002 S106 R1 2024/25	Gilmorton Community Playing Fields Association c/o Gilmorton Parish Council	Pavilion Extension	£535 000.00	£184 731.60 (Total of all contributions listed to the right)	Included Docs : Application Accounts breakdown Minutes from PC meeting Rates User Groups Business Plan AGM 2023 Summary/Business Plan Intro Policies ClIr Bateman support	£100k secured £250k pending – other grants being investigated/applied for etc	Community Facilities	£12 909.07	06.05.2026	18/01656/FUL Land West of Lutterworth Road
							Community Facilities	£21 593.16	15.12.2027	To be used towards the extension of the playing fields pavilion in Gilmorton (or as otherwise agreed with the Council)
							Community Facilities	£15 585.44	03.03.2027	17/01256/OUT Ullesthorpe Road, Gilmorton
							Community Facilities	£15 406.73	13.04.2028	To be used towards the extension of the playing fields pavilion in Gilmorton
							Outdoor Sports	£6 130.00	06.05.2026	18/01656/FUL Land West of Lutterworth Road
							Outdoor Sports	£6 431.78	15.12.2027	To be used towards enhancement of the sports provision at the recreation ground in Gilmorton (or as otherwise agreed with the Council)
							Outdoor Sports	£35 966.86	16.06.2024	17/00885/OUT Kimcote Road, Gilmorton
							Outdoor Sports	£37 436.87	15.06.2026	To be provided within a 4km distance of the development
							Playing Fields	£16 421.42	19.08.2024	17/00885/OUT Kimcote Road, Gilmorton
							Playing Fields	£16 850.27	15.06.2026	Towards the extension to the side of the existing playing fields pavilion at Kimcote Road Gilmorton of a size adequate to hold meetings
Project Outline						Recommendation				
<p>The project is to extend the existing Pavilion. The building is 30 years old and is used every day of the week. A wide range of activities take place in the main hall from indoor sports such as table tennis through to keep fit and toddler groups. The building also provides changing rooms for outside sports including Senior & Junior Football, Senior & Junior Cricket and Ladies Rounders. This project will enable a new community hall to be added approx. two thirds the size of the current hall, add storage space so that regular user groups can keep equipment close to point of use, make a new entrance to the changing rooms for sports teams to improve safeguarding and provide 2 modernised changing rooms which comply to current design standards for such facilities.</p>						<p>FULLY FUND</p>				
						Reason for Recommendation				
						<ul style="list-style-type: none"> - Fits within the criteria for spending within the agreement - Will allow an additional meeting room space that could be used by additional user groups - Improves the ability to provide proper safeguarding within the building - Will bring their changing rooms up to modern standards – with better access to the field – which will increase participation rates 				

Section 106 Grants – Summary of Information Round 1 2024 2025

Officer Comments

This project is CIL Compliant.

They have not applied for planning permission yet. If granted the full amount requested, they will apply as soon as possible.

There is a grey area where the Parish Council own the land – but there is uncertainty relating to the building. The pavilion was built in 1992 on land which at the time was owned by the GCPFA. Subsequently the land was transferred to Gilmorton Parish Council and officially registered in the name of the Council during 2019. The pavilion and commercial operations for the whole facility are handled by the GCPFA committee, operating as a Charitable entity but it is thought that the building as it is on Parish Council land is indeed owned by the Parish Council.

If the building is owned by the Parish Council, as they are VAT registered, this affects funding going forward – they would need less from future grants applied for.

Other than these points highlighted above, the project seems quite straightforward – the extension will enhance the opportunities for community use and will allow them to increase what they can offer.

Special Terms and Conditions

- Standard Terms and Conditions would apply (this includes requiring the evidence of other funding)
- Impose a 6 month deadline to apply for planning permission
- Impose a requirement that building ownership is clarified which would solve the VAT query as well
- Request monthly progress updates

