

Polling District, Polling Place & Polling Station Review 2011

Consultation Process record of Responses Received –

Correspondence from	Summary of Comments received
Broughton Astley Ward (all)	
Councillor Mark Graves	Broughton Astley Village Hall which is currently used is the most appropriate place for Broughton Astley – Astley Ward Polling Station
Broughton Astley Parish Council	Happy with the current facilities but would request that more and clearer signage be used at Broughton Astley Village Hall to direct electors to the correct room as it is used for 3 of the 4 Broughton Astley wards.

Bosworth Ward	
Councillor Brian Smith	Has no concerns regarding the use of Mowsley Village Hall for Bosworth Ward and Laughton Parish elections, feels there is a positive need to ensure that there is a definite separation of the 2 ballot boxes used for the two separate electoral areas. He feels it would obviously be better if voters from Laughton could be allowed to vote in their own village but understands finding a suitable location within the village may prove difficult.
Dunton Ward	
Executive Management Committee Frolesworth Village Hall	They are happy to confirm that the Village Hall will continue to be available to be used as a polling station but with two provisos – <ol style="list-style-type: none"> 1. Advance notice to access the village hall for delivery of polling station equipment 2. Notices & Posters to be displayed on existing Notice boards or boards provided by the hirer
