12	ENV8	Important Open Spaces	Development proposals that result in their loss, or have a significant adverse effect on them, will not be supported unless the open space is replaced by equivalent or better provision in an equally suitable location, or unless it can be demonstrated that the open space is no longer required by the community.	Amend Policy ENV 8 (now renumbered as ENV 7) by replacing the second sentence with: 'Development resulting in the loss of or reduction in defined open space, sport and recreation facilities will not be permitted unless it can be clearly demonstrated that the exceptions set out in the HDC Local Plan (2011 - 2031) Policy GI2(2) apply.'	For clarity and accuracy and to meet Basic Conditions 1 & 3
13	ENV9	Important Views	The following views (see table 3 and figure 13) are important to the setting and character of the village. Development proposals should respect and protect them. Development that would have an unacceptable impact on the identified views will not be supported.	Reword Policy ENV9 (now renumbered as ENV 8) as follows: 'The following views (see table 3 and figure 13) are important to the setting and character of the village. Development proposals should ensure that these views are respected by integrating new buildings within the landscape and ensuring that sightlines to significant landmarks/features are not obscured.'	For clarity and accuracy and to meet Basic Condition 1
14	ENV10	Footpaths and bridleways	Development proposals that result in the loss of, or have a significant adverse effect on, the existing network of footpaths (see Figure 14) will not be supported without appropriate mitigation.	Reword Policy ENV 10 (now renumbered as ENV 9) as follows: 'To be supported development proposals should retain public footpaths and bridleways (see figure 14) that are within their site; where there is an adverse impact on the value of the footpath/bridleway then appropriate mitigation is required.'
