Dear Councillor Rook

I am writing to you to request that the Council supports the renewal of the Market Harborough Fairtrade Town status. This renewal is required by the Fairtrade Foundation every two years.

The process requires the steering group to comment on the success of the last Action Plan and to make a plan to further encourage the awareness and involvement of our town in Fair Trade. **Crucial to this is the local Council's endorsement.**

Helen Chadwick, who is charged to be the link person between our group and the Council, has requested an item on the Council meeting agenda on June 22<sup>nd</sup>.

If you require any further details about what Market Harborough achieves as a Fairtrade Town or about Fair Trade in general I will do my best to provide them.

Yours sincerely

Anita Beer

Secretary
