road to the site.  
Alternative access road used for the construction phase of the development.  
Measures to ensure farm traffic uses existing farm track and not Kingston Way.  
Construction of shielding boundary walls where existing dwellings are adjacent to the new access road.  
Legally Compliant?: Yes  
Full Reference: O - 6149 - 6228 - MH3 1a. - i, ii, iii, iv

6210 Object
Respondent: Mr Steve Orr [6246]  
Agent: N/A  
Summary: The impact of all this additional traffic coming through a Close is not practicable. I can not see how the Close can safely manage the volume of traffic of 90 additional dwellings.  
Change To Plan: Access via Great Bowden  
Legally Compliant?: No  
Full Reference: O - 6210 - 6246 - MH3 1a. - i
I feel the access from Kingston Way into the new development is very restrictive for the number of houses proposed for this site. There is a potential for an extra 150 cars to be using Kingston Way if this development goes ahead. This will also have an impact on the T junction where Kingston Way joins Bates Close and then onto Alvington Way, I think this will have a very negative impact from pollution and noise on the properties on these roads were traffic at the moment is very light.

Change To Plan: The changes I would suggest would be to make the access road onto Burnmill Road, a road which is designed to take a greater volume of traffic or alternatively two access roads for different parts of the development. Which would make access traffic flow onto Kingston Way lighter.

Legally Compliant?: Yes

6311 Object

Respondent: Mr Richard Beer [6263]
Agent: N/A
Summary: The access at the top of Kingston Way is inappropriate. The required width cannot be attained without severe impact to the houses already in situ near the proposed entrance, with the proposed number of houses to be built.

Change To Plan: Reduce the width of the entrance to 4.5m under the 1992 guidelines and rescue the number of houses to be built within that guideline. This will achieve the objectives more easily to protect the ridgeline existing residents and impact on the houses by the entrance.

Legally Compliant?: Yes

6422 Object

Respondent: Mrs Anna Burbidge [6306]
Agent: N/A
Summary: Kingston Way is a small cul-de-sac and I feel concerned about the large increase in traffic this will produce. The road is not easy to negotiate, particularly in bad weather. I feel Kingston Way is not able to cope with large increases in traffic.

Change To Plan: Main alternative access should be considered.

Legally Compliant?: Yes

6528 Object

Respondent: Mrs Sarah Verbruggen [6357]
Agent: N/A
Summary: As there are currently 60 houses off Kingston Way there would be an increase in traffic and pollution in a residential area.

Change To Plan: Is there another more effective access road which would prevent unnecessary traffic travelling through residential areas.

Legally Compliant?: Yes

6570 Object

Respondent: Mr Christopher Sellwood [6379]
Agent: N/A
Summary: Currently traffic exiting Kingston Way causes a real danger to cars exiting Bates Close. This is because drivers seem to only look right as they exit Kingston Way so that traffic from Bates Close is overlooked. This currently has been the cause of several near misses for Bates Close residents and an increase of circa 100% in traffic volume will cause unacceptably high risk of traffic accidents and so personal injury.

Change To Plan: A stop sign and white lines across the junction from Kingston Way and Bates Close to manage traffic flow.

Legally Compliant?: No
This proposal is a high density development in a peripheral location with access from Kingston Way, a narrow, winding, cambered, undulating cul-de-sac unsuitable for high volumes of traffic. Traffic from the development will create a bottleneck traffic situation in Kingston Way with a much heightened risk of traffic accidents. The junctions of Alvington Way and Bates Close and Bates Close and Kingston Way are of particular concern and this will be exacerbated by the proposed new road linking the north of the town to the west increasing use of Alvington Way as a route to the east.

Change To Plan: Alternative access routes must be found which reduce the impact of road traffic on local communities and which do not have significant adverse impact on the health and welfare of local residents.

6851 Object
Respondent: Mr David Hart [6181]  
Agent: N/A
Summary: Too high a density for the peripheral location and limited access route proposal. Traffic increment in Alvington Way/Bates Close/Kingston Way will be significant in any event, but this will be exacerbated when the new road from the Airfield Farm is complete. The latter will inevitably drive huge volumes of traffic from west to east across town via Alvington Way.

Change To Plan: A detailed transport assessment needs to take place based on the impact of the Burnmill Farm development on traffic in Kingston Way, Bates Close and Alvington Way, and a further transport assessment is needed to review the impact of traffic following the completion of the Airfield Farm development. Both these assessments should be undertaken ahead of any development in this area.

7001 Object
Respondent: Mr Jamie Buckby [6335]  
Agent: N/A
Summary: Kingston Way is unsuitable for the site access. It is a narrow road with limited parking. The road freezes in winter and cars get stranded due to the incline. The additional traffic would cause a risk to safety as children play on the two greens, Safety is also a major concern as traffic cuts the corner when turning into Bates Close leading to Kingston Way, Bushes on the perimeter of the green obscure the view of the turning. The increase in traffic would impact the privacy of the houses and increase traffic noise in the existing quite neighbourhood.

Change To Plan: An alternative entrance should be found.

7111 Object
Respondent: Mrs N Stanley [1279]  
Agent: N/A
Summary: According to the site assessment companion guide, P24 the Highway authority has indicated that a maximum of 90 dwellings could be delivered due to capacity limitations. It states that that access needs to meet Highways Authority standards which may present a viability issue. David Wilson Homes have already produced a outlined exhibition stating that the wish to build more than 100 Dwellings. Access point into the site from Kingston Way is narrow and possible issues with site lines from existing farm access track crossing the access point.

Change To Plan: Access into the site isn't clear with the existing farm track crossing at the site of entry. Given limited capacity, number of dwellings on this site should be considered.

7176 Object
Respondent: Mr Peter Taylor [6461]  
Agent: N/A
Summary: Access via Kingston Way will further increase traffic onto Alvington Way, which will become even more congested with traffic from the Airfield farm development as traffic tries to avoid the town centre. The number of houses proposed by the developer is too many for the size of the access road.

Change To Plan: Access to any development on Burnmill Farm should be from the A6 Leicester Road, which would also give access to further development land between Burnmill Farm and the A6 in the future.

Legally Compliant?: Yes

Full Reference: O - 6848 - 6181 - MH3 1a. - ii, iii, iv

Full Reference: O - 6851 - 6181 - MH3 1a. - ii, iii, iv

Full Reference: O - 7001 - 6335 - MH3 1a. - i

Full Reference: O - 7111 - 1279 - MH3 1a. - i, ii

Full Reference: O - 7176 - 6461 - MH3 1a. - None
7184  Object  Respondent: Mr Peter Taylor [6461]  Agent: N/A

Summary: In respect of the Burnmill farm site, full consideration must be taken of ecological, archeological, and flood risk prior to planning applications being approved. The proposed access point is flawed due to positioning, continued use of farm vehicles and gradient of road in the winter preventing access/exit.

Change To Plan: Access should be via the A6 rather than Kingston Way.

Legally Compliant?: Yes

Full Reference: O - 7184 - 6461 - MH3 1a. - None

CHAPTER: Part C Places and Sites  MH3 1b.

5661  Object  Respondent: Mrs N Stanley [1279]  Agent: N/A

Summary: Financial contribution will not mitigate effects of this development. It is stated in the proposed strategy that traffic will increase by 24% which is not sustainable as roads are already near gridlock. The new road on the Airfield Farm development will become ‘an outer ring road’ linking with Alvington Way and The Ridgeway to avoid the town centre increasing traffic in this area. The car is the most used mode of transport from this area due to the distance from amenities. Bus route is underused and proposed formal bus stops will not encourage use of public transport.

Change To Plan: Review the level of development and justify if this site is necessary given its location to amenities, given that residents are likely to make multiple car journeys each day.

Legally Compliant?: Yes

Full Reference: O - 5661 - 1279 - MH3 1b. - ii
5663 Object

**Respondent:** Mrs N Stanley [1279]

**Agent:** N/A

**Summary:** Leicestershire County Council ecological dept have recently confirmed that they have evidence of ponds on or near this site to have had Great Crested Newts. A residential pond 10m from the site boundary also has evidence that it is a breeding site for Great Crested Newts. Other protected species mainly bats and badgers have been seen on the proposed site. The Tree belt screening has enhanced the area and has inadvertently become a corridor for wildlife - owls, munjack deer, foxes, snakes, birds of prey. The proximity to the Grand Union Canal is also a factor

**Change To Plan:** Consider if there alternative sites that would be more suitable if it is found the Great Crested Newts an other protected species are present.

**Legally Compliant?** Yes

**Full Reference:** O - 5663 - 1279 - MH3 1c. - ii

---

5742 Object

**Respondent:** Mrs Claire Sixt [6092]

**Agent:** N/A

**Summary:** This development will severely damage an important wildlife corridor for deer, foxes, hedgehogs, fieldmice, voles, owls and raptors moving between Harborough and Bowden. It should not be located here.

**Change To Plan:** It should not be located here. If it must be located here, then the small forest must be retained or reinstated nearby, access must be via the current farm access road, widened up to the reservoir (there is space), with passing spaces and pavements, but with the hedgerows and trees reinstated nearby to preserve the wildlife corridor.

**Legally Compliant?** No

**Full Reference:** O - 5742 - 6092 - MH3 1c. - i, ii, iii, iv

---

6908 Object

**Respondent:** Mr David Hart [6181]

**Agent:** N/A

**Summary:** LCC has confirmed recent evidence of Greater Crested Newts in this area. Other protected species such as bats, birds of prey and badgers are also present. The independent ecological and archaeological surveys must be carried out and the findings reviewed as a priority

**Change To Plan:** Simply, the independent ecological and archaeological surveys must be undertaken and understood before any planning decisions should be made.