Section 106 Grants – Summary of Information Round 1 2024 2025

Community Grant Ref No	Organisation	Project Details	Total Project Cost	Amount Requested from S106	All Documents Included?	Other Funding Info	Relevant Scheme	Amount Available	Spend by Date	Which Development with Spending Criteria as per S106 Agreement
003 S106 R1 2024/25	Medbourne Parish Council	Footpath through sports field	£43 034.50 (£35 862.08 ex VAT)	£28 748.19	Included Docs : Application Drawing Mark-up Activities at Sports Club Medbourne NP Additional Funding info MEFT info Planning correspondence Policies Quotes Cllr Rickman support	£5k from Medbourne Charities	Greenways	£4 126.27	10.01.2029	22/02017/FUL Paynes Lane, Medbourne Towards enhancements to existing cycleways, footpaths and bridleways within the vicinity of the Property
						£9286.31 – promissory note pending	Sports	£24 621.92	10.01.2029	22/02017/FUL Paynes Lane, Medbourne Towards enhancements of and accessibility to existing sports facilities within Medbourne or within a 4km radius of the Property
Project Outline						Recommendation				
<p>The project is to build a sports compatible (soft material) footpath on the edge of sports field joining the end of the existing village footpath to the Sports Club. This will significantly enhance the safety in the village allowing people to transit safely from the edge of the village to very popular and highly used village amenities/greenspaces. In addition to the Sports Club, the footpath will connect the village to the ‘Medbourne Hollow’ an important Greenway / Open Space located immediately behind the Sports Club. The footpath will also connect the adjacent ‘Rural Relaxing’ (commercial) site which is a much-used outdoor café and meeting facility for the village. As there is currently no footpath between the Sports Club and the village, pedestrians walk down the road which is a safety issue. There is approximately 120m before they can reconnect onto pavement. This practice is exceptionally dangerous – especially in inclement weather and when it’s dark. Disabled/elderly/children are at higher risk. The new path will be within the boundary of the Sports Club with gated access at both ends.</p>						Fully Fund				
						Reason for Recommendation				
						<ul style="list-style-type: none"> - Fits within the criteria for spending within the agreement - Will ensure safe travel for all abilities which will benefit the community 				
Officer Comments						Special Terms and Conditions				
<p>This project is CIL Compliant.</p> <p>Due to the safety aspect, this project has been on the Parish Council’s agenda for quite some time. Footpaths are highlighted in their Neighbourhood Plan.</p> <p>The Sports Club hosts a wide variety of activities including Football, Cricket, Tennis as well as social/fundraising events such as quiz nights, race nights, Live on TV sports, Festive gatherings, competitions, Scouts, Funeral wakes, tug of war, village celebrations. It’s of the officer’s opinion that this path would benefit the majority of the village.</p> <p>Part of the land that the path will go over is owned by the MEFT (Medbourne Educational Foundation Trust). Correspondence has been received to show their support of this application. Planning have been consulted and this can be done as Permitted Development.</p> <p>Towards the Hereward Homes end of the path there is a kissing gate – officer’s recommendation is to upgrade the gate as access is limited and doesn’t allow for pushchairs or wheelchair access. Towards the Sports Club end of the path there is a large swing gate – officer’s recommendation is to upgrade the gate as access is limited and doesn’t allow for easy access of pushchairs or wheelchair access.</p> <p>(Officer has discussed the upgrading of the gates with the applicant – they are aware this could be a condition of the grant if awarded).</p> <p>Clarification on VAT – they are not VAT registered but they think reclaiming may be possible – the ex VAT amount is more than what they are applying for – so officer doesn’t see this as an issue.</p>						<ul style="list-style-type: none"> - Standard Terms and Conditions would apply (this includes requiring the evidence of other funding) - Replace current gates to accessible gates at both ends - VAT clarification

Section 106 Grants – Summary of Information Round 1 2024 2025

<p>Project Outline</p> <p>1st Bowden Scouts based on the village green in Little Bowden is the largest Scout Group in Harborough District with on of the smallest and most dilapidated Scout Huts. They have meetings every night of the week for 177 youth members with over 91% of these living in Harborough, Little Bowden and Great Bowden. They have 19 young leaders who volunteer with the younger sections to help pass on their Scouting experience – along with 47 adult volunteers. They also have sections for Squirrels, Beavers and Cubs.</p> <p>The current prefabricated hut dates from the 1960’s and is showing it’s age. They have planning permission (16/01069/FUL) to build a new hut with a larger footprint. Using modern and energy efficient timber frame building will allow current and future generations to benefit from it for the next 60 years. They share a car park to one side with the Village Hall but included in the planning permission is the addition of 5 extra car parking spaces on the other side.</p>	<p>Recommendation</p> <p>Part Fund £48 691.57 (those above in green)</p> <p>Reason for Recommendation</p> <ul style="list-style-type: none"> - Fits within the criteria for spending within the agreement - Scouting helps youth develop academic skills, self-confidence, ethics, leadership skills, and citizenship skills that influence their adult lives. Whilst the officer recognises the positive impact on the community, the use of the room doesn’t advocate it’s use for others in the community. - Increased development has put additional pressure on all groups in the town – Scouts and otherwise
<p>Officer Comments</p> <p>This project is CIL Compliant.</p> <p>The building is owned by the Scouts, but the land is owned by the Church (St Nicholas – across the road). Due to the rebuild, they are currently working out a new 25 year lease. There is a stipulation on the old lease that will remain the same on the new one – that the Scouts can’t hire out the facility to other groups as they would be in direct competition to the Village Hall next door (also owned by the Church). The Scouts have at times had a handful of other users use the hut – but it’s more of a friend situation and not formal – those few have made a donation to the church for the use. Their website has no mention that the facility is available for hire and speaking to those in charge of the group, they confirm this is the case.</p> <p>The breakdown of contributions above is what is potentially available for their project. However, due to the unavailability for community use, the officer has had difficulty in justifying allocating more Section 106 contributions to the project.</p> <p>Due to increased development in Market Harborough, there will undoubtedly be additional pressure on all groups in the town (Scouts and otherwise) with an influx in demand. 1st Bowdens Scouts has a waiting list of 54 children – approximately 35 of those are of scouting age already. It has been suggested by 1st Bowdens Scouts group that other local Scout groups also have waiting lists. Their rebuild project is for a larger facility and it is estimated that they will be able to accommodate an increase of 25%.</p>	<p>Special Terms and Conditions</p> <ul style="list-style-type: none"> - Standard terms and conditions would apply (this includes requiring the evidence of other funding) - Lease between church and Scouts received - Request for monthly regular progress updates

