Dear Mr Jones,

Bitteswell – Traffic Calming Proposals

Further to our recent communication in respect of the above, I would confirm that Leicestershire County Council is currently preparing a preliminary design and cost estimate for such a scheme.

Due to issues that are yet to be investigated, it will not be possible to provide details of the proposed scheme to the Parish Council before the end of November 2002.

However I would add, that in principle the sum of £30,000 should be adequate to fund a traffic-calming scheme in Bitteswell.

If you require any further information regarding this please contact Richard Wightman on the above telephone number.

Yours sincerely,

Robert Reeves
Assistant Engineer, Transport Programmes and Improvements
on behalf of the Director

Department of Highways, Transportation and Waste Management