**Legally Compliant?** Yes

**Full Reference:** O - 6908 - 6181 - MH3 1c. - ii, iii, iv

---

6924 Object

**Respondent:** Mrs Susan Goddard [6388]

**Agent:** N/A

**Summary:** We have a colony of Great Crested Newts in our garden pond, the new development would have a great impact on this endangered species, indeed it may even destroy the colony.

**Change To Plan:** Ensure that there is sufficient areas of separation and green wedges.

**Legally Compliant?** Yes

**Full Reference:** O - 6924 - 6388 - MH3 1c. - None

---

7012 Object

**Respondent:** Mr Jamie Buckby [6335]

**Agent:** N/A

**Summary:** The site is unsuitable for development due to the impact on the ecology. The land is home to Great Crested Newts and bats.

**Change To Plan:** The site is unsuitable due to the ecological effects.

**Legally Compliant?** No

**Full Reference:** O - 7012 - 6335 - MH3 1c. - ii
**7212 Object**

**Respondent:** Mr Peter Taylor [6461]  
**Agent:** N/A  
**Summary:** Retention of existing hedgerows between the existing development and the farm track should also remain as they form a wildlife corridor.  
**Change To Plan:** maintain existing hedgerows.  
**Legally Compliant?:** Yes  
**Full Reference:** O - 7212 - 6461 - MH3 1d. - None

**5664 Support**

**Respondent:** Mrs N Stanley [1279]  
**Agent:** N/A  
**Summary:** The trees and hedgerow in and around the site should be retained to protect the wildlife in around the area. With the planting of the tree line, this has made this a additional wildlife corridor. The tree line has a small area of scrub around the edge and this should also be retained. A full ecological survey should be carried out as many species use this area especially in relation to its location to the Grand Union Canal which itself is a conservation area. Protected species have been seen on this site.  
**Change To Plan:**  
**Legally Compliant?:** Not Specified  
**Full Reference:** S - 5664 - 1279 - MH3 1d. - None

**6308 Support**

**Respondent:** Mr Richard Beer [6263]  
**Agent:** N/A  
**Summary:** The existing tree screen is coniferous planted by the farmer trying to take the easiest route to get the site developed. They are incompatible with local species and should be replaced as such. To ensure protection of the Ridgeline to the North, the woodland boundary should be widened from its current footprint to ensure any development does not intrude. To assist in this and meet other objectives reduce the number of houses proposed by one third.  
**Change To Plan:**  
**Legally Compliant?:** Not Specified  
**Full Reference:** S - 6308 - 6263 - MH3 1d. - None
5665 Object
Respondent: Mrs N Stanley [1279]  
Agent: N/A
Summary: Sheet Water run off is a problem in the area causing flooding to property and across Kingston Way. An Environment Agency diagram shows the watercourse off this development is at 'High Risk'? The Proposed SUDS shows discharge water is to be made through watercourse over third party land which is inaccessible in areas. Will it be adopted by water authority and will it be maintained? It was recommended that ditches should be considered in the planning consent in 1994, this didn't happen. There is no gravity powered connection to mains sewer or for surface water run off
Change To Plan: The site isn't suitable due to the constraints of SUDS outflow and lack of gravity powered sewer mains connection. An alternative site should be considered.
Legally Compliant?: Yes
Full Reference: O - 5665 - 1279 - MH3 1e. - ii

5679 Object
Respondent: Mr Michael Major [4083]  
Agent: N/A
Summary: Properties near to us already flood because of a failure to carry out promised mitigation by the previous developer which happens to be the same developer as wishes to develop the new site i.e. David Wilson. We are concerned that our property will be adversely affected by rain water run off from the developed site.
Change To Plan: It is inappropriate to develop the site.
Legally Compliant?: No
Full Reference: O - 5679 - 4083 - MH3 1e. - i, ii

5885 Object
Respondent: Mr Paul Henry [6165]  
Agent: N/A
Summary: During periods on intense rainfall Kingston Way and Burnmill Road often suffer from flooding which will be exacerbated by the new development on Burnmill Farm. The proposed flooding measures are not sufficient in our view to prevent this from occurring. In such cases the increased run off from the new development is likely to cause damage and reduce the social amenity of the existing development.
Change To Plan: Remove development MH3 from the plan.
Legally Compliant?: No
Full Reference: O - 5885 - 6165 - MH3 1e. - i, ii

6423 Object
Respondent: Mrs Anna Burbidge [6306]  
Agent: N/A
Summary: I am extremely concerned about the risk of flooding which may be caused by this development. When we moved to the area our garden was flooded by water running down from the area where this development will be and needed extra drainage. The lower part of Kingston Way still floods when there is excessive rain. I feel that there is a great danger of flooding to existing gardens and houses from this new development.
Change To Plan: The development as a whole poses a risk to existing properties.
Legally Compliant?: No
Full Reference: O - 6423 - 6306 - MH3 1e. - i, ii

6571 Object
Respondent: Mr Christopher Sellwood [6379]  
Agent: N/A
Summary: Some houses in Bates Close have already experienced flooding due to excessive rain water run off and lack of drainage. This is in spite of previous assurances that adequate drainage would be put in place. Further development will only makes this current problem worse.
Change To Plan: Don't build on land currently used to soak away rain.
Legally Compliant?: No
Full Reference: O - 6571 - 6379 - MH3 1e. - ii, iii
6917 **Object**  
**Respondent:** Mr David Hart [6181]  
**Agent:** N/A  
**Summary:** Surface water run off and risk of flooding to property in Kingston Way is a big concern. There is mention of surface water being "retained on site in a landscaped balancing pond before being discharged into local watercourse" but this is of little comfort without full assessment and the pond itself brings issues re safety of children and who will be responsible for maintaining it. Foul drainage will apparently be pumped into the existing sewerage system on Kingston Way - there is no evidence that the existing infrastructure can handle this  
**Change To Plan:** Flood risk management and drainage proposals are significant concerns and require full assessment before this development should be considered. As does assessment of safety in relation to the pond  
**Legally Compliant?:** Yes  
**Full Reference:** O - 6917 - 6181 - MH3 1e. - ii, iii, iv

7003 **Object**  
**Respondent:** Mr Jamie Buckby [6335]  
**Agent:** N/A  
**Summary:** The site is unsuitable as it floods. Surface water collects in the field and pours onto the road at Bates Close and Kingston Way.  
**Change To Plan:** An alternative site should be found. Any changes made to the site would impact existing houses in the near and neighbouring streets.  
**Legally Compliant?:** No  
**Full Reference:** O - 7003 - 6335 - MH3 1e. - ii

7091 **Object**  
**Respondent:** Mrs N Stanley [1279]  
**Agent:** N/A  
**Summary:** Exacerbation of surface water run off through hard surfaces causing flooding to property and quality of water through watercourse, contamination of water from general household chemicals entering drainage system and from vehicles using roads. Will riparian owners be consulted and consents obtained as they have the right to receive water in its natural quantity and quality.  
**Change To Plan:** If development is to take place then the density of houses on the site should be kept at a minimum to reduce areas of hard surfaces to ensure surface water run off is not increased.  
**Legally Compliant?:** No  
**Full Reference:** O - 7091 - 1279 - MH3 1e. - ii

6529 **Support**  
**Respondent:** Mrs Sarah Verbruggen [6357]  
**Agent:** N/A  
**Summary:** Surface water resulting from heavy rainfall is a concern for local residents. As we are an area of high risk from flooding additional housing will increase this risk.  
**Change To Plan:**  
**Legally Compliant?:** Not Specified  
**Full Reference:** S - 6529 - 6357 - MH3 1e. - None

6708 **Support**  
**Respondent:** Anglian Water Services Ltd (Mr Stewart Patience) [4571]  
**Agent:** N/A  
**Summary:** Initial assessment of the implications of site for our existing infrastructure undertaken and indicates a need for foul sewerage network improvements to enable the development of this site.  
No objection to the principle of development of site. Submission Local Plan includes Policy IN4 (Water resources and services) requiring applicants to demonstrate that foulwater treatment and disposal exists or can be provided in time to serve the development.  
Local plan policies intended to be read as a whole therefore not necessary to duplicate these requirements in this site specific policy.  
Reference to an integrated approach to surface water drainage and multi functional greenspace supported.  
**Change To Plan:**  
**Legally Compliant?:** Yes  
**Full Reference:** S - 6708 - 4571 - MH3 1e. - None
Support

Respondent: Anglian Water Services Ltd (Mr Stewart Patience) [4571]  
Agent: N/A  
Summary: Anglian Water has made an initial assessment of the implications of this site for our existing infrastructure and considers that there is a need for foul sewerage network improvements to enable the development of this site.  
We have no objection to the principle of development of this site for mixed uses.  
This policy refers to an integrated approach to surface water drainage and multi functional greenspace which is supported.  
Change To Plan: None. The Submission Local Plan includes Policy IN4 (Water resources and services) which requires applicants to demonstrate that foulwater treatment and disposal exists or can be provided in time to serve the development.  
As the Local plan policies are intended to be read as a whole we do not consider that it is necessary to duplicate these requirements in this site specific policy.  
Legally Compliant?: Yes  
Full Reference: S - 7288 - 4571 - MH3 1e. - None

CHAPTER: Part C Places and Sites  
MH3 1f.