Section 106 Grants – Summary of Information Round 1 2024 2025

<p>Project Outline</p> <p>Fleckney Parish Council own the land and building where the current Sports Centre is located (Leicester Road, Fleckney). The current building is a prefabricated structure built in the 1980's which is in need of modernising despite a number of extensions and upgrades over the years. Their project is to build a new and improved, modernised sports centre that would better suit the needs of the community.</p> <p>It currently has one badminton court hall, changing facilities, kitchen and meeting room/office. It shares the Leicester Road site with a small size 3G artificial pitch with football turf (3G AGP), a number of grass football pitches, cricket pitch, outdoor gym equipment, basketball/football area, play provision including a skate park, and an 80 space car park.</p> <p>Their proposal is broken up into 2 phases of build. Phase 1 of the new building would include a welcoming entrance, reception and Community Area, 3 badminton court sized sports hall (including auditorium provision), 136m2 fitness suite to have 25 stations, changing and toilet facilities. Phase 2 includes a fitness/dance studio, function room and additional changing and toilet facilities. It will go out to tender for both phases and will decide then if Phase 2 will go ahead.</p> <p>Phase 1 is estimated to cost £2.895m including £240k contingency.</p> <p>Phase 2 is estimated to cost an additional £390k.</p> <p>The Parish Council are putting forward £250k of reserves. Should they be granted S106 monies, the shortfall would be funded by borrowing from the PWLB.</p>	<p>Recommendation for 005 S106 R1 24/25 FULL PROJECT :</p> <p>Partially Fund Full application 005 S106 R1 24/25 (minus the £50k for Fleckney Village Hall – ref 007 S106 R1 24/25 as below) = £1 234 436.22</p> <p style="text-align: center;">↓</p>	<p>Recommendation for 006 S106 R1 24/25 FEES ONLY :</p> <p>Not to fund</p> <p style="text-align: center;">↓</p>
<p>Officer Comments</p> <p>This project is CIL compliant.</p> <p>The plans for this project have been in motion for several years. The building is tired and in need of upgrading. It is clearly the aspiration to create a facility superior to the existing facility. These aspirations are outlined in the Built Sports Facility Strategy and Fleckney Neighbourhood Plan. Detailed advice has been provided in reference to PREAPP/21/00359. The Sports Centre was the subject to a Stage 1 feasibility study commissioned by the Parish Council with support from HDC.</p> <p>Officer has concerns that phase 2 would offer valuable community space – fitness/dance studio, function room and additional changing and toilet facilities but depending on the tenders, potentially wouldn't be done at this stage – concerned that if money is sought from PWLB, that phase 2 may not happen.</p> <p>Page 26 and 27 of their business plan shows the estimated expenditure and income for the new building – the expenditure estimated at £143320.00 and the income at £143455.00. In the officer's opinion, this is extremely close. There is a concern that the project wouldn't be financially sustainable.</p> <p>006 S106 R1 24/25 – S106 application for fees only associated with their project. After a site visit last year, the officer was expecting an imminent application for their project. It was then mentioned that they would be applying for fees only to which the officer responded that HDC could not entertain applications for fees alone – that the purpose of S106 funds is to have something new or improved to benefit the community and if the project were to not happen, that is a substantial amount of S106 wasted. There is an additional concern that if fees only were to be granted – that the remaining S106 funds that they would need for their project could be eaten into before they get a chance to further apply.</p> <p>Despite the Parish Council's long existing plans for this project, they have not applied for planning permission or instructed for other surveys and reports. Their application for Fees only (Ref 006 S106 R1 24/25) is for £88 800.00. Officer questions why the Parish Council haven't reached into their reserves for the project to get the project moving forward.</p>	<p>005 S106 R1 24/25 – Full Project</p> <p>Reason for Recommendation</p> <ul style="list-style-type: none"> - The project would replace a dilapidated building with a modern, updated facility that would benefit the community - The spend fits within the S106 agreements 	<p>006 S106 R1 24/25 – Fees only application</p> <p>Reason for NOT Recommending</p> <ul style="list-style-type: none"> - Officer sought guidance from HDC colleagues – including legal regarding the possibility of having a S106 application for fees only and it was determined that this has too high of a risk – that if a project was to not happen, the community would not benefit which is the sole purpose of Section 106 contributions. - There is the additional concern that S106 money needed for the project could be eaten into in the meantime, and could jeopardise the project financially.
	<p>Special Terms and Conditions</p> <ul style="list-style-type: none"> - Standard Terms and Conditions would apply (this includes requiring the evidence of other funding) - Impose deadline for submitting planning permission within 6 months - Satisfactory tender information received prior to dispersing of any S106 funds - Request monthly regular progress updates 	

