Dear Kamal,

Public Conveniences – Special Expenses

Further to the Town Council's original letter and your subsequent reply, dated 21 July 2010, we write again in relation to the inclusion of public conveniences within the District Council's Special Expenses policy.

It is understood that Special Expense items can only be levied by a resolution of the Council and therefore Lutterworth Town Council requests that Harborough District Council now adds public conveniences to its Special Expenses policy in light of the fact that Lutterworth Town Council is taking on the George Street public convenience facility.

We look forward to this request featuring on the earliest possible agenda for District Council consideration.

Yours sincerely

Clerk to the Council

Copy to: District Councillor Michael Rook, Leader
Sue Smith, Chief Executive