Object

5666  
Respondent: Mrs N Stanley [1279]  
Agent: N/A  
Summary: Following exhibition by David Wilson Homes, there is little provision of open space, mainly covered by a balancing lagoon and little space for recreation. Open space along the southern boarder should be adequate all along it to protect privacy of existing residents as this site sits higher than the existing one. There will be an adverse effect and loss of residents amenity - loss of privacy and existing view, visual impact, effect on character of neighbourhood and additional noise. The site is on the periphery, density of housing should be low to reflect the landscape.  
Change To Plan: Density of the proposed development should be taken into account given that the tree belt takes up part of the site. There should be more space between dwellings to be in keeping with existing development and reduce the loss of amenity.  
Legally Compliant?: Yes  
Full Reference: O - 5666 - 1279 - MH3 1f. - ii

6309  
Respondent: Mr Richard Beer [6263]  
Agent: N/A  
Summary: sufficient space should be allowed to mitigate the impacts to existing residents  
Change To Plan: Green space etc proposed by David Wilson is insufficient to mitigate the impact both on the Ridgeline and to the existing residents on Kingston Way and Bates Close

7008  
Respondent: Mr Jamie Buckby [6335]  
Agent: N/A  
Summary: The southern boundary of the site is unsuitable for development. The existing houses have been built at a much lower level to that of the field. Any houses built on the south boundary, next to the farm track, would be built at an elevated level and would have a serious impact on the privacy, light and view of the existing houses.  
Change To Plan: Any structures should be a significant distance from the southern boundary so that the privacy, light and outlook are protected for the existing home owners.  
Legally Compliant?: No  
Full Reference: O - 7008 - 6335 - MH3 1f. - ii
Summary: With multiple cars typical in most households these days, on street parking will be prevalent and with the proposed density of housing this could lead to access issues and a generally untidy look and feel. Another issue of great concern is that in the event of wintry conditions, Kingston Way is a steep and difficult road to pass and cars will often be parked on-street and parked lower down the road due to being unable to drive further up the road. This is manageable now, however, the new development would introduce many more cars to this scenario.

Change To Plan: Proposed development will create parking issues on site and on the access route. There will be a high risk of traffic accident and significant parking issues on the access route in wintry conditions as outlined above. This highlights two issues - an inadequate access route and too high a density in the proposed development.

5686 Object

Respondent: Mr Michael Major [4083]  
Agent: N/A

Summary: Your documents express concern about the visual impact on the northern edge but is not at all concerned about the visual and other adverse impacts on the houses on the southern edge

Change To Plan: The proposed use of this land for housing development is inappropriate and should be rejected.

Legally Compliant?: Yes

Full Reference: O - 5686 - 4083 - MH3 1h. - i, ii

5846 Object

Respondent: Mrs N Stanley [1279]  
Agent: N/A

Summary: Having viewed the potential development proposed by David Wilson Homes at a recent exhibition, the design of the development was compact and dense. It appeared not to be open and didn't fit in with its surrounding area. Existing development is wide and open. Ridge height to the farm end should be low as farm buildings are already visible from Leicester Road. It doesn't meet your Objective number 9 - Design, as it doesn't reflect the local area or respect residents amenity.

Change To Plan: Design should be sympathetic to existing residential development with low density and much more open space between dwellings. Given that the site is on the edge of unique area of countryside, this should be reflected in its design.

Legally Compliant?: Yes

Full Reference: O - 5846 - 1279 - MH3 1h. - ii

6424 Object

Respondent: Mrs Anna Burbidge [6306]  
Agent: N/A

Summary: The proposed site is higher than existing properties and it appears from the plans that the new houses will be built very close to existing properties. It is impossible to see what sort of housing will definitely be built and I feel there is cause for concern that existing properties will find themselves overlooked, which was something David Wilson assured would not happen originally.

Change To Plan: If this development goes ahead much more consideration needs to be given to existing houses and the impact of being overlooked and crowded.

Legally Compliant?: No

Full Reference: O - 6424 - 6306 - MH3 1h. - ii

7010 Object

Respondent: Mr Jamie Buckby [6335]  
Agent: N/A

Summary: The site is unsuitable for development as the ridge height of the houses would affect the views of the houses in Great Bowden. Trees have been planted but they would not obscure the ridge height. In winter, the trees wouldn't have foliage and wouldn't offer a screen to the house, or the ridge view.

Change To Plan: I don't consider the site suitable.

Legally Compliant?: No

Full Reference: O - 7010 - 6335 - MH3 1h. - ii
The proposed number of house and the height of their ridge tiles impacts on the view from Kingston Way, Great Bowden and the grand Union Canal.

Change To Plan: Reduce the number of houses, introduce more bungalow and do have have higher than 2 storey houses which are shielded from view.

Legally Compliant?: Yes

Full Reference: O - 7203 - 6461 - MH3 1h. - None

CHAPTER: Part C Places and Sites MH3 1h., MH3 1h.i.

It is close to a canal, mature trees, tall hedgerows, and Wooded areas. The area is rich in wildlife including protected species. In the Market Harborough habitat survey 2008 2.4.5 it states that 'Narrow strips of habitat may be vulnerable to edge effects, and consequently the wider the corridor can be, better for many species.' And 'Such networks should be protected from development'. The Landscape Character assessment 2009 states area is 'highly sensitive' should be 'safeguarded and managed'. it also states that the tree belt appears to be coming to the end of its life.

Change To Plan: Given the unique aspects of this site in relation to the area around it, consideration should be given as to whether it is suitable for development and whether an alternative site would be better sort.

Legally Compliant?: Yes

Full Reference: O - 5844 - 1279 - MH3 1h., MH3 1h.i. - ii

Having recently discovered that the adjacent land to Burnmill Farm is already owned by developers, it is concerning that the corridor between the Grand Union Canal and the Burnmill Farm site could be developed. It is stated in one document that this site should be safeguarded and managed but I fear the development of Burnmill Farm may encourage developers to seek permission to develop this area. David Wilson Homes at their recent consultation of the Burnmill Farm site show they are retaining an unnecessary farm access point which could be used as access to the scarp slopes.

Change To Plan: Ensure convenants are put in place so that there is no development on the Burnmill Farm Scarp slopes to protect wildlife and the aspect of the entry point into Market Harborough.

Legally Compliant?: No

Full Reference: O - 7121 - 1279 - MH3 1h., MH3 1h.i. - ii

The proposed development encroaches on the openness of the landscape and area of separation from Great Bowden and the Grand Union Canal.

Change To Plan: Lower height houses, reduced number of houses and improved shielding at the northern boundary

Legally Compliant?: Yes

Full Reference: O - 7208 - 6461 - MH3 1h., MH3 1h.i. - None

The Grand Union Canal which is a conservation area is located within a very short distance of this site. This sizeable corridor is considered to be extremely valuable, and any potential impacts due to lighting or disturbance should be minimised. Objective 6 Natural Environment states: creating links between wildlife sites ensuring that open countryside is protected against insensitive and sporadic development, the characteristics of the local landscape are respected and the unnecessary loss or sterilisation of natural resources is prevented. This proposed development is outside the existing building line and is unnecessary.

Change To Plan: The development of this site should be reconsidered due to its proximity of the Grand Union Canal to 'Protect, maintain, restore and enhance the quality, diversity, character, local distinctiveness, biodiversity and geodiversity of the natural environment' as per your Objective 6 in the Local Plan.

**Respondent:** Mr Richard Beer [6263]

**Agent:** N/A

**Summary:** Scale of the development will be detrimental to the views. The density means the screening to the North will be insufficient screening. The trees currently there are also incompatible with local species.

**Change To Plan:** Reduce the scale of the development by one third

**Legally Compliant?** Yes

**Full Reference:** O - 6310 - 6263 - MH3 1h., MH3 1h.iii. - ii

---

5658 Object

**Respondent:** Mrs N Stanley [1279]

**Agent:** N/A

**Summary:** The site is Not in reasonable range of services. Most properties will use a private car to commute to work, take children to school, shop for groceries, visit community facilities. There are no amenities pub/shops/park including children's play area in the existing estate around this site. Car journeys per household will be multiple per day. Local. Issues such as surface water run off causing flooding and inability to access the higher end of Kingston Way in winter weather has not been taken into account when assessing suitability. Doesn't meet Objective 10 Transport

**Change To Plan:** Find alternative development site that isn't so reliant on vehicles and has amenities closer (more environmentally friendly). The developer is looking to make a contribution towards formal bus stops along Alvington Way however I have hardly ever seen a bus flagged by a resident on this part of the route.

**Legally Compliant?** Yes

**Full Reference:** O - 5658 - 1279 - 14.6.1 to 14.6.3 Explanation - None

---

5692 Object

**Respondent:** Mr Michael Major [4083]

**Agent:** N/A

**Summary:** Local facilities and amenities are already inadequate and overloaded. By way of example it is proposed that residents of the development should use health care at Kibworth some 7.5 Km's distant. The plan refers to 90 dwellings but David Wilson in its written consultation documents at Robert Smythe School on 24th October stated "over 100 houses" will be built.

**Change To Plan:** The use of this land for housing is inappropriate and should be rejected.

**Legally Compliant?** No

5752 Object

Respondent: Mr Kevin Meanwell [6108]

Summary: This approach to be able to respond is very complex for individuals and should be changed to allow those affected to put views as paragraphs in a straightforward manner. You are penalising the people who are going to be affected. This could result in us not being heard or our comments ignored because they don't fit your prescriptive approach.

I feel this is discourteous towards Lutterworth and district people whose lives will be impacted by these proposals.