Section 106 Grants – Summary of Information Round 1 2024 2025

Community Grant Ref No	Organisation	Project Details	Total Project Cost	Amount Requested from S106	All Documents included?	Other Funding Info	Relevant Scheme	Amount Available	Spend by Date	Which Development with Spending Criteria as per S106 Agreement
007 S106 R1 24/25	Fleckney Village Hall	Car Park upgrading	£53 760.00 (£44800+VAT)	£50 000.00	Included Docs : Application Land Registry TR1 Plan Mark Up Bookings Calendar Hire Rates Policies Quotes CLlr and PC support	£3 760.00 balance to be paid by Village Hall	Community Facilities – 1 st Tranche 50%	£35 714.29 Officer recommending all of this fund go towards application 007 for Fleckney Village Hall	28.06.2024	16/01355/FUL Fleckney Road, Saddington To use the CF Contr solely for the purposes of improvements at Fleckney Village Hall, towards the Fleckney Band Hall, provision of acoustic curtains at Fleckney Sports Centre, an upgrade of all weather pitch at Leicester Rd Recreation Ground - and for no other purpose whatsoever. DoV : Can also be towards Fleckney Community Theatre or towards Fleckney Community Sports Centre
							Community Facilities 1 st Tranche 50%	£57 428.73 Officer recommending £14285.71 goes towards this application 007 for Fleckney Village Hall and the remaining £43143.02 goes towards application (005 Fleckney Parish Council)	06.06.2027	18/00579/OUT Land at Arnesby Road, Fleckney To use towards the Fleckney Village Hall project for upgrade and provision of a new sports pavilion and upgrade to Saddington Church Room
Project Outline						Recommendation				
<p>Their car park has deteriorated due to it's age and use. The surface has started to break up and there are deep potholes which have recurred despite localised repairs. The car park no longer has adequate capacity. Their meeting room has recently been granted S106 money to upgrade the facility and it is thought that the improved and enlarged car park will make it more attractive to hire and it will allow them to cater for potentially larger groups. Their project will provide at least 6 additional car parking spaces (around 33% more than present capacity).</p>						Fully Fund				
						Reason for Recommendation				
						<ul style="list-style-type: none"> - Fits within the criteria for spending within the agreement - Will enhance the facility making it a more attractive venue for hire 				
Officer Comments						Special Terms and Conditions				
<p>This project is CIL compliant.</p> <p>The officer visited site and it was obvious as to why they had this project in mind as it was in a terrible state. The Village Hall had been gathering quotes for quite some time but there were questions as to the quality of workmanship that would be carried out. For ex. Some companies didn't want to take up the foundation and only wanted to cover it. Two final quotes were received which the officer deemed acceptable for various reasons. The proposed work is to remove all surfaces and start fresh, laying all necessary materials to ensure a quality new surface with drainage etc.</p> <p>Officer realised quite late that their plans didn't include line markings. This has been discussed in detail with the applicant on the importance of meeting current regulations which includes disabled parking. Additional Terms and Conditions added due to this.</p>						<ul style="list-style-type: none"> - Standard Terms and Conditions would apply (this includes requiring the evidence of other funding) - Line markings to meet Equality Act 2010 for disability parking - Public parking is regulated through the Traffic Management Act. Guidance to be sought to ensure regulated criteria is met. - Line markings to be carried out within 6 months of completion of the car park
