Dear Mr Brailsford

RE: Enforcement Officer Broughton Astley

With reference to our recent telephone conversation, I am writing to advise you that I have had several occasions to make contact with Barbara Whitcombe concerning matters that fall within her remit.

On all occasions I have found her input and services to be of great use, particularly with regard to matters reported to the Police that do not quite fall within the scope of our powers.

There have been a number of occasions where Barbara has reported issues to me, particularly with regard to abandoned vehicles, or vehicles that are for sale being parked on the highway, where as a result of her information, I have been able to identify uninsured vehicles being used on public highway.

Together, we have made good use of multi agency approaches to tackle nuisance youth problems within the Broughton Astley area, which have resulted in a reduction in the number of incidents being reported.

I am more than happy to place on record my appreciation for Barbara's efforts, and would fully endorse the continued provision of her position.

Yours sincerely

Jon Bateman
Police Constable 930
Principal Beat Officer
Broughton Astley & Dunton Bassett