The comments below cover all section 15 and it's subsections.

Change To Plan: Lutterworth is bursting at the seams in terms of warehousing, road traffic congestion, poor air quality, dangerous traffic levels to Leicester, M1 and M6 which your proposal will exacerbate immensely.

We have only 1% unemployment, a destroyed shopping centre, no police station, closing banks and a proposed closure of the hospital. So how can 700,000 sq metres of warehousing and 2500 new houses help us. Move all this to where the unemployment problem is - maybe Market Harborough itself to achieve your objectives. We have no rail service and a weak bus service so you add 2,500 cars minimum and thousands more lorries thundering through and polluting our children's air!!! Unacceptable surely in law against pollution targets...

It doesn't support your stated objectives and would be detrimental to the town of Lutterworth and it's occupants. So if no benefit and not achieving objectives and destroying what is left of our historic town then how can it be legally or morally compliant?

Legally Compliant?: No

Full Reference: O - 5752 - 6108 - 15.1 Introduction - i, ii, iii
Lutterworth is already meeting its social obligations with 4 (or more) new housing developments in the year 2016 - 2017 alone. The idea to build a 1500+ dwelling development to the East of the M1 will destroy the local existing Lutterworth community and identity. It will saturate the existing local resources and compromise the ability of the local schools to deliver their mandate of high quality education. It will turn a Market Town with some identity into an urban sprawl, diluted from any persona and will reduce the quality of living of the existing residents.

Change To Plan: Instead of Lutterworth East, an adjunct to Lutterworth, why not look to build a whole new town with its own identity. There is plenty of Green space in the district. Or even change the plans for the extension of Manga Park (which is absolutely not required at all) and look to build on that targeted land.

Legally Compliant?: No

Full Reference: O - 5357 - 5881 - L1 clause 1 - i, ii

Housing development not currently required, would only be required if further development of Magna Park were to go ahead (policy BE2) and even then no evidence to support need.

Change To Plan: Relocate development to where it is needed e.g. nearer Leicester City

Legally Compliant?: No

Full Reference: O - 5503 - 4069 - L1 clause 1 - i, ii, iv

This plan is completely disproportionate to the area’s needs and ability to cope with the increased demand on its infrastructure, amenities, services and air quality, all of which are considerably overstretched. This consultation is also clearly designed to minimise criticism and objections by being as difficult to respond to as possible, and specifically to put off anyone who would like to complain by overwhelming them with options and requests for further information at every one of the literally hundreds of possible touchpoints.

Change To Plan: It should be binned entirely and the council should start again, this time coming up with something more reasonable and achievable.

Legally Compliant?: No

Full Reference: O - 5521 - 6025 - L1 clause 1 - i, ii, iv

This random development is prime agricultural land to the East of the M1. There is a distinct lack of commitment to the infrastructure needs of the locality to support such an expansion. Amongst a long list such items as schools, medical centre, recreational facilities, pollution in the town centre, a North/South By-pass and the retention of the hugely respected cottage hospital should ALL be conditions of the planning approval. Therefore planners should consider the housing proposal as a whole, not in piecemeal lots of say 40 to 70 houses with little or no commitment to individual infrastructure improvement.

Change To Plan: The only way infrastructure improvements to roads, junctions and environmental issues to be satisfied is to make them conditions of the planning approval or the developers will &quot;pick them off&quot; with series of smaller applications as in the past.

Legally Compliant?: No

Full Reference: O - 5801 - 3747 - L1 clause 1 - i, ii, iv

Whilst Misterton with Walcote Parish Council appreciates the advantages of allocating substantial parcels of land for housing allowing the economic provision of infrastructure, it wishes to raise concerns about certain aspects of the allocation of land to the east of Lutterworth.

Change To Plan: ?

5889 Object

Respondent: LANDOWNWER CONSORTIUM FOR EAST OF LUTTERWORTH SDA
Agent: Marrons Planning (Dan Robinson-Wells) [5976]

Summary: Whilst the Consortium considers that the triggers for delivery of infrastructure as specified in the policy should be capable of being met, it is felt that they are not necessary in the policy itself.

National policy states that in bringing forward land, Local Plans should provide detail on form, scale access and quantum (bp 5, paragraph 157 of NPPF), but it does not require infrastructure trigger points to be specified. Furthermore, national policy states that the Local Plan should only include policies that provide a clear indication of how a decision maker should react (paragraph 154).

Change To Plan: Remove triggers for delivery of infrastructure from criteria in policy.

Legally Compliant?: Yes

Full Reference: O - 5889 - 6054 - L1 clause 1 - iv

5920 Object

Respondent: Ms Josephine Muldowney [6178]
Agent: N/A

Summary: Lutterworth already has high levels of pollution and resultant health problems as identified in your own assessment. Traffic congestion and shortage of parking is already a problem in Lutterworth. Building right next to a major motorway will not only affect the health and air quality for the new residents, but also, with the huge increase in car usage and traffic from this development cause further deterioration in air quality and traffic congestion. The siting of this development also involves the extra cost and upheaval of building another bridge over a major motorway.

Change To Plan: Don't build a vast housing estate next to a motorway and a town with existing air quality and traffic congestion issues.

Legally Compliant?: No

Full Reference: O - 5920 - 6178 - L1 clause 1 - ii

6610 Object

Respondent: Mr Brian Burgoine [6036]
Agent: N/A

Summary: To the best of my knowledge there has been no representation or opinions asked of any of the local residents in Lutterworth town, so cannot have been positively prepared, justified or effective. Lutterworth town centre is in desperate need of a North-South Bypass with noise traffic, HGV's and pollution currently running at a national record high. Developer funded bypass must be done first. Can't allow small developers to come in and pick off sites without having to put any infrastructure in place. They must contribute proportionately to bypass as well as improved shopping, schooling and medical services.

Change To Plan:

Legally Compliant?: Not Specified

Full Reference: O - 6610 - 6036 - L1 clause 1 - i, ii, iii, iv

6611 Object

Respondent: Mrs Joy Burgoine [4726]
Agent: N/A

Summary: Local Plan has no consideration for Lutterworth residents and how it is going to impact on them now and in the future. The roads and by-pass should be put in place BEFORE building commences. To say the road network is ADEQUATE is absolutely rubbish. The town gets congested, noisy and polluted. The proposals for Magna Park area will lead to more traffic and our town will become gridlocked on a regular basis.

7128 **Object**  
**Respondent:** Bloor Home Ltd [4935]  
**Agent:** Define (Mr Mark Rose) [4934]  
**Summary:** Policy L1 is considered unsound on the basis that it:  
- is not justified in that it is has not fully acknowledged the practical constraints to development within the SDA;  
- is not effective in that the SDA will not deliver the scale of development the Submission Plan currently assumes, and the identified needs will not therefore, be met; and  
- is inconsistent with national policy in that it does not fully reflect the Government's priorities and policies in terms of enabling sustainable development and boosting the supply of housing to meet identified needs.  
**Change To Plan:**  
**Proposed Change**  
To remedy the flaws in the soundness of the plan:  
- The housing trajectory should reflect a realistic timescale for the delivery of the Lutterworth SDA.  
- The Local Plan Plan should then identify sufficient deliverable and developable supply of housing land to meet the identified housing need in sustainable locations in the District, notably at the PUA.  
- That should include the allocation of the land off Uppingham Road, Bushby.  
**Legally Compliant?:** Yes  
**Full Reference:** O - 7128 - 4935 - L1 clause 1 - ii, iii, iv

7277 **Object**  
**Respondent:** Miss A Tiktin [6043]  
**Agent:** N/A  
**Summary:** This Plan is neither legally compliant nor sound, claims being made about what the current situation is to claim this is sustainable are fundamentally untrue. The Plan as is, will endanger the lives of local residents.  
**Change To Plan:** I do not believe there is any willingness to make such modifications, based on past experience of ignoring existing issues/incompetency/disregard for public safety.  
**Legally Compliant?** No  
**Full Reference:** O - 7277 - 6043 - L1 clause 1 - i, iii, iv

7393 **Object**  
**Respondent:** Historic England (Mrs Emilie Carr) [5702]  
**Agent:** N/A  
**Summary:** The allocation would have a negative impact on the setting and be harmful to the overall significance the grade II* Church of St Leonard at Misterton and the Grade 1 Listed Church of St. Mary, Lutterworth and that which non-designated heritage assets derive from their setting. As such, Historic England object to this allocation on the grounds of soundness.  
**Change To Plan:** There may be some potential for development but not on the scale shown, if the southern boundary of the site could be moved north to a sufficient level to overcome the objections set out above.  
**Legally Compliant?** Not Specified  
**Full Reference:** O - 7393 - 5702 - L1 clause 1 - i, ii, iii, iv

7475 **Object**  
**Respondent:** Mr Peter Bailey [6019]  
**Agent:** N/A  
**Summary:** The A4303, A426, and the A5 are already very congested as they connect with main routes from and to the M6 (especially to and from the North). The development of Magna Park and DIRFT (together with the latter's new town development) will further increase the strain on these routes. In my opinion, the developments planned should not go-ahead without the infrastructural problems of the A426, A4303 and A5 being solved.  
**Change To Plan:**  
**Legally Compliant?** Not Specified  
**Full Reference:** O - 7475 - 6019 - L1 clause 1 - iv

7619 **Object**  
**Respondent:** Armstrong Rigg Planning (Mr Geoff Armstrong) [4700]  
**Agent:** N/A  
**Summary:** Policy L1 relating to East of Lutterworth Strategic Development Area is unsound so far as it will fail to deliver the predicted number of homes during the plan period, which is likely to result in a shortfall against the plan requirement of circa 600 homes (Enclosure 4);  
**Change To Plan:** In order to respond to the fundamental concerns raised above and to enable the preparation of a sound Plan, the following change is required:  
* Reduce the level of predicted delivery on this site to a more realistic level of circa 900 new homes and identify additional housing allocations  
**Legally Compliant?** Yes

Respondent: Highways England (Scarlett Griffiths) [6496]
Agent: N/A
Summary: Due to its proximity to M1 J20, we consider that there would be significant impacts upon the operation of the junction. Initial traffic model sensitivity tests indicate that M1 J20 would reach capacity before the site (to the scale up to the end of the plan period) is built out.

HE is aware of a scheme which includes signalisation at M1 J20, A4302/A426 Frank Whittle signalised cross-roads and proposed signalised site accesses on the A4304.
We consider that these improvements are likely to be suitable, but the interaction of M1 J20 with the adjacent junctions will need to be closely monitored and carefully designed. A risk that if not suitably coordinated then potential blocking issues at the exit arms could impact the operation of M1 J20.
HE keen to maintain close engagement with LCC and HDC in the development of this scheme.

5522 Object  
Respondent: Mr Dennis O'Neill [6025]  
Agent: N/A  
Summary: This development is completely out of proportion to the area's needs - it is claimed this will bring in much needed employment, yet Lutterworth and the surrounding areas is one of the most highly-employed areas in the county. All it can bring in is extra traffic as the public transport doesn't exist, thus increasing congestion, air pollution and difficulty in travelling. It will also be in competition with considerably sized similar developments in and around Rugby, Corby and other surrounding areas.  
Change To Plan: It should be scrapped as it is unnecessary, disproportionate and there is little or no business case to support it.  
Legally Compliant?: No

**Respondent:** Ms Nina Woodcock [6440]  
**Agent:** N/A  
**Summary:** Although I agree with the proposal for two primary schools I am concerned that there appears to be no additional provision for secondary schools. As a director of the Lutterworth Academies Trust I believe that funding should be made available (e.g. from S106 monies) for improvements to Lutterworth College to ensure that the facilities are available for the expected increase in pupil numbers.  
**Change To Plan:**  
**Legally Compliant?** Not Specified  
**Full Reference:** S - 6844 - 6440 - L1 clause 3, L1 3g. - None
CHAPTER: Part C Places and Sites

6107 Object

Respondent: John Miller [6218]  
Agent: N/A

Summary: No specific examples of "appropriate contributions" or what the "necessary provisions" might be.

Change To Plan: Make clear and definite what the contributions and provisions will be

Legally Compliant?: No

Full Reference: O - 6107 - 6218 - L1 clause 3, L1 3h. - i

6731 Object

Respondent: Mrs Helen Christie [6423]  
Agent: N/A

Summary: This is not clear & is too vague. What are the appropriate contributions going to cover as they will be necessary, & planning in advance would be needed. New infrastructure would be needed to accommodate extra students in current secondary schools. Buildings & upgrading would be necessary. Accommodation for dining/cooking would need expanding. Dedicated bus services, cycle routes & walking routes etc.

Change To Plan: Be more specific about what will be provided by liaising with local secondary schools so plans can be put into place & stakeholders can work together.

Legally Compliant?: No

Full Reference: O - 6731 - 6423 - L1 clause 3, L1 3h. - i, iii

6865 Object

Respondent: Friends of Lutterworth College (Mrs Patricia Barnett) [6408]  
Agent: N/A

Summary: I am responding as a member of the Friends of Lutterworth College where my son attends. Lutterworth's two exciting schools are already oversubscribed. Lutterworth College is already experiencing pressures on its infrastructure i.e. catering and dining facilities which would be significantly exacerbated if expected to absorb over Pupil Admission numbers.

I feel the proposal for East of Lutterworth has not adequately considered the impact of secondary school infrastructure, and this should be factored into the strategic planning as well as the more detailed master planning stage, so that any developer is aware.

Change To Plan: I would like to see fuller assessment of the impact on local secondary school provision, including what capital investment may be required across the existing schools to accommodate the expected increase in young people age 11-18 years. This should be done in consultation with Lutterworth College and Lutterworth High School. I would like to see at what stage (i.e. after how many dwellings) this needs to be enacted upon.

Legally Compliant?: Yes

Full Reference: O - 6865 - 6408 - L1 clause 3, L1 3h. - i

6730 Support

Respondent: Mr Chris Skelton [6424]  
Agent: N/A

Summary: I am very much in favour of the expansion of Lutterworth. However, I believe that proper provision should be included for the secondary schools - in particular Lutterworth College (which includes A levels). The College is in need of improved facilities currently and additional students would place further demand on this even if only for things like catering. I believe some classrooms have been mothballed and provision would be needed to bring these back into use so that the school is appropriate and safe for all students.

Change To Plan: Not Specified

Legally Compliant?: Not Specified

The local authority does not appear to be giving the natural environment the priority or protection that the NPPF identifies it should, especially as there are alternative less damaging locations. The sensitive hydrology of Misterton Marshes needs to be protected or a study should be undertaken to prove that there will not be a negative effect on the hydrology of the SSSI.

**Change To Plan:**
Carry out a full and detailed hydrological model and risk assessment to check for any potential negative impacts on Misterton Marshes SSSI and its sensitive hydrology.

**Legally Compliant?**
Yes

---

We consider that it is imperative that the detailed ecological assessment of the Misterton Marshes site is completed before any development is begun on the site.

**Change To Plan:**

**Legally Compliant?**
No

---

Land or financial contributions should be sought for an additional Leisure Centre to serve both Lutterworth and the Development East of Lutterworth

**Change To Plan:**
land for an additional leisure centre to serve Lutterworth, towards the end of the plan period;

**Legally Compliant?**
Yes

---

Our swimming pool / leisure centre has been available to the immediate town for over 50 years. I totally disagree to the Leisure centre being Re built out of the immediate town, many of our older residents using the facilities would be unable to get to the new centre if relocated, the same would be for mums that don’t drive taking their children for swimming lessons.

**Change To Plan:**
Build a new centre in East Lutterworth and update and keep the Leisure centre in Lutterworth.

**Legally Compliant?**
No
**L1 clause 3, L1 3l.**

### 5508 Object

**Respondent:** LUTTERWORTH TOWN COUNCIL Parish Council (Andrew Ellis) [2656]  
**Agent:** N/A

**Summary:** The policy does not specify where construction traffic will be prohibited from the Lutterworth Town Centre

**Change To Plan:** Specify roads

**Legally Compliant?:** Yes

**Full Reference:** O - 5552 - 6052 - L1 clause 3, L1 3l. - i

### 6080 Object

**Respondent:** Mr Brian Poulter [4826]  
**Agent:** N/A

**Summary:** Gilmorton Road is not substantial enough for the addition of site traffic.

**Change To Plan:** Make separate junctions on the A4304 to serve both as the site entrance & work force entrance.  
Or as well as make a site entrance on the A426 north of Lutterworth town

**Legally Compliant?:** Yes

**Full Reference:** O - 6080 - 4826 - L1 clause 3, L1 3l. - i, ii, iii, iv

### 6879 Object

**Respondent:** Mr Graham Logan [4816]  
**Agent:** N/A

**Summary:** If the massive plans to expand Magna Park were to be approved by HDC, the increased volume of traffic in and around the Lutterworth area would change beyond recognition.

Building a large number of houses in East Lutterworth can only add to the traffic congestion, increase road traffic accidents and produce even more contaminated air for us (and any new residents in East Lutterworth) to breathe.

**Change To Plan:** The local road network would need radical and substantial improvement if we are to avoid gridlock in and around the Lutterworth area.

Local roads already struggle very badly to cope with existing traffic volumes.

Expansion of Magna Park (already Europe's largest distribution centre) would lead to thousands of more HGVs and commuter cars flooding onto our already congested roads.

As well as increasing congestion, all this extra traffic will generate unacceptable levels of poor air quality threatening the health of those who live and work in the Lutterworth area.

This should be considered as a serious public health issue.

**Legally Compliant?:** No

**Full Reference:** O - 6879 - 4816 - L1 clause 3, L1 3l. - None

Page 473 of 496
Object

Respondent: Gilmorton Parish Council (Mr Julian Kent) [6472]  
Agent: N/A

Summary: The proposed Lutterworth East development includes provision of a spine road and closure of the current Gilmorton Road in Lutterworth to general traffic. We note the mention of Traffic Calming measures being required in Gilmorton and we would like to understand a.) what is behind this comment / proposed measure and b.) whether we will be consulted on the type and location of such measures. Our concern is that Gilmorton will increasingly become a 'rat run' for traffic heading for the southern outskirts of Leicester.

Change To Plan: A motorway junction linking the A426 north of Lutterworth would avoid some of the potential issues with through traffic in Gilmorton.

Legally Compliant?: Yes

Full Reference: O - 7151 - 6472 - L1 clause 3, L1 31. - None
There is no mention of how you are going to get people to use this bypass and stop traffic traveling through town once it's built. There is potentially going to be thousands of extra vehicle journeys through the town centre before the road is finished.

Change To Plan: the road needs building before the houses get built. there needs to be a HGV restriction through town now let alone when the roads built, Asda trucks use it as a short cut instead of driving on the M1.

Legally Compliant?: Yes

New Mway bridge is in the wrong place. Dumping traffic on the A426 Leicester road at this point in the middle of new housing development. The opportunity for this was lost when housing development was permitted right up to the road side verges on Bill Crane Way thus preventing the completion of a proper Bypass.

Change To Plan: Move the Bridge further North make it fully interconnected with the M1 and continue the bypass to the A5.

Legally Compliant?: No

The traffic around Lutterworth is already bad. The proposal not to increase the road network until after a very high occupancy rate is absurd.

Change To Plan: Improve the road network at a much lower occupancy rate. Smaller developments around the county to minimise the impact to one area.

Legally Compliant?: No

The Parish Council is concerned that delaying the completion of the spine road until 1250 house have been constructed (2029 approximately) will be contrary to policy IN1.1 as the infrastructure provision will not be in place until a substantial proportion of the site has already been developed.

Change To Plan: ?

Legally Compliant?: No

The proposal will be contrary to Key Issue 8 and policy IN2.g as delayed provision of the spine road will have an adverse impact on the Air Quality Management area in Lutterworth town centre.

Change To Plan: ?

Legally Compliant?: No
The Parish Council notes that the main road through the development site between the A426 north of Lutterworth and the A4304 to the east of Lutterworth is described as a spine road (policyL1.3.m) rather than the Lutterworth Eastern by-pass, the provision of which was the prime factor on which previous support for the development was based. The access via a traffic light controlled junction is likely to discourage drivers from using the spine road, the design standard of which is lower than previously detailed.

Change To Plan: ?
Legally Compliant?: No

Summary:

Full Reference: O - 5833 - 2659 - L1 clause 3, L1 3m. - i

---

Early completion of the relief road utilising Cauldwell Lane and the existing bridge over the M1 motorway to reduce traffic and air pollution in Lutterworth town centre.

Change To Plan: The relief road to be constructed before completion of any dwellings on the East of Lutterworth. The northern section relief road to utilize an upgraded Cauldwell Lane from its junction with the A426 and use the existing bridge over the M1 motorway.

Legally Compliant?: Yes

Full Reference: O - 6026 - 4742 - L1 clause 3, L1 3m. - ii

---

With the increase of traffic at the site the town centre will be 10 grid-locked & 20 suffer from poor air quality much higher then the current unacceptable level.

Change To Plan: The spine road to be established before the housing build begins. This road therefore takes the traffic load away from Lutterworth town centre. Also close off the far end of Gilmorton Road again to remove the additional traffic from the town centre.

Legally Compliant?: Yes

Full Reference: O - 6081 - 4826 - L1 clause 3, L1 3m. - i, ii, iv

---

The “spine road” needs to be fit for purpose, i.e enable Town Centre traffic reduction, and be committed to earlier than 1,250 dwellings - this will be almost when the development is complete and traffic levels are too high.

Change To Plan: reduce the new road threshold to 300 as per other thresholds.

Legally Compliant?: No

Full Reference: O - 6360 - 6283 - L1 clause 3, L1 3m. - i

---

Would just like to comment that this solution would be short sighted and short lived. Surely there is case to construct an additional junction for the M1 to the south of Leicester thus alleviating traffic through Lutterworth accessing Junction 20 and decreasing capacity to the already congested Junction 21. This would be more efficient in terms of financial cost and loss of land.

Change To Plan: Examine alternative options

Legally Compliant?: Yes

Full Reference: O - 6447 - 5112 - L1 clause 3, L1 3m. - i, ii, iv
6518 Object

Respondent: MISTERTON WITH WALCOTE Parish Council (Cathy Walsh) [2659]  Agent: N/A

Summary:
* spine road not in place until site substantially developed, contrary to policy IN1.1
* delayed provision of the spine road will have an adverse impact on Lutterworth AQMA (contrary to Key Issue 8, policy IN2.g)
* main road described as a spine road not Lutterworth Eastern by-pass, the provision of which was the basis of previous support for the development.
* design standard of spine road likely to discourage use and is lower than previously detailed.
* only 'some relief to through traffic within Lutterworth town centre'
* concern Para 15.2.16 might further delay or down grade quality of the spine road.

Change To Plan: None stated

Legally Compliant?: No

Full Reference: O - 6518 - 2659 - L1 clause 3, L1 3m. - i, iii

6628 Object

Respondent: Cllr Geraldine Robinson [2493]  Agent: N/A

Summary: Importance of providing a by-pass around Lutterworth or at least a dual carriageway.

Lutterworth Town Council supported the SDA in principle, based on a dual carriageway (now down-graded to a spine road) being constructed in the early stages of development to alleviate air pollution and traffic congestion.

Consideration should be given to imminent future housing development on the A426 in Blaby District and the emerging growth plan. This housing intensification will add to the problems of an already congested A426 especially at times of Magna Park shift changes. Traffic congestion is having an effect as far away as Rugby.

Change To Plan: L1 East of Lutterworth Strategic Development Area - Re-evaluate the decision to down grade the by-pass to a spine road in view of the future housing development in Blaby District in the emerging growth plan.

THIS PLAN SEEM TO FOCUS ON ADDING TO THE ALREADY EXISTING NEGATIVE EFFECT OF GYPSY, TRAVELLER AND SHOWMAN'S PROVISION, MAGNA PARK AND WIND TURBINES BY INCREASING THIS PROVISION RATHER THAN EXERCISING A FAIR GEORGRAPHICAL SPREAD.

Legally Compliant?: Not Specified

7033 Object

Respondent: Ullesthorpe Parish Council (Mrs Katherine Clarke) [5370]  Agent: N/A

Summary:
* spine road is not due to be constructed early enough in the development
* infrastructure not in place until 45% of the development is complete
* contradicts Policy 11
* previous support of the development was based on the implementation of a by-pass which has now been down-graded to a spine road
* delaying implementation will impact the Air Quality Management Area in Lutterworth Town Centre

Change To Plan: If development must take place implementation of the originally proposed by-pass or at least earlier implementation of the spine road.

Legally Compliant?: No

Full Reference: O - 7033 - 5370 - L1 clause 3, L1 3m. - i, ii, iii

7041 Object

Respondent: SWINFORD Parish Council (Katherine Clarke) [2678]  Agent: N/A

Summary:
* spine road is not going to be implemented until 45% of the proposed development is in place
* traffic issues already exist, the spine road is required much earlier
* previous support for the development was based upon the implementation of a by-pass which has now been down-graded to a spine road
* delaying implementation will adversely affect the Air Quality Management Area in Lutterworth town centre

Change To Plan: Upgrade proposed spine road to the by-pass originally consulted on. If the spine road goes ahead implement it at an earlier stage of the development.

Legally Compliant?: No

Full Reference: O - 7041 - 2678 - L1 clause 3, L1 3m. - i, ii, iii
**7136 Object**

**Respondent:** North Kilworth Parish Council (Mrs Katherine Clarke) [6469]  
**Agent:** N/A

**Summary:**
- *spine road is not going to be implemented until 45% of the proposed development is in place*
- *traffic issues already exist, the spine road is required much earlier*
- *previous support for the development was based upon the implementation of a by-pass which has now been down-graded to a spine road*
- *delaying implementation will adversely affect the Air Quality Management Area in Lutterworth town centre*

**Change To Plan:** Upgrade proposed spine road to the by-pass originally consulted on. If the spine road goes ahead implement it at an earlier stage of the development.

**Legally Compliant?** No

**Full Reference:** O - 7136 - 6469 - L1 clause 3, L1 3m. - i, ii, iii

**7298 Object**

**Respondent:** Mrs Jaqueline Strong [4069]  
**Agent:** N/A

**Summary:**
- A426 at capacity and roads inadequate to support increased traffic, bottlenecks likely at Gibbett and Whittle roundabouts. Proposed bypass for SDA comes too late in the process.

**Change To Plan:** Build bypass road (if development approved) earlier in project.

**Legally Compliant?** No

**Full Reference:** O - 7298 - 4069 - L1 clause 3, L1 3m. - i, ii, iv

**7631 Object**

**Respondent:** Mr Michael Bates [6242]  
**Agent:** N/A

**Summary:**
- The proposed "spine road" bypass, north of Lutterworth, shown on the plans is to serve the new Lutterworth East development and is not proposed until a threshold number of houses are constructed. It is my understanding that there is no budget in the national roads plan to support the road outside the confines of the Lutterworth East development. The new road will not therefore reduce the through traffic in Lutterworth and in fact during construction of Lutterworth East the volume of heavy traffic will increase to serve the needs of the site.

**Change To Plan:**
- The addition of a major A road by-pass for Lutterworth with restrictions on heavy goods through traffic will vastly improve the centre of Lutterworth. This in turn will enable the town character to be maintained as a social, professional services (Banks, solicitors, social services etc) and amenity retail hub for the area. This would complement Market Harborough in the east and Rugby in the west. Its adjacency to the M1 could then be exploited in a more sustainable manner.

**Legally Compliant?** Not Specified

**Full Reference:** O - 7631 - 6242 - L1 clause 3, L1 3m. - None

**5796 Support**

**Respondent:** Mr. Peter Ernest Kay Fuchs [6124]  
**Agent:** N/A

**Summary:**
- I support the development of East Lutterworth on the basic premise that it is the means to provide bypass possibilities for HGVs, removing them from passing through central Lutterworth, where there is a serious problem with pollution. So it is important that the spine road is provided at the earliest opportunity, certainly within the first 3-5 years of the housing development despite the reluctance of developers to do this at the early stage. The provision of the spine road as a bypass will also help access for housing development without causing even more disruption where Gilmorton Road meets Leicester Road.

**Legally Compliant?** Not Specified

**Full Reference:** S - 5796 - 6124 - L1 clause 3, L1 3m. - None

**CHAPTER:** Part C Places and Sites  
**L1 clause 3, L1 3n.

**6836 Object**

**Respondent:** Mrs Jacqueline Smethurst-Todd [4096]  
**Agent:** N/A

**Summary:**
- This should not be done as it will increase traffic through Gilmorton village. My reasoning behind this is that closing the Gilmorton road will cause people to cut through and head to Lutterworth through Gilmorton and up the Ullesthorpe road. Gilmorton cannot take anymore traffic. The roads are stuggling already and the Ullesthorpe road is dangerous already.

**Change To Plan:**
- This road needs to be kept open. It is the centre of Lutterworth is the place that needs sorting!

**Legally Compliant?** No

**Full Reference:** O - 6836 - 4096 - L1 clause 3, L1 3n. - i
6361 **Object**

**Respondent:** Cotesbach Parish Council (Dr Edmund Hunt) [6283]  
**Agent:** N/A

**Summary:** This needs to include a regular bus service to local train stations as currently Lutterworth is highly dependent on the road network. The 2015 Sustainability Assessment recognised a risk with the Lutterworth SDA being so far from a train station, but this has not been addressed within the Local Plan.

**Change To Plan:** Do not only consider a bus service within Lutterworth but also the rural communities surrounding it.

**Legally Compliant?** No

**Full Reference:** O - 6361 - 6283 - L1 clause 3, L1 3q. - i

CHAPTER: Part C Places and Sites  
L1 clause 3, L1 3s.

---

7300 **Object**

**Respondent:** Mrs Jaqueline Strong [4069]  
**Agent:** N/A

**Summary:** Town centre is not appropriate for increased traffic use, extra affordable car parking needed and associated public transport needs addressing. No plans for reducing air pollution. Plan unsustainable due to non-consideration of traffic movement and public transport arrangements.

**Change To Plan:** Introduce weight limit (no HGVs) and speed limit (40 mph) on A426 between Whittle roundabout and Gibbet roundabout to protect the rural, historic settlement of Cotesbach.

**Legally Compliant?** No

**Full Reference:** O - 7300 - 4069 - L1 clause 3, L1 3a. - i, ii, iv

15.2.1 to 15.2.3 Explanation

5419 Support

Respondent: Mr Neil Gladstone [5962]
Agent: N/A

Summary: I welcome this development 100% if commercial gain is secondary to getting it right for this part of south west Leicestershire. Lutterworth would benefit from the removal of "bulky" traffic from it's thoroughfare as long as "free parking" is provided to ensure the towns high streets are diverted past. I moved to Lutterworth (but now live in Ulllesthorpe) because of its appeal as a small market town and that should be its identity, even as it grows to become a larger market town. Additional thought should be given to the provision of central sports facilities.

Change To Plan: None

Legally Compliant?: Not Specified

Full Reference: S - 5419 - 5962 - 15.2.1 to 15.2.3 Explanation - None

CHAPTER: Part C Places and Sites

6183 Object

Respondent: Mr Michael Bates [6242]
Agent: N/A

Summary: The local plan does not address the problem of heavy goods traffic passing through Lutterworth. The increase in construction traffic resulting from the plan and the omission of a major A road by-pass will condemn the existing area of Lutterworth to a run down polluted dormitory of the proposed Lutterworth East development.

Change To Plan: The addition of a major A road by-pass for Lutterworth with restrictions on heavy goods through traffic will vastly improve the centre of Lutterworth. This in turn will enable the town character to be maintained as a social, professional services (Banks, solicitors, social services etc) and amenity retail hub for the area. This would complement Market Harborough in the east and Rugby in the west. Its adjacency to the M1 could then be exploited in a more sustainable manner.

Legally Compliant?: No

F1 Clause 1

5370 Object

Respondent: Persimmon Homes (South Midlands) Ltd [5909]
Agent: Pegasus Group (Mr Neil Tiley) [5908]

Summary: The proposed allocation at Fleckney results in a significant development on high quality best and most versatile agricultural land, which other sustainable alternative sites do not. National policy requires that the significant release of high quality agricultural land can only be justified where there are no such alternatives.

Change To Plan: The proposed allocation at Land off Arnesby Road should be deleted and replaced with the Land at Fleckney Road. However, if there is a need for additional development to that at Land at Fleckney Road, there may be a case for maintaining the proposed allocation as well.

Legally Compliant?: Yes

Full Reference: O - 5370 - 5909 - F1 Clause 1 - i, ii, iv

6074 Object

Respondent: Shire Homes [6203]
Agent: Landmark Planning Ltd (Lance Wiggins) [3798]

Summary: As indicated in my clients representations on policy H1 (4) (reference 6070), there is a concern that the allocation of land at Arnesby Road, Fleckney for 130 dwellings without reference to the work being undertaken on the Neighbourhood Plan risks a lack of co-ordination between this document and the emerging Local Plan. Furthermore, it is evident from the proposed Housing Trajectory that the Council do not envisage commencement of development on the Arnesby Road site until 2023-4. This indicates that there may be issues with the delivery of this site which would delay or prevent its development.

Change To Plan: As indicated in rep 6070, modify the Plan to allow the choice of allocated site in Fleckney to be made by the Parish Council as part of the preparation of the Neighbourhood Plan or alternatively, allocate both sites at Arnesby Road and High Street

Legally Compliant?: Yes

Full Reference: O - 6074 - 6203 - F1 Clause 1 - ii, iii

6399 Object

Respondent: Catesby Property Group (Mr Edward Barrett) [5772]
Agent: N/A

Summary: Policy F1 is unsound. The proposed allocation is not deliverable. Land south of Kilby Road as promoted by Catesby Estates is deliverable and should be allocated.

Change To Plan: In order to make the Plan sound, Policy F1 should be amended to allocate land south of Kilby Road, Fleckney for 150 homes. The site is situated to the west of Fleckney, accessed from Priest Meadow. It has capacity for 150 dwellings. The site is well located for local services and facilities in Fleckney village centre and was judged to be deliverable over 0 to 5 years in the SHLAA. The SHLAA identified the location as suitable to contribute to the housing requirement in Fleckney. Accompanying these representations is a Vision Framework for the proposed residential allocation on land south of Kilby Road, Fleckney. A separate Location Plan for the site is also enclosed. The enclosed Vision Framework demonstrates that the 7 hectare site is deliverable and capable of appropriately accommodating up to 150 dwellings.

Legally Compliant?: Yes

Full Reference: O - 6399 - 5772 - F1 Clause 1 - i, ii, iii, iv

7245 Object

Respondent: Leicestershire County Council (Mrs Sharon Wiggins) [5137]
Agent: N/A

Summary: Policy F1 includes no reference to securing suitable contributions for educational facilities. It may be that the intention is that this is covered by Policy IN1 - Infrastructure Provision, however whilst this policy refers to the Leicestershire Planning Obligations Policy (LPOP), it only does so in terms of waste, it does not refer to education.

Change To Plan: 

Legally Compliant?: Not Specified

Full Reference: O - 7245 - 5137 - F1 Clause 1 - None

7430 Support

Respondent: Gladman Developments (Mr Richard Agnew) [6504]
Agent: N/A

Summary: Gladman support the allocation of Land off Arnesby Road, Fleckney for residential development and can confirm that the site is available, achievable and deliverable. Adoption. However, both of the fields that directly adjoin Arnesby Road are unavailable for development because of ownership issues and a restrictive covenant which precludes built development. It is therefore considered that the allocation as shown on the Policies Map should be amended to reflect the above (see Appendix 1 of attached document). Gladman consider that 160 units can be accommodated on the site.

Change To Plan: Amend allocations as shown on Policies Map and increase capacity of site to 160 units.

Legally Compliant?: Not Specified

Full Reference: S - 7430 - 6504 - F1 Clause 1 - None
Arnesby Road is already too narrow to accommodate larger vehicles and potential increase in traffic from the village center and from the west would increase an existing problem.

Gladman object to Criterion (f) of Policy F1 as it precludes the provision of large retention ponds on site to deal with surface water drainage. There is no definition in the Policy as to what the Council would consider to be ‘large’ and therefore the clause is ambiguous and difficult to implement. In addition, as the drainage strategy for the site is still being worked up, there is no indication as yet as to what the most appropriate drainage strategy is. There is no reasoning included within the supporting text to Policy F1 as to why a large retention pond would not be appropriate.

Foul flows from the development will join a 225 mm dia pipe at the back of properties on Main St. Surface water from the development will drain to the local watercourse. There is one pollution recorded at the watercourse D/S from the development. There is one flooding incident further D/S.

Flows from the site are likely to drain to Cobwells Cl. There are no flooding or pollution incidents recorded.

Potential impact on the sewerage infrastructure: LOW

17.1 Introduction

Chapter: Part C Places and Sites

Object 5396

Respondent: KIBWORTH HARCOURT Parish Council (Dr Kevin Feltham) [3789]
Agent: N/A

Summary: Incorrect description of the settlement - it consists of two parishes/villages not one.

Change To Plan: The Kibworths straddle the A6 lying some 7 miles north west of Market Harborough and 9 miles south east of Leicester city centre. The settlement comprises 2 parishes, Kibworth Beauchamp and Kibworth Harcourt. The cores of both parishes have Conservation Area status. Kibworth Beauchamp has a good range of shops, services and facilities, including a secondary school, along with some employment opportunities in both villages. There are bus services to Leicester and Market Harborough, but the settlement's railway station closed in 1968.

Legally Compliant?: Yes

Object 5397

Respondent: KIBWORTH HARCOURT Parish Council (Dr Kevin Feltham) [3789]
Agent: N/A

Summary: Alter number of houses completed in 17.1.2 from over 400 to over 600
Replace almost 450 with more than 450 further homes (actually 464 as this is written)

Change To Plan: There have been over 600 dwellings completed since 2011 and there are planning commitments for more than 450 further homes.

Legally Compliant?: Yes

Full Reference: O - 5397 - 3789 - 17.1 Introduction - None

Object 7620

Respondent: Armstrong Rigg Planning (Mr Geoff Armstrong) [4700]
Agent: N/A

Summary: The proposed allocation of land to the South and West of Priory Business Park is supported but amendments are required to the policy and supporting text to ensure that it accurately reflects the provisions of the permitted scheme and would result in a viable development that meets the needs of the market. In its current form, the policy is considered ineffective and inconsistent with national policy as it places policy burdens on the site that threaten its ability to be viably developed (Enclosure 5);

Change To Plan: Amend Policy K1, point 1. to read:
"1. The area of land south and west of Priory Business Park, Kibworth Harcourt, as shown on the Policies Map, is allocated for a mix of business, and light industrial and retail development (Use Classes A1, B1a, B1b, B1c, B2).

Legally Compliant?: Yes

6719  Support
Respondent: Anglian Water Services Ltd (Mr Stewart Patience) [4571] Agent: N/A
Summary: We have no objection to the principle of development of this site for employment uses. The Submission Local Plan includes Policy IN4 (Water resources and services) which requires applicants to demonstrate that foulwater treatment and disposal exists or can be provided in time to serve the development.
As the Local plan policies are intended to be read as a whole we do not consider that it is necessary to duplicate these requirements in this site specific policy.
This policy refers to an integrated approach to provision of SuDs and flood mitigation which is supported.

Change To Plan: None. As the Local plan policies are intended to be read as a whole we do not consider that it is necessary to duplicate these requirements in this site specific policy.
Legally Compliant?: Yes

CHAPTER: Part C Places and Sites 17.2 Explanation

7621  Object
Respondent: Armstrong Rigg Planning (Mr Geoff Armstrong) [4700] Agent: N/A
Summary: The proposed allocation of land to the South and West of Priory Business Park is supported but amendments are required to the policy and supporting text to ensure that it accurately reflects the provisions of the permitted scheme and would result in a viable development that meets the needs of the market. In its current form, the policy is considered ineffective and inconsistent with national policy as it places policy burdens on the site that threaten its ability to be viably developed (Enclosure 5);

Change To Plan: Amend the supporting text at paragraph 17.2.5 to read:
"17.2.5 The site is allocated for a mix of A1, B1a, B1b, B1c/B2 uses totalling approximately 12,500sq.m, with B1c/B2 uses expected to predominate. Commercial units will range from approximately 100-1,000m² in size. Ideally units will be flexible in size with the potential for neighbouring units to be joined together to cater for the needs of starter and expanding businesses"
Delete existing wording: "Provision of approximately 12,500sq.m of business floorspace in units ranging from 48sq.m to 140sq.m within a developable area of approximately 5.7hectares is envisaged to meet market demand"

5442 **Object**

**Respondent:** Mrs Jan Butcher [4328]

**Summary:** As set out in earlier comments, the Claybrookes does not meet the criteria for SRV status - Majority of households are not within an acceptable and safe walking distance of the school in Parva so unjustifiable designation

**Change To Plan:** Remove SRV status from the Claybrookes

**Legally Compliant?**: No

**Full Reference:** O - 5442 - 4328 - Appendix F The Settlement Hierarchy - i, ii

---

5811 **Object**

**Respondent:** Mr Paul Johnson [953]

**Summary:** The size of a settlement in terms of the number of households has no bearing whatsoever on its sustainability if the level of services within or nearby it (as per the Framework) to indicate the development is otherwise sustainable. In the absence of any specific justification or evidence to say that the number of households has any practical bearing or other constraint to housing delivery, it is unclear why this is being heralded as an additional barrier to housing delivery - so not being positively prepared as a result.

**Change To Plan:** This element should be omitted - household number has no bearing on sustainability of the levels and nature of services within and nearby to a village otherwise indicate the development is sustainable (as per the definition within the Framework).

**Legally Compliant?**: No

**Full Reference:** O - 5811 - 953 - Appendix F The Settlement Hierarchy - i, ii, iii, iv

---

6728 **Object**

**Respondent:** TILTON ON THE HILL Parish Council (Jenny Saville) [2686]

**Summary:** Tilton on the Hill and Halstead Parish Council seeks Tilton's re-classification as "Other Villages and Rural Settlements". Tilton does not have a GP surgery or primary school within acceptable walking distance. The library van calls monthly, 4 residents access this service, thus a threat of withdrawal. The post office is an outreach service in the foyer of our village hall two afternoons a week, the post office employee will be leaving with the possible closure of this facility. The public house closed on 20th July and will remain so for the foreseeable future. Tilton has a shop.

**Change To Plan:** We would with the re-classification of Tilton from Selected Rural Village to Other Villages and Rural Settlements

**Legally Compliant?**: Yes

**Full Reference:** O - 6728 - 2686 - Appendix F The Settlement Hierarchy - None

---

7581 **Object**

**Respondent:** Thornby And Bushby Society (Mr Jeffrey Rosenthal) [2441]

**Summary:** Thornby & Bushby and Scraptoft are next to Leicester but have a poor transport links by bus. So access to 'a wide range of services, facilities and employment opportunities' requires a car. Object as unsound in relation to transport links.

**Change To Plan:**

**Legally Compliant?**: Not Specified

**Full Reference:** O - 7581 - 2441 - Appendix F The Settlement Hierarchy - None

---

5609 **Support**

**Respondent:** STOUGHTON Parish Council (Coco Connor) [2677]

**Summary:** Stoughton Parish Council strongly support our inclusion under 'Other Villages and Rural Settlements' in Appendix F/

**Change To Plan:**

**Legally Compliant?**: Not Specified

**Full Reference:** S - 5609 - 2677 - Appendix F The Settlement Hierarchy - None
6608 Support

Respondent: Mrs Linda Bryan [6238]  Agent: N/A

Summary: Planners have recognised inappropriate land designations; I hope the District Plan will allow for reasonable development within the village of Arnesby to ensure its future as a community rather than an exclusive private estate for the few.

Change To Plan: 
Legally Compliant?: Yes

7514 Support

Respondent: Mr Steve Louth [5609]  Agent: Tom Collins [5814]

Summary: 6. We support the identification of Gilmorton as a SRV which reflects the range of services and facilities available in the village and confirms its sustainability and suitability as a location for growth.

Change To Plan: 
Legally Compliant?: Yes

Full Reference: S - 7514 - 5609 - Appendix F The Settlement Hierarchy - i, iii
Appendix G Housing trajectory

5371 Object

Respondent: Persimmon Homes (South Midlands) Ltd [5909]
Agent: Pegasus Group (Mr Neil Tiley) [5908]

Summary: The Council is unable to demonstrate a five-year land supply and will need to identify additional deliverable sites within the Local Plan to stand any prospect of restoring and maintaining a five-year land supply in accordance with national policy.

Legally Compliant?: Yes

Full Reference: O - 5371 - 5909 - Appendix G Housing trajectory - i, ii, iii, iv

Change To Plan: The Local Plan will need to allocate additional sites.

7243 Object

Respondent: Alpha Investments [6478]
Agent: Marrons Solicitors (Mr Matthew Roe) [4620]

Summary: Policy H1 identifies minimum housing requirements for the Selected Rural Villages, including Bitteswell (a minimum of 30). The fact that these are expressed as minimum requirements is supported as it incorporates a degree of flexibility into the policy. Marrons Planning does have concerns that the housing trajectory at Appendix G would not ensure a 5 year housing land supply on adoption and thinks this should be addressed by the Local Plan prior to submission to the Secretary of State.

Change To Plan: Not Specified

Full Reference: O - 7243 - 6478 - Appendix G Housing trajectory - None

7429 Object

Respondent: Gladman Developments (Mr Richard Agnew) [6504]
Agent: N/A

Summary: Gladman consider that the large-scale sites allocated in the HLP have significant requirements for infrastructure and will take a considerable amount of time to deliver. It is considered that the Council's view on the number of units which will be delivered on each of the Strategic Development Areas (SDAs) by the end of the Plan period (2031) is ambitious especially in terms of the delivery rates in the latter part of the Plan period. It is considered that additional, small scale allocations should be made in the HLP to deliver housing in the short term, contributing to the Council's 5-year housing land supply and allowing small and medium sized housebuilders the opportunity to deliver sites in Harborough.

Change To Plan: Not Specified

Full Reference: O - 7429 - 6504 - Appendix G Housing trajectory - None

7446 Object

Respondent: Home Builders Federation (Susan Green) [6519]
Agent: N/A

Summary: It is also essential that the Council's assumptions on lead-in times, lapse rates and delivery rates for sites are realistic. These assumptions should be supported by parties responsible for delivery of housing and sense checked by the Council using historical empirical data and local knowledge.

The Council should also consider the allocation of developable reserve sites together with an appropriate release mechanism as recommended by the LPEG Report.

Change To Plan: Ensure trajectory is realistic and consider reserve site identification.
